Hello all,

I am resubmitting the weekly summary for last week with the addition of some great news that the team forgot to initially add. The CD13 outreach team successfully housed a client last week! Hooray!

Happy Friday! This week, the CD13 team outreached a total of 21 hours and spent 3 hours reviewing and completing paperwork. Below is our weekly summary, please review.

- **This week, we worked with approximately 18 people**
    - Of these, 7 of the 18 contacts were new contacts

- **The LA River continues to have the most contacts as well as Madison Ave.**

One client was housed this week.

4 clients currently have housing vouchers and are in the process of searching for homes:

- Of these, 0 will need pet-friendly options

Approximately 6 people may have been identified as the most vulnerable clients

- **Special notes and request:**
    - The outreach team met with 2 people at the LA River, one very vulnerable client but both refused services.
    - Participated in NELA, Maintenance & Outreach, and 3 hours at LA River

  - Met with [redacted] on Shatto St, as requested by CD13. He is refusing to move from his encampment on the sidewalk for the sidewalk construction, and will not engage with PATH Outreach staff anymore.

  - The outreach team assisted with locating multiple rental properties for our folks with vouchers to apply for permanent housing.

  - One person is being referred for HIV housing voucher.

  - [redacted] was housed this week! She moved into her unit at the PATH La Kretz Project-Based housing facility.

- **CES**
  - 4 completed this week
- **Veterans**
  - The outreach team did not work with any Veterans this week.

Thank you,

Happy Friday and A 3 day weekend!

This week, the CD13 team outreached a total of 20 hours and spent 4 hours reviewing and completing paperwork. Below is our weekly summary, please review.

- **This week, we worked with approximately 15 people**
  - Of these, 4 of the 15 contacts were new contacts
- **Liberty St. was the most populated outreach area and had the most contacts.**
- **4 clients currently have housing vouchers and are in the process of searching for homes:**

1 client (DA) currently has an appointment for voucher issuance on June 8, 2016.

- Of these, 1 client will need pet-friendly options

Approximately 3 people may have been identified as the most vulnerable clients

- **Special notes and request:**
  - The outreach team made 4 referrals (MW, MO, AH, & CR) for Rapid Re-Housing and are waiting for approval.
  - The outreach team referred 1 individual (JAS) for HIV Units Hollywood and are waiting for approval.
  - Participated in the Maintenance & Outreach event on Wednesday, May 25th, and spent 2 ½ hours at LA River on Monday, May 23rd. No contacts were made at LA River, but several abandoned encampments were located, except for one encampment that appears to still occupied. However, no one was there at the time of outreach on Monday.

- Outreach, Supervisors, and Juan with CD13 participated in a conference call to problem-solve the Juanita/Oakwood Ave. area's lack of outreach response and high drug traffic/violence. PATH and CD13 will continue to discuss this matter and act on the need for outreach.

- Outreach spent a number of long hours on apartment searching this week, specifically for 4 individuals with current vouchers.

CES

- o 1 completed this week

Veterans

- o The outreach team did not work with any Veterans this week.

Happy Friday!

This week was a short week due to Monday being a holiday. This week, the CD13 team outreached a total of 14 hours and spent 3 hours reviewing and completing paperwork. Below is our weekly summary, please review.

- **This week, we worked with approximately 10 people**
  - Of these, 3 of the 10 contacts were new contacts, and we saw several individuals multiple times.
- **Liberty St. had the most populated contacts.**
- **4 clients currently have housing vouchers and are in the process of searching for homes:**

  1 client, D.A., currently has an appointment for a HACLA voucher on June 8, 2016

  1 client, S.T., moved into permanent housing!

  - Of these, 1 client will need pet-friendly housing options.

Approximately 5 people may have been identified as the most vulnerable clients

- **Special notes and request:**
  - The out reach team referred an individual to Downtown resources.
  - The outreach team participated in Maintenance & Outreach event on Liberty St. and completed 3 CES assessments.
  - The team did not outreach the LA River this week, however, worked with an individual from that area in getting her ID and connected her with LASHA for temporary housing.

- The outreach team assisted with locating multiple rental properties for multiple clients with vouchers in order to apply for permanent housing.
- The outreach team was called to assist in the CSI clean-up process on Juanita and Oakwood Ave. to assist 2 individuals who had a difficult time with processing the clean-up efforts. The team outreached the individuals, assisted with resources, and provided extensive case management. The team then followed up on Friday with those individuals and are now in the process of enrolling them for services.
- The outreach team spent long outreach hours on apartment searching, specifically for 4 individuals with current vouchers.

CES

- 3 completed this week

Veterans

- The outreach team did not work with any Veterans this week.

- The team did not participate in the Maintenance and Outreach (M&O) this week due to a HACLA appointment for housing voucher. The team will make up those hours in the following week.

- Juanita Street clients are now engaging with the team and 4 individuals have agreed to receiving services.

- The team outreached the LA River this week and were able to engage 5 individuals, and completed a CES assessment with one individual. The outreach team discussed with CD13 their findings during the past few weeks on the LA River and pointed out the very low number of individuals available in the areas that were provided to the team by LAHSA. Both the outreach team and CD13 agreed to resume outreach in that area in July 2016, as the team is needing to focus on assisting their existing clients with finding permanent housing solutions before their Section 8 vouchers expire.

- The outreach team assisted with locating multiple rental properties for our folks with vouchers to apply for permanent housing.

- The outreach team received 2 CA ID's for 2 individuals at LA River and were able to get deliver them.

- The outreach team spent long outreach hours on apartment searching specifically for 4 individuals with current vouchers.

- The team participated in an 8 hour Mental Health First Aid to enhance effectiveness with our individuals with severe Mental Health. The outreach team learned new techniques on how to approach difficult situations and are looking forward to using their findings in the field.

Hello and Happy Friday!!

CD13 Weekly Summary June 20 -24, 2016

This week, the CD13 team outreached a total of 20 hours and spent 4 hours reviewing and completing paperwork. Below is our weekly summary, please review.

- **This week, we worked with approximately 23 people**
  - Of these, 9 of the 20 contacts were new contacts, and we saw several individuals multiple times.
- **Liberty Street was the most populated street again this week.**
- **4 clients currently have housing vouchers and are in the process of searching for homes; 2 have filed for voucher extensions.**

Approximately 6 people may have been identified as the most vulnerable clients. 2 of those 6 clients are extremely vulnerable.

- **Special notes and request:**
  - The team met with several individuals to prepare them for the M&O event and passed out trash bags. The team scheduled follow-up appointments with 7 individuals at the various locations for Wednesday's M&O event.
  - The team participated in the M&O Event, in which 5 of the 6 individuals at St. Andrews were new contacts. One individual needed assistance with emotional regulation due to police enforcement, arrests, and animal control's presence. Others at this location were too stressed to focus on outreach services. Other locations included Myra St., Virgil St., and Liberty St. At Liberty St., all individuals were receptive to services: 2 CES assessments were completed, 4 DMV vouchers issued, and case management was provided to 5 individuals. The team will begin to create a plan for these individuals to get them "housing ready."
  - The team outreached an extremely vulnerable senior couple in the alley on Union and Temple (per CD13 request). The team provided food, water, clothing, and hygiene kits and are currently assisting with emergency services. The woman client, completely blind with other physical disabilities and mental health issues. The team was able to place the couple in a motel for a week, and the team will continue to follow up with continued services and resource connections.

Hello and So Glad this week is over and now it's time to rejuvenate for another busy month!

Weekly Summary July 25 – July 29, 2016

The CD13 team outreached a total of 16 hours and spent 12 hours reviewing and completing paperwork; primarily Housing Authority documents and application preparation documents, meetings at the Housing Authority and Social Security Administration office, as well as general paperwork. The team spent long hours with individual clients working on their current housing search, meeting with landlords at potential units, and completing HACLA documentation, obtaining new RFTA's, and submitting documentation to the Housing Authority. Below is our weekly summary, please review.

This week, we worked with approximately 10 people, and Case Conferenced regarding 3 people in order to prioritize services.

❖ Of these, 0 of the 10contacts were new contacts. We saw several individuals multiple times.

❖ **1 client received keys to his new apartment and is now housed!!!! (EB)**

❖ **1 Client (JH) was approved for an apartment! The team had to submit paper work twice to HACLA, obtain a new RFTA and meet with the landlord to resubmit the RFTA, assisted JH with obtaining a holding fee for landlord to hold the apartment, and obtained W-9's for payments of assistance with deposits, and rental assistance. JH's inspection is tentatively scheduled for next Tuesday and we are hoping JH will be permanently housed by next week!**

❖ **1 client (BA) has now been approved for a HACLA housing voucher, however will not obtain the voucher until the team can assist with problem solving her social security name linkage.**

❖ **1 individual (JAS) is still in the process of obtaining all required documentation for his current approval for Housing. The team spent approximately 4+ hours working with Supervisor of the local Social Security Administration office to obtain needed documents. There is still 2 documents needed to complete his voucher obligations and then his RFTA can be submitted.**

❖ **3 clients currently have HACLA housing vouchers and are in the process of searching for homes: 1 has filed/received voucher extension, 2 are currently searching for apartments.**

❖ **Our most vulnerable seniors have returned to the streets, due to lack of funding for the motel. Currently both SR and AH are seniors with multiple disabilities. AH is a veteran and is also working with SSVF. SR is completely blind, paralysis on left side of her body, unable to walk, and has Parkinson's. We are working with multiple agencies to obtain emergency housing with care component, and hope to replace these individuals off the streets as**

- Contacted many apartments – no call backs and/or apartment units are no longer available.

Hi Mike,
One of our CPRA requests from Adrian is the reports that PATH (People Assisting the Homeless) send us on a weekly basis. CD13 contracts with PATH to do outreach to homeless people within our district.

I'm attaching the reports here. My colleague Juan has gone through them and redacted personal information of the homeless clients. However, I believe there is still personal information in there insofar as these individuals are clients of a private entity (PATH), although we do contract with PATH.

Would these reports be responsive?

Thanks,

CD 13 Team,

Greetings, this was a busy week in CD1 that included requests, maintenance, and outreach (formally called clean up) as well as general outreach and engagements.

CD13 requests were carried out but no actual contact was made.
Silver lake coffee shop on Glendale – white male with the orange sweater
(we spoke with the BOA security guard)
Under the freeway @ Fletcher Dr. – belongings but no one present.
We will continue to try to make contact.

Monday- January 11, 2016

Picked up trash bags from CD13 O'Farrell's office. We made direct contact with a total of 12 people, 4 who were new contacts, encouraged clean up of their area, informed them of the maintenance and engagements effort for Wednesday, provided support, offered services, gave out hygiene kits, and passed out trash bags.

- Team met with 12 people.
- 4 were new contacts
- No CES's were completed, made appointments for engagement next week to provide support and offer services.
- No Veterans

Hoover Underpass

- [redacted] a new contact who was willing to engage with team and agreed to meet with us again next week.
- [redacted] a new contact who was not as willing to engage but team will continue to outreach and engage him.
- [redacted] is a new contact who was engaged and expressed that he would like services but could not do any paperwork today. He agreed to meet with us next week.
- [redacted] made an appointment for next week to go get her TB test.
- Met with a total of 7 people
- One woman refused to give her name but said she would clean up her area, accepted trash bags, and our contact information, but said she didn't want services at this time. Team will continue to outreach and engage with her.
- [redacted] was well engaged and agreed to meet with us again next week for possible services.
- [redacted] was very agitated, team backed off but left him trash bags.
- [redacted] and his encampment is overflowing with trash. Teamed coached him and encouraged him to keep his area clean. He agreed that he would put in the maximum effort to clean up the trash.

Wednesday January 13, 2016

Team participated in the maintenance and engagement, and was requested to come out a second time later in the afternoon to Juanita location. Coordinated with maintenance crew for additional clean up on Friday, due to the trucks being full.

- All others at this location participated in the maintenance clean up.
- Hoover- 6 people, 2 were new contacts
- [redacted] no one was present however encampment was there

Hello CD 13, below is the summary for PATH outreach in CD 13 last week. PATH is contracted to perform 8 hours on Mondays and Wednesdays for a total of 16 hours per week in CD 13.

- This week we worked with approximately 20 people
    - Of these, 17 were new contacts
- From the locations that we visited this week, we identified **Vermont/Hollywood as being the most populated and Lucas/Beverly being the least populated.**
- Approximately 4 people have been identified as being more vulnerable
- 5 people have potential permanent housing referral options.

Special notes and targeted outreach requests

- *The Silverlake underpass encampments*: have all completely relocated to unknown locations due to clean ups.
- *St. John Encampments:* The team continues to consistently outreach a man on St. John who has become known to business owners in the area due to his high amount of "trash" and odorous camp. Although the team has made significant progress engaging this man, he has proven to be very reluctant to engage overall and is on our team's "Long Engagement" and "Most Vulnerable" lists. Although there are other people at this location, these are people who have simply relocated for various reasons from other parts of CD 13. The team is actively working with these other people as well on case management and possible linkage to programs.
- *LA River Bike path encampments:* The team outreach a small encampment on the LA River per the request of Hector, CD 13 field deputy. The team discovered that this was a couple that the team had previously engaged but then lost contact with (so, thank you Hector!!) The team was able to re-engage and are currently working with the couple on case management tasks to link them to appropriate support (including the possibility of Family Solution Center linkage.)

CES

- 1 individual completed a CES assessment
    - C.R. – Score 4

Permanent Housing Referrals, Acceptance, and/or lease Ups.

- B.A. Accepted into Interim housing shelter.
- C.A., S.T., J.S.,K.H., referred to Homeless Healthcare for possible permanent housing opportunities.

Veterans

- 1 Veteran referred to SSVF

Hello CD 13,

Below is the summary for PATH outreach in CD 13 last week. PATH is contracted to perform 8 hours on Mondays and Wednesdays for a total of 16 hours per week in CD 13.

- This week we worked with approximately 11 people
  - Of these, 5 were new contacts
- From the locations that we visited this week, we identified **Coronado Terrace as being the most populated and Lucas/Beverly being the least populated.**
- Approximately 4 people have been identified as being more vulnerable
- 2 people have potential permanent housing referral options.

Special notes and targeted outreach requests

- *Coronado Terrace:* Outreached this encampment at the request of CD13, and encountered 5 residents. Provided case management, offered services and was able to create goals with 3 of the individuals. Of the 5 individuals at this location, 2 are on the most vulnerable list, one senior gentleman with health issues, and one who is difficult to engage due to mental health challenges. # of the individuals have made follow up appointments for Monday to go to DMV to get Identification. The team will continue to engage and work with these individuals with on going case management and goal progression, with hopeful linkage to resources and programs.

- *Maltman Ave:* At the request of CD13 the team explored this area for the man in question. After being unable to locate this person of concern, we engaged with Tracy, the home owner who initially made the request. She informed the team that he has relocated in the last few days, however we were able to give her our direct contact numbers should he come back to the area, and she agreed to call with any updates.
- *LA River Bike path encampments:* The team has been in telephone communication with one of the individuals that we outreached last week. Although they were unable to meet with the team on the scheduled date, they are still in need of services and have agreed to meet next week. Discussed a case management plan with Family Solutions, and they will attempt to do an assessment on the next scheduled appointment.

- *3533 Madera – Atwater Village:* At the request of CD13 the team has not yet made contact with the woman in question at this location. The has this particular location in the calendar for both Monday and Wednesday of next week, to attempt to engage, build rapport, and offer services.

- **CES**

- 1 individual completed a CES assessment-VETERAN SEE BELOW

Veterans

Hello CD 13. Below is the summary for PATH outreach in CD 13 this week. PATH is contracted to perform 8 hours on two days a week for a total of 16 hours per week in CD 13. (12 field and 4 administrative.) This week the CD 13 team was out one day due to vacation and illness and completed about 10 hours in the field. Due to many permanent housing appointments happening next week, the team anticipates doing extra hours in the Council District next week.

- This week we worked with approximately 13 people
    - Of these, 10 were new contacts due to new M&O sites.
- Liberty St./Glendale was the most populated and 711 Atwater Village/Madera being the least populated.
- Approximately 5 people have been identified as being more vulnerable.

Special notes and targeted outreach requests

- **M&O Wednesdays.** This included Liberty St., Glendale Blvd., John St. and Beverly/Lucas. Hygiene kits, trash bags, food, water gloves, and shirts were distributed. The gentleman who is usually at Beverly/Lucas Ave was not around. The team will continue to follow-up with this man. One new contact is a confirmed Veteran. (See Veteran notes below.)

- ***3533 Madera – Atwater Village:*** At the request of CD13 the team made contact with M.A. and offered services. She was not directly at this location but was down the street, and so it is actually uncertain if this is the actual requested person to outreach. This woman was well engaged, disclosed to us much of her life history, but declined services. She has been on the streets for over 10 years and does not trust the system. The team will continue to outreach, and build rapport and trust, and offer services and resources.
- ***Beverly/Lucas;*** The team is currently working with several people at this location and is in the process of building rapport and linking them to services.
- ***LA River/ Bike Path;*** The team is currently outreaching and identifying individuals at this location. Several of them have been outreached by the team. However, many have moved their locations and the team was unable to locate and follow up with services/resources until now. The team will continue to outreach this area and identify individuals, and offer services, as well as expand the locations/area for engagement.

Housing opportunities

Two seniors (F.R and L.R.) moved forward this week toward receiving permanent housing vouchers through Homeless Health Care Los Angeles (HHCLA.) Specifically, they will be connected through the Housing Authority of the City of Los Angeles (HACLA) with housing subsidies for seniors. The team continues to help them gather and complete HACLA required documents and, along with workers at HHCLA, are supporting them through their housing appointments.

Veterans

- PATH encountered one Veteran this week. He was recently discharged from VASH but is interested in being re-

Hello everyone,

I hope that you all had a wonderful weekend! I wanted to clear up a few things regarding the weekly summary that I sent you on Friday. I noticed that the outreach summary for CD13 was very low in hours. I spoke with the team and cleared up as to why it was so low and wanted to communicate that with you all. The CD13 outreach team was short-staffed on Monday due to illnesses and time off requests, therefore there was no one in the field on that day. The total number of field work hours for last week was 10 hours total. The CD13 outreach team then spent a total of 6 hours completing and catching up on paperwork for their clients in the district.

Below is the updated weekly summary that reflects the above changes:

Hello,

This week, the CD13 outreach team outreached for a total of 10 hours and spent 6 hours completing paperwork for their clients, which totaled 16 hours out of the required 24 hours for the CD13 contract. The CD13 outreach team was not in the field on Monday due to illnesses and time-off requests. Below is our weekly summary, please review.

Hello all,

I am resubmitting the weekly summary for last week with the addition of some great news that the team forgot to initially add. The CD13 outreach team successfully housed a client last week! Hooray!

Happy Friday! This week, the CD13 team outreached a total of 21 hours and spent 3 hours reviewing and completing paperwork. Below is our weekly summary, please review.

- **This week, we worked with approximately 18 people**
  - Of these, 7 of the 18 contacts were new contacts

The LA River continues to have the most contacts as well as Madison Ave.

One client was housed this week.

4 clients currently have housing vouchers and are in the process of searching for homes:

- Of these, 0 will need pet-friendly options

Approximately 6 people may have been identified as the most vulnerable clients

- **Special notes and request:**
  - The outreach team met with 2 people at the LA River, one very vulnerable client but both refused services.
  - Participated in NELA, Maintenance & Outreach, and 3 hours at LA River

- Met with [redacted] on Shatto St, as requested by CD13. He is refusing to move from his encampment on the sidewalk for the sidewalk construction, and will not engage with PATH Outreach staff anymore.

- The outreach team assisted with locating multiple rental properties for our folks with vouchers to apply for permanent housing.

- One person is being referred for HIV housing voucher.

- [redacted] was housed this week! She moved into her unit at the PATH La Kretz Project-Based housing facility.

- **CES**
  - 4 completed this week
- **Veterans**
  - The outreach team did not work with any Veterans this week.

Thank you,

Happy Friday and A 3 day weekend!

This week, the CD13 team outreached a total of 20 hours and spent 4 hours reviewing and completing paperwork. Below is our weekly summary, please review.

- **This week, we worked with approximately 15 people**
  - Of these, 4 of the 15 contacts were new contacts
- **Liberty St. was the most populated outreach area and had the most contacts.**
- **4 clients currently have housing vouchers and are in the process of searching for homes:**

  1 client (DA) currently has an appointment for voucher issuance on June 8, 2016.

  - Of these, 1 client will need pet-friendly options

  Approximately 3 people may have been identified as the most vulnerable clients

- **Special notes and request:**
  - The outreach team made 4 referrals (MW, MO, AH, & CR) for Rapid Re-Housing and are waiting for approval.
  - The outreach team referred 1 individual (JAS) for HIV Units Hollywood and are waiting for approval.
  - Participated in the Maintenance & Outreach event on Wednesday, May 25th, and spent 2 ½ hours at LA River on Monday, May 23rd. No contacts were made at LA River, but several abandoned encampments were located, except for one encampment that appears to still occupied. However, no one was there at the time of outreach on Monday.

- Outreach, Supervisors, and Juan with CD13 participated in a conference call to problem-solve the Juanita/Oakwood Ave. area's lack of outreach response and high drug traffic/violence. PATH and CD13 will continue to discuss this matter and act on the need for outreach.

- Outreach spent a number of long hours on apartment searching this week, specifically for 4 individuals with current vouchers.

CES

- 1 completed this week

Veterans

- The outreach team did not work with any Veterans this week.

Happy Friday!

This week was a short week due to Monday being a holiday. This week, the CD13 team outreached a total of 14 hours and spent 3 hours reviewing and completing paperwork. Below is our weekly summary, please review.

- **This week, we worked with approximately 10 people**
    - o Of these, 3 of the 10 contacts were new contacts, and we saw several individuals multiple times.
- **Liberty St. had the most populated contacts.**
- **4 clients currently have housing vouchers and are in the process of searching for homes:**

    1 client, D.A., currently has an appointment for a HACLA voucher on June 8, 2016

    1 client, S.T., moved into permanent housing!

    - Of these, 1 client will need pet-friendly housing options.

Approximately 5 people may have been identified as the most vulnerable clients

- **Special notes and request:**
    - The out reach team referred an individual to Downtown resources.
    - The outreach team participated in Maintenance & Outreach event on Liberty St. and completed 3 CES assessments.
    - The team did not outreach the LA River this week, however, worked with an individual from that area in getting her ID and connected her with LASHA for temporary housing.

- The outreach team assisted with locating multiple rental properties for multiple clients with vouchers in order to apply for permanent housing.

- The outreach team was called to assist in the CSI clean-up process on Juanita and Oakwood Ave. to assist 2 individuals who had a difficult time with processing the clean-up efforts. The team outreached the individuals, assisted with resources, and provided extensive case management. The team then followed up on Friday with those individuals and are now in the process of enrolling them for services.

- The outreach team spent long outreach hours on apartment searching, specifically for 4 individuals with current vouchers.

CES

- 3 completed this week

Veterans

- The outreach team did not work with any Veterans this week.

- The team did not participate in the Maintenance and Outreach (M&O) this week due to a HACLA appointment for housing voucher. The team will make up those hours in the following week.

- Juanita Street clients are now engaging with the team and 4 individuals have agreed to receiving services.

- The team outreached the LA River this week and were able to engage 5 individuals, and completed a CES assessment with one individual. The outreach team discussed with CD13 their findings during the past few weeks on the LA River and pointed out the very low number of individuals available in the areas that were provided to the team by LAHSA. Both the outreach team and CD13 agreed to resume outreach in that area in July 2016, as the team is needing to focus on assisting their existing clients with finding permanent housing solutions before their Section 8 vouchers expire.

- The outreach team assisted with locating multiple rental properties for our folks with vouchers to apply for permanent housing.

- The outreach team received 2 CA ID's for 2 individuals at LA River and were able to get deliver them.

- The outreach team spent long outreach hours on apartment searching specifically for 4 individuals with current vouchers.

- The team participated in an 8 hour Mental Health First Aid to enhance effectiveness with our individuals with severe Mental Health. The outreach team learned new techniques on how to approach difficult situations and are looking forward to using their findings in the field.

Hello and Happy Friday!!

CD13 Weekly Summary June 20 -24, 2016

This week, the CD13 team outreached a total of 20 hours and spent 4 hours reviewing and completing paperwork. Below is our weekly summary, please review.

- **This week, we worked with approximately 23 people**
  - Of these, 9 of the 20 contacts were new contacts, and we saw several individuals multiple times.
- **Liberty Street was the most populated street again this week.**
- **4 clients currently have housing vouchers and are in the process of searching for homes; 2 have filed for voucher extensions.**

Approximately 6 people may have been identified as the most vulnerable clients. 2 of those 6 clients are extremely vulnerable.

- **Special notes and request:**
  - The team met with several individuals to prepare them for the M&O event and passed out trash bags. The team scheduled follow-up appointments with 7 individuals at the various locations for Wednesday's M&O event.
  - The team participated in the M&O Event, in which 5 of the 6 individuals at St. Andrews were new contacts. One individual needed assistance with emotional regulation due to police enforcement, arrests, and animal control's presence. Others at this location were too stressed to focus on outreach services. Other locations included Myra St., Virgil St., and Liberty St. At Liberty St., all individuals were receptive to services: 2 CES assessments were completed, 4 DMV vouchers issued, and case management was provided to 5 individuals. The team will begin to create a plan for these individuals to get them "housing ready."
  - The team outreached an extremely vulnerable senior couple in the alley on Union and Temple (per CD13 request). The team provided food, water, clothing, and hygiene kits and are currently assisting with emergency services. The woman client, completely blind with other physical disabilities and mental health issues. The team was able to place the couple in a motel for a week, and the team will continue to follow up with continued services and resource connections.

Hello and So Glad this week is over and now it's time to rejuvenate for another busy month!

Weekly Summary July 25 – July 29, 2016

The CD13 team outreached a total of 16 hours and spent 12 hours reviewing and completing paperwork; primarily Housing Authority documents and application preparation documents, meetings at the Housing Authority and Social Security Administration office, as well as general paperwork. The team spent long hours with individual clients working on their current housing search, meeting with landlords at potential units, and completing HACLA documentation, obtaining new RFTA's, and submitting documentation to the Housing Authority. Below is our weekly summary, please review.

- **This week, we worked with approximately 10 people, and Case Conferenced regarding 3 people in order to prioritize services.**

❖ Of these, 0 of the 10contacts were new contacts. We saw several individuals multiple times.

❖ **1 client received keys to his new apartment and is now housed!!!! (EB)**

❖ **1 Client (JH) was approved for an apartment! The team had to submit paper work twice to HACLA, obtain a new RFTA and meet with the landlord to resubmit the RFTA, assisted JH with obtaining a holding fee for landlord to hold the apartment, and obtained W-9's for payments of assistance with deposits, and rental assistance. JH's inspection is tentatively scheduled for next Tuesday and we are hoping JH will be permanently housed by next week!**

❖ **1 client (BA) has now been approved for a HACLA housing voucher, however will not obtain the voucher until the team can assist with problem solving her social security name linkage.**

❖ **1 individual (JAS) is still in the process of obtaining all required documentation for his current approval for Housing. The team spent approximately 4+ hours working with Supervisor of the local Social Security Administration office to obtain needed documents. There is still 2 documents needed to complete his voucher obligations and then his RFTA can be submitted.**

❖ **3 clients currently have HACLA housing vouchers and are in the process of searching for homes: 1 has filed/received voucher extension, 2 are currently searching for apartments.**

❖ **Our most vulnerable seniors have returned to the streets, due to lack of funding for the motel. Currently both SR and AH are seniors with multiple disabilities. AH is a veteran and is also working with SSVF. SR is completely blind, paralysis on left side of her body, unable to walk, and has Parkinson's. We are working with multiple agencies to obtain emergency housing with care component, and hope to replace these individuals off the streets as**

- Contacted many apartments – no call backs and/or apartment units are no longer available.

CES

- 0 completed this week

Veterans

- The outreach team worked with 1 Veterans this week. Currently working on transporting him to the VA building for intake.

Greetings,

As you know, the City of Los Angeles is currently considering regulating the short term rental industry. We ask that you consider the following information regarding the short term rental of rent stabilized (RSO) housing.

City of Los Angeles Tenants and RSO Units Should Be Protected

Some have argued that tenants of RSO (rent stabilized) buildings should be able to sublease their units as Short Term Rentals (STRs). This is misguided and problematic for a number of reasons.

1. ***Ease of Enforcement:*** First, some of the most important housing units to protect are RSO (rent stabilized) units. Whole RSO units are being taken off the market because it is far more lucrative to rent an RSO unit as a de facto hotel room than as long-term housing for an Angeleno (in some cases, 5 times more lucrative).

Every other jurisdiction that has enacted STR regulations is finding them almost impossible to enforce. If Los Angeles should enact regulations that prohibit whole RSO units to be rented as STRs (i.e. limit STRs to primary residences), these regulations must be enforceable. If RSO tenants are subleasing their units as STRs, it will muddy the water and become much more difficult to enforce a ban on whole RSO unit rentals.

If all RSO units are banned as STRs, the enforcement agency could easily verify whether a short term rental is an illegal RSO rental: if the address is in an RSO building, it will not be allowed. Period.

2. ***Illegal Subletting Should Not be Incentivized***: We cannot think of a scenario in which a scrupulous Landlord of an RSO building would permit a tenant to sublet their unit as an STR (charging 3-5 more times per night than they are paying for rent) -- why would any landlord allow a for-profit sublease of a unit the

Landlord is mandated to rent at below market rates? Indeed, there is a standard provision in California rental leases that prohibits such a use, and at least one local Apartment Association is against this type of illegal subletting.

When an RSO tenant moves out, the Landlord has an opportunity to raise the rent to market rates. Landlords should not be given any more opportunities to evict RSO tenants and the City should not incentivize the illegal subletting of rent stabilized housing by permitting the short term rentals of RSO units.

In addition, as stated in point 1 above, allowing some RSO rentals muddies the waters and makes it much more difficult for the City to protect some of its most vulnerable housing and tenants.

3. ***Illicit Kick-backs Should Not be Incentivized:*** Some STR proponents have advocated for RSO units to be rented as short term rentals "if the person receiving the benefit of that transaction is the legal tenant of the unit and/or if the legal tenant has a specified agreement with the landlord (owner) of that property."

However, this type of scenario is inviting abuse. "Specified agreement with the landlord (owner) " could mean just about anything - including an illicit kick-back to the landlord which is currently occurring and should be halted. This incentivizes commercial double dealing and use of RSO units.

Most importantly, this scenario would present yet another enforcement quandary: The City would have to review every written agreement between a lessor and the lessee to determine if STR subletting is expressly permitted.

Also, for an article that discusses how Short Term Rentals are impacting rents in NYC, please see the following link: http://therealdeal.com/blog/2015/10/14/how-much-does-airbnb-impact-nyc-rents/

Finally, please see Senator Feinstein's Op-Ed in the San Francisco Chronical supporting SF's ballot measure to curb STR abuse:

CITY OF LOS ANGELES GUIDELINES FOR ABANDONED PROPERTY AND ENCAMPMENTS

The following is a list of commonly asked questions regarding abandoned property and encampments, as well as a list of numbers for supportive services in the 13th Council District.

How is the City handling abandoned property and encampments?

Due to two court cases, the Jones case and the Lavan case, the City's ability to enforce its laws has been significantly restricted:

On October 15, 2007, the City entered into a settlement agreement in Jones v. City of Los Angeles, in which the City agreed that between the hours of 9 p.m. and 6 a.m., it would not enforce the law prohibiting sleeping on the streets anywhere in the City of Los Angeles until the City makes 1,250 units of permanent supportive housing available in the Skid Row area.

In a separate case, Lavan v. City of Los Angeles, a federal district court judge issued a preliminary injunction enjoining the City from seizing or destroying personal property left unattended on the public sidewalks of downtown's Skid Row. The City appealed this order to the Ninth Circuit Court of Appeals. The Ninth Circuit held that the removal and immediate destruction of a person's unattended property violates the United States Constitution. The Ninth Circuit's opinion applies citywide. In implementing the injunction and the Ninth Circuit ruling, the City has established a process to be used prior to removing or destroying personal property left on sidewalks. This includes providing notice to the owner prior to removal and storing the property for a reasonable period prior to disposing of it. These prerequisites do not apply to items which pose an immediate threat to public health and safety, or is evidence of a crime.

What is the City doing about the accumulation of personal property on the public sidewalks?

Although the injunction only pertains to Downtown Los Angeles, the City has implemented these precautionary steps citywide to protect individuals' rights to their property and to also ensure compliance with the Ninth Circuit ruling, which is applicable citywide.. The City's Bureau of Street Services (BSS) and the Bureau of Sanitation (BOS) are working with the Los Angeles Homeless Services Authority (LAHSA) and other agencies to provide outreach to the homeless individuals as well as to maintain safety in the public right of way. The City has sought to strike a balanced approach: provide help to those who need and want it – and to enforce all applicable laws to protect quality of life.

There is an encampment in my community; is there anything I can do about it?

Being homeless is not illegal. The city's department of Bureau of Street Services and Sanitation, along with LAHSA, have developed a process to ensure that public safety concerns are met. If you would like to report abandoned property or an encampment, please call the Councilmember's District Office at 213-207-3015.

Here's the essential Abandoned Property/Encampment Cleaning Protocol:

- Encampment reported to BSS by constituent or Council Office
- BSS assigns investigator to the site who visually inspects the site
- Council Office/BSS alerts LAHSA
- LAHSA conducts outreach and offers services to the individual
- Owner of property receives a 72-hour Notification of Cleanup to ensure he/she has enough time to collect their belongings
- BSS works with Sanitation to schedule a cleanup of the bio hazard waste in the area. Cleaning an encampment requires specialized training, which may require a certified watershed protection worker.

What is Councilmember O'Farrell doing to address the homeless situation?

The Councilmember has contracted with People Assisting the Homeless (PATH) for a dedicated outreach team in the 13th District, and is funding the Los Angeles Conservation Corps Clean Team to clean sidewalks, alleys, and public stairways of trash, bulky items, and other debris.

Citywide, Councilmember O'Farrell is working to establish an affordable housing policy,which will help create more permanent supportive housing for the homeless. The Councilmember is bringing more affordable housing units to the 13th Council District than any other district in the City of Los Angeles, but feels this must be a citywide effort as homelessness is a citywide problem.

Is there anything else the public can do to help the Los Angeles Police Department when it comes to encampments?

Constituents are encouraged to promptly report crimes to LAPD. Property owners near encampments can work with LAPD and install security cameras with recording devices. The LAPD is also strongly encouraging residents to leave the enforcement to them.

Constituents should also use the MyLA311 SmpartPhone app to report abandoned property, or call 3-1-1 directly.

Hi everyone,

Just wanted to piggy back off of Lindsey's follow up email. Please let us know the time/date we plan on having this meeting. Last that I saw, Tuesday was thrown out as an option which we will be able to attend.

Please let us know.

Thanks!

Subject: Briefing for SEPT 24th background for the Assemblymember

Kerry my District Director Josh Kurpies asked that I get some more background information from you. As you know trying to get Richard and Mitch in the same room to hear from Hollywood BID members was hard to arrange so I want to be sure we go in with as much as information as possible so that Richard can ask the questions he needs to hear answers to and get straight to the point so this meeting is productive. If you could shoot me a couple bullet points on what you would like this meeting to focus on, I would greatly appreciate it. See questions below:

What do the business leaders want to talk to Richard about? (Rise in Hollywood Homelessness yes but, what specifically?)

There appears to be more individuals living on a streets now, as compared to a year ago. Seems that we are in the midst of a new trend – and hard to put a finger on what is going on.

Because of the perceived violence and erratic behavior, business leaders are concerned because they are hearing from their tenants, potential tenants, employees and customers about an increasing fear to come to Hollywood/do business in Hollywood/live in Hollywood. This is a reversal of a trend that we've been working for more than a decade to address. Hollywood has had a number of public safety challenges in the last five years or so (nightclub violence, some gang activity, violence associated with mental illness) but this is a new trend.

What are the specific issues? (Violence, drug usage increase, etc.)

Some of the characteristics of 2015 state of homelessness that are different from previous years include:

- Increased violent behavior exhibited by people on the street (and BID Patrol can definitely attest to this). Could be mental illness, but there are weapons involved (particularly knives)
- Great incidence of visible drug use, and people who appear to be under the influence

- Discovery of needles – had not been a major issue before
- More young people "hanging out" on our sidewalks; travelling in groups, with pets, panhandling, doing drugs. Very intimidating to passersby

What has the city done to mitigate these concerns?

We have a very productive relationship with LAPD – they help us to address hot spots, but it seems that once one is ameliorated, another one pops up.

Our council office is also very engaged – and is experiencing similar issues all throughout the council district; not just Hollywood.

One concern we have is that the "permissive culture" that has resulted from ACLU lawsuits may be sending the message that living on the streets in LA is tolerated more than other cities.

Today, declaring a state of emergency is a good move; gets everyone's attention.

What would you like our office to do to address them?

The state has control over some things not within purview of city/county.

First, we need better policing of on and off ramps, where little encampments crop up. We've met with Cal Trans who says they cannot build barriers. You'll see very specifically the situation that has been created at the 101 southbound offramp at Sunset. There are people living all along the freeways in LA.

Second, can someone do a definitive study as to whether one of the unintended consequences of Prop 47 resulted in a permissive drug culture which is destroying lives?

Third, is the uptick in violent behavior linked in any way to realignment – we don't want to jump to conclusions, but if there are people leaving the criminal justice systems with limited access to employment and housing, this has made the situation worse.

Fourth, affordable housing is a critical need in LA – and this is exacerbating the situation as rising rents force people out of their homes.

What service providers are they working with?

Our local providers are PATH, Housing Works, Step Up on Second. Lately, we've been having some promising meetings with DMH on some of their new intervention programs for the severely mentally ill.

What service providers cover this area?

Same as above

What's the status of the WHGFC (food truck)? (Last I heard they were still looking for a place to rent, but had no luck and since Councilmember Ryu has been in office I'm not sure if the issue is getting the same attention it did before, thoughts?)

That situation is off my radar at this point. I know it is a big issue for the Hollywood Media District. I've had so many plates spinning up here lately, I haven't really kep track.

THANK YOU!!

Thank you!!!

Sincerely

Tim Harter

Kerry,

I wanted to chat with you about morning of Sept. 24th, I believe we will be getting a tour with Captain Zarcone and the Homelessness taskforce on Thursday morning from LAPD from 8am-9am you are welcome to join if you would like nothing has been confirmed, I have been playing phone tag with Captain Zarcone. We will be at the Hollywood BID at 9am, I wanted to see if you have an idea of who will be at the meeting with us? I'm sure there are business owners who would like Richard and Mitch to hear from them. Can you please send me who you plan to invite? (Richard asked me today) I told him it was still in planning stage. Thank you! Looking forward to Thursday!

Hi Dan and Tim,

We had the BID patrol on deck to do a tour of the neighborhood at 8 a.m. Is that feasible? Normally they go out and wake up encampments at 6 a.m., and on that morning, they are going to wait, but it is likely by 9 a.m. many will be up.

I am curating a careful list of key owners so that you have an intimate but accurate dialogue about what is going on.

So far, I have Carol Massie, president of the Sunset /Vine BID, and owner of two McDonald's in Hwd.

Bill Humphrey, General Manager for Sunset Gower and Sunset Bronson Studios, where new Icon building is under construction and Netflix is leasing 200,000 sq. feet.

I have another four people in mind, but need to invite. I'll let you know Monday afternoon.

Is 8 a.m. a possibility?

Tim –

Yes, and I want to confirm the logistics.

Meet here at our office at Hwd/Vine at 8 a.m.? We'll go in two vans to drive around Hollywood and see areas where encampments arise. LAPD will follow us.

How many people besides you and Richard – just need to make sure we have enough seats.

Dan, Mitch, Kerry, Steve Seyler (our BID Security Director).

I will have the business/property owners assemble here around 8:30, so they will be ready when Richard gets back.

Here is list:

Sunset BID

1. Bill Humphrey, Sunset Gordon and Sunset Bronson studios. This is major property owner in Hollywood (Hudson Pacific) and they are building a ground up office building where Netflix has just signed a 200,000 square foot lease. http://www.hudsonpacificproperties.com/news/netflix-signs-lease-at-hudson-pacific-properties-icon-office-tower-in-hollywood. He is on the board for the Sunset & Vine BID.

2. Carol Massie, owns two McDonald's in Hollywood. She is also the president of the Sunset & Vine BID Board.

3. Melissa Logan, representing Amoeba Music, and member of Sunset & Vine BID Board

Hollywood BID

1. Mark Echeverria, owner, Musso & Frank's Grill, member of board for Hollywood Entertainment District BID.

2. Beth Andrus, CFO, World of Wonder, a production company who owns the building at SW corner of Cherokee and Hollywood

3. Rick Solano, representing Beso (Eva Longoria's restaurant) at SW corner of Ivar and Hollywood

We kept it small, but these are all seasoned people who have been in Hollywood for a long time and have observed the change. They are thoughtful folks – committed to this neighborhood, but concerned. I think it will be a very eye-opening conversation for the assembly member.

Also in the room will be LAPD, myself and Steve Seyler, the head of our BID patrol. Dan, you can indicate who else besides you and the Council member.

I am going to send out a meeting invite with details in a few minutes. Thank you Tim for making this happen.

Great! It will just be Richard and I from our office. I spoke with Fernando Morales from Senator Ben Allen's office and he will also be joining us to represent Ben. Please checkout the last email I sent you regarding what you think the business leaders will want to discuss? I know from the initial email you sent me in August that you want to discuss AB 109 and other issues. I want to give Richard as much information as possible before Thursday morning so that when he comes to Hollywood he knows what the issues are and will allow him to focus on thinking of ideas/possible legislation that many help with some of the issues that he hears are affecting the Hollywood area. This meeting is to ensure that Richard and Mitch can work together at City and State level to help with the situation.

Dan, I wanted to give you a heads up. Sunset Board asked me last week to write a letter to the mayor re/ the homeless situation. They would like someone from his staff to come meet with them.

It is not intended as a snuff to the CM; the feeling is that the leadership of the city needs to take this situation seriously. We will cc: the CM. Let me know if you have any concerns about this…I'm in. Gonna work on a draft and circulate it. I don't see it going out until later in the week.

I don't have a direct contact there but I'm happy to help connect the dots once the idea becomes a bit more concrete and there is something to present, especially if stakeholders like the BID are preliminarily on board to help out and support.

Dan,

I'm not crazy about that idea. It is my understanding that the Selma Park (the other park) is focused for kids, this park would be more adult oriented especially with all the hotels opening in the area.

Hi Li et. al.:

Councilmember O'Farrell likes the idea and is open to it. However he inquired about the possibility of it being a different kind of use, such as urban agriculture or community garden (since there is another pocket park nearby on Selma).

Thoughts?

staff's recommendation to help with activating this space.

We would likely have to have some type of MOU with the property owner, and insurance requirements would have to be worked out (I imagine we would have to indemnify them, which is another reason to have the board involved.)

However, let's continue to make progress – all these things can be worked out. I suspect we will have to be patient with timing – because, after all, it's the federal government we are dealing with.

Dan – thanks – please do let me know how it goes with Councilmember O'Farrell and what the ensuing process would be. I've also reached out to the BID to see if they have a contact at the Post Office.

Attached is an e-mail I received yesterday from the BID – they are willing to open and close the gate to secure the site (close by 8pm), empty the trash cans, and periodically pressure wash the space. So they are willing to be on board in this capacity. You might want to share this piece of good news with the Councilmember.

Hi Li,

I will speak to the Councilmember about his initial thoughts on the concept, and keep you posted. Regarding the Post Office, I don't have a direct contact over there but I wonder if the BID might have a contact. The other potential avenue would be through Congressman Schiff's office. The first step for me is seeing what the Councilmember's thoughts are regarding the concept and the process. I will keep you posted.

Truthfully, we're hesitant to go much further with this until we have a better understanding of what the process would be to gain access to that space for such an improvement, and what your office's role could be in helping make that happen. It's a bit of a chicken and egg thing for us – in order to have credibility with the stakeholders whose support is necessary to make this happen, we would need to be conversant in this process. Could you please outline this for us? From your note, approaching Councilmember O'Farrell seems to be the first step – what would the process be after that? I imagine we would eventually need to gain permission from the post office like they did in Los Feliz – right? How best to get there?

Thanks in advance for taking the time to enlighten and advise us, and I look forward to hearing back from you soon.

Hi Li,

I hope you had a nice weekend. This sounds like an interesting idea but it's something that I would have to bring up to the Councilmember before answering. As a general rule, we are supportive of more open space. I'd be interested to see what the thoughts are of some area stakeholders (ex: BID, NC, Chamber, neighbors, etc.) prior to proceeding too much further.

At CD4 I was involved in a similar project. A group called Green Space Los Feliz got permission from the Post Office to beautify the area in front of the Post Office on Vermont. They put in some tables and a native garden. The big questions would be, I imagine, maintenance and security (as you mentioned – closing the gate, etc.).

But during that meeting, Dave showed me the attached space at the corner of Wilcox and Selma as a possible space we may want to try to co-opt into a more permanent neighborhood pocket park – a fence and gate are already in place for security purposes. Dave and I were thinking that with the opening of Mama's Shelter across the street, the new student housing kitty-corner and the Dream Hotel plans, that this could be an ideal community corner to enhance for public open space use. All it needs is some fresh paint on the fence, new ground cover planting, cleaning the concrete paving/benches, and the addition of some site furniture….and some TLC. Of course, we need to gain permission to use it for this community park purpose, but I'm pretty sure that with my and Brian's connections to the industry, can get the above items all donated. I think it could be a nice community event too when we install all this – BID, Chamber and other community stakeholders each planting and painting together to improve the neighborhood.
>
> **If we are able to obtain all necessary improvement items as donations – as in no cost to the City, and the BID is willing to open and close the park on a daily schedule (let's say 10am – sunset), would you and your office be willing to lend support to help us gain permission from the owners to enhance and use this space for a community park?** I assume the owners are federal since it's the post office so I think advocacy and support from your office would help greatly to make that bridge to success. And if you know who we can contact on the owner's side to get the discussions going, that would be greatly appreciated. Apologies if this sounds like a wacko idea, but from the outside, this space seems tailor-made for such an initiative; if there are obstacles to this that I've been too ignorant to mention here, please let me know.

Your advice and support on this would be greatly appreciated – this could be an exciting opportunity for the neighborhood.

Thanks and hope all's well. Best, Li

Thank you for coming in. It was exciting to see your proposal and hear your thoughts on better activating Hollywood as a place for residents. In response to your questions:

1. People Street may not be a good fit for your concept, as they only endorse projects in the public right-of-way. If you found residual street space, they will help convert it to a temporary plaza, with paint and planters, but they do not go onto private property. They also will help with parklet installation in City street parking spaces.

2. You would need to get Special Events permits through the Department of Building and Safety. You would be limited to a certain number of events per year in the parking lot, maybe 6-7 per year, I've heard. If you wanted to do something more permanent, you would need to get an individual parking variance to permit conversion to people space, unless we get legislation in place to satisfy parking requirements through credits or lease.

We look forward to hearing further updates.

Best Regards,

Gary

Dan –

I hate to nitpick, but the committee approved the Jimmy Kimmel concert, without any real objections or drama whatsoever, just a simple request to have the FULL CLOSURE of Hollywood Blvd. on a Monday evening delayed by 1 hour to allow additional time for evening rush hour. At the time of the committee we were told this was not a problem. Yesterday I received a fax with a "revision" which moved the closure time back to 7pm, negating the committee's decision to approve the closure with the 8pm start time. This of course from ELS, who doesn't even pay their Navigate Hollywood invoices anyway.

Dan, after our walkthrough, we isolated a couple of hot spots where we really can make a difference.

Here is one – the Van Ness exit from 101 to Sunset.

We really need to have a meeting with these folks in the room:

ATT (owns a utility structure)

Cal Trans

LAPD

You

Me

BID Patrol

Denny's

Met with Denny's manager today – he is happy to work with us.

Here is a question – who can we get from ATT community relations and Cal Trans? Any Ideas? I say we have one meeting in the back room at Denny's where we tackle this in one fell swoop

I've met with AT&T before regarding their site at Sunset/Gower so I have a contact that I can invite. Where is the utility structure at Sunset/Van Ness? Is it on the Denny's lot?

I can have Caltrans there as well... I'm assuming to discuss maintenance/security?

Yes, it is some type of utility structure that has a big cell pole coming out of it. Its owned by ATT...but it creates the natural barrier for all sorts of nasty activities behind it.

Cal Trans...yes, for breach in fence and all the encampment debris along the freeway.

When should we try to do this? After Memorial Day, or first week in June?

NOTIFICATION OF NEW ENTITLEMENT APPLICATIONS – EARLY NOTIFICATION REPORT

To: Business Improvement District (BID) Contacts

From: Haydee Urita-Lopez, BID Liaison

Subject: LA City Planning BID Case report

Attached is the Planning Department's bi-weekly Early Notification Report for Business Improvement Districts (BID's). The purpose of this report is to provide BID's with the earliest possible information about all applications for planning entitlements that have been filed in your BID area, even though not all applications are complete and some cases may eventually be withdrawn. Included in the report is contact information about the applicant so your BID can obtain more information about the project very early in the process. A separate report is shown for each BID. You will see that the report is provided in PDF and Excel formats.

The information in the report is sorted by BID. If there are any questions, please contact Haydee Urita_Lopez at (213) 978-1162 or Haydee.Urita-Lopez@lacity.org.

I hope this email finds you well.

Dan mentioned that Phil Suman with Fox 11 is doing a story on homeless encampments in the district. Since homeless encampments is an issue city-wide, maybe you can suggest he speak with Councilmember Jose Huizar, the chair of the City's *new* ad hoc committee on homelessness. Dan,

Do you have a contact for the "Lucifer" filming that took place on Hollywood Blvd. back in March? It was Warner Bros., but the address we had is no good as the invoice we sent was returned. Most likely, they won't pay since they probably were not aware of the Navigate Hollywood service before the closure. But I want to at least send the invoice just in case. In the future, when these types of closures are approved, we should try and make sure they are made aware of Navigate Hollywood at that time.

Also, we have hired someone to come up with a profit and loss statement for Navigate Hollywood so we can show the committee at the next meeting where we are. It will of course show that out of the three main companies closing the street, that 1540 and Buena Vista (El Capitan) have paid all their bills, but ELS has not for over 2 years. We will have to decide how to proceed since that's obviously not fair to 1540 and Buena Vista.

Subject: Regarding Raze or rehabilitate Parker Center? City must make a decision soon.

Your Parker Center "make a decision" piece arrives the same day as your report on the cost of homelessness to the city. Those fighting homelessness nearly universally contend permanent supportive housing is the answer, including as to cutting the public costs. Connect the dots, Los Angeles: Convert Parker Center into permanent supporting housing for the homeless. And don't tell me the local community won't tolerate it--the homeless already are all around there already, and existing supportive housing facilities already exist seamlessly throughout the city.

An enormous percentage of our homeless neighbors suffer mental illness that can be controlled effectively by medication with minimal other supervision. Permanent supportive housing facilities provide four walls, a roof, and a door--some basic dignity and privacy and safety--with minimal supervision that keeps people on their meds and off the streets, at far less cost, even with free housing. It is a proven solution. In Hollywood we have used this model to get several hundred formerly homeless persons off our streets.

If the city is serious about solving, rather than merely managing, homelessness, the decision to convert Parker Center to a permanent supportive housing facility is a no brainer. Let's see if the Mayor and City Council can put our money where their mouths are.

Senator Jim Beall, Chair
Senate Transportation and Housing Committee
State Capitol Room 5066
Sacramento, CA 95814

FROM:
Kerry Morrison, Executive Director
Hollywood Property Owners Alliance
Managing agent for Sunset & Vine Business Improvement District

SUBJECT: Opposition to SB 608 (Liu) Right to Rest Act

I am writing on behalf of the board of Directors for the Central Hollywood Coalition, which manages the Sunset & Vine Business Improvement District (BID) in Los Angeles. This is a nonprofit organization governed by 15 community leaders in the heart of Hollywood. We represent 115 property owners and are asking you to vote no on SB 608 (Liu), the "Right to Rest Act."

The Right to Rest Act is a re-branded version of a former bill that was defeated in 2013, the "Homeless Bill of Rights." Our concerns about this legislation remain the same as two years ago: individuals who suffer from homelessness have a right to shelter and permanent housing. Preserving their "right" to live and eat on the streets and sidewalks of our cities sets us back to a mindset prevalent over a decade ago – that homelessness in America must be "managed" or tolerated. We have learned, and believe, that homelessness can be *ended.*

There are three reasons why we oppose this bill:

1. The public right-of-way is to be enjoyed by all, without being subject to intimidation or lack of sanitary conditions. This legislation shifts the balance toward conditions that may impede business and render our downtown districts intimidating and uncomfortable for those who live, work, visit and go to school.

2. The limitations on law enforcement officials, BID agents and public or private security personnel to assist or aid individuals who are homeless will create a chilling effect on those who are often the first responders and in a position to assist. The legislation equates interactions with such personnel as "harassment." Our BID Patrol has played an important role in helping to connect individuals who suffer from homelessness to services and housing, while helping to enforce laws that protect the public and quality of life.

3. This bill would result in CA cities becoming more of a magnet for individuals to come and continue a homeless lifestyle. Often individuals who choose to live on the streets are suffering

from substance abuse and/or mental illness, and granting them the "right" to live on our streets suggests society owes them no right to treatment or safe refuge in a home or shelter.

We urge a "no" vote on this bill and ask our Legislature to support efforts that result in positive outcomes with respect to moving people off the streets and into housing. Legislative priorities should be oriented toward:

- Increasing the stock of affordable housing in this state
- Providing funding for vocational training and re-entry support for those leaving the criminal justice system and returning to their communities
- Overhauling the state's mental health laws to facilitate the involuntary treatment of individuals who suffer from chronic and debilitating mental illness and deserve medical treatment before they harm themselves or others
- Providing resources to local communities for detox beds and quick access to substance abuse rehab to provide safe alternatives to those addicted to substances living on our streets
- Supporting the creation of more permanent supportive housing for those experiencing chronic homeless and debilitating conditions.

As business improvement districts who often have a first-name basis with many of the people who are homeless in our communities, these are the types of initiatives we are advocating for. We ask the legislature to join us in this endeavor, not tie our hands to help those who are most vulnerable in our society.

Senator Jim Beall, Chair
Senate Transportation and Housing Committee
State Capitol Room 5066
Sacramento, CA 95814

SUBJECT: Opposition to SB 608 (Liu) Right to Rest Act

Dear Senator Beall,

I am writing on behalf of the Board of Directors for the Hollywood Property Owners Alliance, a nonprofit organization which manages the Hollywood Entertainment District BID. This district incorporates historic Hollywood and represents over 500 property and condo owners. We are asking you and the members of the Transportation and Housing Committee to vote no on SB 608 (Liu), the "Right to Rest Act."

Our nonprofit organization has been in existence since 1996 and has played a significant role in the revitalization of downtown Hollywood, a neighborhood which had fallen into blight and despair after decades of abandonment. We have played a key role in forming proactive coalitions to help our homeless neighbors move off the streets and into housing, and passage of a bill such as this turns the clock back to a 1990's strategy for addressing homelessness.

There are six reasons why our organization opposes this bill and are concerned about the unintended consequences of something that might sound noble at first blush:

1. Individuals who suffer from homelessness have a right to housing. Today's public policy momentum is geared toward ending homelessness, not facilitating life in the public right-of-way.

2. The public right-of-way is to be enjoyed by all, without being subject to intimidation or lack of sanitary conditions. This legislation shifts the balance toward conditions that may impede business and render our downtown districts intimidating and uncomfortable for those who live, work, visit and go to school.

3. The limitations on law enforcement officials, BID agents and public or private security personnel to assist or aid individuals who are homeless will create a chilling effect on those who are often the first responders and in a position to assist. The legislation unfairly equates interactions with such personnel as "harassment." In contrast, our BID Patrol has played a key role in helping vulnerable people move from the streets into services. Our BID is part of a coalition, Hollywood 4WRD, which has helped over 400 people move into permanent housing since 2010.

4. This bill would result in CA cities becoming more of a magnet for individuals to come and continue a homeless lifestyle. As if the weather is not enough, word of mouth will spread that CA is the place to come.

5. Often individuals who "choose" to live on the streets are suffering from substance abuse and/or mental illness, and granting them the "right" to live on our streets suggests society owes them no right to treatment or safe refuge in a home or shelter. We have had specific interactions with people who are vulnerable and mentally ill, who, once housed with supportive services, enjoy a quality of life far more dignified for a human being than being relegated to life on a sidewalk.

6. The bill places no limit on how many people may rest on a sidewalk, for example, for a given time. In our community, often large groups of young people will gather with their pets and pester passersby for money. This is intimidating to pedestrians, and the bill would make it difficult, if not impossible, to address these behaviors.

We urge a "no" vote on this bill and ask our Legislature to support efforts that result in positive outcomes with respect to moving people off the streets and into housing.

Sincerely,

Kerry Morrison

POSTING ON CRAIGSLIST

If you have ever had an encounter with Hollywood BID Patrol your rights have been violated.

There is a group of film students working on a five-year long investigative expose' and documentary about them.

The United States Department of Justice and other Federal and State agencies are investigating the BID Patrol for Civil Rights Violations and Criminal Conduct and the LAPD Hollywood Division for partnering with BID Patrol with the intent of violating Civil Rights. The current Captain of the Hollywood Division was recently quoted as saying: "I support everything the BID Patrol does in Hollywood"

The BID Patrol (with the encouragement of LAPD) is unlawfully stopping people on the street and harassing them, abusing them, threatening them, handcuffing them, detaining them, humiliating them and physically beating them and transporting them out of Hollywood.

They do not have the authority to act as Police Officers. They are Citizens just like everyone else. They do not have the right to conduct "private security patrol" on public property. They do not have the right to ride bikes and segways on the sidewalks.

They are not sworn-in Police Officers. Many of them are former Police Officers who have been fired for mis-conduct or who have criminal records.

If you have ever been stopped on public property by BID Patrol you have a legal claim to file a lawsuit in Superior Court for damages and file a criminal complaint of charges such as, but not limited to: aggravated harassment, intimidation, civil rights violation, kidnapping, unlawful detainment and impersonating Police Officers.

The BID are much like George Zimmerman with a Sociopathic need bully and abuse others and with the full support of the LAPD Hollywood Division there is no telling what the potential of their abuse will be.

There is over 500 hours of video so far of their unlawful conduct and the LAPD Hollywood Division Officers and Captain supporting that conduct.

If you have any video please share it and if you see BID Patrol, especially accompanied by LAPD Officers get your phone out and video record the encounters.

This is a serious matter. We as Law-Abiding American Citizens should not allow a group of Jack-Booted-Thugs to run the streets with loaded guns intimidated innocent Citizens. We have legal rights and the Court system to help us when our rights have been violated.

The BID Patrol are not Police Officers! They do not have the right conduct themselves as Police Officers or really, really bad Cops.

Hi Baydsar, I am including on this email Steve Seyler of our BID Patrol, Dan Haldan of CD 13 and Nathan French, from The Center.

Each Monday, The Center convenes a conference call of outreach workers in the area to identify hot-spots. Areas near freeways likely surface in those calls, so I'll see what Nathan can offer.

Steve and Dan, can you advise relative to other areas that may be impacted.

Many thanks

Hello everyone!

I am working on getting more proactive with our homeless encampment cleanups within the district and so I'm asking that if when you are all out in your areas of the district can you please identify any encampments that are under the overpasses, on the adjacent strips of land that are attached to the freeways, and how bad they are. I know that we receive complaints about these, particularly off of the 101 fwy, but we are going to try and set up a system for continued cleanup.

Thanks!

In Hollywood, I can tell you that the 101 freeway sees encampments and homeless issues particularly at the offramps of Hollywood Blvd (NB 101 - by FS82) and Sunset Blvd (SB 101 - by Denny's).

We have periodically contacted Caltrans to schedule cleanup, and with CHP for patrol. Any additional resources or efforts would be welcomed.

Hi Dan! I just wanted to bring to your attention that as people arrive into Hollywood, this is what they see just before reaching the Hollywood Bowl. This homeless guy camps out in a n area in plain view located right after you pass the sign that indicates you have arrived to Hollywood, near the Cahuenga Pass. It looks terrible, not to mention that there is a poor dog lying there with the homeless man, and he looks like he is in pretty rough shape.

FW: Parking ticket

Hi Dan, my friend dropped off my sister to the Chamber on Friday noon, parked at loading zone, put the blinkers on, escorted her to the 2nd floor, came down and someone was writing him a parking ticket at loading zone already. He was not even gone a minute as he was rushing to get back to a patient in North Hollywood.
They told him that the does not have a commercial loading permit, and that's why he was being issued a ticket.
I've noticed that parking has been enforced on tour buses, etc, but I don't understand this parking ticket.
Under a minute, at loading zone, with blinkers on. that's what we tell all of our members - that we have a loading zone they can utilize to pick up or drop off things.
Is this not the case anymore?

Hi Marlene,

The yellow loading zones are for commercial loading and unloading only. Unfortunately even with the blinkers on a regular vehicle is not allowed to park in a commercial loading zone from 7 AM to 6 PM Monday through Saturday. The reason the vehicle was ticketed is because it is not a commercial vehicle.

Sorry to be the bearer of bad news!

I am CCing Sgt Ben Fernandes, LAPD - HED. Sergeant, a group of performers wants to organize a dance to "Thriller" on top of Michael Jackson's star on the Walk of Fame.

I believe that they do not need a permit provided A) the music is not too loud and B) the sidewalk is not blocked. Would that be correct?

I think if the sidewalk is going to be rendered impassable, they need to get a permit through Street Services. Sgt if you could please advise we would appreciate it!

You are definitely going to need police presence as the people on the sidewalk will end up going around the area and hop on to the street which could be a liability for you. If this is going to be recorded commercially, they need to get permission from our licensing people. Good luck with this one. It is going to be tough with all the tourists in that area.

Tomorrow's "Special" Street Closure Meeting

Hi everyone,

This is a friendly reminder regarding tomorrow's "special" street/sidewalk closure committee meeting.

This is a meeting strictly between TCL Chinese, $10 Store, Madame Tussauds, Starline, LaLaLand and ELS and 1540 Productions. We have also invited reps from the Hollywood Chamber of Commerce and the Hollywood Property Owners Alliance.

The goal of this meeting will be to achieve greater understanding, cooperation and respect regarding everyone's interests. Movie premieres and entertainment-related events WILL occur with regularity on Hollywood Blvd. That being said, we need to come up with some kind of better system regarding the logistics and footprints of those events, so that the same issues are not repeatedly debated at each monthly meeting. Everyone's time is valuable and we should not be spending three hours at a meeting.

Additionally, we will be having a discussion on ways that neighbors can work together on these events. Overall, the movie premieres that are iconic to Hollywood help "brand" the neighborhood in a way that is ideally positive for all. We will be discussing ways for businesses to work together and collaborate in a way that makes these events truly about the neighborhood and celebrates Hollywood as a whole.

We look forward to seeing you all tomorrow, **Tuesday 9/22 at 11:00 AM at the Hollywood Chamber of Commerce.**

Hi Dan!

I am reaching out to you as Leron and I just had a conference call regarding 'shared housing/airbnb' with our tourism committee co-chairs (Patti MacJennett with LA Tourism & Convention Bureau and Donelle Dadigan) and with our Chair of the Board, Beth Marlis.

They have asked me to reach out to you to see if there is someone from CD-13 that would be good at addressing our tourism committee on September 24th to give some insight on what measures CD-13 is planning to take re: the 'shared housing/airbnb' situation. I realize that Mercedes is referring to 4 specific properties in Hollywood, and focus on just those would be fine.

Patti (LA Tourism) has said that it is important from a tourism standpoint that we don't 'take sides' right now as Airbnb is still somewhat new and in some ways could prove to be a terrific ally as attractions like Universal Studios plan for record breaking numbers this Spring (we don't want to turn away tourists due to lack of available hotel rooms and Airbnb may be only way to offer room nights). FYI- San Francisco is actually embracing shared housing and including them in planning of city-wide conventions, and imposing TOT (transient occupancy tax), thus allowing them to be considered a real partner in the tourism community.

Please let me know who would be a good fit from your office and if he/she would be available for the September 24th meeting. This is very important to our Chamber and to our board members.

Thank you very much – we GREATLY appreciate you, Dan.

Hello Mercedes,

I wanted to follow up to the email below and invite you to attend our monthly tourism committee meetings. I show you as a member of the tourism committee but will double check to make sure you are on the distribution list for meeting reminders. It would be great to have you attend these meetings as we discuss a variety of issues which impact tourism in Hollywood and going forward, we will be learning more on 'shared housing'. We value your input so please mark your calendar for the upcoming meeting dates of:

Thursday, August 27th

Thursday, September 24th

Thursday, October 29th

The tourism committee meetings are always at 4pm here at the Chamber, with parking next door at the Roosevelt Hotel. Hopefully you will be able to make the August 27th meeting, as well as the September 24th meeting, when we will actually have a presentation and conversation on the shared housing subject.

Looking forward to having you!

Mercedes,

Thanks for your message. Let me think about how we can address this. Perhaps we can do a survey of our hotels. I'll bring this up with our Tourism Committee co-chairs and get their ideas.

Best,
Leron

Dear Mr. Leron,

I received a call back from Daniel Halden on June 30 and he was very interested in listening to the problems created by these properties. In our conversation and in questions back and forth he did mention that he had received many complaints about these properties, and in general these kinds of properties, but none that were hotel owners like ourselves. I did explain to him that these properties create unfair competition for hotels(especially in their low rates and larger apartment layouts), they unfairly increase room inventory, are not held to the same requirements and standards as hotels, and are not regulated by the office of finance for the 15.5% room tax collected by hotels. He did say that there would be much more his office could do if there were more hotels complaining about these operations. I explained to him that many hotels don't know who to reach out to and many of them are experiencing a decrease of income and hotel night stays but don't realize what is causing it.

Here is where I will ask for your help Mr. Leron. I am hoping that the chamber could help me and Mr. Halden's department crack down on these apartment buildings spurting up everywhere and selling their rooms as hotels by notifying hotel owners and operators in Hollywood of the situation. I believe many of them will reach out, just like I did, to reiterate the problems these buildings are creating for our industry. I read your newsletters all the time as do many of the other business owners in Hollywood. Would you be able to create a news letter about this situation and give hotel owners (or any affected business owners) a quick rundown of what is happening and notifying them that if they are affected by the problem to reach out to Daniel Halden and his office. Mr. Halden specifically told me that he would be very happy to hear from anyone that is affected and it would actually help his office in effectively assessing the situation and trying to create legislation that would help.Your help is crucial to this effort. Please let me know if you can help. I can also be reached on my cell phone any time.

I thank you in advance for all the help and guidance you have given thus far.

Sincerely,

Mercedes Simonian

I have been as active as I could in reporting any apartment building that I find advertising on Expedia, Booking.com, Agoda.com etc. as daily rentals to this particular department, but my efforts alone is not enough. I need the help of your office to request action. At times I feel that I am being brushed off since there are not enough eyes and complaints on

Dave,

Thanks for the email. We are working to organize a meeting of all the property owners on Ivar, along with myself, the BID, City Attorney, homeless organizations, etc. to address this issue ASAP.

Please hold **TUES 8/18 at 10:30 AM** for a meeting. Will get back to you all ASAP once I have achieved confirmation on location.

Thanks, Dave. A few questions/comments:

1) These people are on Beso's private property; therefore, they are trespassing. Was LAPD or BID Security called?

2) A Trespass Authorization Form can be signed with LAPD and BID Security so that they can proactively monitor/enter a property for potential trespassers. Have you/Beso signed a Trespass Authorization Form for the property?

Good afternoon, members of the Street/Sidewalk Closure Committee:

If you recall, during this month's meeting/conference call we deliberated on the *Chosen* film shoot. The shoot has been canceled and will not take place on August 3rd, as proposed.

(After hearing the feedback, we marked the event as "approved" with stricter conditions. This is now moot.)

I will be sending out the agenda for **next week's meeting (Thurs 8/6) soon.**

Here is a rather thoughtful analysis of the situation from Jan Sherwood that I think may be helpful. I didn't ask her if I could disseminate this, so please use only for your own use at this point.

Subject: Re: Hollywood Chamber

We have been down by 15%, January to June 2015 compared to last year. July, 1st to the 19th we are down to last year by 7%. Although we serviced more people in the month of July so far compared to last year, we just cant compete with the tour companies that can sell tours for $20, so we have had to drop our prices.

What I think have been the contributing factors are:

1. The dollar has gone up so possibly less foreign travelers.

2. There are 30 tour companies on Hollywood Blvd, there are some that come so close to where we are we have a hard time competing with their $20 rates, as I mentioned previously. This is the company that rents a little stand from the gift shop near Hooters, they take up from Orange all the way to as close as they can get to us, literally to the tree right before our office at 6822 Hollywood. Then on the other side of us we have the company that is near McDonalds that runs to the parking lot in the back of us and goes down Highland as well to try to get customers.

3. The hotels were complaining to me a lot from January to June, that not as many tourist, although the hotels were busy. It could be Airbnb has hurt the hotel business a bit.

4. Then I have a competitor that is not based in Hollywood, but has figured out a way to manipulate the traveler review system and Google. If you search for tour companies they have an "address" here in Hollywood but they actually don't have a physical address. We think they may be paying for reviews. I have had customers complain about the company and yet they have the best ratings. Its very strange.

Best Regards,

Jan Sherwood

Street/Sidewalk Closure Committee:

Per yesterday's conversation, please see the below email from Stanley Longstreet, producer of the project.

The team is amending their request to do an overnight film shoot and full closure of Hollywood Blvd b/w Highland and Orange, beginning at **midnight on Tuesday 8/3** and lasting until **6:00 AM on Wednesday 8/4**.

There is no longer a helicopter involved.

Please see the additional information about talent and the project itself.

Please let me know your votes/feedback ASAP if you have not done so already.

Hello all,

First off thank you for the conference call opportunity and a stage for our creativity to be heard. We look forward to working with you on our proposed date. We welcome the consideration and opportunity to use Hollywood Blvd.

Today, we discussed your concerns regarding the businesses, neighbors, pedestrians and safety. Our production team has adjust our schedule and you can rest assure the following;

1. To start production after business hours on Hollywood Blvd.

2. We will continue with our out reach to the community for surveys and all key landmarks.

3. Our production will have uniformed LAPD officers, a well equipped team of security officers and 50 production team volunteers to help assist with insuring safety.

Our production company is willing to meet ever objective required to gain your cooperation with filming on Hollywood Blvd on August 3 @ 12am thru August 4 @ 6am. The success of this project will be greatly enhanced if you would allow us the opportunity.

Please, at your earliest convenience, call/email with any comments or suggestions to green light the filming .

Sincerely,
Stanley Longstreet

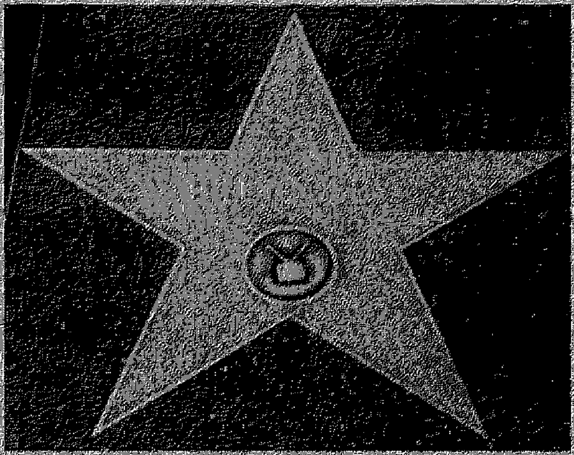
Letter to Hollywood Walk of Fame Remove Cosby's Star



Project Islamic Hope

Los Angeles Urban Police Roundtable

July 9, 2015

Ms. Karen Diehl
Hollywood Chamber of Commerce

7018 Hollywood Blvd. 2nd Fl.
Hollywood 90028

Dear Ms. Diehl

In light of the now public admission by Comedian Bill Cosby of his illegal drugging and sexual assaults, the Los Angeles Urban Policy Roundtable, Project Islamic Hope and a coalition of civil rights organizations call on you and the Hollywood Chamber of Commerce to immediately remove Cosby's star from your Hollywood Walk of Fame. The Walk of Fame is designed to honor entertainment industry notables who have made positive and wholesome contributions to American culture and life. The walk draws thousands of visitors and admirers globally each year, to praise and admire these notables. Drugging and rape are serious crimes and having a star on the walk honoring Cosby after his admissions of these acts is a gross slap at the industry and the public.

Disney, colleges, and other institutions have moved deliberately to remove all tributes to Cosby. The Walk of Fame committee has a duty and obligation to maintain the highest standard for the industry. It should speedily follow their example and remove Cosby's star.

Sincerely,

Earl Ofari Hutchinson

Los Angeles Urban Policy Roundtable

Dan,

We'd like to get more info about the content and scope of the film shoot, but most likely we would be voting "no" for this one, due to the fact that the shoot isn't for film or television and would therefore have a much smaller audience than what we would normally expect from a film shoot closing down Hollywood Blvd. I also have some concerns about how "Hollywood" is portrayed (if people are "praying" for us).

Thanks,

Devin

Hi Mercedes,

It was a pleasure speaking with you just now. Earlier this year, the City's Chief Administrative Officer released an initial report on Short Term Rentals; the report is found here: http://clkrep.lacity.org/onlinedocs/2014/14-0593_rpt_CAO_05-08-2015.pdf -- This report has not been heard in committee yet, so the recommendations have not been acted on. It is also logged as Council File # 14-0593, the link to which can be found here: http://cityclerk.lacity.org/lacityclerkconnect/index.cfm?fa=ccfi.viewrecord&cfnumber=14-0593 You may click on the "envelope" icon at the top of the page to subscribe via email to the Council File. You will then receive automatic updates on the file.

A few days ago, Council District 11 introduced this motion: http://clkrep.lacity.org/onlinedocs/2014/14-1635-S2_mot_06-02-2015.pdf to begin the process of establishing an Ordinance. It is under Council File 14-1635-S2: http://cityclerk.lacity.org/lacityclerkconnect/index.cfm?fa=ccfi.viewrecord&cfnumber=14-1635-S2 Again, you can click on the envelope icon to subscribe to the Motion.

With regards to issues surrounding short-term rentals specifically related to hotels, I am CCing my legislative and planning colleagues who are working on this issue more in depth. I will ask their advisement on how best to relay the hotel industry's feedback to the proper entities.

Please feel free to contact any of us at any time, and thank you for being in touch.

Sincerely,

Leron, would like to know if it is possible to revoke the permit for that juice bar at the Egyptian. Those wooden fences are way too close to the stars and they have the ability to use the Egyptian forecourt for seating.

Please let me know.

There is an existing revocable permit for this location (6708 Hollywood Blvd) under the name "Maui & Sons." Now that it's a different entity (Juice Factory) I will check to see if they need a new revocable permit.

The revocable permit from 2012 entitles them to:

3 tables, 6 chairs, and non-fixed railing along the public right-of-way on Hollywood Blvd. Unfortunately it does not specify anything about the stars, other than the tables/chairs/railing can be a MAX of 4 feet from the property line, and there has to be a MINIMUM of 7 feet for ped traffic.

Will get back to you.

There is an existing revocable permit, but it's under a previous name. So it is no longer valid. They are applying for a NEW revocable permit under the new name of Juice Factory.

Since there is not a valid, existing revocable permit, they have been notified by phone that they need to remove all outdoor obstructions until they have their new permit. They will be served with an administrative hearing notice today.

Hi everyone,

Since there is only ONE item on the agenda for tomorrow's meeting, we will be holding the meeting via conference call instead. This will spare everyone the trip but still enable us to have our regularly scheduled discussion.

Grace/1540, please send me electronic versions of your handouts so I can distribute them to the committee in advance of tomorrow's call.

The conference call information is:

Thursday, June 4, 2015

9:00 AM - CONFERENCE CALL in lieu of Street/Sidewalk Closure Committee
Dial In Number: (605) 475-3235
Access Code: 341454

Please let me know if you have any questions. I look forward to hearing you tomorrow!

Street/Sidewalk Closure Committee Members,

As previously mentioned, 1540 Productions/The Dolby Theatre have requested an email vote for the *Antman* premiere on **June 29, 2015**.

Details attached. This would be for a FULL CLOSURE of Hollywood Boulevard from 9:00 AM to 11:59 PM on June 29th. Per Grace:

the details are noted below along with a full plan of the boulevard and a close up of the red carpet. as always we will have lapd, lafd, dot and private security on site to ensure vehicular and pedestrian safety. hi way safety will facilitate the closure and opening of the boulevard and the placing of the digital signage. all merchant open signage will be installed. starline tours can park their bus west of the mid block crosswalk. and as is always the case at the dolby theater, the sidewalks are never fully closed to allow unimpeded pedestrian access. during arrivals security will occasionally hold pedestrians as

necessary to allow talent to walk the red carpet safely and unobstructed. this full closure set up is a necessary request to accommodate the large number of press expected to attend this premiere.

Please let me know your votes ASAP. Grace will be out of town for this Thursday's meeting; hence, the email request.

Also, please note that the original *Terminator* full closure request for June 28th is being re-worked as the premiere will now be at the Dolby Theatre; we will hear that presentation on Thursday.

Self Cleaning Public Toilets

Hi Gil, I remember those conversations well. And if you recall, I even had a public urination map that I created, which was featured in Los Angeles magazine.

I honestly feel like the CRA staff constantly torpedoed the idea of having one of the city's self-cleaning toilets...and there are no more to be had.

I don't know if there is a viable option to get any more of these self-cleaning toilets. Its part of the CBS-Decaux street furniture plan, and I'm not sure if there are any plans in the future to add to them.

Dan – do you want to do some snooping and we can discuss at our next regularly scheduled BID/CD13 meeting?

Yes... silly me... sorry... don't worry, will change tomorrow. Would have changed again but didn't want to confuse the heck out of everyone (yet).

Lambert had a conflict on May 12th so I'm waiting to see when he can do it, then I will reschedule (again).

There is NO WAY I would have it on the day of an actual ceremony!!! :)

Thanks, Jeff, and to all those who attended or who have followed up with this regarding this matter. We sincerely appreciate everyone's feedback.

I have spoken to the Councilmember at length about this matter. Our office wants to stick to the 18-inch rule, since it was designed and implemented with considerable thought and as a means of trying to achieve as much balance as possible for the various uses of the Boulevard, while respecting and showcasing the historic Walk of Fame.

That being said, we understand everyone has different viewpoints, and we will be moving forward with scheduling the walk along the Boulevard to talk in more detail about various alternatives to the standard encroachment. We have some ideas and want to hear everyone's ideas, as well.

I will be sending out an invitation shortly for the walk-through, which we will be holding in mid-May.

Thanks again, and please let me know if you have any questions.

Hi everyone,

Please join us on Tuesday, May 12th at 9:00 AM for a walk of Hollywood Blvd to discuss the Walk of Fame and sidewalk dining possibilities on this historic stretch of Hollywood Blvd.

In late 2013, new regulations were put in place to balance the various interests on the Boulevard and protect the Walk of Fame, including that all sidewalk dining must be at least 18 inches from a star. CD13 intends to stick with this rule, but wants to hear from stakeholders and those with considerable WOF expertise regarding other thoughts, creative ideas or alternatives you may have.

Please let me know BEFOREHAND if there are specific locations you would like to check out (other than Hemingway's, Beso and Loteria), so I can plan our itinerary accordingly.

Best Regards,
Dan Halden

Street/Sidewalk Closure Committee members:

We have a request for an email vote from TCL Chinese Theatre for the proposed FULL closure of Hollywood Blvd on Sunday 6/28/15 for the premiere of *Terminator Genisys*. Please see details below and **respond to me ASAP** with your votes/feedback.

We will also be hearing details on May 7th for a full closure request at El Capitan on Monday 6/29 (the day after *Terminator)*; we do not have the details yet but in the interests of full disclosure I am letting you know that request is pending, since the information has been provided to me.

Here are the details for *Terminator,* provided by Marguerite from ELS. Marguerite can be reached at **(818) 726-6097** or mpellegrin@elslights.com:

1. Full closure of Hollywood Blvd, between Orange Dr and Highland Ave from 10:00PM Saturday, June 27th until 6:00AM Monday, June 29th.

NOTE: Starline tours will be able to park buses on the east side of the mid-block crosswalk

2. North sidewalk of Hollywood Boulevard closed to pedestrian traffic from Orange Drive east to Awards Walk, from 10:00 PM, Saturday, June 27th until 6:00 AM Monday, June 29th. *A pedestrian pathway will remain open until 4:00 PM on Sunday, June 29th._This worked very well for THE LONGEST RIDE with a pathway through the courtyard. We will do the same thing for this event.*

Please let me know your thoughts and votes ASAP on the *Terminator* premiere on 6/28.

Thank you,

Dan,

I think you could tell from my reaction I was very disappointed with Council's decision to not consider the Hemingway or Beso's sidewalk dining permit variance and/or look at amending the 18" from a star requirement. I did bring this up at a meeting at the BID offices this morning. I would like to understand the BID's and Chambers position on this before having a meeting with Mitch to discuss.

Call from attorney for tour operator

Hi guys. I have a voice mail from an attorney representing a new tour company who is trying to set up Busienss in the boulevard. He alleges is client has been confronted by thugs associated with three other companies. He wants to discuss with me.

I had already mentioned to dirk Degraeve who is the middle man on this that the guy should file a police report. I gather he is afraid to do this.

Not sure how to handle this. I don't feel like he is a stakeholder and not sure it is BIDS role to intervene. Any thoughts?

Hi Marty, we can certainly place this item on the next agenda for the BID Streetscape Committee. We have two challenges; one, for other parts of Hollywood, the city has an advertising contract for the generic benches that are installed. On the Walk of Fame, our Crossroads plan called for the wrought-iron benches (which is why we've been able to avoid the awful city standard) and the BID has slowly but surely purchased them.

I am working on a presentation now to both BID boards re/ the rise in homelessness in Hollywood. It is palpable and measured (our unofficial homeless count numbers from Jan 29 and by the monthly BID count that has been going on for past 14 months). I'll be interested to know what the official numbers are going to be for LA City and LA County from the LASHA count, but everyone is sensing an uptick. (Won't be released for several months.)

I'm working on a presentation to postulate why – and what we can do to drill down to the root causes.

I'd be happy to bring these ideas to a future Chamber meeting, but a glimpse at what I'm working on:

- Continued [impossible] challenges to bring most severely mentally ill off the streets into safe haven or treatment
- Substance abuse – with no available recourse for treatment/rehab/detox. Concerns about crystal meth addiction on the rise.
- Generosity of visitors and pedestrians who give to panhandlers, thus fueling drug and alcohol use
- Rise in youth homelessness, "traveler" culture, social media luring to places like Hollywood
- Impact of Lavan case on city, with limitations on removal of abandoned property from the sidewalks.
- AB 109 realignment – more people out on parole, hard to get jobs
- Prop 47 (passed in November) reclassifies six potential felonies as misdemeanors: grand theft, shoplifting and receiving stolen property of up to $950; writing bad checks; check forgery; and simple drug possession, depending on the drug and the amount. Presumably the money saved by not keeping these folks in jail is supposed to be channeled into substance abuse treatment, mental health services, and job training. I'm trying to ascertain how Hollywood can get on that train. But, in the meantime, we seem to be seeing some of the impacts. Here's an article from this week from Downtown News with some insights.

http://www.ladowntownnews.com/news/crime-punishment-good-intentions-and-skid-row/article_97a9b9fc-b3d2-11e4-a555-6b47b72ee774.html

So, all that said, changing the bus benches only addresses the symptoms of something that is much more pervasive in our city right now.

We have a lot of work to do..

Hi everyone,

Marty- thanks for sending this over. I think Kerry raised good points. I believe we'd be faced with design challenges related to the City's advertising contract for the bus benches. Since these are for Santa Monica's Big Blue Buses, it's a whole different bus system in a separate municipality.

One thing that we could explore, however, is the installation of seat dividers on benches that would make it uncomfortable for people to sprawl out and sleep on benches. I did this back at CD4 at the Metro stop on the NE corner of Franklin/Cahuenga. In that case, we tinkered around with the exact placement of the bench (people were camping out behind it) and also installed the dividers (because people were sleeping on it). I could explore the possibility of this for Hollywood; we could start with a few "hot spots." Let me know what locations you have in mind that are an issue and we can take a look.

Thanks!

Importance: High

The Hollywood Chamber of Commerce would like to schedule a meeting with Councilmember over the next few weeks to discuss several City issues of importance to the LA business community. Issues would include minimum wage, street vending, and business tax reform. The meeting would include Hollywood Chamber President & CEO Leron Gubler, as well as 3-4 LA business owner members.

The Chamber recognizes the Councilmember's busy schedule and is happy to coordinate a time that works best for your office. Given that the meeting attendees will need to take off time from running their businesses we would hope that we can give the attendees at least 3 or 4 days advance notice of the meeting. We are hoping that the meeting can be scheduled sometime over the next two weeks if possible.

Please let me know what day the Councilmember would be available.

Thank you!

Hollywood Chamber CUP /ABC Task Force and possible interested parties:

Hopefully what I am pointing out to those of us that walked Hollywood Blvd last Saturday night from 12AM to 3AM and to those of you that can effect meaningful change in the make-up of Hollywood by speaking out will see the need for a call to action to put a stop to the over abundance of ABC permits in Hollywood. Below are part of the minutes from a neighborhood council group whereby a property owner that is known for contributing to the bar/night club nighttime problem on the Blvd is asking for even more ABC licenses especially without the regulatory controls (and resources) to keep these proposed businesses in check.

Hollywood Network Coalition
Board Meeting – via Conference Call

Monday, March 16, 2015

4:30 PM

6523 Hollywood Boulevard, Michael Gonzales, atty
ZA-2014-2008-MCUP Master Conditional Use Permit to allow for the on-site sale and consumption of a full-line of alcoholic beverages in connection with five individual tenant spaces in an existing building. Four of the five spaces will be restaurants and are seeking Type 47 licenses. The fifth tenant space will be seeking a Type 48 license as a bar (not a nightclub). The Project was previously entitled by ZA-2011-0164-MCUP, but changes in the tenant spaces' square footages require the Applicant to seek the new entitlement.

Every other evolving city / community is attracting movie theatres, cool retailers, trendy restaurants but Hollywood is still attracting bars and night clubs. In my opinion, a serious effort needs to be made to change this paradigm. Unless, of course, you are in favor of the Wild Wild West perception that Hollywood currently has with the general public. Carol Schatz would love to see Hollywood stay rough and tumble so she can continue to promote DTLA as the place to be.

Good afternoon Sylvan my team and I were able to complete Friday 1. and 2. and also Saturday 1. and we also cleaned storm drains and the sidewalk of Yucca St. from Gower St. to Argyle Ave.
We weren't able to do Gower St. (from Franklin Ave. and Yucca St) and Argyle Ave.(from Franklin Ave to Yucca St.) because of some homeless encampments under the freeway.

From the HMD BID minutes of November 19, 2015:

Goldman stated that she and Schechter met with Council District 13's representative, Dan Halden, to discuss on going issues in the BID District. Goldman spoke
about the possibility of increases the BID's boundaries to the east side of Vine from Santa
Monica to Melrose. Councilmember O'Farrell is very interested in this expansion of the BID.
Goldman indicated that the first step is to have CM O'Farrell introduce a Resolution to
increase the BID's boundaries on Vine. Schechter will follow up with O'Farrell staff on this

matter and process.

Dear Dan,

I'd like to inspect all records relating to the CM's plan to fund HPOA's night-time deployment of Andrews International security guards in the Hollywood Entertainment District. This request is meant to encompass but not be limited to emails discussing this plan, other types of correspondence, memos, minutes of meetings, phone records, policy statements, and so on, to or from CM O'Farrell, or any CD13 staff, or anyone at the HPOA, the LAPD, the City Attorney's office, the City Clerk's office, and anyone else who might be involved in this discussion.

I understand that discussion of this subject is ongoing, and that this request is of necessity limited to records through today. I'd like to request further records at some agreeable interval, so if you could suggest one I won't have to bother you with, e.g., weekly requests if biweekly would do, or if it's possible just to have a tacit understanding that I'm making a request every so often. I'm willing to do whatever you suggest to maximize your convenience in this regard.

Thanks so much for all your help,

Adrian

January 21, 2016
Hollywood Property Owners Alliance/Hollywood Entertainment District BID

Briefing Paper: BID Night-Patrol Security

Proposal:

To address an increase in certain crimes in the Hollywood Entertainment District (see Exhibits A and B), the LAPD has encouraged HPOA to consider re-allocating a portion of their deployment of Andrews BID Officers from day time to night time hours. The current ask would involve deploying four officers and one supervisor in the Hollywood Entertainment District BID three nights a week (Thursday, Friday and Saturday) from 8 p.m. to 4 a.m.

Discussion at Security Committee:

This matter was discussed at length at the January 13, 2016 meeting of the Jt. Security Committee. Staff had prepared an analysis (See Option 1) that would accommodate a late-night presence by eliminating the early morning (6 a.m.) patrol shifts five mornings a week.

The Committee was concerned that eliminating this early morning patrol would negatively impact the assessment payers in the District who have come to rely on this service in order to ensure the sidewalks are orderly by the time businesses open up in the morning. LAPD indicated they would provide this extra patrol in the morning to compensate for the loss of the BID patrol, but the committee was not comfortable with this arrangement.

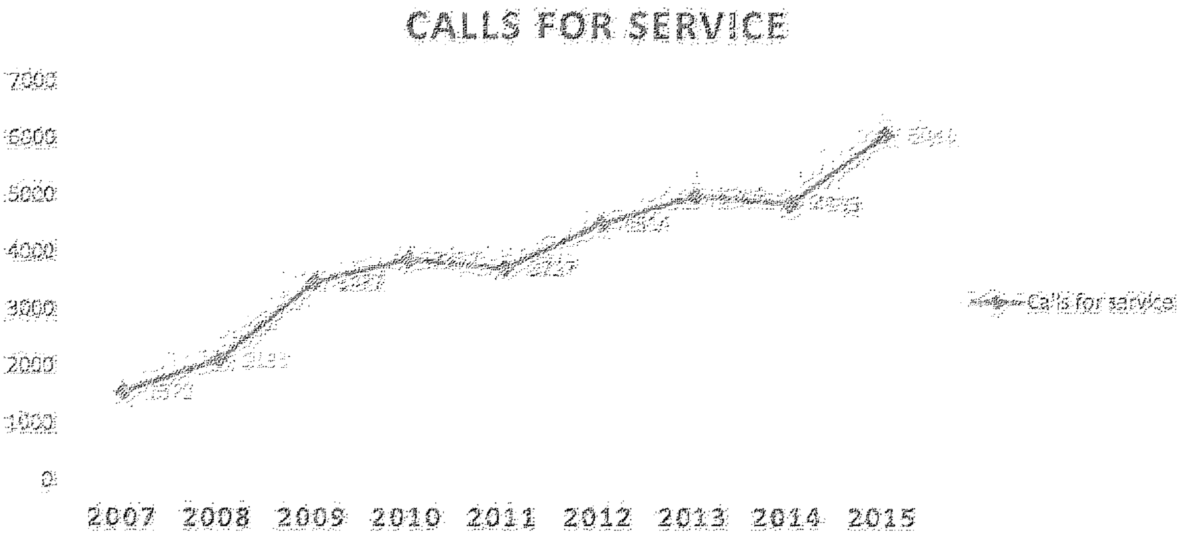
The Committee asked staff to play with a different approach to the schedule that would "thin out" the mid-day patrol resources, in order to shift hours to the late-night presence. That option is included as Option 2.

Finally, in conferring with several committee members about this exercise, a third option is presented. Because conversations will commence later this year re/ the vision for the new BID (2019), this may be an opportunity to pilot a night-time security presence that would help to inform how a 24-hour security patrol might function in the new BID. The third option anticipates a pilot project (that could last 30/60/90 days, depending upon the extent to which the board would want to fund the pilot) which would emulate what an extended night-time security presence might look like and the outcomes associated therewith. This data could be useful in designing (and budgeting for) expanded security in the new BID. This option is included in Option 3.

Background:

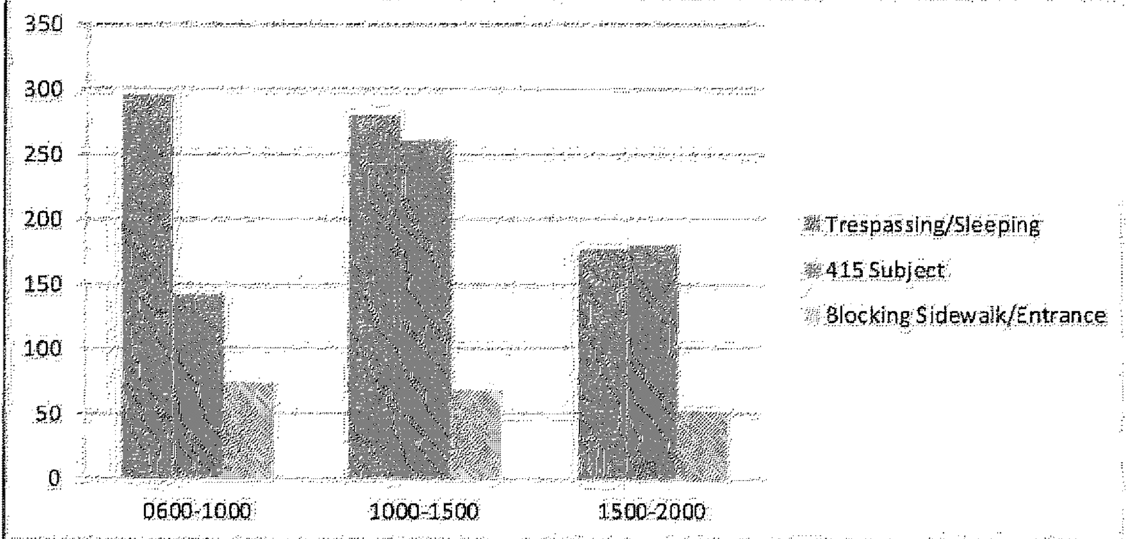
For the past year, LAPD crime statistics revealed that approximately 73.6% of crimes related to aggravated assaults and robbery have occurred between the hours of 6 p.m. to 4 a.m. (See Exhibits A and B)

Currently, the BID's deployment budget goes fully to day-time patrol hours. The weekly budget allows for approximately 7 officers a day for the Hollywood BID. (The Sunset BID budget supports 4 officers a day.) Supervision, dispatch and overhead costs are shared between the two BIDs on a 66-34 basis. In the past year the BID Patrol office has seen an unprecedented increase in calls (25% from 2014 – 2015) for service during our 14-hour work day (see chart below).



Based on a three-month study of the 2015 call volume increase, it appears that 32% of these calls came between the hours of 6 a.m. to 10 a.m. Additionally, looking at a sample of arrests for July and December 2015 it appears 50% of our arrests occurred during the first four hours of our 14-hour day. The chart below shows a three-month study of call volume for just three types of typical calls our officers respond to throughout the day:

CALL TYPE/TIME FRAME	0600-1000	1000-1500	1500-2000
Trespassing/Sleeping	296	279	177
415 Subject	142	260	180
Blocking Sidewalk/Entrance	73	67	52



Cost Implications:

In order to support a five officer (including one supervisor) deployment three nights a week the following costs would either have to be incurred or shifted in our weekly deployment:

Security Late Night Patrol		
Time	7:30 p.m. to 4 a.m.	
Working Hours (Less Lunch)	8	
Officer	$57.33	Per Hour
Supervisor	$60.06	Per Hour
Number Deployed		Total Cost
Officers	4	$1,835
Supervisor	1	$480
Total Per Night	**5**	**$2,315**
Number of Nights Per Week	3	$6,945.12
Total Cost Per Week	**$6,945**	
Current Security Patrol Budget	**$1,558,000**	
Current Weekly Deployment	**$29,961.54**	
Proposed Day Time Deployment	**$23,016.42**	

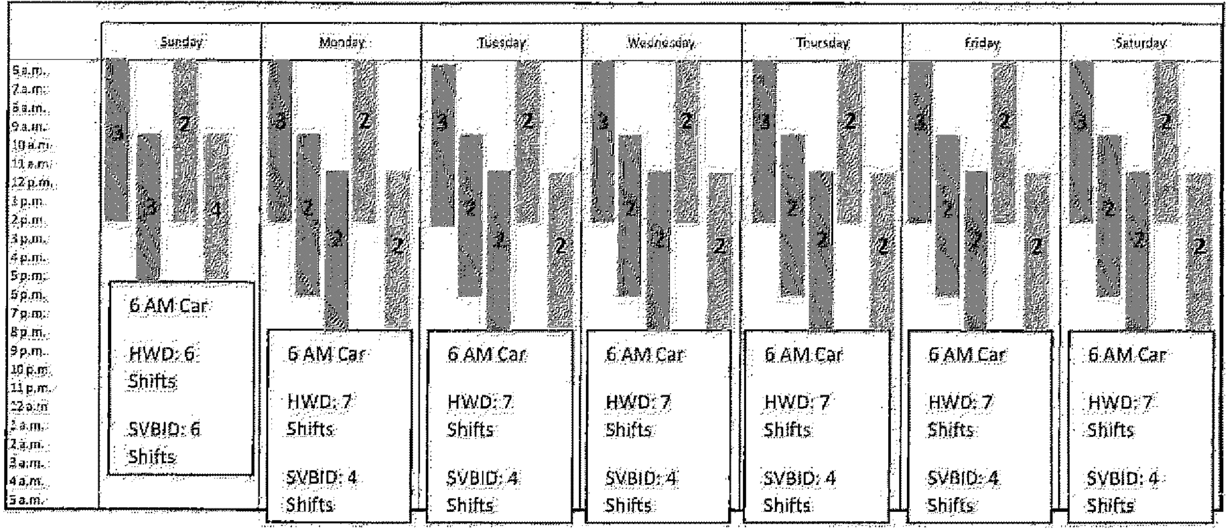
If money were not an issue, the total annual cost to fund this three-night a week night-time patrol is approximately $361,146. However, to accommodate this shift in deployment, we would have to re-allocate daytime personnel.

Option 1

Scheduling Implications:

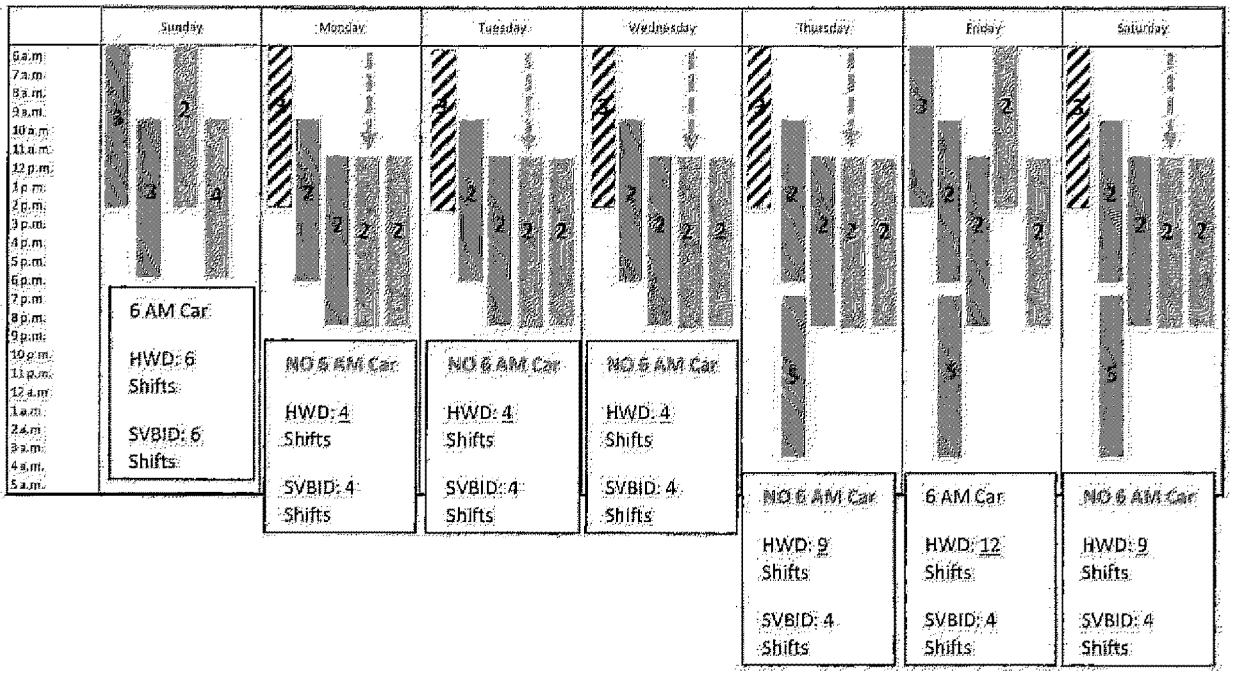
This chart shows one approach to accommodating the shift to night time patrol. To absorb the additional hours deployed three nights a week (120 hours) the 6 a.m. early morning shifts would be eliminated on certain days.

Current Core Schedule (Hollywood – Purple, Sunset and Vine – Green):



Proposed Schedule:

Basic Safety Assumptions: 8 Hour Maximum Shift Per Officer and no less than four officers per shift



Option 2

For this option, afternoon patrol would be "thinned out" so that officers could move to three nights a week.

Option 3

The current BID expires December 31, 2018, and initial meetings to plan for the renewal will commence in the summer of 2016. Ideally, in the renewed BID, the assessment payers would support an increased assessment to accommodate security working late night, perhaps even 24/7. Perhaps we can use this opportunity to do a true trial of what night time security would look like in the BID if activated in 2019. In order to do so we would need to consider a couple things before deploying additional officers for three nights a week. At a cost of approximately $7,000 a week, the question is how long would we want to do this trial experiment

- 4 Weeks? (Total Cost $28,000)
- 8 Weeks? (Total Cost $56,000)
- 12 Weeks? (Total Cost ~~$96,000~~) 84,000

The board must also weigh in on where this money come from? In the 2016 budget, we have allocated $60,000 toward our Security Contingency Budget. Each year this budget is used to pay for maintenance cost associated with the nine LAPD cameras located in the BID (annual cost approximately: $40,000). This line item has also been used for end of the year homeless service provider contributions to support outreach.

An additional source of funds could be the unallocated contingency, which sits at approximately $60,000 after budgeting for office utilities.

Questions for the board to consider:

1) If we pursue Option 1 or 2, how do we keep our assessment payers informed about the change in schedule and the instructions to call LAPD if BID is not available?
2) If we pursue Option 3, what is the type of security program the board envisions for the renewal campaign? What would BID Patrol do at night, as compared to day-time?
3) What metrics will be used to measure the success of this initiative? How would this deployment impact the crime stats reported in Exhibit A and B?
4) What type of arrests will BID security be making, and how can we ensure LAPD will provide back-up in a timely manner if needed? What are the implications for officer safety to take into consideration?
5) How will the entire BID be serviced under this arrangement?
6) What would be the time frame to measure the success of this initiative?
7) Because of the number of calls that come into the BID office during the morning or the day, instead of asking property stakeholders to call 1-877-ASK-LAPD, could the BID watch commander directly call the LAPD watch commander to ensure there is a response?
8) Is there a way to shift LAPD resources, four or five officers, from day-time to night-time hours?
9) Are there any implications to take into consideration that might impact the definition of general v. special benefit?

Dear Councilmember O'Farrell,

Attached is a copy of a letter to you opposing any plans to fund expanded BID Patrol hours in Hollywood as well as a copy of a complaint addressed to the LA County DA that's referred to in that letter.

Thanks for your attention,

Adrian Riskin

Dear Councilmember O'Farrell,

I am writing to you regarding plans that the Hollywood Property Owners Alliance and the Los Angeles Police Department are making to extend the patrol hours of the Andrews International BID Patrol in the Hollywood Entertainment District until 4 a.m. In particular, I heard at the last HPOA board meeting that you were considering funding all or part of this program from your discretionary money. If this report is accurate, I hope that you will ultimately decide not to fund an expansion of BID Patrol hours in Hollywood. Here are a number of reasons why I think your funding this project would be a bad idea:

1. **Regardless of the intention, it looks like a way to evade Police Commission oversight of law enforcement in Hollywood:** This expansion of the BID Patrol's operations is apparently being planned at the request of Hollywood Divison's Commanding Officer Peter Zarcone. If it's implemented it will therefore create a City-funded group of quasi-police assembled at the City's request who are not subject to any kind of civilian oversight or control. I understand that in some technical sense the BID Patrol aren't police, but this plan makes that seem even more like a distinction without a difference than it already does.

2. **The BID Patrol does not operate according to the same professional standards as the LAPD:** Here are some examples of BID Patrol operations that would surely be handled very, very differently by the LAPD. Your funding of BID Patrol operations would create the impression of City approval of situations like the following, which would certainly degrade the City's dignity and would conceivably lead to City liability. If the BID Patrol already has problems maintaining professional standards while operating during daylight among the (relatively) docile homeless population of Hollywood, it's hard to imagine that they will do better with the more belligerent people and the more volatile situations they're likely to encounter in Hollywood at night.

    (a) Between 2007 and 2015, the BID Patrol ejected hundreds of people from Selma Park in Hollywood under threat of arrest for violating PC 653b(a), and actually arrested some people as well. In 2015 I discovered that signs warning people about this law had been illegally placed in the park by the HPOA, and the Recreation and Parks Department removed them. I have a complaint about this situation pending with the Los Angeles County District Attorney, a copy of which I'm submitting along with this letter.

   (b) The BID Patrol enforces laws selectively against homeless people. For instance, each year since 2007 they have arrested a significant number of homeless people for violating LAMC 41.18(d), which bans sitting or lying on sidewalks. To my knowledge they have never arrested a non-homeless person for violating this law, even though they encounter dozens of them every week at the Hollywood Farmers' Market alone and an as-yet-undetermined number elsewhere in their jurisdiction.

   (c) Neither Andrews International nor the HPOA tracks outcomes of the BID Patrol's arrests. While I don't yet know for sure how many of their arrests are accepted for prosecution by the City Attorney or even submitted to the City Attorney for prosecution, my sense from my research so far is that it's very few of them. This suggests that their standards for arrest are low.

3. **City funding of the BID Patrol potentially weakens the City's defense in an ongoing lawsuit:** The City of Los Angeles is co-defendant with the Central City East Association, manager of the Downtown Industrial District BID, in a lawsuit brought by the Los Angeles Community Action Network and Los Angeles Catholic Worker alleging that CCEA violates the civil rights of the homeless by illegally confiscating their belongings and that they have acted as the City's agents while doing so. The entire defense of the City of Los Angeles is predicated on the claim that, according to the terms of their contracts with the City, BIDs are private organizations whose operations are entirely separate from City influence, and that therefore they cannot be considered City agents. If the City, through you, pays for expanded BID Patrol hours at the request of the LAPD, it colorably undermines this defense completely, creating the potential for adverse consequences to the City of Los Angeles.

If you are in fact thinking of funding expanded BID Patrol hours in Hollywood out of your discretionary funds I hope that, for these reasons, you will seriously consider not doing so. If these arguments aren't convincing I hope that you will at least consider checking with the City Attorney about whether they think your funding of BID Patrol operations is a good idea.

1 Standing of the District Attorney

1. This report concerns violations of California Civil Code §52.1, which states:

> 52.1. (a) If a person or persons, whether or not acting under color of law, interferes by threat, intimidation, or coercion, or attempts to interfere by threat, intimidation, or coercion, with the exercise or enjoyment by any individual or individuals of rights secured by the Constitution or laws of the United States, or of the rights secured by the Constitution or laws of this state, the Attorney General, or any district attorney or city attorney may bring a civil action for injunctive and other appropriate equitable relief in the name of the people of the State of California, in order to protect the peaceable exercise or enjoyment of the right or rights secured.

Note that the statute gives any district attorney the right to bring an action for relief, so it is appropriate to submit this complaint to the Office of the Los Angeles County District Attorney.

2 Background

2.1 Facts

2. The Hollywood Property Owners Alliance ("HPOA") is a nonprofit organization that contracts with the City of Los Angeles to administer the Hollywood Entertainment District Business Improvement District ("HED BID"). The Central Hollywood Coalition ("CHC") is a nonprofit organization that contracts with the City of Los Angeles to administer the Sunset & Vine BID ("SVBID"). The HPOA subcontracts with the CHC to administer the day-to-day operations of the SVBID. Kerry Morrison is the executive director of the HPOA.

3. Andrews International Security ("AI") is a security provider that contracts with the HPOA to provide security patrols in the HED BID and the SVBID. These security officers are colloquially known as the "BID Patrol."

4. Selma Park is a public park located at 6567 Selma Avenue, Los Angeles, California 90028. It was transferred to the control of the Los Angeles Recreation and Parks Department ("RAP") on August 14, 2002 and "dedicated as a public park in perpetuity." (see Appendix A). The park is located in Los Angeles City Council District 13 ("CD13"). It is also inside the BIDs controlled by the HPOA. It is adjacent to Selma Avenue Elementary School, located at 6611 Selma Ave, Los Angeles, CA 90028.

5. In late 2007 the HPOA and CD13 arranged to place signs inside Selma Park and on the outside fence near the entrance gate stating:

   > Children's Play Area Only
   > Adults Not Accompanying Children Prohibited
   > Sec. 653b, subdivision a, CA Penal Code

   (See Appendices B and C).[1]

6. These signs were placed without the approval of RAP, whose records listed the park as open to the general public except for a specially marked children's play area. (See Appendix D).

7. RAP has final say over restrictions on the use of a city Park, according to §590(a)(1) of the Los Angeles City Charter, which states that:

   > The Department of Recreation and Parks shall have the power and duty to establish, construct, maintain, operate and control, wherever located, all parks of the City of Los Angeles;

---

[1] Mitch O'Farrell is the current representative for CD13. Eric Garcetti was the representative in 2007 and 2008. Councilmember O'Farrell's staff says that they have no records from before 2013. Mayor Garcetti's staff says that they no longer have records relating to Selma Park. Thus the only evidence I've found for this statement is a 2008 email from Kerry Morrison to then CD13 staff member Heather Repenning.

8. Shortly after my telling RAP in September 2015 about the signs posted in Selma Park they arranged for them to be removed, as they were not authorized. (See Appendix D1).

9. Section 653b(a) of the California Penal Code says:

    > (a) Except as provided in subdivision (b) or (c), every person who loiters about any school or public place at or near which children attend or normally congregate and who remains at any school or public place at or near which children attend or normally congregate, or who reenters or comes upon a school or place within 72 hours, after being asked to leave by the chief administrative official of that school or, in the absence of the chief administrative official, the person acting as the chief administrative official, or by a member of the security patrol of the school district who has been given authorization, in writing, by the chief administrative official of that school to act as his or her agent in performing this duty, or a city police officer, or sheriff or deputy sheriff, or Department of the California Highway Patrol peace officer is a vagrant, and is punishable by a fine of not exceeding one thousand dollars ($1,000) or by imprisonment in a county jail for a period not exceeding six months, or by both that fine and imprisonment.

10. The Los Angeles Unified School District ("LAUSD") has no record of any authorization in writing being given to the HPOA or to AI regarding §653b(a) of the Penal Code. (see Appendix E).[2] Neither HPOA nor AI have records of any such authorization. (See Appendix F).

2.2 Conclusions

11. Signs invoking §653b(a) PC as a reason to prohibit adults not accompanying children were placed in Selma Park without the consent of RAP and therefore were placed in violation of the Charter of the City of Los Angeles. Therefore §653b(a) PC has not at any time applied to the presence of adults unaccompanied by children in Selma Park.

12. Even if the signs had been placed legitimately, in order for §653b(a) PC to be violated, a person must have been asked to leave the "school or public place at or near which children attend or normally congregate" by someone authorized by the law and, subsequently, refused to leave. The list of authorized people does include security guards, but only those with "authorization, in writing," from the CAO of a school or his or her agent. As no such authorization was given by anyone at LAUSD to anyone at either AI or HPOA, it follows that no employee of AI has ever been authorized to make arrests under this statute. *A fortiori*, no employee of AI has ever been authorized to order people out of Selma Park under threat of arrest for violating this statute.

---

[2] The letter in Appendix E refers to 2008 only. However, its author, Natalie Johnson, told me on the phone that there are no such records for any year.

13. Therefore each time a member of the BID Patrol arrested someone in Selma Park for violating §653b(a) PC or ordered someone to leave the park under threat of arrest, that member of the BID Patrol "interfere[d] by threat, intimidation, or coercion ... with the exercise or enjoyment by any individual or individuals of rights secured by ... the rights secured by the Constitution or laws of" California, and was therefore in violation of California Civil Code §52.1.

3 Specific Violations of California Civil Code §52.1

14. I have pending requests with the HPOA under the Public Records Act for all of AI's arrest reports and activity logs, but so far I have only received these for 2013. Thus my examples are mostly from that year, but it's likely that there are others. I also have a list (Appendix G) of 46 people arrested at Selma Park between 2007 and 2015 for violating §653b(a) PC that I obtained from Mike Dundas of the Los Angeles City Attorney's Office, but for most of them I don't have evidence that they were arrested by the BID Patrol. Also according to Mike Dundas there were only 241 such cases in the entire city of Los Angeles, so the high number at Selma Park is unlikely to be due to coincidence. The list in Appendix G contains only people whose cases were referred for prosecution, so the total number of arrests is probably higher than 46.

15. On July 1, 2008, Jesse Gutierrez was arrested in Selma Park by the BID Patrol for violating §653b(a) PC. (See Appendix H). His case was rejected for prosecution by the Los Angeles City Attorney. (See Appendix G).

16. On July 5, 2013, Jonathan Terrell Joshua was arrested in Selma Park for violating §653b(a) by BID Patrol officers George Islas (badge #128) and L. Sterling (badge #103). See Appendix I for arrest report. His case does not seem to have been presented to the City Attorney for prosecution. (See Appendix G).

17. In 2013 alone, BID Patrol officers ordered at least 159 people to leave Selma Park under threat of arrest for violating §653b(a) PC. This count comes from the BID Patrol's daily activity logs for 2013. See Appendix J for a list of all incidents logged in 2013 along with the name of the log in which they're found. These logs are available at https://archive.org/download/2013HollywoodBidPatrolDailyActivityLogs2 or directly from the HPOA.

18. There is no way to count or name the people who, seeing the signs, decided not to enter the park even though they had the right to do so (myself included). They were also intimidated by threat into not enjoying their right to be in Selma Park.

4 Actions Requested

As a result of this information, I hope that the Los Angeles County District Attorney will:

19. Investigate whether any individuals are criminally or civilly liable for depriving people of their right to be present in Selma Park and, if so, see that they're held responsible.

20. Track down everyone who's been arrested for violating §653b(a) in Selma Park and appropriately mitigate the consequences.

21. Make sure that in the future no one wrongfully enforces §653b(a) PC at Selma Park.

Subject: Families around Selma Park

Heather -- wanted to see if you had an idea as to how we might be able to communicate with the families located around Selma Park. I recall being at a meeting with you several years ago, when we were addressing their concerns with the Food on Foot feeding program that had taken up residence there. I cannot remember what organization you were working for then.....

As you may know, with the help Helen and the rest of your team at CD-13, we've been able to designate the entire park as a children's play area.

It would be great if we could work with some of the leaders of the neighborhood around the park to organize an event to "reclaim" the park for the kids. The signs have only been posted for about a month, so the families might not be entirely aware that this has occurred.

I think we could work with the YMCA, Selma Elementary and PAL to undertake some type of celebration, and then it would be nice if there could be some ongoing activities that parents and kids could look forward to. For example, "back in the day," when I was a young mother, I know all the mothers would meet at the end of the day at the little play area in my neighborhood, from about 3:30 - 5 after the kids got home from school. It was an informal support group, and eventually grew to include pot-lucks, babysitting co-ops etc. (I didn't get to go very often, but my babysitter did :-)

Anyways -- wanted to brainstorm with you and Helen as to what we might be able to do to re-activate the usage in the playground.

RE: CALIFORNIA PUBLIC RECORDS ACT – RECORDS RELATED TO SELMA PARK

Dear Mr. Riskin:

This correspondence is in response to your email dated September 17, 2015 requesting records related to the conversion of Selma Park into a "children's only" park, to include email communications, motions, agendas, minutes, etc. After a thorough search for records pursuant to your request, the City of Los Angeles Department of Recreation and Parks (Department) has determined that there are no existing records that are responsive to your request because Selma Park has not been converted into a "children's only" park to date.

Selma Park is a pocket park that is open to the general public, and is not limited exclusively to only children. The existing signage at Selma Park which indicates that adults without children are prohibited from the restricted area was installed for the designated children's play area only.

Please feel free to contact the Office of the Board of Recreation and Park Commissioners at (213) 202-2640 should you have any questions or require further assistance regarding this matter.

Very truly yours,

BOARD OF RECREATION AND

Per Armando X. Bencomo, the below message is being forwarded to you for action. According to Mr. Riskin, neighbors of Selma Park have posted signs there, without Departmental approval, in an apparent attempt to prevent anyone from using any part of the park, except children and their parents.

Please see the attached letter. This Office has been informed that the park is open to the general public, and the restriction applies only to the designated children's play area.

It is requested that the non-authorized signs be removed.

Thank you.

P.S. If you are not the correct person to contact about this, or if this is not the correct procedure, please let us know. Thank you.

Re: California Public Records Act Request

Dear Mr. Riskin:

This letter is in reference to your clarified California Public Records Act request in which you requested a 2008 letter from the principal at Selma Avenue Elementary School to a security company regarding Selma Park.

The District has made a good faith effort to search for the responsive document and despite a diligent search effort, the District was unable to uncover the existence of such letter. Should you have any questions, please do not hesitate to contact me at (213) 241-4994. Please refer to the following reference number in any correspondence regarding this request: # **0030467.**

Sincerely,

Natalie Ann Johnson

Adrian, in response to your original PRA request of Sept. 25, our initial response thereto, and your follow-up (see below), A/I does not keep track of the location of specific arrests in any way that ties into specific arrest reports. The only way to identify arrest reports from a specific location such as Selma Park would be to go through all 12,000 or so arrest reports to find that information. Furthermore, as clarified in your October 27 follow-up, A/I says that after looking into this, it is unlikely that any arrests ever were made by A/I in Selma Park with specific regard to the signs and penal code section you recite (as opposed to public urination, drinking, and other reasons), but again, to find those potentially few (and perhaps no) needles in the arrest report haystack would take even more effort in regard to all of the arrest reports.

With respect to communications with a school administrator, I have no records that pertain to that.

We already provided you with all BID records concerning the subject matter of your several-part request, and I can now, per the above, advise in good faith that A/I has no records responsive to your request and therefore our response to your original request is complete.

Sincerely,

Kerry Morrison

Dear Kerry,

I'm just wondering what's up with the A/I part of this request. If there's still more searching to be done, is it possible that you could let me have whatever you've collected to date?

Thanks,

Adrian

Dear Kerry,

Thanks again for this material. I'm not trying to rush you on the A/I stuff, but I want to make sure you all search for one very specific sort of record when you're looking for responsive documents. The statute that was cited on the former signs in the park, 653b(a) PC, requires written permission from a school administrator to any private security guards before they can make arrests under the statute. I am particularly interested in records reflecting this kind of permission.

Thanks,

Adrian

See statute here:

See requirements for private security to enforce the law here:

...or by a member of the security patrol of the school district who has been given authorization, in writing, by the chief administrative official of that school to act as his or her agent in performing this duty...

Dear Councilmember O'Farrell,

Attached is a copy of a letter to you opposing any plans to fund expanded BID Patrol hours in Hollywood as well as a copy of a complaint addressed to the LA County DA that's referred to in that letter.

Thanks for your attention,

Adrian Riskin

Dear Councilmember O'Farrell,

I am writing to you regarding plans that the Hollywood Property Owners Alliance and the Los Angeles Police Department are making to extend the patrol hours of the Andrews International BID Patrol in the Hollywood Entertainment District until 4 a.m. In particular, I heard at the last HPOA board meeting that you were considering funding all or part of this program from your discretionary money. If this report is accurate, I hope that you will ultimately decide not to fund an expansion of BID Patrol hours in Hollywood. Here are a number of reasons why I think your funding this project would be a bad idea:

1. **Regardless of the intention, it looks like a way to evade Police Commission oversight of law enforcement in Hollywood:** This expansion of the BID Patrol's operations is apparently being planned at the request of Hollywood Divison's Commanding Officer Peter Zarcone. If it's implemented it will therefore create a City-funded group of quasi-police assembled at the City's request who are not subject to any kind of civilian oversight or control. I understand that in some technical sense the BID Patrol aren't police, but this plan makes that seem even more like a distinction without a difference than it already does.
2. **The BID Patrol does not operate according to the same professional standards as the LAPD:** Here are some examples of BID Patrol operations that would surely be handled very, very differently by the LAPD. Your funding of BID Patrol operations would create the impression of City approval of situations like the following, which would certainly degrade the City's dignity and would conceivably lead to City liability. If the BID Patrol already has problems maintaining professional standards while operating during daylight among the (relatively) docile homeless population of Hollywood, it's hard to imagine that they will do better with the more belligerent people and the more volatile situations they're likely to encounter in Hollywood at night.
    (a) Between 2007 and 2015, the BID Patrol ejected hundreds of people from Selma Park in Hollywood under threat of arrest for violating PC 653b(a), and actually arrested some people as well. In 2015 I discovered that signs warning people about this law had been illegally

    placed in the park by the HPOA, and the Recreation and Parks Department removed them. I have a complaint about this situation pending with the Los Angeles County District Attorney, a copy of which I'm submitting along with this letter.

    (b) The BID Patrol enforces laws selectively against homeless people. For instance, each year since 2007 they have arrested a significant number of homeless people for violating LAMC 41.18(d), which bans sitting or lying on sidewalks. To my knowledge they have never arrested a non-homeless person for violating this law, even though they encounter dozens of them every week at the Hollywood Farmers' Market alone and an as-yet-undetermined number elsewhere in their jurisdiction.

    (c) Neither Andrews International nor the HPOA tracks outcomes of the BID Patrol's arrests. While I don't yet know for sure how many of their arrests are accepted for prosecution by the City Attorney or even submitted to the City Attorney for prosecution, my sense from my research so far is that it's very few of them. This suggests that their standards for arrest are low.

3. **City funding of the BID Patrol potentially weakens the City's defense in an ongoing lawsuit:** The City of Los Angeles is co-defendant with the Central City East Association, manager of the Downtown Industrial District BID, in a lawsuit brought by the Los Angeles Community Action Network and Los Angeles Catholic Worker alleging that CCEA violates the civil rights of the homeless by illegally confiscating their belongings and that they have acted as the City's agents while doing so. The entire defense of the City of Los Angeles is predicated on the claim that, according to the terms of their contracts with the City, BIDs are private organizations whose operations are entirely separate from City influence, and that therefore they cannot be considered City agents. If the City, through you, pays for expanded BID Patrol hours at the request of the LAPD, it colorably undermines this defense completely, creating the potential for adverse consequences to the City of Los Angeles.

If you are in fact thinking of funding expanded BID Patrol hours in Hollywood out of your discretionary funds I hope that, for these reasons, you will seriously consider not doing so. If these arguments aren't convincing I hope that you will at least consider checking with the City Attorney about whether they think your funding of BID Patrol operations is a good idea.

1 Standing of the District Attorney

1. This report concerns violations of California Civil Code §52.1, which states:

> 52.1. (a) If a person or persons, whether or not acting under color of law, interferes by threat, intimidation, or coercion, or attempts to interfere by threat, intimidation, or coercion, with the exercise or enjoyment by any individual or individuals of rights secured by the Constitution or laws of the United States, or of the rights secured by the Constitution or laws of this state, the Attorney General, or any district attorney or city attorney may bring a civil action for injunctive and other appropriate equitable relief in the name of the people of the State of California, in order to protect the peaceable exercise or enjoyment of the right or rights secured.

Note that the statute gives any district attorney the right to bring an action for relief, so it is appropriate to submit this complaint to the Office of the Los Angeles County District Attorney.

2 Background

2.1 Facts

2. The Hollywood Property Owners Alliance ("HPOA") is a nonprofit organization that contracts with the City of Los Angeles to administer the Hollywood Entertainment District Business Improvement District ("HED BID"). The Central Hollywood Coalition ("CHC") is a nonprofit organization that contracts with the City of Los Angeles to administer the Sunset & Vine BID ("SVBID"). The HPOA subcontracts with the CHC to administer the day-to-day operations of the SVBID. Kerry Morrison is the executive director of the HPOA.

3. Andrews International Security ("AI") is a security provider that contracts with the HPOA to provide security patrols in the HED BID and the SVBID. These security officers are colloquially known as the "BID Patrol."

4. Selma Park is a public park located at 6567 Selma Avenue, Los Angeles, California 90028. It was transferred to the control of the Los Angeles Recreation and Parks Department ("RAP") on August 14, 2002 and "dedicated as a public park in perpetuity." (see Appendix A). The park is located in Los Angeles City Council District 13 ("CD13"). It is also inside the BIDs controlled by the HPOA. It is adjacent to Selma Avenue Elementary School, located at 6611 Selma Ave, Los Angeles, CA 90028.

5. In late 2007 the HPOA and CD13 arranged to place signs inside Selma Park and on the outside fence near the entrance gate stating:

   > Children's Play Area Only
   > Adults Not Accompanying Children Prohibited
   > Sec. 653b, subdivision a, CA Penal Code

   (See Appendices B and C).[1]

6. These signs were placed without the approval of RAP, whose records listed the park as open to the general public except for a specially marked children's play area. (See Appendix D).

7. RAP has final say over restrictions on the use of a city Park, according to §590(a)(1) of the Los Angeles City Charter, which states that:

   > The Department of Recreation and Parks shall have the power and duty to establish, construct, maintain, operate and control, wherever located, all parks of the City of Los Angeles;

---

[1] Mitch O'Farrell is the current representative for CD13. Eric Garcetti was the representative in 2007 and 2008. Councilmember O'Farrell's staff says that they have no records from before 2013. Mayor Garcetti's staff says that they no longer have records relating to Selma Park. Thus the only evidence I've found for this statement is a 2008 email from Kerry Morrison to then CD13 staff member Heather Repenning.

8. Shortly after my telling RAP in September 2015 about the signs posted in Selma Park they arranged for them to be removed, as they were not authorized. (See Appendix D1).

9. Section 653b(a) of the California Penal Code says:

> (a) Except as provided in subdivision (b) or (c), every person who loiters about any school or public place at or near which children attend or normally congregate and who remains at any school or public place at or near which children attend or normally congregate, or who reenters or comes upon a school or place within 72 hours, after being asked to leave by the chief administrative official of that school or, in the absence of the chief administrative official, the person acting as the chief administrative official, or by a member of the security patrol of the school district who has been given authorization, in writing, by the chief administrative official of that school to act as his or her agent in performing this duty, or a city police officer, or sheriff or deputy sheriff, or Department of the California Highway Patrol peace officer is a vagrant, and is punishable by a fine of not exceeding one thousand dollars ($1,000) or by imprisonment in a county jail for a period not exceeding six months, or by both that fine and imprisonment.

10. The Los Angeles Unified School District ("LAUSD") has no record of any authorization in writing being given to the HPOA or to AI regarding §653b(a) of the Penal Code. (see Appendix E).[2] Neither HPOA nor AI have records of any such authorization. (See Appendix F).

2.2 Conclusions

11. Signs invoking §653b(a) PC as a reason to prohibit adults not accompanying children were placed in Selma Park without the consent of RAP and therefore were placed in violation of the Charter of the City of Los Angeles. Therefore §653b(a) PC has not at any time applied to the presence of adults unaccompanied by children in Selma Park.

12. Even if the signs had been placed legitimately, in order for §653b(a) PC to be violated, a person must have been asked to leave the "school or public place at or near which children attend or normally congregate" by someone authorized by the law and, subsequently, refused to leave. The list of authorized people does include security guards, but only those with "authorization, in writing," from the CAO of a school or his or her agent. As no such authorization was given by anyone at LAUSD to anyone at either AI or HPOA, it follows that no employee of AI has ever been authorized to make arrests under this statute. *A fortiori*, no employee of AI has ever been authorized to order people out of Selma Park under threat of arrest for violating this statute.

---

[2] The letter in Appendix E refers to 2008 only. However, its author, Natalie Johnson, told me on the phone that there are no such records for any year.

13. Therefore each time a member of the BID Patrol arrested someone in Selma Park for violating §653b(a) PC or ordered someone to leave the park under threat of arrest, that member of the BID Patrol "interfere[d] by threat, intimidation, or coercion ... with the exercise or enjoyment by any individual or individuals of rights secured by ... the rights secured by the Constitution or laws of" California, and was therefore in violation of California Civil Code §52.1.

3 Specific Violations of California Civil Code §52.1

14. I have pending requests with the HPOA under the Public Records Act for all of AI's arrest reports and activity logs, but so far I have only received these for 2013. Thus my examples are mostly from that year, but it's likely that there are others. I also have a list (Appendix G) of 46 people arrested at Selma Park between 2007 and 2015 for violating §653b(a) PC that I obtained from Mike Dundas of the Los Angeles City Attorney's Office, but for most of them I don't have evidence that they were arrested by the BID Patrol. Also according to Mike Dundas there were only 241 such cases in the entire city of Los Angeles, so the high number at Selma Park is unlikely to be due to coincidence. The list in Appendix G contains only people whose cases were referred for prosecution, so the total number of arrests is probably higher than 46.

15. On July 1, 2008, Jesse Gutierrez was arrested in Selma Park by the BID Patrol for violating §653b(a) PC. (See Appendix H). His case was rejected for prosecution by the Los Angeles City Attorney. (See Appendix G).

16. On July 5, 2013, Jonathan Terrell Joshua was arrested in Selma Park for violating §653b(a) by BID Patrol officers George Islas (badge #128) and L. Sterling (badge #103). See Appendix I for arrest report. His case does not seem to have been presented to the City Attorney for prosecution. (See Appendix G).

17. In 2013 alone, BID Patrol officers ordered at least 159 people to leave Selma Park under threat of arrest for violating §653b(a) PC. This count comes from the BID Patrol's daily activity logs for 2013. See Appendix J for a list of all incidents logged in 2013 along with the name of the log in which they're found. These logs are available at https://archive.org/download/2013HollywoodBidPatrolDailyActivityLogs2 or directly from the HPOA.

18. There is no way to count or name the people who, seeing the signs, decided not to enter the park even though they had the right to do so (myself included). They were also intimidated by threat into not enjoying their right to be in Selma Park.

4 Actions Requested

As a result of this information, I hope that the Los Angeles County District Attorney will:

19. Investigate whether any individuals are criminally or civilly liable for depriving people of their right to be present in Selma Park and, if so, see that they're held responsible.

20. Track down everyone who's been arrested for violating §653b(a) in Selma Park and appropriately mitigate the consequences.

21. Make sure that in the future no one wrongfully enforces §653b(a) PC at Selma Park.

Subject: Families around Selma Park

Heather -- wanted to see if you had an idea as to how we might be able to communicate with the families located around Selma Park. I recall being at a meeting with you several years ago, when we were addressing their concerns with the Food on Foot feeding program that had taken up residence there. I cannot remember what organization you were working for then.....

As you may know, with the help Helen and the rest of your team at CD-13, we've been able to designate the entire park as a children's play area.

It would be great if we could work with some of the leaders of the neighborhood around the park to organize an event to "reclaim" the park for the kids. The signs have only been posted for about a month, so the families might not be entirely aware that this has occurred.

I think we could work with the YMCA, Selma Elementary and PAL to undertake some type of celebration, and then it would be nice if there could be some ongoing activities that parents and kids could look forward to. For example, "back in the day," when I was a young mother, I know all the mothers would meet at the end of the day at the little play area in my neighborhood, from about 3:30 - 5 after the kids got home from school. It was an informal support group, and eventually grew to include pot-lucks, babysitting co-ops etc. (I didn't get to go very often, but my babysitter did :-)

Anyways -- wanted to brainstorm with you and Helen as to what we might be able to do to re-activate the usage in the playground.

RE: CALIFORNIA PUBLIC RECORDS ACT – RECORDS RELATED TO SELMA PARK

Dear Mr. Riskin:

This correspondence is in response to your email dated September 17, 2015 requesting records related to the conversion of Selma Park into a "children's only" park, to include email communications, motions, agendas, minutes, etc. After a thorough search for records pursuant to your request, the City of Los Angeles Department of Recreation and Parks (Department) has determined that there are no existing records that are responsive to your request because Selma Park has not been converted into a "children's only" park to date.

Selma Park is a pocket park that is open to the general public, and is not limited exclusively to only children. The existing signage at Selma Park which indicates that adults without children are prohibited from the restricted area was installed for the designated children's play area only.

Please feel free to contact the Office of the Board of Recreation and Park Commissioners at (213) 202-2640 should you have any questions or require further assistance regarding this matter.

Very truly yours,

BOARD OF RECREATION AND

Per Armando X. Bencomo, the below message is being forwarded to you for action. According to Mr. Riskin, neighbors of Selma Park have posted signs there, without Departmental approval, in an apparent attempt to prevent anyone from using any part of the park, except children and their parents.

Please see the attached letter. This Office has been informed that the park is open to the general public, and the restriction applies only to the designated children's play area.

It is requested that the non-authorized signs be removed.

Thank you.

P.S. If you are not the correct person to contact about this, or if this is not the correct procedure, please let us know. Thank you.

Re: California Public Records Act Request

Dear Mr. Riskin:

This letter is in reference to your clarified California Public Records Act request in which you requested a 2008 letter from the principal at Selma Avenue Elementary School to a security company regarding Selma Park.

The District has made a good faith effort to search for the responsive document and despite a diligent search effort, the District was unable to uncover the existence of such letter. Should you have any questions, please do not hesitate to contact me at (213) 241-4994. Please refer to the following reference number in any correspondence regarding this request: **# 0030467.**

Adrian, in response to your original PRA request of Sept. 25, our initial response thereto, and your follow-up (see below), A/I does not keep track of the location of specific arrests in any way that ties into specific arrest reports. The only way to identify arrest reports from a specific location such as Selma Park would be to go through all 12,000 or so arrest reports to find that information. Furthermore, as clarified in your October 27 follow-up, A/I says that after looking into this, it is unlikely that any arrests ever were made by A/I in Selma Park with specific regard to the signs and penal code section you recite (as opposed to public urination, drinking, and other reasons), but again, to find those potentially few (and perhaps no) needles in the arrest report haystack would take even more effort in regard to all of the arrest reports.

With respect to communications with a school administrator, I have no records that pertain to that.

We already provided you with all BID records concerning the subject matter of your several-part request, and I can now, per the above, advise in good faith that A/I has no records responsive to your request and therefore our response to your original request is complete.

Sincerely,

Kerry Morrison

Dear Kerry,

I'm just wondering what's up with the A/I part of this request. If there's still more searching to be done, is it possible that you could let me have whatever you've collected to date?

Thanks,

Adrian

Dear Kerry,

Thanks again for this material. I'm not trying to rush you on the A/I stuff, but I want to make sure you all search for one very specific sort of record when you're looking for responsive documents. The statute that was cited on the former signs in the park, 653b(a) PC, requires written permission from a school administrator to any private security guards before they can make arrests under the statute. I am particularly interested in records reflecting this kind of permission.

Thanks,

Adrian

Street Closure Committee Guidelines updated 1-8-15.pdf

Hi Dion,
Thanks for calling me the other day; I just left you a voice mail as well.

We received a California Public Records Act (CPRA) request inquiring if the "Street Closure Committee" set up by CD13 approximately 10 or so years ago is subject to the Brown Act.

The Street Closure Committee is a monthly meeting, organized by CD13, of Hollywood stakeholders in which upcoming street closures (movie premieres, special events, etc.) in the Hollywood area are discussed and voted on by members of the community. The committee is advisory to CD13 and was not created by Council action.

I am attaching a copy of the guidelines; they have essentially remained the same (with a few tweaks here and there) for a number of years, prior to Councilmember O'Farrell taking office.

Could you please advise whether this committee is subject to the Brown Act?

I am also available by phone: (213) 207-3015 or cell (213) 254-7214.

Thanks!

Dear Dan,

I wonder if you all would mind asking the City Attorney's opinion on whether the Street Closure Committee should be subject to the Brown Act? I can't be sure of course, but after reading the material you gave me today it strikes me that there's at least a reasonable chance that it should.

Thanks,

Adrian

Los Angeles City Councilmember Mitch O'Farrell
Hollywood Street Closure Committee

Background & Guidelines

Background:
In 2003, then-Councilmember Eric Garcetti formed the Hollywood Street Closure Committee in response to the increasingly high volume of street closure requests that the city receives for Hollywood Boulevard. This committee is an advisory committee to the Council Office which meets monthly to evaluate significant street closure requests and address the concerns of residents and businesses.

The committee consists of representatives from the Neighborhood Councils, the business community, and establishments in Hollywood.

The committee is facilitated by the Council Office and meets the first Thursday of each month at 9 am, on an as needed basis. Presenters are asked to prepare a 5 minute presentation on the event details and street closure logistics. After a Q&A session, presenters will be asked to leave the room so that the committee can makes its decision. If the presenter is a committee member, he/she will not be permitted to vote. A decision from the Council Office will be made within 1-2 weeks of the presentation. **Event organizers are encouraged to present before the committee at least a month prior to the event.**

Presentation materials required include:

- One-page summary of event details
    - Event background, location, schedule, and organization's contact info
    - **An on site contact/cell phone number must be provided**
    - Street and sidewalk closures requested
- Site plan and scale drawings, including -
    - Streets and sidewalks
    - Equipment set up- barricades, stage, bleachers, red carpet, ect.
    - Circulation flow for pedestrians and vehicles within closure

Purpose:
The goal of this committee is to provide a means of communications between the city and the community in regards to special events that require street closures. This committee serves as an advisory group for the Council Office to ensure street closures requests are reasonable and appropriate for the Downtown Hollywood area.

Guiding Principle:
Special events often impact business, residents, and commuters. This committee will evaluate the collective impact of all special events and their requested street closures to ensure that there is a balance between economic benefits and impact to Hollywood stakeholders.

Guidelines:

This document serves as a guide to the Council Office, the Committee, and those seeking street closures in Hollywood.

Hollywood is a unique part of the City that often attracts special, traditional, and unique events. In order to accommodate special events, the public right of way needs to be temporarily close. However, many of these events benefit the community in various ways and to this end, the following guidelines apply:

- All special events in Hollywood requiring street **and/or sidewalk** closures must present to the committee if:
    - Requesting a full or partial closure of Hollywood Blvd or Sunset Blvd, between La Brea Ave. and Gower St.
        - Area bounded by the Hollywood Entertainment District and Sunset/Vine Business Improvement District
            - Maps can be found at: http://www.hollywoodbid.org or http://www.sunsetandvinebid.org
    - Requesting street closures that may significantly impact traffic during morning/evening rush hour or held on weekend evenings (Thursday to Saturday)
    - **Sidewalk closure necessitates closing the sidewalk in such a fashion that does not allow for a temporary pedestrian walkway, thus cutting off sidewalk access to certain businesses and stakeholders**
    - EXCEPT distinctly Hollywood traditions (such as the Academy Awards, the Hollywood Christmas Parade, ect) and if the Council Office feels that the request is not significant enough to warrant a committee recommendation.
- Committee members include:
    - Voting community representatives
        - Neighborhood Council
            - Hollywood Hills West
            - Central Hollywood
            - Hollywood United
        - Business Community
            - Chamber of Commerce
            - Business Improvement District
            - Cahuenga Corridor Coalition
        - Examples of Hollywood Blvd Representatives
            - CIM Group (Highland & Highland Complex)
            - TCL Chinese Theatre
            - El Capitan Theatre
            - Hollywood Roosevelt Hotel
            - Jimmy Kimmel Live
            - Madame Tussauds
            - $10 Store

            - Starline Tours
            - Hard Rock Cafe
        - Additional Representatives
            - Council District 4
            - Blessed Sacrament Church
            - Avalon Hollywood
            - Capitol Records
    - Non-merchant advisors
        - Bureau of Street Services
        - Department of Transportation
        - Los Angeles Police Dept.
        - Los Angeles Fire Dept.
        - Entertainment Lighting Services
        - Metro
        - Film L.A.
    - All Committee members, as a voting or non-voting member, are strongly advised to notify their constituency (Ex: Neighborhood Council representatives will inform their stakeholders via e-mail, website, ect) on all events presented before the committee.
- Special events appropriate for Hollywood are not set in stone, but the following have been tendencies shared by the community:
    - Supported events **(with conditions) *see next page***
        - Movie Premieres
        - Major entertainment events (related to film, television, radio, recording, and live theatre)
        - Academy Awards
        - Hollywood Christmas Parade
    - Discouraged Events
        - Events not related to the Hollywood entertainment industry
        - Street concerts/fairs
        - Parades
        - Athletic/sports-promotion events
        - Halloween, New Year's Eve, and Valentine's Day events
- All street closure requests should be mindful of their potential impact. As a result, the committee will work to ensure that each event use the minimal amount of time and public-right-of-way necessary for the event.
    - To the extent possible, street closures should try to avoid:
        - A full street closure
        - Morning/evening rush hour traffic
        - Weekend evenings (Thursday to Sunday)
        - Sunday morning (esp. if churches are nearby)
        - Back to back street closures
        - Multiple days
        - Using parallel streets

        - Closing Highland Ave or Sunset Blvd.
    - Possible additional traffic mitigations include:
        - Changeable message signs at the key gateways, announcing to vehicles upcoming street closure details
        - Increased white-glover traffic officers on site
- **Conditions for supported events include:**
    - **No more than one event per day, per venue**
    - **No more than three requested votes by email per year, per venue**
    - **No email votes may be requested less than one week in advance of the event**
    - **No more than three full street closures per year, per venue - with exceptions to be decided by the committee, and not to exceed an additional two full street closures per year, per venue.**
    - **All full street closures must include CMS signage alerting stakeholders**
    - **Full sidewalk closures should include the setup of a pedestrian walkway. If this is not possible, the event organizers should use the following mitigations:**
        - **On-site personnel to help direct pedestrians to nearest crosswalks, etc.**
        - **Signage directing pedestrians**
        - **Direct engagement with immediate stakeholders at least one week in advance to formulate a game plan and exchange contact information for that day**
    - **Load-in the night before (or early AM) is encouraged so as to minimize sidewalk impact.**
- For events new to Hollywood or for organizations not familiar with the typical street closure, basic standards for full, westbound, and eastbound Hollywood Blvd closures from Highland to Orange available from Council District 13 upon request.

Field Staff Reports 3.4.16.docx

Field Team,
Please see the attached edited field reports. Here are some bullet points to keep in mind when writing your reports:

- Keep your items brief, but make sure to include all important points
- For example, who you met with, what the point of the meeting was and what was achieved or what the follow up will be
- Don't write your reports as if though you are speaking to the Councilman, it only creates run-on sentences
- Use spell-check!
- Use acronyms, only when appropriate, for example, departments are okay. Not ones he will not know of

Lastly, please send your reports in on-time!

Thanks and have a great weekend!

Field Staff Reports
March 4, 2016

Mary Rodriguez

Benton Way & Angelus Ave. Corridor
Received emails and calls regarding gang activity, loitering, drug use and dealing, and drinking on the Angelus Ave. stairs, along Benton Way north of Sunset Blvd. and on Sunset Blvd. east of Descanso Dr. Trying to setup meeting with NE gang unit for next week. Will suggest to SLO Davis to hold-off on reopening the Elsinore alley gate.

Edgecliffe Dr. Traffic Signal
Activation event went well with good turnout from the community. Next event is the Micheltorena Safe Routes to Schools completion, ATSAC Upgrades and Micheltorena Stairway lighting. Stay tuned.

Silver Lake Boulevard OPD
This OPD is scheduled for installation the end of March. Hope to expand to include Fletcher Dr. to India St. Will contact LADOT-PPD next week to make request.

CVS on Silver Lake Blvd.
Working with CVS District Manager regarding the deliveries trucks continually taking a lane of traffic on Silver Lake Blvd. behind their building. The trucks no longer fit in the loading zone which makes for a dangerous situation.

Silver Lake Neighborhood Council
Two board members quit the council this evening for different reasons. I shared my monthly report but one member took issue with our M&O days claiming she has video of me removing a homeless person from an encampment. I told her I have never removed a person from an encampment and only remove their debris with their permission.

Silver Lake Recreation Center
Checked in with Neil Drucker for assistance to improve the basketball court, kiddie soccer field and shade structures for the playground. He says Council may add additional funds from Prop K interest and/or residual funds at the start of the fiscal year.

Atwater Village Equestrian Center
Received email from Elaine Brock at Verdant Stables to officially name the equestrian area. I am looking into how this is done.

Hilltop/City of LA Agreement
The president of the board contacted me for the 3rd time hoping to get an update on the contract. Marisol replied, *"We have been advised that discussions with the City Attorney have been completed and Recreation and Parks will be in direct written contact with Hilltop by next week."*

Juan Fregoso

Westlake N. Constituent Meeting
2/29/16
Met with local residents to update them on issues we've been working on. Touched on vending trucks, tree trimming, and parking issues. Belmont HS is open to the discussion of allowing residents to park in their structure. Working to schedule a meeting with Principal and Star within the next 2 weeks.

HiFi Streetlight Meeting
3/2/16
Met w/ Metro, BSL, Public Works, and CD 13 to discuss funding for lights at bus stops along Temple St. We have two sources of funding, which will allow us to light all 18 stops. Budget came in and the original 3 lights /stop is too costly for all 18 stops. We can still fund all 18 but it will only be 2 lights/stop.

Olympic LAPD Homeless Meeting
3/3/16
Met w/ Olympic, CA, and County to discuss the homeless issue on Shatto. There are many elements that come into play in order to achieve clearance for the landscaping beautification project County wishes to achieve, both on their property and the City's PROW. We are working on a date for them to start the project so that it correlates with our next Sanitation cleanup day. LAFD and UFD will also play a role.

Lake St. Food Bank
3/3/16
MOF attended the Lake St. Food Bank where we handed out 150 senior goodie bags and invited everyone to the Grand Opening of the EPSC. We provided 50 chairs for the seniors to sit on while they waited in line. Everyone was pleased with the CM's attendance, and appreciate how he continues to show support for Seniors/local community.

Meeting w/ AD 51 Field Rep
3/3/16
Met with Stephanie to discuss possible collaboration projects, especially along Alvarado. They just got a new District Director so things are a bit behind, but they are excited to work with us, particularly in terms of Caltrans.

LAPD Rampart Gang Unit Meeting
3/3/16
We met with some of the officers from the gang unit to introduce ourselves and get an update on local gang issues. They provided us good insight on how we/the community can help. I am meeting with local property owners and constituents to give them a slight debrief and work on how we can keep our eyes open and still be safe.

EPIA Dodgers Opening Day Meeting
3/3/16
Attended EPIA meeting to discuss opening day with local residents. Everything went well and all of CD13 constituents in attendance are pleased with the outlook. Residents want to expand into the D Permit area and want to make sure that 2 hour parking is enforced on opening day. Provided info on permits and gave them important dates to keep in mind so that they can be ready ahead of the opening day.

Aram Taslagyan

1428 Normandie Ave Angled Parking

2/26

We have been working with DOT, BSS, and BOE to get angled parking on Normandie Ave, south of Sunset Blvd. For a while there was no progress happening with the departments and DOT sent out incorrect information about the timing of the resurfacing of the street, which is tied to the angled parking project. I drove over to the location, took photos proving that the segment is yet untouched. Then I emailed all the departments at once to clarify everything and move the ball forward. The ball is now moving at a respectable speed.

Emergency Preparedness Event

2/27

Esmeralda and I staffed a CD13 table at the Hollywood Emergency Preparedness event hosted by the Church of Scientology. We stayed there for a few hours.

CSI Day

2/29

We had Sanitation encampment cleanup on Monday. In the morning I made sure that everything is in order at the Silver Lake Blvd cleanup, before our staff meeting. Then, went over to Vermont Ave cleanup after the staff meeting. Meanwhile, I made sure that both Northeast and Rampart SLOs went to their respective sites at the right time.

Smart and Final Meeting

2/29

I met with the Smart and Final management (Western/Barton), along with SLO Eddie and Vanessa Alvarado, to get them on board on some of the improvements we want to make in the area (related to Dassler Jimenez and the Prop-D compliant MMD). We have asked Smart and final to add lights and cameras on their back wall and got permission to put the mural up.

Mariposa House Visit

2/29

Marisol and I visited a drug and alcohol residential treatment center for people released from prison at Mariposa and Beverly and got a tour of the facility. Gentleman named Terry Grand is an advising doctor there and we went at his invitation. The facility is sponsored by the State and besides rehab programs, they have counseling and job search training programs.

UCB Meeting

2/29

Chris and I met with Leslie Lombard regarding the Upright Citizen's Brigade appeal for their CUB request.

Cahuenga Branch Library Meeting

3/1

I met with the Friends of the Cahuenga Branch Library and LAPL folks to discuss the planning of the library's 100 year anniversary event in December. I advised them on some things they can do and will continue to be in touch with them to help with the process.

Rampart CPAB
3/1
I attended the CPAB meeting and gave a report on the previous month's activities. I also met with the newly promoted Captain Tom.

M&O Day
3/2
During Wednesday's Maintenance and Outreach, we visited 2 locations in my field area and had PATH and DMH outreach to the homeless individuals. We also conducted significant maintenance.

Hollywood WorkSrouce Center Meeting
3/2
I attended the Hollywood WorkSource Center Winter Partnership meeting to get briefed on their current programs. They have been a good tool for me to use when constituents reach out to CD13 regarding need for employment.

Armenian Genocide Commemoration Planning Meeting
3/3
Attended another planning meeting with CDs 2, 4, 5; Mayor's Office; LADOT; MTA; and the commemoration organizers to help plan for this year's event in front of the Turkish Consulate.

Lemon Grove Park Trees
3/3
I spoke with the company that installed the LG Park camera about possibility of relocating it since, given how high tech it is, we can see much more on the north side of the park. The quote I got for inspection along (not to mention actual relocation) was too cost prohibitive. I contacted R&P foresters and asked them to trim and raise some of the trees in the camera's path. They will do so.

Rampart Gangs Meeting
3/3
Mary, Juan, Marisol, and I met with Rampart's gang unit and discussed the state of our neighborhoods. It is clear they face a number challenges from all corners (including other government agencies) when trying to do their job efficiently. We also touched on the negative impact of Prop 47 on the level of crime in the City.

Daniel Halden

Meeting: Hollywood Fountain North – Senior Visit + 100th Birthday
Monday, February 29th
I staffed MOF at this event. It was the latest stop on our "Senior Tour" and also a celebration for Grace Brown's 100th birthday.

Meeting: Cindy DuHaime
Monday, February 29th
Cindy DuHaime, longtime activist and captain of the Garfield Place Neighborhood Watch, came in to the D.O. to meet with me regarding various neighborhood issues.

Meeting: Hollywood Historic Trust
Tuesday, March 1st
I attended the quarterly HHT meeting. The major topic is always the Hollywood Walk of Fame. The HHT's bank account has currently dwindled to the point where it can only make spot repairs to the WOF as of this time. Once the account is replenished, larger-scale improvement projects can be organized. We also discussed holiday lighting possibilities.

Meeting: Christian Meoli – Voltaire Media
Wednesday, March 2nd
I met with Christian Meoli, the owner of Voltaire Media, which showcases independent films seven nights per week at their micro-cinema in Hollywood. Voltaire is currently located on Las Palmas, south of Hollywood Blvd, but is actively looking for a new location in the Hollywood area.

Meeting: Hollywood Priorities/Funding
Wednesday, March 2nd
CP and I met to discuss possible projects in the Hollywood area and various funding sources. Specifically, the Hollywood Mobility Fund.

Meeting: Dave Gajda – EaCa Alley and Hemingways Issues
Wednesday, March 2nd
I had a field meeting with Dave Gajda, and other stakeholders, along with LAPD to discuss issues of concern in EaCa Alley and across the street, where Dave owns the property next to the Cosmo nightclub. We developed a "Lights, Camera, Action" Plan in which Dave and the neighboring property owner, Aziz, will install better lighting in the alley (on their private property), install additional security camera(s) and get better control of the valet parking in the parking lot that leads into the alley.

Meeting: Garfield Neighborhood Watch Public Safety Meeting
Wednesday, March 2nd
I attended a community meeting, hosted by SLO Armen Sevdalian and Garfield Neighborhood Watch, to discuss matters of public safety.

Meeting: Street/Sidewalk Closure Committee

Thursday, March 3rd

I conducted the monthly committee meeting. It was a short, but very positive meeting. The two major items were two full Hollywood Blvd street closure at the El Capitan. So far this year, four full closures have been approved for the El Capitan. There are no events on the Blvd. in the month of March.

Event: Covenant House Advisory Board

Thursday, March 3rd

I briefly stopped by the inaugural meeting of the Covenant House Advisory Board and affirmed MOF's commitment to helping Covenant House (and other similar organizations), affordable housing and permanent supportive housing.

Meeting: Sharyn Romano, LABT

Thursday, March 3rd

MSR and I staffed MOF at this meeting and I will follow up on various items including LABT's lease at 1718 N. Cherokee (LADOT-owned property) and will also make some introductions to key stakeholders/groups on Sharyn's behalf.

Meeting: Santa Monica Blvd Site Visit w/ Caltrans

Friday, March 4th

I had a site visit with Caltrans to look at the section of Santa Monica Blvd (SR-2) between Vine and Wilcox, the heart of Hollywood Theatre Row and an area in which MOF would like to see pedestrian improvements including continental crosswalks, curb ramps, bulb outs, etc. We will have to find funding for design (probably through BOE) and construction (either transfer to Caltrans directly or through LADOT).

Meeting: Javista Café Parking Enforcement Issues

Friday, March 4th

I had a field meeting with Javista Café and Sgt. Romero and Officer Spotsville from Hollywood Parking Enforcement to discuss issues and concerns with enforcement in the area.

Hector Vega

Parking on Ripple and Gilroy

Ongoing

Met with a few businesses on Gilroy to discuss the new “No Parking Anytime” signs that were installed two weeks ago. With the amount of new businesses in the area, they are concerned over the removal of half of the parking spaces, which they state will have an impact on their business. According to LADOT, the street is too narrow to accommodate parking on both sides and also accommodate vehicular traffic. Per the traffic engineer, if LAFD will sign off indicating that their trucks and emergency vehicles can safely travel through the street, then we can keep the parking on both sides. Angelo and I have reached out to LAFD.

Glassell Park Community Garden

Maggie reached out because DWP recently placed a water meter in the Glassell Park Community Garden and the Garden Council is now concerned that they will have to pay for prior usage. Since there was no meter there before, I don’t believe LADWP can measure water usage by the garden. Per Zimas, the garden is under RAP’s care, therefore they should be responsible for the bill, if any. According to Maggie, CD 13 had made a commitment to pay for the bill, or a portion of it, but I am not aware of any such arrangement.

Apartment Owner/Manager Training

Our office will be working with the City Attorney’s Office, LAPD, and HCID to perform a sweep of the area bordered by Chapman - Ave 32 - Fletcher - Weldon. The idea is to send out a number of inspectors and cite the apartment complexes for the multiple code violations, etc. Before this begins, however, we want to provide outreach and forewarn property owners to allow for corrections that will get them in compliance. The meeting is scheduled for April 15th.

Sylvan De La Cruz

Councilmember in Your Corner
I reached out to local business owner Alfredo Espinoza, RE: him hosting us at CYC: East Hollywood on March 12th. We're giving him a cert. His flower shop has a 5 star rating on Yelp.

CYC: East Hollywood
Have been coordinating with Vicenta Martinez (our recurring CYC volunteer) RE: event details, and meet up location, which she recommended. She will assist me with local outreach. Save-the-dates were sent out to the volunteer data base, as well as Aram's contact, Immigrants Charitable Foundation, LABT and others. The plan is to do a clean-up of Sunset Blvd from St. Andrews Pl to Normandie Ave, in addition to the outreach.

Watershed Protection in Hollywood
Worked with Dan, and sent multiple correspondences to Watershed Protection Division, RE: an urgent clean up request on N. Cherokee Ave in front of U.S. Post Office. The project was completed, but this block continues being a challenge for us, despite the Clean Team going by regularly, and a new ALB near the post office.

CD 13/LOVE Foundation Event
I'm working with Greg Johnson on a community clean up and homeless youth awareness event in Hollywood, that Javista will host. I am finalizing the flyer upon Jeanne and Tony's review,

Maintenance Outreach Wednesday

- **Vermont & Marathon**: light litter removal projects, with LAPD, PATH and County mental health services worker.
- **Willow Brook Ave & Virgil Ave**: A significant cleanup project that required me to huddle up with the Clean Teams to address the challenge of the work at hand, and about forging ahead.
- **Silver Lake Blvd Underpass:** This location is now consistently tidy, except for set aside items that we remove on a weekly basis. We made quick work at this location.
- **Hoover St/101 frwy and John St:** We conducted a significant clean up and outreach effort here. We removed many bags of litter left by the homeless for us, encountered hypo-needles (reported to watershed), but encountered a relatively helpful response from the folks present at this location.
- **Hoover St and London St:** I stopped on my own at this site to assist two gentlemen and a young boy with illegally dumped items, and had a positive conversation in Spanish with one of them. I hauled away the bulkies, gave them my card, and took photos of an illegal donation-bin to report.

Constituent Case
Spoke with Atwater Village resident Jaden Brent, RE: the illegal dumping on a lower section of the Hyperion Bridge. Briefed him on the City's protocol regarding homeless encampments and our office's efforts to address the issues as best we can. Same location that Richard Meade contacted you about. Mary did a site visit and we will be scheduling for a CSI day.

Clean & Green project, and LASAN

03/04/16

Clean & Green Program team did a big project in the alley behind the church at 115 Loma Dr, per Juan Fregoso's request. They collected 70 trash bags and palm fronds. I worked with LASAN and the Clean & Green supervisor to coordinate a last minute effort to get a SAN truck there, and they teamed up to remove all items. Pepe Garcia, Michael Solis and Juan Robles were a big help.

Meetings

CD 13 District Office: 03/01/16

Met with DOT Representatives and Field Staff, RE: traffic signal locations, maintenance and improvements that are ongoing across the 13th District.

CD 13 District Office: 03/03/16

Meet with Adrian and Jonathan/Clean Team Supers, RE: no-illegals-dumping and "pick up after your dog" signs, posting locations, and upcoming projects. The River Team is keeping their eyes open to make recommendations for good location to post signs. They will be posting a number of signs near the LA River, and in East Hollywood, with the permission of a property owner on Melrose and Hobart Blvd.

Esmeralda Salguero

Constituent Cases/ Requests

DWP Billing - 306 N. Bonnie Brae St

02/29/16

Constituent Cristina Cruz called to report she was billed approximately $2,000 for a property she sold in February 2015 and no longer owns. Requested DWP bill & documentation verifying change of ownership and forwarded to Greg Bartz with DWP.

Property Permitting - 1778 Orchid Ave

03/01/16

Constituent Robert Merril called to report that his neighbor, in apartment #101, has been "adding a basement to his unit without proper permitting." Forwarded case to Dan, who in turn, reached out to constituent for more information.

Benton Way & Coronado Gate

03/02/16

Constituent Julie Jones visited DO requesting "what is going to happen with the gate opening?" Mary and Juan were informed of her visit.

Immigrant Entrepreneurship & Small Businesses DO Visit

03/03/16

Scheduling a visit with FUSE Corps fellow Eric Steiner assigned to the Office of Immigrant Affairs through the Mayor's Office. Eric states the office is "working on developing some initiatives that can help immigrant entrepreneurs and small business owners better integrate into the local business ecosystem" and would like to meet with our office to address any issues and concerns from our community. Awaiting a reply from Eric to join our field staff meeting on 03/15 or 03/29.

Bulky Items - 6033 W Barton Ave

03/04/16

Angela Vasquez with MyLA311 call center called our office to report that they have received five calls from constituent Beth to report bulky items at 6033 W Barton Ave. SAN has not been able to pick up items at the stated location since 08/31/2015, due to a narrow alley inaccessible for LA San trucks. Emailed Maria Serrano & Jose "Pepe" Garcia with CSI team for their attention. Sylvan and Dan were copied for their attention.

ABC DEBRIEFER

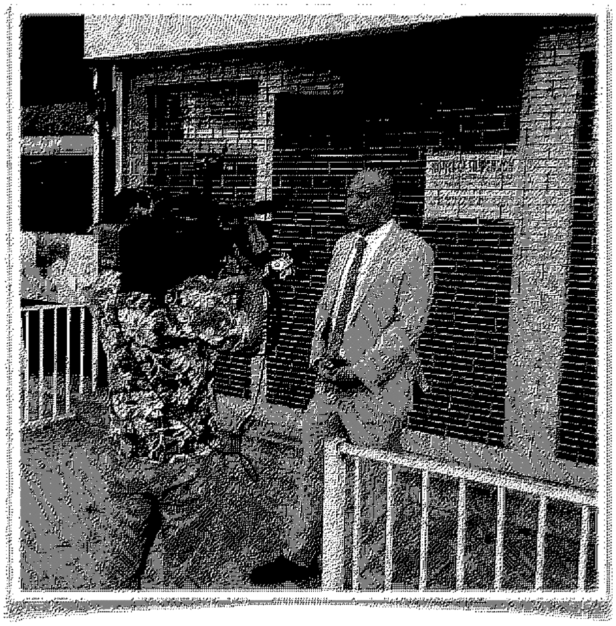
Operation ABC - Detective Support and Vice Division

Multi-Agency Efforts in Koreatown Continue

The State of California prohibits the sale of alcoholic beverages from 2 am to 6 am.

In instances where the law is violated, police agencies must prove that the alcohol retailer continued to sell alcohol, continued to serve alcohol, or allowed the consumption of alcohol, beyond that 2 am hour. Cases like these are difficult to validate because of a variety of factors such as; availability of undercover personnel and the ability to infiltrate clandestine locations.

The Department of Alcoholic Beverage Control (ABC) became aware that a karaoke bar known as "Bongsoongahakdang" was allegedly serving alcohol after hours.



NEWSWORTHY EVENTS: *Department of ABC District Administrator Will Salao addresses the news media regarding the recent suspension of a karaoke location.*

ABC Agents Joe Perez, Pat Bullock, Andrea Florentinus, and Kim Wachowski from the Cerritos Enforcement Office, attempted to conduct an after-hours check of the location and were met with uncooperative staff who initially refused to allow them inside. After several minutes the agents were allowed in and it became apparent to them that some kind of clean-up and cover-up had taken place.

The agents determined that the karaoke bar had a video surveillance system that monitored the interior of the business. After reviewing some of the surveillance footage it was evident to the Agents that customers were still consuming alcohol after 2 am. It was also apparent that employees of the location were attempting to conceal any evidence of alcohol being served.

The agents seized the digital video recording (DVR) system and requested the assistance of LAPD, Detective Support and Vice Division. Sergeant Garcia, from DSVD Operation ABC, assisted the agents by having the surveillance footage transferred to a DVD.

During the course of this investigation, Olympic Area Neighborhood Prosecutor Steve Houchin became aware of the incident. Houchin is a Special Prosecutor with the Los Angeles City Attorney's Office, specifically assigned to handle issues that occur in Olympic, much of which includes Koreatown. Based on the circumstances, Houchin determined that employees of the bar had willfully delayed the investigation of the ABC agents. As a result he filed criminal charges against the licensee for after-hours service of alcohol, as well as charges against the three employees who engaged in the destruction of evidence.

On August 12, 2015, City Attorney Mike Feuer hosted a news conference at City Hall announcing the criminal investigation at Bongsoongahakdang. Several Korean news media outlets attended the event. Representatives from LAPD, ABC and Olympic Area were also present to answer any questions.

Feuer conveyed the City's position on after-hours alcohol service and on individuals who impede law enforcement investigations. He made it clear that the City Attorney's Office will aggressively prosecute offenders who are out of compliance with alcohol laws. Olympic Area Captain Vito Palazzolo offered his appreciation to ABC for their continued efforts in Koreatown.

On September 4, 2015, ABC posted a Notice of Suspension at Bongsoongahakdang. The business was issued a 25-day suspension from serving alcohol as part of the ABC disciplinary process. ABC District Administrator Will Salao was present for the official posting and a brief news conference was held in front of the location to address any community concerns.

COMMUNITY OUTREACH: *Los Angeles City Attorney Mike Feuer addresses the Korean media, accompanied by LAPD Sergeant Garcia, ABC Supervisor Joe Perez, ABC District Administrator Will Salao, Olympic Area Captain Vito Palazzolo, and Neighborhood Prosecutor Steve Houchin.*

Good To Know

LAPD Operation ABC hosts several Standardized Training for Alcohol Retailers (S.T.A.R.) presentations in Korean throughout the year. Korean business owners and their employees are encouraged to attend in order to educate themselves on California ABC laws.

Cleaning Up Hollenbeck

EL TROQUERO
BILLARES
POOL TABLES

In early February 2015, Hollenbeck Vice and Operation ABC opened an investigation at the El Troquero bar, located at 2119 E. Cesar Chavez Avenue. The bar garnered attention due to an increase in alcohol related crimes in and around the location. Undercover officers faced a very difficult challenge in their attempt to infiltrate the bar due to local patronage and the abundance of gang members that frequented the location. It was also necessary to enlist the help of seasoned Foothill and Harbor Vice Officers to assist with the investigation.

Undercover officers were undeterred and proved they were prepared to meet the challenge. Over several months, multiple visits were paid to the location in the attempt to determine what kind of activity was occurring in the bar. Several officers were able to establish themselves in the location and they observed numerous violations for the illegal solicitation of alcoholic beverages by female employees of the bar. The officers were able to determine that the alcoholic beverage solicitation scheme was an accepted practice at El Troquero.

On several occasions undercover officers recognized a male who had previously been arrested at a different bar in Hollenbeck. The male frequented El Troquero and based on his demeanor and actions, it was apparent that he was a narcotics dealer. After observing hand-to-hand narcotics activity involving this male, a Hollenbeck patrol unit was summoned for a traffic stop on the male and his vehicle. During that subsequent narcotics investigation, patrol officers recovered a large amount of methamphetamine packaged in different quantities. The male was booked for narcotics sales.

On September 25, 2015, Hollenbeck Vice orchestrated the takedown of El Troquero bar along with personnel from Harbor Vice and Operation ABC. Four females were arrested for soliciting alcoholic beverages in a licensed ABC establishment. The bar manager was cited for allowing the illegal solicitation of alcoholic beverages and two others were also cited for violations of the Los Angeles Municipal Code.

El Troquero proved to be complex and extremely challenging, thus the reason for months of investigation. The undercover officers needed to be very convincing in their roles in order to expose the criminal activity and they are applauded for a job well done.

The disciplinary case against El Troquero is pending with ABC.

ABC Gives A Hand to Rampart

In early 2015, ABC Supervising Agent Joe Perez of the Cerritos Enforcement Office, received an anonymous complaint about the illegal solicitation of alcoholic beverages at a bar called One Eye Jack. The bar is located at 3977 Beverly Boulevard in Rampart Division.

Agent Perez requested the assistance of the LAPD for a joint operation. During the summer months numerous undercover investigations were conducted by personnel from the Department of ABC, Operation ABC, Hollenbeck Vice, and Rampart Vice. The complaint was eventually validated when undercover officers obtained repeated violations for the illegal solicitation of alcoholic beverages. The officers were also able to establish that the Korean licensee appeared to have knowledge that she was employing Hispanic bar-girls.

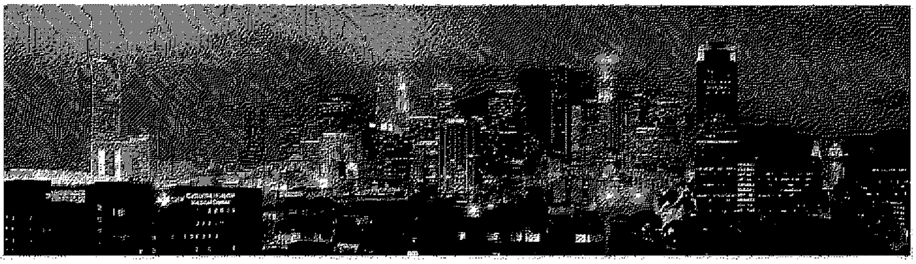
On September 4, 2015, a final investigation was conducted at One Eye Jack and a takedown occurred. Five females were arrested for their roles in the beverage solicitation scheme.

ONE EYE JACK

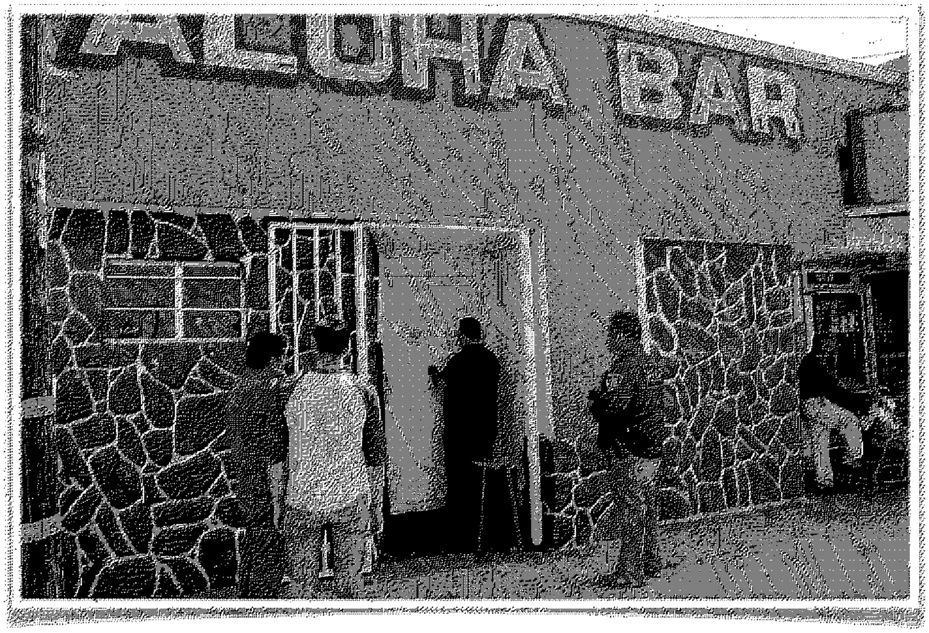
A TOUGH ONE TO CRACK: *Personnel from ABC and several vice units took months to establish themselves at the One Eye Jack bar in Rampart Division. The bar proved to be a local hangout that wasn't very welcoming to newcomers.*

Officers also found a male under the age of 21 who had been drinking. The investigation determined that he was drunk in public and had provided false information to ABC personnel.

This investigation was complicated by the "locals only" nature of the bar. Undercover personnel had to be convincing in their roles to avoid being identified as officers. Overall this was an outstanding collaborative effort between personnel from LAPD and ABC. Because of this investigation, the One Eye Jack bar was issued a 35-day suspension from serving alcohol.



Around The City



ANOTHER SUSPENSION IN SOUTH LOS ANGELES: ***On September 05, 2015, ABC Agents De La Rosa and Zavala posted a 30-day suspension at the Aloha Bar in Southeast Division. The bar was plagued with B-girl and narcotics activity.***

LOS ANGELES

PROACTIVE EDUCATION EFFORTS: ***Foothill Vice Officer Carlos Moya acts like he's obviously intoxicated during a drunk decoy investigation. The goal of the operation is to have ABC retailers recognize the signs of intoxication and refrain from serving those who display this behavior.***

The Back Bar Inspection

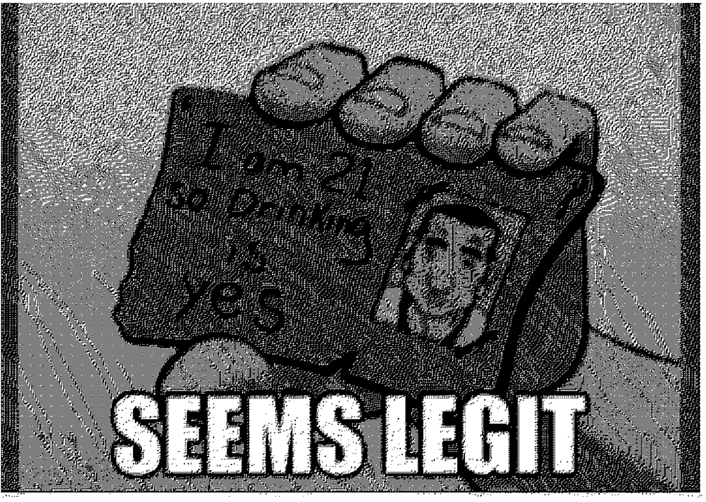
The "back-bar inspection" portion of our newsletter is designed to provide law enforcement personnel and our stakeholders with up-to-date information on alcohol-related crime trends, enforcement tips, and additional tools that may be useful in enhancingABC investigations. Although this section is specifically written for the purpose of increasing officer awareness and reducing alcohol-related crimes, it will also enlighten all readers as to what is new in terms of our response to irresponsible alcoholic beverage sales, service, and consumption.

Many officers involved in ABC enforcement lack a full understanding of the identification requirements placed on retailers pertaining to the sale of alcoholic beverages. California law provides a limited amount of protection regarding the sale of alcoholic beverages to underage individuals and it is important for all officers involved in ABC enforcement to have knowledge of these rules to ensure that ABC laws are enforced in a uniformed fashion.

Even though there is no legal requirement placed on retailers to ask for age verification prior to making a sale, the retailer can refuse service if the purchaser is unable to provide adequate evidence of age, under section 25659 of the Business & Professions Code. This law also allows an ABC retailer to seize any identification that appears to be counterfeit, fake, or belonging to another person. The retailer must provide a receipt to the person who presented the ID, and turn that ID over to law enforcement within 24-hours.

Section 25660 of the Business & Professions Code addresses the topic of "bona fide evidence of age." In simple terms, ABC retailers have an affirmative defense if they accept an identification that has at least the following six criteria:

- Issued by a government agency
- Has the person's name
- Has a photo of the person
- Has the person's date of birth
- Has physical descriptors of the person
- Is currently valid



The Back Bar Inspection (cont'd)

There are two exceptions to this bona fide rule; a passport and military ID are both considered acceptable forms of identification.

Most government identification cards have evolved into sophisticated forms of identification, usually involving one piece of plastic, and containing multiple security features. Personnel from LAPD Operation ABC cover this topic during Standardized Training for Alcohol Retailers (S.T.A.R.) presentations throughout the City. Alcohol retailers are shown a variety of fake and real identification cards. Bona fide ID is discussed at length and very often this topic leads to a number of questions from the class. This training lets retailers know that they are not expected to be fake ID experts, however due diligence is required.

By exercising good judgement and relying on acceptable forms of identification when selling and serving alcoholic beverages, retailers will help deter underage drinking. Officers who engage in ABC enforcement should familiarize themselves with the law when it comes to bona fide evidence of age. When appropriate, give a retailer the benefit of the doubt by exercising the "spirit of the law," especially in cases where some diligence has been applied.

Thanks to all of our partners for their ABC efforts this past quarter!

Good morning everyone,

The committee has approved the requested full closure for *The Revenant* on 12/16.

Heads up to everyone, and especially the venues and production companies: With *Star Wars, Point Break* and *The Revenant,* Hollywood Blvd will have a full closure for six days in a row from December 11th through December 16th.

We are going to ask for the utmost cooperation and coordination from everyone involved, particularly the production teams so that these events run seamlessly and smoothly. We will be in further touch on this.

Thanks,

Greetings friends,
We've scheduled the next meeting of the Ivar stakeholders for Friday, 10-30 at 2:30 p.m. (A tentative meeting scheduled for this Friday will not occur.)

We would like to check in with you all to see how things are going. I will send out a calendar invite when we determine the location.

Hold the date. Many thanks
Kerry and Dan

Dear Hollywood ED Participants:

The next meeting of the Hollywood ED Collaborative will be held at 3:00 PM on Monday, November 16th at the LA Film School, (6353 Sunset Blvd., Hollywood, CA 90028).

In preparation for the November 16th meeting the Hollywood ED Co-chairs have circulated a letter for your review regarding our proposed Hollywood ED Student Discount Card Initiative. As you will see, we will be compiling the cumulative list of discounts from each of your schools. Please send the requested information to me at Nicole@hollywoodchamber.net prior to the November 16th meeting.

I look forward to seeing you all on the 16th!

Greetings Hollywood and Sunset board,

This is a big week in Hollywood – and I'll be sending things your way on behalf of the Steering Committee planning the festival. Many thanks to board members Leslie Blumberg and Melissa Logan who have been key and committed participants in this process!

First, see attached flyer describing the pop-up parklet at the SE corner of Selma and Cahuenga (in the Stout parking lot). This is a collaborative effort led by Li Wen who lives at the Broadway and is an architect with Gensler.

[Note: The Sunset board approved funds for another pop-up parklet at the SW corner of Ivar and Selma, but that will not be ready to install in time for the festival owing to agreements that need to be hammered out with the property owner and tenant. We hope to unveil that before year end.]

Second, Haines & Co have been pitching this story far and wide and we are seeing the fruits of their labor.

Here is a few so far:

- This is a great post from our friend, Kristie Hang and love how she says: "...the 'Only in Hollywood' crew throws some epic events." ☺

http://www.kristiehang.com/only-in-hollywood-music-arts-festival/

- Discover Los Angeles

http://www.discoverlosangeles.com/what-to-do/events/only-hollywood-music-arts-festival

- In case you missed it, Only in Hollywood was included in Thrillist's "10 Things You Have To Do This November in LA." See below and here's a direct link:

  https://www.thrillist.com/events/los-angeles/things-to-do-in-la-in-november-2015

- And...we also secured inclusion in LAist's Ultimate Guide to November. We will keep 'em coming! ☺ http://laist.com/2015/11/01/your_ultimate_guide_to_november_20_1.php

- On Living Out Loud Los Angeles...

  - http://festivalsforlife.com/only-in-hollywood-music-arts-festival-kicks-off-november-5/

And, finally, perhaps you've heard our festival announcement on KCRW? We are also featured on their website for activities coming up this weekend:

http://events.kcrw.com/

I am sure there will be more to report, but wanted to pass along this good work by Haines & Co and give a shout out to the Festival Steering Committee who has been working very hard to prepare for this weekend. We think this will be a tangible example of how we can work together as a neighborhood to "change the conversation about Hollywood!"

Subject: #OIH2015 Thirty days and counting
When: Wednesday, October 07, 2015 3:00 PM-5:00 PM (UTC-08:00) Pacific Time (US & Canada).
Where: HPOA staff office Taft Building Suite 600

Friends, we are a month away from the Only in Hollywood Music + Arts Festival.

We have an important planning meeting scheduled for this Wednesday, October 7 from 3 – 5 p.m. We will send out a detailed agenda by the end of the day.

But – here are some things to be aware of:

- All of our social media now is geared toward #OIH2015. We've changed our Facebook, Twitter and Instagram to build up to the event. Please make sure you are following Only in Hollywood, and start using the hash tag to build awareness.
- LAPD Vice will be coming on Wednesday to describe what is necessary if your venue needs a one-day permit (or four-day) to serve alcohol or have music. If you need this information, this will be the time to come.
- We are preparing a press release to go out to start to build media awareness. If you have not communicated yet with Camila what you are booking in, please do so. We will build out the schedule as we know it by Wednesday to reflect everything you've shared with us.
- We have secured a media partnership with KCRW – and we will have access to $18,000 worth of pre-event promotion with radio and digital ads. They will begin October 22.
- We are going ahead with one promotional banner on the Avalon North wall. Sadly, we did not find a sponsor, but we believe this is a worthwhile investment, and will show the potential for next year.
- Capitol Records has joined our team and will be placing two of their bands in the festival. More details to follow
- We have begun to reach out to restaurants to identify special deals and promotions for those four days. If you are affiliated with a restaurant, please let us know what you can offer ASAP so we can build out the web announcements.
- There is much much more. The staff is just getting back from a four day BID conference in SF, so we are getting grounded. But, wanted to make sure you knew about the meeting.
- Finally, do not wait around for anyone to execute an idea you have. This is a collaborative festival. Please consider how your block will look and feel to pedestrians over that time, and work together with your neighbors to do something fun or creative. Buskers on the street corner? Special lights? This is a big open house for the heart of Hollywood – and any opportunities you thought you had to position Hollywood its best light will be MISSED OPPORTUNITIES if you wait for someone else to do it!

Please RSVP for Wednesday so I can plan for chairs.

Ivar Street Lights

Hi Gil,

I need your help remembering what you told me about the vintage street lights on Ivar – from our walk-through last June.

I know we talked about how dark that particular street is – and its become more of a neighborhood issue, given the rise in homelessness (throughout LA) and the particular challenge with the library on that street and the lack of pedestrian activity. It is a magnet for sleeping – and it is just scary to walk, in general, because of the lack of light emitting from those lights.

Is it feasible to refurbish those lights with brighter lamps? Because the property owenrs are so concerned about the safety on that street, if it required a vote to create a special assessment district to upgrade, I think we might have a willing group.

We have a meeting today at 1:30 p.m. with the owners – this is a follow up to one we had a month ago, which was practically standing room only because of the concerns about crime on that street. If there was any possibility that we could explore an upgrade of those lights, Dan and I would like to make that suggestion.

Let me know your thoughts!

Hi Kerry,

Sorry for the delay. I am going through my emails and found this one with no response from my side.

The location: Ivar Ave from Sunset to Hollywood Blvd. BSL will convert to LED all the ornamental, vintage, lights. There is an approved plan, signed 2/20/2015, and if the conversion has not happened it will in the next few months. The conversion to LED should provide a higher lighting output than the old lighting system.

Neighbors,

Thank you so much to those who attended our community meeting last night. The office of Councilmember Mitch O'Farrell is thrilled to partner with the Department of Transportation and the Bureau of Engineering to deliver these two exciting streetscape projects to Hollywood.

As a recap, the Hollywood Western Streetscape will cover Hollywood Blvd between Gower and Western, with a small portion on Western between Hollywood Blvd and Carlton Way. The Safe Routes to Schools project will cover portions of Selma Avenue and Hawthorn Avenue in the vicinity of Hollywood High School and Selma Elementary School.

Both projects aim to beautify their respective areas and make the corridors safer and more pedestrian-friendly.

Attached is the PDF presentation from last night. It documents both projects. Please review and submit your feedback to either myself, my colleague Aram Taslagyan (aram.taslagyan@lacity.org) or our colleagues at LADOT/BOE:

Hi Gabriella, I have eaten at Birch, and we are so proud to have such an amazing restaurant here in Hollywood.

The homeless situation is a real crisis now, as you know (first hand). And you probably saw that the city council is declaring a state of emergency.

That said, I am happy to talk with you about this – and about the loading zone. We've been working with the businesses to the south (St. Felix, etc.) with the council office on a solution down there. I am aware of the aggressive ticketing, and that's very business unfriendly.

Next week I am only in the office on Monday, because I am leaving for the International Downtown Assoc. conference in SF for the remainder of the week. However, I would like to stop by when I get back and see firsthand what you are looking to do.

And, tonite I will be at Running Goose for a spell, so I'll take a peek in as well.

Keep the faith; we will get these things figured out.

Subject: Birch restaurant and the cahuenga alley

Hi Kerry,

Your email was passed to me by one of the bid officers patrolling the cahuenga alley . Im the general manager of Birch restaurant at 1634 cahuenga and we are having challenges with the homeless and drug situation on the alley. A portion of our restaurant seating is on the back patio, primarily we have older guests who prefer to sit somewhere quieter but are deterred by the folks out there smoking weed, passed out or yelling obscenities. We would like to have our area gated off so that the patio can become a private and safe dining area for our guests. Is that at all a possibility?

Our second problem is how to get a passenger loading zone on cahuenga so we can have a dedicated valet service for guest parking, currently we are having serious issues with the ticketing and towing that happens on our side of the street, the valet that we have has nowhere to leave cars whilst he's parking or dropping off and our guests cars are being ticketed within minutes of being left in the valet's holding pattern.

We would like to be a part of the gentrification of cahuenga, our business is growing and we would like to keep it around for the long haul , these two challenges are not making for the best guest experience, do you have any suggestions on how we can fix these issues?

We would also like to invite you into to dinner sometime to experience what we trying to contribute to the area. You can email me directly with any reservation requests but here is a link to our website so you can take a peek at what we are up to.

http://birchlosangeles.com

I very much look forward to hearing back from you and possibly meeting you soon.

Cheers and all the best

Gabriella

Hi Gabriella, thank you for your patience. I came back from the conference last week and was slammed with preparations for two BID board meetings this week, and the upcoming Only in Hollywood Music + Arts Festival, which is now only three weeks away. (I am hoping Birch will want to participate in some way – there is a Cahuenga alley association meeting today at 2 p.m. to discuss fully alley activation for those four days. I hope you are aware of that?)

I am copying Dan from the council office on this, because you raise the issue of the valet zone. We've been working with the businesses south (St. Felix, K-24) for a solution there as well, so it would be good to have one coordinated plan for Cahuenga. If you are going to the meeting today – it might be good to discuss that with your neighbors (Dave Dickerson and Johnny Arakaki).

Dan – is there a time you will be in Hollywood in the next week...and I could run over and meet you to take a look at the alley situation and the parking?

Hi Dan, have the Hollywood Board meeting manana.

Do you think Thursday December 3 will hold for an event to commemorate Sarah? I want to start working on a luncheon...and I heard from her husband that the doctor is probably going to do a C-Section on Dec. 15 (yikes) so we need to get crackin' !!

Greetings,

The Hollywood BID board approved an expenditure of $1500 last evening to purchase 40 signs to be installed in parking lots – to advise re/ laws governing alcohol consumption, containers, etc. We have also identified the parking lots that are most appropriate for this posting. I will have a check next week to place a deposit to get these made.

Lt. Baez, when you have a moment, can you give me a call to discuss how to get these installed.

No Hollywood 4WRD meeting Monday -- Homewalk Team Page created

Hi friends,

My humble apologies. I have been unable to find the time to organize the next meeting of Hollywood 4WRD (which I had tentatively planned for Monday). To be honest, there have been SO MANY other meetings on the topic of homelessness, that there is just not enough bandwith at this time.

Along those lines, we have been having very productive discussion with our friends at DMH on some new initiatives that are underway – and once things calm down for me, I will get us together for a general meeting to debrief.

In the meantime, there are two things coming up that are IMPORTANT.

First is Homewalk – Hollywood 4WRD has had a team since the beginning, and we are often among the best donors. Here is the link (I think this gets you to our team)

http://homewalkla.donordrive.com/index.cfm?fuseaction=donordrive.team&teamID=5723&confirm=WW91ciB0ZWFtIGluZm9ybWF0aW9uIGhhcyBiZWVuIHVwZGF0ZWQgZm9yIEhvbGx5d29vZCA0V1JELg%3D%3D

Here is a general link to register for Homewalk this year:

http://homewalk.unitedwayla.org/

I set a $5,000 goal for us; we did make that last year. Please set up your account (this year it is $20 and it counts toward our goal) and start to promote to your friends, family and social media connections.

Second, we will be doing another Homeless Count in January, 2016. Thanks to our friends at YPI, they will be taking the lead on organizing this. Stay tuned for more details.

Have a wonderful weekend everyone!

Hey Dan + Matthew,

Hope you're well. I wanted to update you that the first phase of enhanced maintenance on Hollywood is tentatively scheduled for the week 10/26.

Street Service will initially focus mainly on eliminating trip hazards. Typically this includes grinding displaced concrete slabs, refilling/expanding tree wells and making temporary asphalt patches.

I wanted to introduce you to the staff at BSS who are leading this effort, Mark Simon and Larry Hrezo.

Matthew/Dan – are you free for a quick call next week to talk more about what the crew can focus on and what priorities CD13 and the BID might have for the initial work? Also, we'll want to discuss what work can be done on the Walk of Fame.

How's next Wednesday morning before noon?

Cheers,

Carter

Hi Carter,

Thank you for the update – we're excited that this work is moving forward! Mark and Larry, it's great to make the virtual introduction with you.

Next Wednesday 10/14 before noon works for me, my morning is clear.

Talk soon,

Good morning,

Larry and I are looking forward to meeting with everyone to lay out a plan for Phase I of the Great Streets Initiative Crew. Unfortunately, Wednesday will not work for us. Larry has a meeting in the morning that he can not get out, and with it being payday, we have Staff meetings all morning. Out calendars are clear any other day of the week.

Please let us know what may work with everyone's schedule.

Thanks, Mark

I'm at the Westwood BID meeting which is running long, and I'm about to present an update on great streets.

I'll try to join ASAP, but please start without me and Mark can fill you in on the services BSS we can perform and Matthew from the Hollywood BID can talk about what issues they've been seeing.

Hollywood Western Streetscape Vegetated Curb Extension

Hi Thuy,

Thank you for reaching out. As you know, the Hollywood Property Owners Alliance manages the Hollywood Entertainment District BID west of the 101 Freeway. Though we would love to have a vegetated curb extension in our district, I defer to Jeff Zarrinnam and the folks organizing the Hollywood/Western BID as this proposal would fall within their boundary and not ours.

Many thanks for keeping us in the loop.

Subject: Hollywood Western Streetscape Vegetated Curb Extension

Hello Everyone,

Our project wants to ask the BID managing maintenance east of the 101 Freeway if you would be willing to maintain a vegetated curb extension. We are doing a curb extension on the south end of Gramercy and would like to put vegetation (see sketch in attachment). If the Council District 13 and the BID are supportive of this idea and have funding to maintain it, we will include it in our plans for Hollywood Streetscape.

Feel free to contact me with any inquiries.

Thank you!

But I am happy to hear from your perspective, and also share some observations about what is going on, not only in Hollywood, but throughout the city of Los Angeles at present. This has been a rough year for everyone – witness the declaration of a state of emergency.

Selma + Ivar Placemaking Pilot

Hello Chris,

I hope you are well and are getting settled in over at CD13. Sorry I missed you at our last "First Friday" meeting, I was stuck at home with a cold!

I wanted to reach out to you (and Dan) to talk about our proposed placemaking pop up at the SWC of Selma + Ivar. We are happy to report that our Sunset & Vine BID board approved $20k for implementation, so we are moving forward. As you know, the majority of the installation sits on private property, but we also want to incorporate a portion of the greenway (which needs some love).

Attached, you'll find our full proposal for the installation. The current design includes three temporary modules that would sit in the greenway. As designed, the modules would be in place for at least 2-3 months in order to garner feedback and data from the community.

I am hoping to get a sense from you what we can and cannot do on the greenway space. Would this require an R-Permit, even though this is temporary in nature and not permanent? Could something like this fall under a temporary event permit?

Thank you in advance for any guidance you can provide, please feel free to give me a call if you'd like to chat about any of this!

Hi Matt,

Nice to hear from you. I'm not sure what BOE would require offhand. I'm guessing a revocable permit.

Have you reviewed the requirements outlined in the People Street Parklet Application Manual (PDF)? The City only accepts applications once a year and I think they are getting ready to open the application period. Valerie Watson oversees the People Street program. Even if this would not qualify, I'm guessing Valerie Watson could point you in the right direction.

Tables and chairs for #OIH2015 Create Now Venue

Daniel,

Per our conversation this morning, I'd like to see if we could ask for 5 tables and about 50-70 chairs donated for the Create Now space at Cahuenga and Hollywood. I am still trying to find a $2000 sponsorship to make this happen so it's not completely confirmed yet, but would like to move forward just in case.

I've attached the info about the space. Let me know if you need anything else. Again this is for November 5-8.

Hi Dan,

Thanks so much for this!

I'm going to pass the baton off to Jill and Laura at Create Now since it is their event. We will be sure to include your office as a sponsor in our materials, and will get you a couple of tickets to the VIP opening and closing receptions.

Laura & Jill – let me know if you have any questions. Ashlee is working on securing a second sponsor for you and I am confident we will find it very soon!

Cheers,

Devin

Cancel street closure of IVAR this weekend

Dan –

Awhile back I had started initiating the process to close Ivar Street this Saturday for the Music + Arts Festival. I tried to cancel it last week, and thought I had done it, but today I received an invoice from the city for over $3,000. Can you help me make sure they know that this street closure is no longer needed? Thanks!

Hello Ms. Morrison,

Greg Cornfield at Beverly Press here. I'm writing a story this week to preview the Only in Hollywood music and arts festival. I was wondering if you're available tomorrow if I could schedule a time tomorrow to give you a call to talk about it?

Separately, we heard that Hollywood Boulevard will be closed for six straight days in December for movie premiers. I wanted to write a story about the process of how street closures work and how the city figures that out. I started to reach out to Mitch O'Farrell's office and department of transportation, but I wanted to check to see if you had any additional insight or thoughts regarding that matter. I was thinking I could tie it to rumors that the city is considering closing or altering Hollywood between Highland and Labrea, but I don't have anything concrete on that at all. Let me know what you think.

Thanks,

Gregory

Hi Rene, this is fantastic news.

Let's continue to develop these logistics, and then we are going to upload this information on our website.

First, you asked us to create a map recommending where it might be appropriate to place wayfinding signs. Here is our recommendation (attached).

Second, I've attached a logo that can be used for these maps. I am assuming DOT would create these as temporary signs and install them?

Third, we are going to create a special tab on the festival web site informing people how they can get here/what to do when they arrive/parking, etc. Since the vouchers would be available on the day of the event, before, here is my thought.

- We are creating festival buttons that people will buy for one dollar and this is what they will use to have access to restaurant discounts etc. We could publicize that on each day, the first 100 people to either pick up their button or show their button at a festival welcome desk will receive the voucher.

- I have attached a photo of the button

- Logistically, at the end of the night, will there be an attendant at the garage who will process the voucher (it is not a pay machine??) Let me know how that works.

- Hours are: Thursday Nov 5 5 p.m. to midnite; Friday Nov 6 5 p.m. to midnite, Saturday Nov 7, noon to midnite; Sunday Nov 8 noon to 10 p.m. (Doubt that people will stay all day – but presumably, if they have the voucher, they could park all day for $3?) How will this work? If someone stays at a show until midnite, and then gets back to their car before 1, does the voucher still apply? Seems like if you have the voucher in hand, that is how is should work. It will actually encourage people to come early and stay longer to take advantage of what Hollywood has to offer.

This is so fantastic Rene – it will be a great value-add to this Festival.

Rene, we will attempt to heavily promote the Vine Street parking garage as the official OIH garage. We will arrange for distribution of the vouchers to the first 100 each day who show us their ticket and have a OIH festival button (which costs $1). You can deliver those vouchers to my office – or I can pick them up from the garage. Let me know if there is any special type of record keeping necessary on our end.

Thank you for extending this discount for the festival. I hope it brings great business to the garage!!

Rene, couple questions about the parking arrangement for this week.

1. How will I get the vouchers? I can send a messenger to city hall if need be.
2. I want to do a social media push tomorrow re/ the official garage status and I want to make sure I am describing this properly:
    - a. First 100 festival-goers each day displaying their OIH festival button who park at the Vine Street garage will be provided a $3.00 discount parking voucher
    - b. Vouchers can be picked up at the hub – Space 1520 – or at the volunteer station located adjacent to the Vine Street Parking garage at the Montalban
    - c. Regular parking rates are
        - i. $2/hour for first two hours
        - ii. $2/for every 15 minutes after two hours
        - iii. $10 flat rate 6 p.m. to 6 am.
        - iv. THEREFORE your OIH festival parking voucher can reduce your parking fee to $7
    - d. Voucher will be inserted into the pay machine along with the ticket. The machine will calculate the discount

Is this information correct Rene?

Carter & Matt,

Here is a before and after picture of our test patch on Hollywood Blvd. with a liquid material that we added black color to. This was a pop-out in the middle of the sidewalk.

I do believe it looks a lot better than just asphalt on top of the sidewalk.

Matt, Please take a look at the patch out on the sidewalk and let us know your thoughts. I know you need to run this by the Chamber. Maybe it is an option for Phase II.

We can experiment more with some further ideas we have in using this product as well.

Following up on my email to you from last week. BSS is doing work along Hollywood Blvd identifying and fixing hazardous tree wells and trip hazards.

They'd like to go ahead and apply patches where appropriate, but are of course sensitive of the terrazzo.

Please see attached photo for an example of one patch. This is a liquid material w/ added black color, not asphalt.

I had sent you an email connecting you with BSS so you could coordinate/advise. What do you think of the patch?

Hi Victoria,

A constituent contacted us regarding the PATH shelter on Fernwood; she said that it is in need of more blankets and pillows for the folks there.

She asked if our office can provide more resources of this nature.

I am CCing Kerry... Hollywood 4WRD could help wrangle some donations from various places, but we wanted to check with you first and see if more blankets, pillows, etc. was something PATH does, in fact, need.

Thanks,

Julie, I'd like to order some more signs and then pick them up at the same time.

Here is language for signs that we are going to be placing in various parking lots here in Hollywood.

"It is a violation of 41.27(d) L.A.M.C. to possess any bottle, can or other receptacle containing any alcoholic beverage, which has been opened, or a seal broken, or the contents of which have been partially removed, on or adjacent to these premises."

I'd like to order 40 of these. Is this a custom order?

Good afternoon Don,

This is Dan Halden from CM O'Farrell's office; I am his Hollywood deputy. I hope all is well. I got your information from Joe Mariani with the Hollywood Property Owners Alliance.

A neighbor in the area inquired as to why there is still "No Overnight Parking on Hollywood Blvd," south side of the street, adjacent to Hollywood Toyota. I've begun to investigate the possibility of removing those restrictions and opening the area for people to park overnight.

Before moving forward, as the adjacent property owner, Hollywood Toyota would be entitled to weigh in. Would you have any objections to the "No Overnight Parking" restrictions being removed?

Feel free to contact me at any time.

Me again.

Attached you will find a more firm concept proposal from LA-Mas for the pop up installation at Selma & Ivar. This is what her and her team will present at the board meeting on Tuesday. I haven't had a chance to look through in great detail, but at first glance, it looks amazing.

Helen walked the site with Gil a couple of weeks ago, but she was initially proposing the installation as a 4-day pilot. See her email below... We need to discuss with Gil the latest concept as planned and make sure he is comfortable with a longer duration (2-3 months). We still don't know at this point whether or not Gil will "chip in" which could be a point of contention for the board.

Kerry – who do you think should have that discussion with Gil? Helen wasn't sure if it would be better received coming from you.

Let me know what you think.

Hi Matt,

Thanks for the clarification, that's great!

We apologize for the delay, but here is our draft proposal that includes our approach, deliverables, budget, and timeline. Let us know if you have any questions.

We're happy to send this to Gil, but if your team would rather do it - please go ahead. Overall, I think we need a commitment from him to be open to a 2-3 month installation (rather than 4 days) and a semi-permanent installation afterwards. I think stating that the BID may be willing to fund it fully would be helpful, but also ask if he is open to contributing as well.

Cheers,

Hi Matt,

Thanks for the wonderful news and for being an effective ambassador for our proposal!

We are now in the midst of redesigning the concept to ensure that Phase 1 is resilient enough to remain for 2-3 months AND that elements of the installation are in service of the semi-permanent installation. We should have something for your team to review by midday tomorrow.

Can you clarify how flexible the LADWP grant is? Can we fold that into our overall budget with the commitment that the parkway will be improved with our installation? Can the money apply to improvements that are not 'green'?

Thanks again!

They agree that we need to extend the pilot timeline beyond the 4-day festival (2-3 months?). The committee supports increasing the budget for "Phase I" of this project to enable us to utilize more durable materials for fabricated pieces that can be repositioned for next year's "Phase II." As I mentioned, since we are short on time, perhaps we can supply the key pieces in time for the festival and then expand afterwards. This would also give us the opportunity to consider the immediate feedback we receive.
>
> I think we can secure a $15k budget for this year (instead of $8k). We also have a $5k DWP grant, which was awarded to us for work around tree wells, which we can include for work on greenway landscaping, etc. This would bring us to a total budget of $20k for Phase I. We can allocate additional funding for a more semi-permanent Phase II next year, should all go well and everyone is on board.

Subject: Prelim concepts!

Hi Matt,

Please see below for prelim concepts for our installation. Overall, we want to blend the lines between private and public space, especially between the street, crosswalk, sidewalk and parkway. Other than seating & landscaping, we are planning to include a way finding signage component as well.

As for the engagement component, our rough approach is below:

Our project is grounded on our belief that engagement can take place on multiple levels. The following is our approach:

1. Interactive: Our installation, despite the small budget and short-term display period, will be resilient to withstand and encourage meaningful interaction. For example, the modules can be used for seating by children and adults alike. The primary purpose is to demonstrate the future viability of potential improvements.

2. Feedback: The installation itself is also at the service of encouraging community members to provide feedback on future improvements. Given our focus on seating and wayfinding signage, some of the questions we will be asking visitors include:

    - What else would encourage you to use this place for sitting, eating, or relaxing?
    - What local landmarks would you want visitors to know about? *Please indicate the estimated walking time.*
    - What are other ways you would like to see this parkway improved?
    - Are there other activities you would like to see take place here?

3. Partnerships: Arguably, the installation in conjunction with the Hwd Music & Arts Festival will draw a sizeable crowd. However, to ground this effort with local businesses, we intend to partner with a food retailer to offer complimentary snacks and drinks. Potential partners include businesses located in the nearby Space1520.

We look forward to chatting tomorrow. Please call me at 323.244.3630 or let us know the best number to reach you.

Cheers,

Hi Dan,

The Hollywood board approved moving forward with the commendation for Sarah Besley – and authorized the purchase of two benches for the LaBrea median area.

So, need to plan next steps.

I am thinking this could be a two-part process. Could Mitch present Sarah with a resolution at City Hall, and then we could plan to come to Hollywood to see the benches unveiled and then go to lunch?

The best option would be to do this in November, after the music festival, so we can devote about a half a day to this (on staff).

Here is the resolution we drafted.

Let me know your thoughts!

Hi friends, so very sorry to respond at this late moment.

We have Sunset & Vine Board meeting today at 4 p.m., and I had hoped I could come downtown this afternoon, but that is not feasible. Two board meetings this week and two budgets to present. I'm having to stick close to my knitting.

Let me know how we can help on the crosswalk public information. We are making it a front page story in our BID newsletter which will go out this week.

Jeanne and Tony,
The Rusty Mullet Revocation/Nuisance Abatement hearing with the ZA is the morning of Thursday 7/28, 10 AM. Almost no chance it will be done in time for the Walk of Fame star ceremony.

I have been planning to attend to speak on behalf of CD13. I think it's important that I do that. If that's the case -- Tony, at the very least, can you attend the Walk of Fame ceremony with MOF? In addition, we'd probably need another staffer to go with MOF. I know William likes to go... but Jeanne I leave it to your discretion...

Let me know what you think.

Hi Dan,

I'd like to take a look at the contract under which PATH does homeless outreach for CD13. I'd also like to see any ancillary materials. In particular I'm interested in finding out how PATH chooses the areas in which it does outreach. Are any areas mandatory? Are any excluded?

thanks,

I know you're going to LOL because it's Calabasas but wanted to give you an idea of how other local jurisdictions process "Public Records Request" pursuant to state code section 6250 et. seq.

I think it's a good template we may want to consider in the future, it includes fees, specific procedures/ requests, staff copying time, offsite file retrieval/ return fee, timeframe, etc.

Thanks! :)

CITY of CALABASAS

The California Public Records Act (Government Code Section 6250 et seq.) provides California citizens with important rights to obtain access to records held by public agencies in the State. In recent years the City of Calabasas has experienced a substantial growth in the volume of requests for public records and the staff time required to respond to such requests. The purpose of this policy is to clarify the process by which the City will respond to requests for records under the Public Records Act.

1. All requests for public records shall be submitted to the City Clerk in writing on a form prescribed by the City Clerk, unless the request is to review an agenda or agenda reports of the City Council or the Municipal Code, which are available in the City Clerk's Office, Calabasas Library or on the City of Calabasas website at www.cityofcalabasas.com.

2. The City Clerk will respond to all requests as soon as possible, but not later than the ten-day period, or extensions thereof, as provided by Government Code Section 6253.

   a. The City Clerk shall review the request and determine whether the request seeks identifiable records and, if not, the City Clerk shall assist the person making the request to identify records and information that are responsive to the request or to the purpose of the request, if stated.

   b. The City Clerk shall request all City Departments which may have the records search their files and report back to the City Clerk on whether the Department has the records and, if so, when the records can be made available to the person seeking them.

   c. The City Clerk shall respond to the person requesting records by notifying requestor of the availability of the documents and whether any of the documents are exempt from disclosure under the provisions of the Public Records Act. To the extent feasible, the City Clerk will provide suggestions for overcoming any practical basis for denying access to the records or information sought in compliance with the Public Records Act. Due to staffing limitations, the City Clerk may find it necessary to require appointments for inspection of large requests.

   d. When a request is made for copies of records, the City Clerk or her designee shall advise the requestor of the copying costs. As set forth by resolution of the City Council the following fees will apply:

      (i) Where allowed by law, the rate of thirty-one dollars ($31) per hour per person, computed on the basis of eight dollars ($8) per quarter hour or fraction thereof for direct costs of duplication (Government Code 6253 b).

      (ii) Photocopying costs in the amount of $0.25 per page for standard reproduction of documents of a size 11 by 17 inches or less.

      (iii) Copying costs in the amount of $0.25 per page for copying of documents from microfilm.

      (iv) Actual costs for the reproduction of other oversized documents or the reproduction of documents requiring special processing.

      (v) When the City must compile electronic data, extract information from an electronic record, or undertake computer programming to satisfy a request, the City may require the requestor to bear the full and actual costs incurred by the City.

      (vi) Actual postage charges.

      (vii) Actual cost, if any, charged to the City by a third party for the retrieval and return of records held offsite. Those rates are currently set at $3.13 for box retrieval and $3.13 for box return.

   e. Pursuant to Government Code 6253 (b), no copies will be made until payment has been received in full by the City.

   f. Voluminous and/or complex requests for records will be sent to an outside copy service. The requestor shall be responsible for all copying fees charged to the City. Payment will be requested from the requestor prior to having the copies made.

   g. Plans that were prepared by a licensed architect or engineer cannot be duplicated without the written authorization of that licensed professional and property owner. If plan copies are requested, forms will be sent by the City Clerk to the licensed professional and property owner to obtain those approvals.

3. In accordance with the Public Records Act, the City will provide only specific identifiable records but will not research City records for particular types of information or analyze information which may be contained within public records.

4. The City will respond to requests for public records in accordance with the terms of the Public Records Act as the Act now exists or may hereafter be amended, and nothing in this Policy is intended nor shall it be construed to conflict with the terms of the Public Records Act.

Subject: Need Help With Response to Adrian Riskin

Hi Mike,
We need your help. Since May 19th, Adrian has opened 20 CPRA requests with our office. Four of these have been completed. The remaining 16 are still open. Some of them have been responded to in part, or are just about finished, or are in the works.

In the past 10 days, Adrian has opened up 10 new requests, eight of them in the past three days alone. (He also responded to my message last night -- suggesting he limit his requests to one at a time -- by opening up five new requests.)

These eight new requests are where we could use your assistance.

Regarding these eight new requests, does CD13 have recourse to tell Adrian something along the lines of: "We will respond to these requests after closing out your current open requests by September 30th, as previously stated" ?

And, could we apply this logic to new requests that come in from him?

Please advise. (FYI - for your reference I have included our spreadsheet below of all his requests since May 19th.)

Thanks,
Dan

Dear Dan,

When you get a chance I'd like to look at all emails between either Bryan or Richard Kim (K-Town property managers) and anyone at CD13 including your boss from January 1, 2015 through July 31, 2016. I'd also like to see copies of any records in the same time range which mention either of these Kims (that's not already included in the first request).

Thanks,

Adrian

Dear Adrian,

This office has made consistent efforts to respond in prompt fashion to your multitude of requests, and will continue to do so. The sheer volume of your multiple requests that are all pending at the same time slows down the process to some degree. An enormous amount of collective staff time is required to respond to your requests, in addition to the normal work required to run a Council Office responsive to the needs of approximately 250,000 constituents. We will continue to do our best to manage this balance in an efficient way.

As you know, you are well within your rights to make multiple requests at once, as you have done consistently for quite some time. However, if you are concerned about waiting too long for certain requests to be completed, I would suggest that you limit your requests to one at a time. Regardless, we will continue to respond as quickly as possible in compliance with the California Public Records Act and in consultation with the Office of the City Attorney.

Best Regards,

Dan Halden

To: Dan Halden <daniel.halden@lacity.org>

Dear Dan,

When you get a chance I'd like to look at all emails between either Bryan or Richard Kim (K-Town property managers) and anyone at CD13 including your boss from January 1, 2015 through July 31, 2016. I'd also like to see copies of any records in the same time range which mention either of these Kims (that's not already included in the first request).

Thanks,

Adrian

Dear Adrian,

This office has made consistent efforts to respond in prompt fashion to your multitude of requests, and will continue to do so. The sheer volume of your multiple requests that are all pending at the same time slows down the process to some degree. An enormous amount of collective staff time is required to respond to your requests, in addition to the normal work required to run a Council Office responsive to the needs of approximately 250,000 constituents. We will continue to do our best to manage this balance in an efficient way.

As you know, you are well within your rights to make multiple requests at once, as you have done consistently for quite some time. However, if you are concerned about waiting too long for certain requests to be completed, I would suggest that you limit your requests to one at a time. Regardless, we will continue to respond as quickly as possible in compliance with the California Public Records Act and in consultation with the Office of the City Attorney.

Best Regards,

Subject: Jeanne please advise on this response to Adrian

This is a DRAFT response to his below message about us taking too long on a certain CPRA request.

Mike Dundas has said the below language is OK; let me know if it works for you.

Dear Adrian,

This office has made consistent efforts to respond in prompt fashion to your multitude of requests, and will continue to do so. The sheer volume of your multiple requests that are all pending at the same time slows down the process to some degree. An enormous amount of collective staff time is required to respond to your requests, in addition to the normal work required to run a Council Office responsive to the needs of approximately 270,000 constituents. We will continue to do our best to manage this balance in an efficient way.

As you know, you are well within your rights to make multiple requests at once, as you have done consistently for quite some time. However, if you are concerned about waiting too long for certain requests to be completed, I would suggest that you limit your requests to one at a time. Regardless, we will continue to respond as quickly as possible in compliance with the California Public Records Act and in consultation with the Office of the City Attorney.

Dear Dan,

I'm sorry to make a fuss, but three months seems like far too long a
time to meet CPRA's mandate of prompt access to records especially given
the political currency of this issue. I hope you can find a way to
speed things up.

Thanks,

Adrian

Hello Marisol,

Dan is to be commended for his hard work managing the CPRA requests for your office in addition to his regular job, but the workload is just the nature of being a public office in California. A number of other council offices are feeling similar pressures. One council office has an employee working more than 75% of their time just on CPRAs.

There is no obligation on the part of the office to have a staff person working overtime to comply with requests. Most offices devote additional staff to the issue so all can handle during normal work hours. I spoke with Dan about making determinations that stretch out the response time to a more reasonable time from for the office to handle. The bottom line is that there is nothing that would legally allow the city to refuse to accept a new CPRA from a person/entity if there is one currently pending from that same person/entity. Similarly, there is no such thing as a vexatious requester in the CPRA. The only way to change the current system would be for the CM/City to sponsor legislation at the state level restricting access to public records for people who make multiple requests.

Mike, this takes up so much of staff time. Dan has come in on weekends to try and meet the demands of all the CPRA requests that we get, it really is unsustainable. He is one of our busiest deputy and has a to balance emails, calls, briefing notes, events, staffing the Councilmember, Hollywood street closure committee, etc...

In all honesty, this is really hindering on our ability to carry out the massive workload we get on a daily basis and respond in a timely manner to to other constituents that have concerning quality of life issues.

When is enough, enough?

Hello Marisol,

Dan is to be commended for his hard work managing the CPRA requests for your office in addition to his regular job, but the workload is just the nature of being a public office in California. A number of other council offices are feeling similar pressures. One council office has an employee working more than 75% of their time just on CPRAs.

There is no obligation on the part of the office to have a staff person working overtime to comply with requests. Most offices devote additional staff to the issue so all can handle during normal work hours. I spoke with Dan about making determinations that stretch out the response time to a more reasonable time from for the office to handle. The bottom line is that there is nothing that would legally allow the city to refuse to accept a new CPRA from a person/entity if there is one currently pending from that same person/entity. Similarly, there is no such thing as a vexatious requester in the CPRA. The only way to change the current system would be for the CM/City to sponsor legislation at the state level restricting access to public records for people who make multiple requests.

Mike, this takes up so much of staff time. Dan has come in on weekends to try and meet the demands of all the CPRA requests that we get, it really is unsustainable. He is one of our busiest deputy and has a to balance emails, calls, briefing notes, events, staffing the Councilmember, Hollywood street closure committee, etc...

In all honesty, this is really hindering on our ability to carry out the massive workload we get on a daily basis and respond in a timely manner to to other constituents that have concerning quality of life issues.

Dear Adrian,

This office has made consistent efforts to respond in prompt fashion to your multitude of requests, and will continue to do so. The sheer volume of your multiple requests that are all pending at the same time slows down the process to some degree. An enormous amount of collective staff time is required to respond to your requests, in addition to the normal work required to run a Council Office responsive to the needs of approximately 270,000 constituents. We will continue to do our best to manage this balance in an efficient way.

As you know, you are well within your rights to make multiple requests at once, as you have done consistently for quite some time. However, if you are concerned about waiting too long for certain requests to be completed, I would suggest that you limit your requests to one at a time. Regardless, we will continue to respond as quickly as possible in compliance with the California Public Records Act and in consultation with the Office of the City Attorney.

You aren't required to respond at all. If you feel like you should then you can explain to him that the sheer number of his requests is slowing down the process. You can tell him that if he only made one request at a time, the responses would be faster but you have to delay older requests to meet the statutory determination deadlines for newer requests.

There is no obligation on the part of the office to have a staff person working overtime to comply with requests. Most offices devote additional staff to the issue so all can handle during normal work hours. I spoke with Dan about making determinations that stretch out the response time to a more reasonable time from for the office to handle. The bottom line is that there is nothing that would legally allow the city to refuse to accept a new CPRA from a person/entity if there is one currently pending from that same person/entity. Similarly, there is no such thing as a vexatious requester in the CPRA. The only way to change the current system would be for the CM/City to sponsor legislation at the state level restricting access to public records for people who make multiple requests.

Dear Adrian,

This office has made consistent efforts to respond in prompt fashion to your multitude of requests, and will continue to do so. The sheer volume of your multiple requests that are all pending at the same time slows down the process to some degree. An enormous amount of collective staff time is required to respond to your requests, in addition to the normal work required to run a Council Office responsive to the needs of approximately 270,000 constituents. We will continue to do our best to manage this balance in an efficient way.

As you know, you are well within your rights to make multiple requests at once, as you have done consistently for quite some time. However, if you are concerned about waiting too long for certain requests to be completed, I would suggest that you limit your requests to one at a time. Regardless, we will continue to respond as quickly as

possible in compliance with the California Public Records Act and in consultation with the Office of the City Attorney.

Any thoughts on this? Jeanne, too?

This office has made consistent efforts to respond in prompt fashion to your multitude of requests, and will continue to do so. The sheer volume of your multiple requests that are all pending at the same time slows down the process to some degree. An enormous amount of collective staff time is required to respond to your requests, in addition to the normal work required to run a Council Office responsive to the needs of approximately 270,000 constituents. We will continue to do our best to manage this balance in an efficient way.

As you know, you are well within your rights to make multiple requests at once, as you have done consistently for quite some time. However, if you are concerned about waiting too long for certain requests to be completed, I would suggest that you limit your requests to one at a time. Regardless, we will continue to respond as quickly as possible in compliance with the California Public Records Act and in consultation with the Office of the City Attorney.

Any thoughts on this? Jeanne, too?

Dear Dan,

I'm sorry to make a fuss, but three months seems like far too long a time to meet CPRA's mandate of prompt access to records especially given the political currency of this issue. I hope you can find a way to speed things up.

Thanks,

Adrian

ATTORNEY-CLIENT PRIVILEGED COMMUNICATION

You aren't required to respond at all. If you feel like you should then you can explain to him that the sheer number of his requests is slowing down the process. You can tell him that if he only made one request at a time, the responses would be faster but you have to delay older requests to meet the statutory determination deadlines for newer requests.

Dear Councilmember Mitch O'Farrell and staff,

I live in Silver Lake in CD 13. A group of my neighbors and myself will be attending the PLUM Committee meeting next Tuesday at City Hall concerning the plague of billboards in our community. Our streetscape is full of ugliness and this ordinance will make a major difference in rectifying this out of control problem. It is time now to finally pass this a substantive billboard ordinance.

After the outrageous and illegal activity of Outfront Media USA in Sunset Triangle Plaza I hope you will support version B+. I am especially disgusted by the activities of Outfront Media USA and its lobbyist Veronica Perez. I hope that your office will work for the people of Silver Lake and not collaborate with the gangsters at Outfront Media USA and its lobbyist Veronica Perez. If it had been a young Latino fellow who desecrated our trees in Sunset Triangle Plaza, I am sure he would be fined and serving time by now, but money talks in the City Attorney's office regardless of the wishes of the Silver Lake community and its Councilmembers.

I urge you to approve version B+ of the citywide sign ordinance as adopted by the City Planning Commission on Oct. 22, 2015. That version helps protect our communities and neighborhoods because it:

- Restricts all new off-site signs, including digital billboards, to sign districts in a limited number of high-intensity commercial areas.
- Requires the takedown of existing billboards in exchange for new off-site signs in sign district at a ratio that can significantly reduce the number of billboards on the city's commercial streets.
- Establishes a schedule of administrative penalties for sign law violations that will be a real deterrent to companies and property owners who have been willing in the past to flout sign regulations.
- Denies any amnesty to billboards without permits or out of compliance with their permits.
- Prohibits billboards, banners and other forms of off-site signage in city-owned parks and recreation facilities.

Sincerely,

Bobby Peppey

PS: Sharon Dickinson, Please submit this letter to CF #11-1705.

Dear Dan,

I'm sorry to make a fuss, but three months seems like far too long a time to meet CPRA's mandate of prompt access to records especially given the political currency of this issue. I hope you can find a way to speed things up.

Thanks,

Adrian

David,

It was great to have an opportunity to meet you at the League of Cities conference last week during the Environmental Quality Policy Committee meeting. It would be great to get together for lunch or a drink in LA sometime soon, or if you have any events with the Councilman coming up, please let me know. I'd love to attend and chat further about your work with his office!

Thanks and have a great afternoon!

Best,
Jessica

Hi Jessica,

Thanks for the email! So wonderful to meet you and your colleague Dustan (and the other gentleman, I forget his name!). When are you free to chat? What issues have you been involved with on the City side? Again, it was my pleasure meeting you.

Hello David,

Pleasure meeting you last week at the League of Cities Conference and Expo. I am the Southern California Government Relations Director for the American Beverage Association. I believe my Central Valley counterpart, Jessica Borek, has been in contact with you as well.

I'd love to get a chance to sit down with you and Council Member O'Farrell to discuss the issues we're working on here in the state (beverage taxes, active lifestyles, healthy food choices, etc).

Please let me know when a good time to meet will be and I'll lock it in.

Hope you had a great time in Sacramento and this finds you doing well!

Many thanks,

Thanks for the quick reply David...

Tuesday morning would be best for me after 9am. I have an early meeting downtown at 8:30am that should last about 30 min. If you are downtown I can shoot right over, or make a speedy trek to wherever you'd like to meet.

Our offices are in Santa Monica but my home is in Hollywood/West Hollywood (La Brea and Melrose).

Let me know if that works and I'd love to meet with you and the staff.

Very best,

Dear Marie and David –

Thank you and Councilmember O'Farrell for meeting with the American Beverage Association (www.ameribev.org) to discuss our ongoing outreach activities and environmental leadership. We greatly appreciated your time and insights into the 13th Council District, and our discussion about how we can collective address the issues of littering/recycling to improve Los Angeles.

Please keep us informed about the Councilmember's plans for his 2014 fitness challenges and any other partnership opportunity so that we can further educate the public about the importance of recycling and healthy, active living.

Also, we would welcome Councilmember O'Farrell and all of your to tour one of the ABA's member companies facilities. These tours educate participants about the history of the non-alcoholic beverage industry in Southern California, how the industry's products are made, and the commitment the companies have to their employees, health initiatives and the environment. We are happy to arrange a tour at a time that is convenient for everyone.

Thank you again and we look forward to partnering with you in the future.

Have a happy holiday season!

Brandon

Hi Mike,
We need some clarification -- can you give us your opinion on what the phrase found in number 1 means: "All emails to or from anyone at CD13 including the CM that mention any of the following words or phrases:" -- we each have done searches based on his request, but my question is do we need to also search the words individually, such as "sugar", "tax", "soft", "drink" -- the wording in his request is the issue. Please advise, thanks!

good grief...

"sugary drink"....that's, I don't even know!

Does City Attorney not have an opinion on this? I would think we could say we can not, and they need to go through IT? Then there is a cost attached...?

Just sayin', time is money......

Off to have a Su%$#@ Drin&*

Subject: CPRA request (CD13.2016.07.18.a)

Dear Dan,

I'd like to take a look at the following records:

1. All emails to or from anyone at CD13 including the CM that mention any of the following words or phrases:

a. sugar tax
b. soda tax
c. soft drink tax
d. sugary drink

2. All communications, including but not limited to emails, between anyone at CD13 and anyone at Rodriguez Strategies.

3. All communications, including but not limited to emails, between anyone at CD13 and anyone at or representing the American Beverage Association.

I'd like to see all such material from between July 1, 2013 and June 30, 2016.

Thanks for your help,

Adrian

Adrian,
Similar to my other email just now: The bulk of these records were provided to you at our meeting this past Wednesday, July 13th. However, I do have a few more documents for you that are now available for viewing.

Let me know what your schedule is like and we can arrange an appropriate time. As you know, you have several other pending requests with us which we are responding to in due course, and can combine "viewings" as necessary.

Thank you,

Dear Adrian,

This letter is in response to your request received by Council District 13 seeking records pertaining to emails containing "food coalition" and "landreth."

Please be advised that this office finds that "unusual circumstances" exist with respect to the request, as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records in order to respond to the request.

We expect to make a determination concerning your request on or before June 15, 2016. If you have any questions, you may reach me at (213) 207-3015. We greatly appreciate your courtesy and cooperation in this matter.

OK, last mass email for now. Please search your records for **all emails between anyone at CD13 and Veronica Perez from March 1, 2016 through May 31, 2016.**

We do not yet have a final, final date to complete this request, but I do have to provide him with an update next Tuesday, June 28th. It's OK if we are still working on it. But please start looking through your files, including the MOF accounts.

Again, please redact where appropriate. Let me know if you have any questions.

Dear Dan,

I'd like to take a look at all records, including but not limited to emails, from March 3, 2015 through the present, which mention either the Greater West Hollywood Food Coalition or Ted Landreth. For emails, can you search on the terms "food coalition" and "landreth"?

Thanks,

Adrian

All,
Reminder that I need these documents **ASAP.** We **must** respond by Friday 7/15/16.

To date, I have received emails from Chris and Christine, but no one else. Thank you to those of you who have searched through your records and said you do not have anything.

If you DO have records, I need them ASAP.

Mr Arranga
I am making a request for any and all emails, conference call notes, internal memos, schedules or other documents specific to the "Home Sharing" or Airbnb phenomenon from Jan 1 2014 - present.

So, I would like to request ALL internal communications (including emails) regarding proposals to regulate home sharing such as Airbnb, whether by the councilman, council, city attorney, state representatives and/or Attorney General or those that have been introduced at the local and/or state levels.

I'd also like to request any internal correspondence or documents regarding that issue ("Home Sharing" and Airbnb, specifically) by **the staff of CD13, including Councilman O'Farrell, Jeannie Min, yourself, Dan Halden, Marisol Salguero and the rest of the CD13 staff Jan 1 2014 - present**.

Finally, any documents (including emails conference call notes, internal memos, schedules or other documents that contain my name: **Jay Marose**. (Often misspelled as morose by staff) **Jan 1 2015 to present**.

Im not asking for legal advice. That is absolutely public record.

Please let me know when I might expect this information. My understanding is that there is a limit, which can be extended as other departments sign off, on these documents.

If there are documents which are deemed not public for some reason, please note how many documents might redacted. The law says that digital documents will be provided digitally. If there are other forms, please let me know.

Thank you, in advance,
Jay Marose

Im not asking for legal advice. That is absolutely public record.

Please let me know when I might expect this information. My understanding is that there is a limit, which can be extended as other departments sign off, on these documents.

If there are documents which are deemed not public for some reason, please note how many documents might redacted. The law says that digital documents will be provided digitally. If there are other forms, please let me know.

Thank you, in advance,

Use the following language:

Dear Mr. Marose,

This letter is in response to your request received by Council District 13 seeking records pertaining to "Home Sharing" and Air BnB from January 1, 2014 to the present.

Please be advised that this office finds that "unusual circumstances" exist with respect to the request, as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records in order to respond to the request.

We expect to make a determination concerning your request on or before July 25, 2016. If you have any questions, you may reach me at (213) 473-7013. We greatly appreciate your courtesy and cooperation in this matter.

Very truly yours,

Tony Arranaga

Mr Arranga
I am making a request for any and all emails, conference call notes, internal memos, schedules or other documents specific to the "Home Sharing" or Airbnb phenomenon from Jan 1 2014 - present.

So, I would like to request ALL internal communications (including emails) regarding proposals to regulate home sharing such as Airbnb, whether by the councilman, council, city attorney, state representatives and/or Attorney General or those that have been introduced at the local and/or state levels.

I'd also like to request any internal correspondence or documents regarding that issue ("Home Sharing" and Airbnb, specifically) by **the staff of CD13, including Councilman O'Farrell, Jeannie Min, yourself, Dan Halden, Marisol Salguero and the rest of the CD13 staff Jan 1 2014 - present**.

Finally, any documents (including emails conference call notes, internal memos, schedules or other documents that contain my name: **Jay Marose**. (Often misspelled as morose by staff) **Jan 1 2015 to present**.

Im not asking for legal advice. That is absolutely public record.

Please let me know when I might expect this information. My understanding is that there is a limit, which can be extended as other departments sign off, on these documents.

If there are documents which are deemed not public for some reason, please note how many documents might redacted. The law says that digital documents will be provided digitally. If there are other forms, please let me know.

Thank you, in advance,
Jay Marose

Good afternoon -

The majority of the documents that you requested have been compiled and are ready to be picked up. There are a total of 272 pages.

The Los Angeles Municipal Code authorizes this office to charge 10 cents per copy of any requested public document. As such, please bring a check for $27.20 and contact our office at 213-473-7013 to schedule a time to pick up the documents. Please note that one staff is still in the process of reviewing the request. If you prefer, you can wait until the remaining documents are prepared and pick everything up at once.

Please be advised that this office has made its determination on your request as required by Government Code section 6253(c). To the extent that this office has non-exempt records responsive to these requests, those records will be produced at the conclusion of our search. Some of the records in our possession are exempt from production under California Government Code section 6254(f) and 6254(k) because they are records of an attorney-client privileged communication or protected attorney work product. Other records are exempt from release under Government Code section 6254(c) because they are "personnel, medical, or similar files, the disclosure of which would constitute an unwarranted invasion of personal privacy." At this time, we estimate that we will know the exact number of non-exempt pages by **June 30, 2016**. We will follow up with you on or before that date. If you would prefer copies of the non-exempt responsive records, keep in mind that

Re: California Public Records Act Requests
Subject: **5901 Sunset Boulevard** ("Project")

Dear Councilmember O'Farrell:
This request is made under the California Public Records Act pursuant to Government Code Section 6250, et seq. Please provide copies of the following from the City (as "City" is defined below).

For ease of reference in this document, please refer to the following **defined terms:**

The "**City**" shall refer to all officials, employees, consultants, and agents of the Department of City Planning, City of Los Angeles, including the City Attorney's office and any and all outside counsel retained by the City.

"**Hudson Pacific Properties**" shall refer to the Project applicant, all related or affiliated companies, and all principals, including Victor Coleman, Mark T. Lamas, Christopher J. Barton, Chris Pearson, Steven Jaffee, officers, employees, attorneys (including but not limited to the law firm of Sheppard Mullin, and/or the law firm of Freedman & Taitelman, LLP), James Pugh, Brian J. Freedman, agents and/or consultants thereof.

"**Project**" shall refer to the currently proposed 5901 Sunset Boulevard project located at or near 5901 W. Sunset Boulevard.

"**Document,**" as defined in Govt. Code Section 6252(g), shall mean any handwriting, typewriting, printing, photostating, photographing, photocopying, transmitting by electronic mail or facsimile, and every other means of recording upon any tangible thing any form of communication or representation, including letters, words, pictures, sounds, or symbols, or combinations thereof, and any record thereby created, regardless of the manner in which the record has been stored.

"**Email**" includes, but is not limited to, correspondence to or from any e-mail account through which any City business is being conducted, including but not limited to e-mail accounts to City officials, employees or consultants, **and any personal email accounts maintained by City officials, employees or consultants in which City business is being conducted or public issues, such as** communications with a project developer and/or its representatives, are discussed. All personal email accounts that may have been used for sending or receiving documents and records that are responsive to our requests are public records subject to disclosure under the CPRA.

The public records requests include:

1) **All Documents from July 1, 2013** through the date of your compliance with this request which refer or relate to 5901 W. Sunset Boulevard.

2) **All Documents from July 1, 2013** through the date of your compliance with this request which refer or relate to Hudson Pacific Properties, Sunset Gower Studios.

3) **All Documents from July 1, 2013** through the date of your compliance with this request which refer or relate to Sunset Bronson Studios.

4) **All Documents from July 1, 2013** through the date of your compliance with this request which refer or relate to Sunset Gower Studios.

5) **All communications from July 1, 2013** through the date of your compliance with this request between anyone with Council District 13 on the one hand and any person on the other hand related in any way to the Project, James Pugh, the law firm of Sheppard Mullin, or any of their employees, attorneys, consultants, or other representative.

6) **All communications from July 1, 2013** through the date of your compliance with this request between anyone with Council District 13 on the one hand and any person on the other hand related in any way to the Project, Bryan Freedman, the law firm of Freedman & Taitelman, LLP, or any of their employees, attorneys, consultants, or other representative.

7) **All Documents and/or communications from January 1, 2008** through the date of your compliance with this request which refer or relate in any manner to the Project, including, but not limited to, any correspondence from (then) Council Member Eric Garcetti.

8) **All communications from January 1, 2008** through the date of your compliance with this request between anyone with Council District 13 on the one hand and any person on the other hand related in any way to the Project, Bryan Freedman, the law firm of Freedman & Taitelman, LLP, or any of their employees, attorneys, consultants, or other representatives.

I draw the City's attention to Government Code Section 6253.1, which requires a public agency to assist the public in making a focused and effective request by: (1) identifying records and information responsive to the request, (2) describing the information technology and physical location of the records, and (3) providing suggestions for overcoming any practical basis for denying access to the records or information sought.

If the City determines that any information is exempt from disclosure, I ask that the City reconsider that determination in view of Proposition 59 which amended the State Constitution to require that all exemptions be "narrowly construed." Proposition 59 may modify or overturn authorities on which the City has relied in the past.

If the City determines that any requested records are subject to a still-valid exemption, I request that the City exercise its discretion to disclose some or all of the records notwithstanding the exemption and with respect to records containing both exempt and non-exempt content, the City redact the exempt content and disclose the rest. Should the City deny any part of this request, the City is required to provide a written response describing the legal authority on which the City relies.

Please be advised that Government Code Section 6253(c) states in pertinent part that the agency "shall promptly notify the person making the request of the determination **and the reasons therefore**." (Emphasis added.) Section 6253(d) further states that nothing in this chapter "shall be construed to permit an agency to delay or obstruct the inspection or copying of public records. The **notification of denial** of any request for records required by Section 6255 shall set forth the names and titles or positions of each person responsible for the denial."

Additionally, Government Code Section 6255(a) states that the "agency shall justify withholding any record by demonstrating that the record in question is exempt under expressed provisions of this chapter or that on the facts of the particular case the public interest served by not disclosing the record clearly outweighs the public interest served by disclosure of the record." (Emphasis added.) This provision makes clear that the agency is required to justify withholding any record **with particularity as to "the record in question."** (Emphasis added.)

Please clearly state in writing pursuant to Section 6255(b): (1) if the City is withholding any documents; (2) if the City is redacting any documents; (3) what documents the City is so withholding and/or redacting; and (4) the alleged legal bases for withholding and/or redacting as to the particular documents. It should also be noted that to the extent documents are being withheld, should those documents also contain material that is not subject to any applicable exemption to disclosure, then the disclosable portions of the documents must be segregated and produced.

I request that you preserve intact all documents and computer communications and attachments thereto, including but not limited to all emails and computer files, wherever originated, received or copied, regarding the subject matter of the above-referenced cases, including archives thereof preserved on tape, hard drive, disc, or any other archival medium, and including also any printouts, blowbacks, or other reproduction of any such computer communications. ***This is a litigation hold and you are on notice that all records requested are subject to this hold. A litigation hold requires legal counsel to take affirmative acts to assure the preservation of documents, including email, against destruction or spoliation.***

Please contact me in advance to arrange a time and place where I can inspect the records. As required by Government Code Section 6253, please respond to this request within ten days. Because I am emailing this request on April 7, 2016, please ensure that your response is provided to me by no later than April 17, 2016.

Thank you.

Regards,
Ziggy Kruse

It would still depend on how the issue is being discussed. Separately, you certainly do not need to turn over the entire memo if only one paragraph is related to the subject matter of the CPRA request. Assuming that one paragraph is public, you would only have to turn over that one paragraph.

Good afternoon -

The majority of the documents that you requested have been compiled and are ready to be picked up. There are a total of 272 pages.

The Los Angeles Municipal Code authorizes this office to charge 10 cents per copy of any requested public document. As such, please bring a check for $27.20 and contact our office at 213-473-7013 to schedule a time to pick up the documents. Please note that one staff is still in the process of reviewing the request. If you prefer, you can wait until the remaining documents are prepared and pick everything up at once.

Thank you,

Re: California Public Records Act Requests
Subject: **5901 Sunset Boulevard** ("Project")

Dear Councilmember O'Farrell:

This request is made under the California Public Records Act pursuant to Government Code Section 6250, et seq. Please provide copies of the following from the City (as "City" is defined below).

For ease of reference in this document, please refer to the following **defined terms:**

The **"City"** shall refer to all officials, employees, consultants, and agents of the Department of City Planning, City of Los Angeles, including the City Attorney's office and any and all outside counsel retained by the City.

"Hudson Pacific Properties" shall refer to the Project applicant, all related or affiliated companies, and all principals, including Victor Coleman, Mark T. Lamas, Christopher J. Barton, Chris Pearson, Steven Jaffee, officers, employees, attorneys (including but not limited to the law firm of Sheppard Mullin, and/or the law firm of Freedman & Taitelman, LLP), James Pugh, Brian J. Freedman, agents and/or consultants thereof.

"Project" shall refer to the currently proposed 5901 Sunset Boulevard project located at or near 5901 W. Sunset Boulevard.

"Document," as defined in Govt. Code Section 6252(g), shall mean any handwriting, typewriting, printing, photostating, photographing, photocopying, transmitting by electronic mail or facsimile, and every other means of recording upon any tangible thing any form of communication or representation, including letters, words, pictures, sounds, or symbols, or combinations thereof, and any record thereby created, regardless of the manner in which the record has been stored.

"Email" includes, but is not limited to, correspondence to or from any e-mail account through which any City business is being conducted, including but not limited to e-mail accounts to City officials, employees or consultants, **and any personal email accounts maintained by City officials, employees or consultants in which City business is being conducted or public issues, such as communications with a project developer and/or its representatives, are discussed.** All personal email accounts that may have been used for sending or receiving documents and records that are responsive to our requests are public records subject to disclosure under the CPRA.

The public records requests include:

1) **All Documents from July 1, 2013** through the date of your compliance with this request which refer or relate to 5901 W. Sunset Boulevard,

2) **All Documents from July 1, 2013** through the date of your compliance with this request which refer or relate to Hudson Pacific Properties, Sunset Gower Studios,

3) **All Documents from July 1, 2013** through the date of your compliance with this request which refer or relate to Sunset Bronson Studios,

4) **All Documents from July 1, 2013** through the date of your compliance with this request which refer or relate to Sunset Gower Studios.

5) **All communications from July 1, 2013** through the date of your compliance with this request between anyone with Council District 13 on the one hand and any person on the other hand related in any way to the Project, James Pugh, the law firm of Sheppard Mullin, or any of their employees, attorneys, consultants, or other representative.

6) **All communications from July 1, 2013** through the date of your compliance with this request between anyone with Council District 13 on the one hand and any person on the other hand related in any way to the Project, Bryan Freedman, the law firm of Freedman & Taitelman, LLP, or any of their employees, attorneys, consultants, or other representative.

7) **All Documents and/or communications from January 1, 2008** through the date of your compliance with this request which refer or relate in any manner to the Project, including, but not limited to, any correspondence from (then) Council Member Eric Garcetti.

8) **All communications from January 1, 2008** through the date of your compliance with this request between anyone with Council District 13 on the one hand and any person on the other hand related in any way to the Project, Bryan Freedman, the law firm of Freedman & Taitelman, LLP, or any of their employees, attorneys, consultants, or other representatives.

I draw the City's attention to Government Code Section 6253.1, which requires a public agency to assist the public in making a focused and effective request by: (1) identifying records and information responsive to the request, (2) describing the information technology and physical location of the records, and (3) providing suggestions for overcoming any practical basis for denying access to the records or information sought.

If the City determines that any information is exempt from disclosure, I ask that the City reconsider that determination in view of Proposition 59 which amended the State Constitution to require that all exemptions be "narrowly construed." Proposition 59 may modify or overturn authorities on which the City has relied in the past.

If the City determines that any requested records are subject to a still-valid exemption, I request that the City exercise its discretion to disclose some or all of the records notwithstanding the exemption and with respect to records containing both exempt and non-exempt content, the City redact the exempt content and disclose the rest. Should the City deny any part of this request, the City is required to provide a written response describing the legal authority on which the City relies.

Please be advised that Government Code Section 6253(c) states in pertinent part that the agency "shall promptly notify the person making the request of the determination **and the reasons therefore**." (Emphasis added.) Section 6253(d) further states that nothing in this chapter "shall be construed to permit an agency to delay or obstruct the inspection or copying of public records. The **notification of denial** of any request for records required by Section 6255 shall set forth the names and titles or positions of each person responsible for the denial."

Additionally, Government Code Section 6255(a) states that the "agency shall justify withholding any record by demonstrating that the record in question is exempt under expressed provisions of this chapter or that on the facts of the particular case the public interest served by not disclosing the record clearly outweighs the public interest served by disclosure of the record." (Emphasis added.) This provision makes clear that the agency is required to justify withholding any record **with particularity as to "the record in question."** (Emphasis added.)

Please clearly state in writing pursuant to Section 6255(b): (1) if the City is withholding any documents; (2) if the City is redacting any documents; (3) what documents the City is so withholding and/or redacting; and (4) the alleged legal bases for withholding and/or redacting as to the particular documents. It should also be noted that to the extent documents are being withheld, should those documents also contain material that is not subject to any applicable exemption to disclosure, then the disclosable portions of the documents must be segregated and produced.

I request that you preserve intact all documents and computer communications and attachments thereto, including but not limited to all emails and computer files, wherever originated, received or copied, regarding the subject matter of the above-referenced cases, including archives thereof preserved on tape, hard drive, disc, or any other archival medium, and including also any printouts, blowbacks, or other reproduction of any such computer communications. ***This is a litigation hold and you are on notice that all records requested are subject to this hold. A litigation hold requires legal counsel to take affirmative acts to assure the preservation of documents, including email, against destruction or spoliation.***

Please contact me in advance to arrange a time and place where I can inspect the records. As required by Government Code Section 6253, please respond to this request within ten days. Because I am emailing this request on April 7, 2016, please ensure that your response is provided to me by no later than April 17, 2016.

Thank you.

Ziggy Kruse

Re: California Public Records Act Requests
Subject: **5901 Sunset Boulevard** ("Project")

Dear Councilmember O'Farrell:
This request is made under the California Public Records Act pursuant to Government Code Section 6250, et seq. Please provide copies of the following from the City (as "City" is defined below).

For ease of reference in this document, please refer to the following **defined terms:**

The **"City"** shall refer to all officials, employees, consultants, and agents of the Department of City Planning, City of Los

Angeles, including the City Attorney's office and any and all outside counsel retained by the City.

"Hudson Pacific Properties" shall refer to the Project applicant, all related or affiliated companies, and all principals, including Victor Coleman, Mark T. Lamas, Christopher J. Barton, Chris Pearson, Steven Jaffee, officers, employees, attorneys (including but not limited to the law firm of Sheppard Mullin, and/or the law firm of Freedman & Taitelman, LLP), James Pugh, Brian J. Freedman, agents and/or consultants thereof.

"Project" shall refer to the currently proposed 5901 Sunset Boulevard project located at or near 5901 W. Sunset Boulevard.

"Document," as defined in Govt. Code Section 6252(g), shall mean any handwriting, typewriting, printing, photostating, photographing, photocopying, transmitting by electronic mail or facsimile, and every other means of recording upon any tangible thing any form of communication or representation, including letters, words, pictures, sounds, or symbols, or combinations thereof, and any record thereby created, regardless of the manner in which the record has been stored.

"Email" includes, but is not limited to, correspondence to or from any e-mail account through which any City business is being conducted, including but not limited to e-mail accounts to City officials, employees or consultants, **and any personal email accounts maintained by City officials, employees or consultants in which City business is being conducted or public issues, such as communications with a project developer and/or its representatives, are discussed.** All personal email accounts that may have been used for sending or receiving documents and records that are responsive to our requests are public records subject to disclosure under the CPRA.

The public records requests include:

1) **All Documents from July 1, 2013** through the date of your compliance with this request which refer or relate to 5901 W. Sunset Boulevard.

2) **All Documents from July 1, 2013** through the date of your compliance with this request which refer or relate to Hudson Pacific Properties, Sunset Gower Studios.

3) **All Documents from July 1, 2013** through the date of your compliance with this request which refer or relate to Sunset Bronson Studios.

4) **All Documents from July 1, 2013** through the date of your compliance with this request which refer or relate to Sunset Gower Studios.

5) **All communications from July 1, 2013** through the date of your compliance with this request between anyone with Council District 13 on the one hand and any person on the other hand related in any way to the Project, James Pugh, the law firm of

Sheppard Mullin, or any of their employees, attorneys, consultants, or other representative.

6) **All communications from July 1, 2013** through the date of your compliance with this request between anyone with Council District 13 on the one hand and any person on the other hand related in any way to the Project, Bryan Freedman, the law firm of Freedman & Taitelman, LLP, or any of their employees, attorneys, consultants, or other representative.

7) **All Documents and/or communications from January 1, 2008** through the date of your compliance with this request which refer or relate in any manner to the Project, including, but not limited to, any correspondence from (then) Council Member Eric Garcetti.

8) **All communications from January 1, 2008** through the date of your compliance with this request between anyone with Council District 13 on the one hand and any person on the other hand related in any way to the Project, Bryan Freedman, the law firm of Freedman & Taitelman, LLP, or any of their employees, attorneys, consultants, or other representatives.

I draw the City's attention to Government Code Section 6253.1, which requires a public agency to assist the public in making a focused and effective request by: (1) identifying records and information responsive to the request, (2) describing the information technology and physical location of the records, and (3) providing suggestions for overcoming any practical basis for denying access to the records or information sought.

Some of the records in our possession are exempt from production under California Government Code section 6254(f) and 6254(k) because they are records of an attorney-client privileged communication or protected attorney work product. Other records are exempt from release under Government Code section 6254(c) because they are "personnel, medical, or similar files, the disclosure of which would constitute an unwarranted invasion of personal privacy." At this time, we estimate that we will know the exact number of non-exempt pages by **June 30, 2016**. We will follow up with you on or before that date. If you would prefer copies of the non-exempt responsive records, keep in mind that

Re: California Public Records Act Requests
Subject: **5901 Sunset Boulevard** ("Project")

Dear Councilmember O'Farrell:
This request is made under the California Public Records Act pursuant to Government Code Section 6250, et seq. Please provide copies of the following from the City (as "City" is defined below).

For ease of reference in this document, please refer to the following **defined terms:**

The "**City**" shall refer to all officials, employees, consultants, and agents of the Department of City Planning, City of Los Angeles, including the City Attorney's office and any and all outside counsel retained by the City.

"**Hudson Pacific Properties**" shall refer to the Project applicant, all related or affiliated companies, and all principals, including Victor Coleman, Mark T. Lamas, Christopher J. Barton, Chris Pearson, Steven Jaffee, officers, employees, attorneys (including but not limited to the law firm of Sheppard Mullin, and/or the law firm of Freedman & Taitelman, LLP), James Pugh, Brian J. Freedman, agents and/or consultants thereof.

"**Project**" shall refer to the currently proposed 5901 Sunset Boulevard project located at or near 5901 W. Sunset Boulevard.

"**Document,**" as defined in Govt. Code Section 6252(g), shall mean any handwriting, typewriting, printing, photostating, photographing, photocopying, transmitting by electronic mail or facsimile, and every other means of recording upon any tangible thing any form of communication or representation, including letters, words, pictures, sounds, or symbols, or combinations thereof, and any record thereby created, regardless of the manner in which the record has been stored.

"Email" includes, but is not limited to, correspondence to or from any e-mail account through which any City business is being conducted, including but not limited to e-mail accounts to City officials, employees or consultants, **and any personal email accounts maintained by City officials, employees or consultants in which City business is being conducted or public issues, such as communications with a project developer and/or its representatives, are discussed.** All personal email accounts that may have been used for sending or receiving documents and records that are responsive to our requests are public records subject to disclosure under the CPRA.

The public records requests include:

1) **All Documents from July 1, 2013** through the date of your compliance with this request which refer or relate to 5901 W. Sunset Boulevard.

2) **All Documents from July 1, 2013** through the date of your compliance with this request which refer or relate to Hudson Pacific Properties, Sunset Gower Studios.

3) **All Documents from July 1, 2013** through the date of your compliance with this request which refer or relate to Sunset Bronson Studios.

4) **All Documents from July 1, 2013** through the date of your compliance with this request which refer or relate to Sunset Gower Studios.

5) **All communications from July 1, 2013** through the date of your compliance with this request between anyone with Council District 13 on the one hand and any person on the other hand related in any way to the Project, James Pugh, the law firm of Sheppard Mullin, or any of their employees, attorneys, consultants, or other representative.

6) **All communications from July 1, 2013** through the date of your compliance with this request between anyone with Council District 13 on the one hand and any person on the other hand related in any way to the Project, Bryan Freedman, the law firm of Freedman & Taitelman, LLP, or any of their employees, attorneys, consultants, or other representative.

7) **All Documents and/or communications from January 1, 2008** through the date of your compliance with this request which refer or relate in any manner to the Project, including, but not limited to, any correspondence from (then) Council Member Eric Garcetti.

8) **All communications from January 1, 2008** through the date of your compliance with this request between anyone with Council District 13 on the one hand and any person on the other hand related in any way to the Project, Bryan Freedman, the law firm of Freedman & Taitelman, LLP, or any of their employees, attorneys, consultants, or other representatives.

I draw the City's attention to Government Code Section 6253.1, which requires a public agency to assist the public in making a focused and effective request by: (1) identifying records and information responsive to the request, (2) describing the information technology and physical location of the records, and (3) providing suggestions for overcoming any practical basis for denying access to the records or information sought.

If the City determines that any information is exempt from disclosure, I ask that the City reconsider that determination in view of Proposition 59 which amended the State Constitution to require that all exemptions be "narrowly construed." Proposition 59 may modify or overturn authorities on which the City has relied in the past.

If the City determines that any requested records are subject to a still-valid exemption, I request that the City exercise its discretion to disclose some or all of the records notwithstanding the exemption and with respect to records containing both exempt and non-exempt content, the City redact the exempt content and disclose the rest. Should the City deny any part of this request, the City is required to provide a written response describing the legal authority on which the City relies.

Please be advised that Government Code Section 6253(c) states in pertinent part that the agency "shall promptly notify the person making the request of the determination **and the reasons therefore**." (Emphasis added.) Section 6253(d) further states that nothing in this chapter "shall be construed to permit an agency to delay or obstruct the inspection or copying of public records. The **notification of denial** of any request for records required by Section 6255 shall set forth the names and titles or positions of each person responsible for the denial."

Additionally, Government Code Section 6255(a) states that the "agency shall justify withholding any record by demonstrating that the record in question is exempt under expressed provisions of this chapter or that on the facts of the particular case the public interest served by not disclosing the record clearly outweighs the public interest served by disclosure of the record." (Emphasis added.) This provision makes clear that the agency is required to justify withholding any record **with particularity as to "the record in question."** (Emphasis added.)

Please clearly state in writing pursuant to Section 6255(b): (1) if the City is withholding any documents; (2) if the City is redacting any documents; (3) what documents the City is so withholding and/or redacting; and (4) the alleged legal bases for withholding and/or redacting as to the particular documents. It should also be noted that to the extent documents are being withheld, should those documents also contain material that is not subject to any applicable exemption to disclosure, then the disclosable portions of the documents must be segregated and produced.

I request that you preserve intact all documents and computer communications and attachments thereto, including but not limited to all emails and computer files, wherever originated, received or copied, regarding the subject matter of the above-referenced cases, including archives thereof preserved on tape, hard drive, disc, or any other archival medium, and including also any printouts, blowbacks, or other reproduction of any such computer communications. ***This is a litigation hold and you are on notice that all records requested are subject to this hold. A litigation hold requires legal counsel to take affirmative acts to assure the preservation of documents, including email, against destruction or spoliation.***

Please contact me in advance to arrange a time and place where I can inspect the records. As required by Government Code Section 6253, please respond to this request within ten days. Because I am emailing this request on April 7, 2016, please ensure that your response is provided to me by no later than April 17, 2016.

Thank you.

Regards,
Ziggy Kruse

Good afternoon -

The majority of the documents that you requested have been compiled and are ready to be picked up. There are a total of 272 pages.

The Los Angeles Municipal Code authorizes this office to charge 10 cents per copy of any requested public document. As such, please bring a check for $27.20 and contact our office at 213-473-7013 to schedule a time to pick up the documents. Please note that one staff is still in the process of reviewing the request. If you prefer, you can wait until the remaining documents are prepared and pick everything up at once.

Re: California Public Records Act Requests
Subject: **5901 Sunset Boulevard** ("Project")

Dear Councilmember O'Farrell:
This request is made under the California Public Records Act pursuant to Government Code Section 6250, et seq. Please provide copies of the following from the City (as "City" is defined below).

For ease of reference in this document, please refer to the following **defined terms:**

The **"City"** shall refer to all officials, employees, consultants, and agents of the Department of City Planning, City of Los Angeles, including the City Attorney's office and any and all outside counsel retained by the City.

"Hudson Pacific Properties" shall refer to the Project applicant, all related or affiliated companies, and all principals, including Victor Coleman, Mark T. Lamas, Christopher J. Barton, Chris Pearson, Steven Jaffee, officers, employees, attorneys (including but not limited to the law firm of Sheppard Mullin, and/or the law firm of Freedman & Taitelman, LLP), James Pugh, Brian J. Freedman, agents and/or consultants thereof.

"Project" shall refer to the currently proposed 5901 Sunset Boulevard project located at or near 5901 W. Sunset Boulevard.

"Document," as defined in Govt. Code Section 6252(g), shall mean any handwriting, typewriting, printing, photostating, photographing, photocopying, transmitting by electronic mail or facsimile, and every other means of recording upon any tangible thing any form of communication or representation, including letters, words, pictures, sounds, or symbols, or combinations thereof, and any record thereby created, regardless of the manner in which the record has been stored.

"Email" includes, but is not limited to, correspondence to or from any e-mail account through which any City business is being conducted, including but not limited to e-mail accounts to City officials, employees or consultants, **and any personal email accounts maintained by City officials, employees or consultants in which City business is being conducted or public issues, such as communications with a project developer and/or its representatives, are discussed.** All personal email accounts that may have been used for sending or receiving documents and records that are responsive to our requests are public records subject to disclosure under the CPRA.

The public records requests include:

1) **All Documents from July 1, 2013** through the date of your compliance with this request which refer or relate to 5901 W. Sunset Boulevard,

2) **All Documents from July 1, 2013** through the date of your compliance with this request which refer or relate to Hudson Pacific Properties, Sunset Gower Studios,

3) **All Documents from July 1, 2013** through the date of your compliance with this request which refer or relate to Sunset Bronson Studios,

4) **All Documents from July 1, 2013** through the date of your compliance with this request which refer or relate to Sunset Gower Studios.

5) **All communications from July 1, 2013** through the date of your compliance with this request between anyone with Council District 13 on the one hand and any person on the other hand related in any way to the Project, James Pugh, the law firm of Sheppard Mullin, or any of their employees, attorneys, consultants, or other representative.

6) **All communications from July 1, 2013** through the date of your compliance with this request between anyone with Council District 13 on the one hand and any person on the other hand related in any way to the Project, Bryan Freedman, the law firm of Freedman & Taitelman, LLP, or any of their employees, attorneys, consultants, or other representative.

7) **All Documents and/or communications from January 1, 2008** through the date of your compliance with this request which refer or relate in any manner to the Project, including, but not limited to, any correspondence from (then) Council Member Eric Garcetti.

8) **All communications from January 1, 2008** through the date of your compliance with this request between anyone with Council District 13 on the one hand and any person on the other hand related in any way to the Project, Bryan Freedman, the law firm of Freedman & Taitelman, LLP, or any of their employees, attorneys, consultants, or other representatives.

I draw the City's attention to Government Code Section 6253.1, which requires a public agency to assist the public in making a focused and effective request by: (1) identifying records and information responsive to the request, (2) describing the information technology and physical location of the records, and (3) providing suggestions for overcoming any practical basis for denying access to the records or information sought.

If the City determines that any information is exempt from disclosure, I ask that the City reconsider that determination in view of Proposition 59 which amended the State Constitution to require that all exemptions be "narrowly construed." Proposition 59 may modify or overturn authorities on which the City has relied in the past.

If the City determines that any requested records are subject to a still-valid exemption, I request that the City exercise its discretion to disclose some or all of the records notwithstanding the exemption and with respect to records containing both exempt and non-exempt content, the City redact the exempt content and disclose the rest. Should the City deny any part of this request, the City is required to provide a written response describing the legal authority on which the City relies.

Please be advised that Government Code Section 6253(c) states in pertinent part that the agency "shall promptly notify the person making the request of the determination **and the reasons therefore**." (Emphasis added.) Section 6253(d) further states that nothing in this chapter "shall be construed to permit an agency to delay or obstruct the inspection or copying of public records. The **notification of denial** of any request for records required by Section 6255 shall set forth the names and titles or positions of each person responsible for the denial."

Additionally, Government Code Section 6255(a) states that the "agency shall justify withholding any record by demonstrating that the record in question is exempt under expressed provisions of this chapter or that on the facts of the particular case the public interest served by not disclosing the record clearly outweighs the public interest served by disclosure of the record." (Emphasis added.) This provision makes clear that the agency is required to justify withholding any record **with particularity as to "the record in question."** (Emphasis added.)

Please clearly state in writing pursuant to Section 6255(b): (1) if the City is withholding any documents; (2) if the City is redacting any documents; (3) what documents the City is so withholding and/or redacting; and (4) the alleged legal bases for withholding and/or redacting as to the particular documents. It should also be noted that to the extent documents are being withheld, should those documents also contain material that is not subject to any applicable exemption to disclosure, then the disclosable portions of the documents must be segregated and produced.

I request that you preserve intact all documents and computer communications and attachments thereto, including but not limited to all emails and computer files, wherever originated, received or copied, regarding the subject matter of the above-referenced cases, including archives thereof preserved on tape, hard drive, disc, or any other archival medium, and including also any printouts, blowbacks, or other reproduction of any such computer communications. ***This is a litigation hold and you are on notice that all records requested are subject to this hold. A litigation hold requires legal counsel to take affirmative acts to assure the preservation of documents, including email, against destruction or spoliation.***

Please contact me in advance to arrange a time and place where I can inspect the records. As required by Government Code Section 6253, please respond to this request within ten days. Because I am emailing this request on April 7, 2016, please ensure that your response is provided to me by no later than April 17, 2016.

Thank you.

Ziggy Kruse

Re: California Public Records Act Requests
Subject: **5901 Sunset Boulevard** ("Project")

Dear Councilmember O'Farrell:
This request is made under the California Public Records Act pursuant to Government Code Section 6250, et seq. Please provide copies of the following from the City (as "City" is defined below).

For ease of reference in this document, please refer to the following **defined terms:**

The "**City**" shall refer to all officials, employees, consultants, and agents of the Department of City Planning, City of Los Angeles, including the City Attorney's office and any and all outside counsel retained by the City.

"Hudson Pacific Properties" shall refer to the Project applicant, all related or affiliated companies, and all principals, including Victor Coleman, Mark T. Lamas, Christopher J. Barton, Chris Pearson, Steven Jaffee, officers, employees, attorneys (including but not limited to the law firm of Sheppard Mullin, and/or the law firm of Freedman & Taitelman, LLP), James Pugh, Brian J. Freedman, agents and/or consultants thereof.

"Project" shall refer to the currently proposed 5901 Sunset Boulevard project located at or near 5901 W. Sunset Boulevard.

"Document," as defined in Govt. Code Section 6252(g), shall mean any handwriting, typewriting, printing, photostating, photographing, photocopying, transmitting by electronic mail or facsimile, and every other means of recording upon any tangible thing any form of communication or representation, including letters, words, pictures, sounds, or symbols, or combinations thereof, and any record thereby created, regardless of the manner in which the record has been stored.

"Email" includes, but is not limited to, correspondence to or from any e-mail account through which any City business is being conducted, including but not limited to e-mail accounts to City officials, employees or consultants, **and any personal email accounts maintained by City officials, employees or consultants in which City business is being conducted or public issues, such as communications with a project developer and/or its representatives, are discussed.** All personal email accounts that may have been used for sending or receiving documents and records that are responsive to our requests are public records subject to disclosure under the CPRA.

The public records requests include:

1) **All Documents from July 1, 2013** through the date of your compliance with this request which refer or relate to 5901 W. Sunset Boulevard.

2) **All Documents from July 1, 2013** through the date of your compliance with this request which refer or relate to Hudson Pacific Properties, Sunset Gower Studios.

3) **All Documents from July 1, 2013** through the date of your compliance with this request which refer or relate to Sunset Bronson Studios.

4) **All Documents from July 1, 2013** through the date of your compliance with this request which refer or relate to Sunset Gower Studios.

5) **All communications from July 1, 2013** through the date of your compliance with this request between anyone with Council District 13 on the one hand and any person on the other hand related in any way to the Project, James Pugh, the law firm of Sheppard Mullin, or any of their employees, attorneys, consultants, or other representative.

6) **All communications from July 1, 2013** through the date of your compliance with this request between anyone with Council District 13 on the one hand and any person on the other hand related in any way to the Project, Bryan Freedman, the law firm of Freedman & Taitelman, LLP, or any of their employees, attorneys, consultants, or other representative.

7) **All Documents and/or communications from January 1, 2008** through the

date of your compliance with this request which refer or relate in any manner to the Project, including, but not limited to, any correspondence from (then) Council Member Eric Garcetti.

8) **All communications from January 1, 2008** through the date of your compliance with this request between anyone with Council District 13 on the one hand and any person on the other hand related in any way to the Project, Bryan Freedman, the law firm of Freedman & Taitelman, LLP, or any of their employees, attorneys, consultants, or other representatives.

I draw the City's attention to Government Code Section 6253.1, which requires a public agency to assist the public in making a focused and effective request by: (1) identifying records and information responsive to the request, (2) describing the information technology and physical location of the records, and (3) providing suggestions for overcoming any practical basis for denying access to the records or information sought.

If the City determines that any information is exempt from disclosure, I ask that the City reconsider that determination in view of Proposition 59 which amended the State Constitution to require that all exemptions be "narrowly construed." Proposition 59 may modify or overturn authorities on which the City has relied in the past.

If the City determines that any requested records are subject to a still-valid exemption, I request that the City exercise its discretion to disclose some or all of the records notwithstanding the exemption and with respect to records containing both exempt and non-exempt content, the City redact the exempt content and disclose the rest. Should the City deny any part of this request, the City is required to provide a written response describing the legal authority on which the City relies.

Please be advised that Government Code Section 6253(c) states in pertinent part that the agency "shall promptly notify the person making the request of the determination **and the reasons therefore**." (Emphasis added.) Section 6253(d) further states that nothing in this chapter "shall be construed to permit an agency to delay or obstruct the inspection or copying of public records. The **notification of denial** of any request for records required by Section 6255 shall set forth the names and titles or positions of each person responsible for the denial."

Additionally, Government Code Section 6255(a) states that the "agency shall justify withholding any record by demonstrating that the record in question is exempt under expressed provisions of this chapter or that on the facts of the particular case the public interest served by not disclosing the record clearly outweighs the public interest served by disclosure of the record." (Emphasis added.) This provision makes clear that the agency is required to justify withholding any record **with particularity as to "the record in question."** (Emphasis added.)

Please clearly state in writing pursuant to Section 6255(b): (1) if the City is withholding any documents; (2) if the City is redacting any documents; (3) what documents the City is so withholding and/or redacting; and (4) the alleged legal bases for withholding and/or redacting as to the particular documents. It should also be noted that to the extent documents are being withheld, should those documents also contain material that is not subject to any applicable exemption to disclosure, then the disclosable portions of the documents must be segregated and produced.

I request that you preserve intact all documents and computer communications and attachments thereto, including but not limited to all emails and computer files, wherever originated, received or copied, regarding the subject matter of the above-referenced cases, including archives thereof preserved on tape, hard drive, disc, or any other archival medium, and including also any printouts, blowbacks, or other reproduction of any such computer communications. ***This is a litigation hold and you are on notice that all records requested are subject to this hold. Hi Mike,
Our office now has 10 pending CPRA requests from Adrian Riskin that are all outstanding, including this one I got last night. He is asking for all emails between our office and Deputy City Attorney Serena Christion. Would our correspondence with Serena be protected under Attorney/Client Privilege?

Thanks,

Dave,

MOF went to this event last year. It's a reception for different non-profits that RMD gives small grants to.
We've regretted a few invites to different events since then, so if he has the time and doesn't mind stopping by, wouldn't be bad.

Dear Dan,

I'd like to look at all records having to do with the tree trimming issue and with CF 15-0467-S4, including but not limited to internal communications, notes of meetings, drafts, reports which don't appear in the official council file, constituent emails (either inclusive or exclusive of mine, whichever makes your search easier), and so on. For emails I'm not sure how best to craft the search, but it should at least include "tree trimming" and whatever other search terms you think would be effective. Probably from January 1, 2016 through June 30, 2016 is a sufficient date range.

Thanks, and I hope your time off is as you wish it to be,

Adrian

Dear Dan,

I'd like to inspect, at your convenience, copies of all emails between anyone at CD13 and anyone at the domains hollywoodbid.org or andrewsinternational.com from between January 1, 2016 and April 23, 2016.

For once I need to look at these fairly urgently, so if there's any way to expedite this request I would be grateful. I understand that you have to look through the material and redact certain bits and that that takes a lot of time. Perhaps in order to speed things up you could look through the material, separate the emails that don't need to be redacted, let me look at those first, and then later I could look at the redacted ones?

I won't be making a habit of asking you to hurry.

Thanks, as always, for your help!

Here's another one. Bear with me. Please search your files for **all records, including but NOT limited to emails, from March 3, 2015 through May 22, 2016, which mention either the Greater West Hollywood Food Coalition or Ted Landreth.**

Per the requester, when searching for emails please search for **"Food Coalition"** and **"Landreth."** Let me know what turns up.

I need to submit this by Friday, July 15th. Like the other request, please give me your documents -- including redactions -- **before July 15th.** Admin team, this includes MOF's two accounts as well.

I'm here to answer any questions.

Thanks,

Dear Dan,

I'd like to take a look at all records, including but not limited to emails, from March 3, 2015 through the present, which mention either the Greater West Hollywood Food Coalition or Ted Landreth. For emails, can you search on the terms "food coalition" and "landreth"?

Thanks,

Adrian

How do you think we should respond, DG? I say we keep it broad and say Council will be taking up the Public Works Committee recommendations on how to move forward with clamping down on illegal tree pruning and illegal tree removal violations. Public Works Committee will be meeting on Monday the 27th to take up the matter.

There's no proposed ordinance on the table, right? Just a recommendation from BSS. So what's the Council going to be considering on the 28th? To accept the recommendation? To modify it? Something else?

Thanks for your time,

Dear Adrian,

This letter is in response to your request received by Council District 13 seeking records pertaining to emails between CD13 and Veronica Perez between March 1, 2016 and May 31, 2016.

Please be advised that this office finds that "unusual circumstances" exist with respect to the request, as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records in order to respond to the request.

We expect to make a determination concerning your request on or before June 28, 2016. If you have any questions, you may reach me at (213) 207-3015. We greatly appreciate your courtesy and cooperation in this matter.

Please be advised that this office has made its determination on your request as required by Government Code section 6253(c). To the extent that this office has non-exempt records responsive to these requests, those records will be produced at the conclusion of our search. Some of the records in our possession are exempt from production under California Government Code section 6254(f) and 6254(k) because they are records of an attorney-client privileged communication or protected attorney work product. Other records are exempt from release under Government Code section 6254(c) because they are "personnel, medical, or similar files, the disclosure of which would constitute an unwarranted invasion of personal privacy." At this time, we estimate that we will know the exact number of non-exempt pages by **June 30, 2016**. We will follow up with you on or before that date. If you would prefer copies of the non-exempt responsive records, keep in mind that the Los Angeles Municipal Code authorizes this office to charge 10 cents per copy of any requested public document.

Re: California Public Records Act Requests
Subject: **5901 Sunset Boulevard** ("Project")

Dear Councilmember O'Farrell:
This request is made under the California Public Records Act pursuant to Government Code Section 6250, et seq. Please provide copies of the following from the City (as "City" is defined below).

For ease of reference in this document, please refer to the following **defined terms:**

The **"City"** shall refer to all officials, employees, consultants, and agents of the Department of City Planning, City of Los Angeles, including the City Attorney's office and any and all outside counsel retained by the City.

"Hudson Pacific Properties" shall refer to the Project applicant, all related or affiliated companies, and all principals, including Victor Coleman, Mark T. Lamas, Christopher J. Barton, Chris Pearson, Steven Jaffee, officers, employees, attorneys (including but not limited to the law firm of Sheppard Mullin, and/or the law firm of Freedman & Taitelman, LLP), James Pugh, Brian J. Freedman, agents and/or consultants thereof.

"Project" shall refer to the currently proposed 5901 Sunset Boulevard project located at or near 5901 W. Sunset Boulevard.

"Document," as defined in Govt. Code Section 6252(g), shall mean any handwriting, typewriting, printing, photostating, photographing, photocopying, transmitting by electronic mail or facsimile, and every other means of recording upon any tangible thing any form of communication or representation, including letters, words, pictures, sounds, or symbols, or combinations thereof, and any record thereby created, regardless of the manner in which the record has been stored.

"Email" includes, but is not limited to, correspondence to or from any e-mail account through which any City business is being conducted, including but not limited to e-mail accounts to City officials, employees or consultants, **and any personal email accounts maintained by City officials, employees or consultants in which City business is being conducted or public issues, such as communications with a project developer and/or its representatives, are discussed.** All personal email accounts that may have been used for sending or receiving documents and records that are responsive to our requests are public records subject to disclosure under the CPRA.

The public records requests include:

1) **All Documents from July 1, 2013** through the date of your compliance with this request which refer or relate to 5901 W. Sunset Boulevard.

2) **All Documents from July 1, 2013** through the date of your compliance with this request which refer or relate to Hudson Pacific Properties, Sunset Gower Studios.

3) **All Documents from July 1, 2013** through the date of your compliance with this request which refer or relate to Sunset Bronson Studios.

4) **All Documents from July 1, 2013** through the date of your compliance with this request which refer or relate to Sunset Gower Studios.

5) **All communications from July 1, 2013** through the date of your compliance with this request between anyone with Council District 13 on the one hand and any person on the other hand related in any way to the Project, James Pugh, the law firm of Sheppard Mullin, or any of their employees, attorneys, consultants, or other representative.

6) **All communications from July 1, 2013** through the date of your compliance with this request between anyone with Council District 13 on the one hand and any person on the other hand related in any way to the Project, Bryan Freedman, the law firm of Freedman & Taitelman, LLP, or any of their employees, attorneys, consultants, or other representative.

7) **All Documents and/or communications from January 1, 2008** through the date of your compliance with this request which refer or relate in any manner to the Project, including, but not limited to, any correspondence from (then) Council Member Eric Garcetti.

8) **All communications from January 1, 2008** through the date of your compliance with this request between anyone with Council District 13 on the one hand and any person on the other hand related in any way to the Project, Bryan Freedman, the law firm of Freedman & Taitelman, LLP, or any of their employees, attorneys, consultants, or other

representatives.

I draw the City's attention to Government Code Section 6253.1, which requires a public agency to assist the public in making a focused and effective request by: (1) identifying records and information responsive to the request, (2) describing the information technology and physical location of the records, and (3) providing suggestions for overcoming any practical basis for denying access to the records or information sought.

If the City determines that any information is exempt from disclosure, I ask that the City reconsider that determination in view of Proposition 59 which amended the State Constitution to require that all exemptions be "narrowly construed." Proposition 59 may modify or overturn authorities on which the City has relied in the past.

If the City determines that any requested records are subject to a still-valid exemption, I request that the City exercise its discretion to disclose some or all of the records notwithstanding the exemption and with respect to records containing both exempt and non-exempt content, the City redact the exempt content and disclose the rest. Should the City deny any part of this request, the City is required to provide a written response describing the legal authority on which the City relies.

Please be advised that Government Code Section 6253(c) states in pertinent part that the agency "shall promptly notify the person making the request of the determination **and the reasons therefore**." (Emphasis added.) Section 6253(d) further states that nothing in this chapter "shall be construed to permit an agency to delay or obstruct the inspection or copying of public records. The **notification of denial** of any request for records required by Section 6255 shall set forth the names and titles or positions of each person responsible for the denial."

Additionally, Government Code Section 6255(a) states that the "agency shall justify withholding any record by demonstrating that the record in question is exempt under expressed provisions of this chapter or that on the facts of the particular case the public interest served by not disclosing the record clearly outweighs the public interest served by disclosure of the record." (Emphasis added.) This provision makes clear that the agency is required to justify withholding any record **with particularity as to "the record in question."** (Emphasis added.)

Please clearly state in writing pursuant to Section 6255(b): (1) if the City is withholding any documents; (2) if the City is redacting any documents; (3) what documents the City is so withholding and/or redacting; and (4) the alleged legal bases for withholding and/or redacting as to the particular documents. It should also be noted that to the extent documents are being withheld, should those documents also contain material that is not subject to any applicable exemption to disclosure, then the disclosable portions of the documents must be segregated and produced.

I request that you preserve intact all documents and computer communications and attachments thereto, including but not limited to all emails and computer files, wherever originated, received or copied, regarding the subject matter of the above-referenced cases, including archives thereof preserved on tape, hard drive, disc, or any other archival medium, and including also any printouts, blowbacks, or other reproduction of any such computer communications. ***This is a litigation hold and you are on notice that all records requested are subject to this hold.***

A litigation hold requires legal counsel to take affirmative acts to assure the preservation of documents, including email, against destruction or spoliation.

Please contact me in advance to arrange a time and place where I can inspect the records. As required by Government Code Section 6253, please respond to this request within ten days. Because I am emailing this request on April 7, 2016, please ensure that your response is provided to me by no later than April 17, 2016.

Thank you.

Regarding the answer to your question, I would suggest either LAPD or the City Clerk which may be able to provide more information regarding Business Improvement Districts (BIDs).

I'd like to take a look at all emails to or from anyone at CD13 which are associated with the attached email chain, including but not limited to the original email from Christy Davis to Hector Vega that initiated the matter and any responses to it.

Also, I'd like to see any records on hand that relate in general (i.e. not specifically tied to this email chain) to an answer to the questions that Ms. Davis asked Mr. Vega. To wit: "...how can the[y] be allowed to take these people to jail? Under what authority can they arrest people if they are not LAPD officers?"

Finally, and I realize this isn't covered under CPRA, but is more of a constituent request, if you can suggest other city agencies or employees who might have a pragmatic (i.e. more than a unnuanced recitation of 837 PC) answer to that question it would be super-helpful.

Thanks,

Dear Dan,

I'd like to inspect, at your convenience, copies of all emails between anyone at CD13 and anyone at the domains hollywoodbid.org or andrewsinternational.com from between January 1, 2016 and April 23, 2016.

For once I need to look at these fairly urgently, so if there's any way to expedite this request I would be grateful. I understand that you have to look through the material and redact certain bits and that that takes a lot of time. Perhaps in order to speed things up you could look through the material, separate the emails that don't need to be redacted, let me look at those first, and then later I could look at the redacted ones?

I won't be making a habit of asking you to hurry.

Thanks, as always, for your help!

I'd like to take a look at all records relating to this meeting including but not limited to emails setting up the meeting or discussing it, agendas, minutes, notes, and so on.

Happy EVERYTHING Dave!

Jeanne said she was but so far she hasn't. MOF and George (I assume George is coming) are seated at the head table and MOF does speak at GALA since the Park is in his district! I've given him 3 minutes, but he can have more if he wants ☺ He's also being interviewed by the Food Network – this has to do with the surprise finale which he knows about already.

Can't wait to meet Steven – he's lucky to have you in his life...as am I!

XOXOX!

Hi darling one! Welcome to 2016! I hope your holidays were magnificent (just like you).

OF COURSE I'll seat Dan – I didn't receive a response from him!

I have attached the draft timeline – I gave MOF 4 minutes including introducing Phil Aarons, Alfred Fraijo and me. Let me know if he wants more time ☺. MOF also comes back on stage for the finale which I've previously discussed with him .....

Let me know if you have any questions or concerns.

Love you!

Tony: I just spoke to MOF about this. He has been thinking about some ideas – he wants to draw on his immediate past experiences like visiting the High Line in NYC, and talk about the importance of placemaking.

Hi David – hope all is well! Happy March 1st.

Phil Aarons is coming into LA for 24 hours for a court hearing tomorrow on the City of LA's motion to dismiss the due process claims against the City (Silverstein lawsuit). Do you think MOF might have 10-15 minutes for Phil any time after 3:30 on Thursday to meet. Phil can meet MOF anywhere convenient for him. Phil wants to bring him up to date on where things are with Millennium and the lawsuits.

Thanks a bunch!

Hugs,

Laurie

Hi David!

I hope all is well!

I was with MOF on Thursday at the YPI event. We discussed an FHCP meeting and event – MOF said to email you for availability:

- Early May meeting to brief MOF on FHCP Washington DC Advocacy trip
- Haute Dog Party, July 31, 4-6 PM – MOF will participate in a food challenge with celebrity chefs Betty Fraser and Denise DeCarlo

This is a CD 13 community event ☺ (We had one back in 2010 and it was hugely successful).

- Gala has been scheduled: Thursday, January 12, 2017!

Thanks David!

Hugs,

Laurie

I am working on your requests:

I have place the Haute Dog event on his calendar; not sure that he wants to do the food challenge - perhaps another role?

I placed the Gala on for next year as well.

I am working to get you a date. Can you gimme a few more days please?

LOL HA HA HA!

It's really no big deal – he would be partnered with a "TOP CHEF", Betty Fraser or Denise DeCarlo, to make a hot dog dish with 4 ingredients that spell out Park or FHCP plus a basic pantry. Last time we did this CM's Tom LaBonge and Paul Koretz participated and they loved it (see pics). It takes all of 15 minutes. Plus it's a community event at LABT (we know how MOF loves LABT).

To: Dan Halden <daniel.halden@lacity.org>

Dear Dan,

I'd like to inspect, at your convenience, copies of all emails between anyone at CD13 and anyone at the domains hollywoodbid.org or andrewsinternational.com from between January 1, 2016 and April 23, 2016.

For once I need to look at these fairly urgently, so if there's any way to expedite this request I would be grateful. I understand that you have to look through the material and redact certain bits and that that takes a lot of time. Perhaps in order to speed things up you could look through the material, separate the emails that don't need to be redacted, let me look at those first, and then later I could look at the redacted ones?

I won't be making a habit of asking you to hurry.

Thanks, as always, for your help!

Adrian

But we CAN charge him. Why wouldn't we charge him when we have to go through all these frivolous CPRAs? It is our policy to charge. I think we need to be internally consistent on this.

Thanks, Dan.

If it would speed things up I wonder if you'd mind letting me look at
them prior to your blanking out email addresses and phone numbers and
stuff, without me scanning them or taking notes or anything, and letting
you know if some were more important to my needs than others. I would
of course swear on my honor not to even remember any personal contact
info, and then maybe you could redact them in an order that's more
efficient than chance?

Or maybe if there were some that didn't need redacting, you could let me
look at them while you're still redacting the rest?

If not, I totally understand, but I thought I'd ask. Also, I understand
that it's possible that redacting the contact info may not be what takes
up the time, in which case perhaps this course of action wouldn't be
useful at all.

Anyway, thanks again for all your help,

Adrian

Hey Sylvan we were able to only complete the following locations:

1. 123 Lucas Ave. This appears to be a large illegal dumping. Please begin the process of removing it as best you can.

There was a couple of bulky items that we couldn't fit in our truck so we left them behind near the curb.

Dear Dan,

I'd like to inspect, at your convenience, copies of all emails between anyone at CD13 and anyone at the domains hollywoodbid.org or andrewsinternational.com from between January 1, 2016 and April 23, 2016.

For once I need to look at these fairly urgently, so if there's any way to expedite this request I would be grateful. I understand that you have to look through the material and redact certain bits and that that takes a lot of time. Perhaps in order to speed things up you could look through the material, separate the emails that don't need to be redacted, let me look at those first, and then later I could look at the redacted ones?

I won't be making a habit of asking you to hurry.

Thanks, as always, for your help!

To: Dan Halden <daniel.halden@lacity.org>

Dear Dan,

I'd like to take a look at all emails to or from anyone at CD13 which are associated with the attached email chain, including but not limited to the original email from Christy Davis to Hector Vega that initiated the matter and any responses to it.

Also, I'd like to see any records on hand that relate in general (i.e. not specifically tied to this email chain) to an answer to the questions that Ms. Davis asked Mr. Vega. To wit: "...how can the[y] be allowed to take these people to jail? Under what authority can they arrest people if they are not LAPD officers?"

Finally, and I realize this isn't covered under CPRA, but is more of a constituent request, if you can suggest other city agencies or employees who might have a pragmatic (i.e. more than a unnuanced recitation of 837 PC) answer to that question it would be super-helpful.

Thanks,

Adrian

Good afternoon LAPD and BID Security,

We received the below report about security arresting a homeless man today on Hollywood Blvd near the Toyota dealership. Do you know anything about this? Please advise.

Thank you!

She and her husband were walking down Hollywood Blvd. when a van pulled up
to a homeless man. Two security guards got out of the van, went up to him
and arrested him, said they were going to take him to jail.

She wanted to know how can the be allowed to take these people to jail?
Under what authority can they arrest people if they are not LAPD officers?

Dear Adrian,
Thanks for your offer. We are still working on this request.

Please be advised that this office finds that "unusual circumstances" exist with respect to the request, as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records in order to respond to the request.

We expect to make a determination concerning your request on or before May 17, 2016.

If you have any questions, you may reach me at (213) 207-3015. We greatly appreciate your courtesy and cooperation in this matter.

Thanks, Dan.

If it would speed things up I wonder if you'd mind letting me look at them prior to your blanking out email addresses and phone numbers and stuff, without me scanning them or taking notes or anything, and letting you know if some were more important to my needs than others. I would of course swear on my honor not to even remember any personal contact info, and then maybe you could redact them in an order that's more efficient than chance?

Or maybe if there were some that didn't need redacting, you could let me look at them while you're still redacting the rest?

If not, I totally understand, but I thought I'd ask. Also, I understand that it's possible that redacting the contact info may not be what takes up the time, in which case perhaps this course of action wouldn't be useful at all.

Anyway, thanks again for all your help,

Adrian

Dear Dan,

Attached is a copy of a letter that Miranda Paster of the Clerk's BID department sent to Kerry Morrison and CC-ed to your boss. This is evidently a standard reminder they send out. What I'm interested in are any records that would shed light on what, if anything, is done with such letters in your office. Are they discussed, acted on, whatever? I think I have any emails that anyone there might send to anyone at the BID about letters like this, but maybe there are internal communications, and so on?

thanks,

Adrian

Re: Reminder for 2016 Annual Planning Report – Sunset & Vine Property-based District

Dear Ms. Morrison,

This letter serves as a reminder that the 2016 fiscal year Annual Planning Report is **requested by November 1, 2015.** This report is a requirement of your contract with the City of Los Angeles and is also a requirement of the California State Streets and Highways Code, Section 36650.

Attached to this letter is a 2016 Annual Planning Report template specifically created for your BID which meets all of the State Law and City requirements. The template uses the 2016 projected budget from your BID's approved Management District Plan. For your convenience, an editable MS Word version will be emailed to you to incorporate the appropriate information as approved by your Board for 2016 including: 1) proposed changes to the boundaries and/or benefit zones, 2) proposed improvements and activities, 3) estimated cost of the programs and services, 4) method and basis of levying the assessments, 5) amount of surplus revenues from previous BID years and its planned expenditure, 6) amount of anticipated contributions, and 7) approval date of the 2016 budget/report by the Board.

Please note that the 2016 Annual Planning Report *must* be approved by City Council pursuant to State Law. If the 2016 Annual Planning Report requires revisions to meet State Law requirements and those revisions are not received in a timely manner, pending disbursements of District revenues may be withheld for non-compliance.

If you have any questions regarding your 2016 Annual Planning Report, please contact your assigned B.I.D. analyst, Rick Scott, at (213) 978-1121.

Sincerely,

Miranda Paster

Airbnb's Purged Listings are Coming Back

Greetings,

I urge you to take a look at the article linked below and the attached fact sheet.

As L.A. moves forward with its own set of regulations for short-term rentals, we should also use this opportunity to review what has and has not worked in other cities. In December 2015, AirBnB finally agreed to release its data about doing business in NYC after a contentious legal battle. However, before releasing that data, AirBnB admitted to removing 1,500 listings from its platform that were controlled by commercial operators to paint a rosier picture of its operations.

AirBnB is now admitting that nearly 40% of its revenue from whole-home listings comes from hosts listing multiple residential properties for short- term rentals. And many of the listings that were scrubbed are now back online. This shows that we cannot trust platforms to self-regulate and control the abuse that will inevitably occur.

L.A. should be the leader in this arena – and can be – by requiring mandatory registration by all hosts and platforms, transparency of data from the platforms, and enacting a strong enforcement mechanism.

CAUGHT IN THE ACT: AIRBNB ADMITS TO MANIPULATING NYC DATA IN ATTEMPT TO HIDE ILLEGAL HOTELS FROM POLICYMAKERS & THE PUBLIC

AIRBNB SAYS: ***"We are 100 percent committed to being constructive partners with regulatory agencies and policymakers."*** – The Airbnb Community Compact

BUT WHAT AIRBNB DOES TELLS A DIFFERENT STORY...

- ***"Airbnb Admits that it Purged 1,500 Unflattering Listings Right Before the Data Release"***
  – *Fusion*, 2/24/16
- ***"Airbnb Purged New York Listings to Paint a Rosier Portrait, Report Says"***
  – *The New York Times*, 2/12/16
- ***"We removed approximately 1,500 listings from our platform in New York City that were controlled by commercial operators"*** Josh Meltzer, Airbnb's New York director of public policy, wrote in a letter to state legislators on Wednesday (Feb. 24).
  – *Quartz*, 2/24/16

BACKGROUND: In December 2015, after a lengthy legal battle with New York State regulators and much public pressure, Airbnb finally agreed to release data about its business in New York City to the public as part of a pledge to "build an open and transparent community."

Airbnb now admits that it scrubbed the numbers and deleted 1,500 illegal listings just before releasing the data to the public.[1]

Airbnb initially tried to cover up their wrongdoing by blaming a "busy marathon and Halloween weekend"[2] for the anomaly.

Even worse, just one day after Airbnb admitted to scrubbing the numbers, Bloomberg reports that many of the purged listings are back on the site.

THE FACTS: A recent study by Penn State University reveals a troubling trend:

- Nearly 30% of Airbnb's revenue in 12 of the nation's largest cities came from users that listed properties for rent full-time (360 days or more each year).
- The number of people listing two or more residential properties for rent on Airbnb is rapidly growing, and 40% of the company's revenue in 12 of the nation's largest cities is generated by these "multi-unit operators," to the tune of *half a billion* dollars a year.

AIRBNB NOW ADMITS THAT NEARLY 40 PERCENT OF ITS REVENUE FROM WHOLE-HOME LISTINGS COMES FROM HOSTS LISTING MULTIPLE RESIDENTIAL PROPERTIES FOR SHORT-TERM RENTAL

- As Airbnb proposes what amounts to an "honor system" of tax policy and safety enforcement in states and municipalities around the country, lawmakers should require the company to release data about its operations. Airbnb has demonstrated it can't be trusted to prevent commercial operators from abusing its platform – unless it's about to get caught in the act.

Closing the "illegal hotel loophole" is the only way for state and local governments to protect communities and ensure a fair and competitive travel marketplace.

I'd like to inspect, at your convenience, copies of all emails between anyone at CD13 and anyone at the domains hollywoodbid.org or andrewsinternational.com from between January 1, 2016 and April 23, 2016.

For once I need to look at these fairly urgently, so if there's any way to expedite this request I would be grateful. I understand that you have to look through the material and redact certain bits and that that takes a lot of time. Perhaps in order to speed things up you could look through the material, separate the emails that don't need to be redacted, let me look at those first, and then later I could look at the redacted ones?

I won't be making a habit of asking you to hurry.

Thanks, as always, for your help!

From the HMD BID minutes of November 19, 2015:

Goldman stated that she and Schechter met with Council District 13's representative, Dan Halden, to discuss on going issues in the BID District. Goldman spoke about the possibility of increases the BID's boundaries to the east side of Vine from Santa Monica to Melrose. Councilmember O'Farrell is very interested in this expansion of the BID.

Goldman indicated that the first step is to have CM O'Farrell introduce a Resolution to increase the BID's boundaries on Vine. Schechter will follow up with O'Farrell staff on this matter and process.

Hi Adrian,

My apologies that this is a day late. We are still working on your latest request regarding the three locations/homeless encampments.

We will complete the request within 6-8 weeks, either by June 3rd or at the latest June 17th.

We will aim to get this done on the sooner side.

Thank you,

Hi Jeanne,
Following up on this question from Adrian...

He wants to know if there is a CD13 policy for what happens when we receive these types of letters -- standard reminders to the BID, with us CCed. Basically: do we "do" anything or just file them away?

Thanks,

I'm seeking some clarification. What exactly do you mean by "such letters?" What types of letters exactly?

Dear Dan,

Attached is a copy of a letter that Miranda Paster of the Clerk's BID department sent to Kerry Morrison and CC-ed to your boss. This is evidently a standard reminder they send out. What I'm interested in are any records that would shed light on what, if anything, is done with such letters in your office. Are they discussed, acted on, whatever? I think I have any emails that anyone there might send to anyone at the BID about letters like this, but maybe there are internal communications, and so on?

thanks,

Adrian

Re: Reminder for 2016 Annual Planning Report – Sunset & Vine Property-based District

Dear Ms. Morrison,

This letter serves as a reminder that the 2016 fiscal year Annual Planning Report is **requested by November 1, 2015.** This report is a requirement of your contract with the City of Los Angeles and is also a requirement of the California State Streets and Highways Code, Section 36650.

Attached to this letter is a 2016 Annual Planning Report template specifically created for your BID which meets all of the State Law and City requirements. The template uses the 2016 projected budget from your BID's approved Management District Plan. For your convenience, an editable MS Word version will be emailed to you to incorporate the appropriate information as approved by your Board for 2016 including: 1) proposed changes to the boundaries and/or benefit zones, 2) proposed improvements and activities, 3) estimated cost of the programs and services, 4) method and basis of levying the assessments, 5) amount of surplus revenues from previous BID years and its planned expenditure, 6) amount of anticipated contributions, and 7) approval date of the 2016 budget/report by the Board.

Please note that the 2016 Annual Planning Report *must* be approved by City Council pursuant to State Law. If the 2016 Annual Planning Report requires revisions to meet State Law requirements and those revisions are not received in a timely manner, pending disbursements of District revenues may be withheld for non-compliance.

If you have any questions regarding your 2016 Annual Planning Report, please contact your assigned B.I.D. analyst, Rick Scott, at (213) 978-1121.

Sincerely,

Miranda Paster, Division Manager
Neighborhood and Business Improvement District Division

Hi Adrian,
Thank you for your response and the clarification. How does this work in terms of documents that we can start preparing for you:

-Revised time frame (January 1, 2016 - present)

-Removal of homeless encampments at the intersections of:
(a) Melrose and Vermont,
(b) Alvarado and the 101
(c) Juanita and Beverly
either at the intersection itself, or extending one block out from each intersection. (To clarify "near")

Let me know if this works. Assuming it does, please be advised that we do find that "unusual circumstances" exist with respect to the request, as that term is defined in California Government Code section 6253(c).

Unusual circumstances exist because of the need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records in order to respond to the request.

Accordingly, we expect to make a determination concerning your request on or before April 21, 2016.

How about this? I change the request to involve only records relating to the *removal* of encampments in those three areas?

I'm not sure how much information is involved. Maybe it would be easier to make it about removal of encampments anywhere in CD13 so that you don't have to look at a map? If so, that's certainly OK.

Or maybe it would be easier to make it about encampments anywhere on Beverly, Melrose, Vermont, Alvarado, or Juanita, which may make keyword searching easier?

Any of these limitations will certainly be OK with me as a first pass, depending on the search capabilities you all have.

Thanks for your help,

Adrian

volunteers who help the homeless -- volunteers now on the move and looking forward to being able to do more. Our superwoman volunteer coordinator Aarin Spiegelman, who created and designed the current campaign, tells me that we now have 450 new volunteers in our database. With an army of that size working for free and organized with the help of volunteers at the UCLA Anderson School of Business -- and with the resources for our present redeployment -- we can tell Mayor Garcetti and the City Council of Los Angeles that they need not worry about the "homeless crisis" we all face. We of the GWHFC will take it on, one person at a time, and show the corporate charities, both public and private, what we're made of.

With love to you all,

Ted

Dear

We of the GWHFC have just today launched a crowdsourced fundraising effort fo buy a parking lot on the southwest corner of Hollywood and Gower. Our goal is to get in $200,000 by December 31 and to use it as a down payment on the purchase price of $1 million.

Would you be willing to help us reach either the smaller or the larger number?

As I think you might know, CIM has bought Mole Richardson at Sycamore and Romaine and will obviously do all they can to get rid of us as soon as they break ground -- on what could be the largest single development in Hollywood since Hollywood and Highland.

On the bright side, these are our intentions for the parking lot:

(1) To get ourselves off the street, at long last, but NOT into a building. We still feel strongly about meeting our clients where they live and spending as little as we can on ourselves in the process, so as to have as much money as possible to get our clients off the street. This week alone we will be moving three clients into decent, safe, and comfortable little one-bedroom apartments of their own choosing.

(2) To enable us to provide more and better services of the kind we are already providing at Sycamore and Romaine, to wit

a five-day-a-week GWHFC/UCLA Mobile Clinic instead of the weekly clinic we have now -- one day each for five different medical disciplines;

a mobile dental clinic to be operated by the UCLA School of Dentistry;

mobile showers and bathrooms on the order of the Lava Mae buses now in use in San Francisco;

a small outbuilding in which a three-person weekly outreach team from the Department of Mental Health can see our clients who are mentally ill (the outreach team, which started with us last month, thanks to Sheila Kuehl, now comes to us the second and third Wednesdays of the month);

space in which to provide haircuts and manicures and pedicures, and in which to hand out donated clothes in a well-organized manner (instead of in the usual unsorted garbage bag)

(3) to come into the burgeoning anti-development row in Hollywood on the right side of the issue, by buying a parking lot and KEEPING IT as a parking lot, except when we use it for our own purposes between :5:30 and 8PM.

If you are so much as curious about any of the above, I'd love to meet with you and tell you more about it, as well as about two other potential angel donors. It's been much, much too long, and there is lots of good news about the GWHFC which I'd like to catch you up on. I think you will be suitably amazed and very pleased. In the midst of the great "homeless crisis," we are no longer enemies of the people, so much as as we are sought after, on the assumption that we might just know something. I would say we do.

With love to you both,

Ted

As many of you know, I have been involved with the UCLA Mobile Clinic for the last 15 years. What many of you don't know is that the clinic exists because of the incredible work of the Greater West Hollywood Food Coalition.

The Mobile Clinic and the Food Coalition have withstood angry neighbors, frivolous lawsuits, slander, and misguided political leaders criminalizing not only homelessness, but also those who wish to do something about it. Through all of these trials, The Mobile Clinic and the Food Coalition have stood strong.

In order to continue our work, we need your help.

We feed people, but it would be a mistake to think that is all we do. We create a safe space to build community. We give people hope that they are not forgotten. We see to their immediate medical needs, and link them to ongoing care. We perform eye exams and provide free glasses. We distribute hygiene packs, warm clothes, shoes, backpacks, blankets and vitamins. We link people to the Department of Mental Health. We provide onsite physical therapy. We get people off the street. Yes. The Food Coalition gets people into permanent housing.

And there is more:

Through the Mobile Clinic, we engage roughly 90% of UCLA / David Geffen medical students in street-based medicine reminding them of the empathy and drive that lead them to medical school in the first place. We teach UCLA undergraduates about health insurance, poverty, gender-based violence and case management through our much sought after class taught through the Fielding School of Public Health. Our participants have presented at national conferences, won countless community service awards, started new clinics at new medical schools, and most importantly, they have found a conduit for their passion—a way to manifest their hearts into meaningful action.

Today we start our campaign to find us a new home. With your help we can secure a permanent location to provide ongoing services to those in need.

Please, if you value community engagement, give.

If you support getting homeless into homes, give.

If you want to make sure our next generation of doctors maintain their humanitarianism, give.

Please visit our page to learn more:

https://secure.qgiv.com/event/sycamoreandromainefundraiser/

And please, forward this email to everyone you know.

Thank you for your support,

Walter Coppenrath MD

Hi Adrian,
Thank you for your response and the clarification. How does this work in terms of documents that we can start preparing for you:

-Revised time frame (January 1, 2016 - present)

-Removal of homeless encampments at the intersections of:
(a) Melrose and Vermont,
(b) Alvarado and the 101
(c) Juanita and Beverly
either at the intersection itself, or extending one block out from each intersection. (To clarify "near")

Let me know if this works. Assuming it does, please be advised that we do find that "unusual circumstances" exist with respect to the request, as that term is defined in California Government Code section 6253(c).

Unusual circumstances exist because of the need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records in order to respond to the request.

Accordingly, we expect to make a determination concerning your request on or before April 21, 2016.

How about this? I change the request to involve only records relating to the *removal* of encampments in those three areas?

I'm not sure how much information is involved. Maybe it would be easier to make it about removal of encampments anywhere in CD13 so that you don't have to look at a map? If so, that's certainly OK.

Or maybe it would be easier to make it about encampments anywhere on

Beverly, Melrose, Vermont, Alvarado, or Juanita, which may make keyword searching easier?

Any of these limitations will certainly be OK with me as a first pass, depending on the search capabilities you all have.

Thanks for your help,

Adrian

Dear Adrian,

In order to respond to your request, we ask that you please: A) provide further clarification regarding the locations, and B) limit the time frame of the request.

A) Please clarify exact locations (addresses, block numbers, etc.) of the homeless encampments in question.

B) Please provide a more limited time frame so we can respond as efficiently as possible to your request.

Thanks,

Referral form.pdf

Hi Juan,

As we discussed at Ed Office that DMH SB 82 will like to offer their services on a different day as PATH does as we feel that on Wednesdays when people are busy with the Sanitation visit it is hard to engage anyone who needs Mental Health services . I am attaching our referral form and requesting you all if you come across someone who needs our services please fill up the form and e-mail it to me or fax it to me and we will go and outreach that person ASAP .

Thank you for your understanding.

Respectfully.

Dear :

This letter is in response to your request received by _______________ seeking records pertaining to __________________________ pursuant to the California Public Records Act (CPRA).

Please be advised that this office finds that "unusual circumstances" exist with respect to the request, as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of:

(include paragraphs as appropriate)

(1) the need to search for and collect the records from field facilities or other establishments that are separate from this office;

(2) the need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records in order to respond to the request;

(3) the need to consult with another agency or among two or more components of this agency having a substantial interest in the determination of the request; and

(4) the need to compile data, to write programming language or a computer program, or to construct a computer report to extract data.

We expect to make a determination concerning your request on or before _________________________ (no more than 24 days after initial receipt of request).

If you have any questions, you may reach me at _________________. We greatly appreciate your courtesy and cooperation in this matter.

Very truly yours,

Dear Dan,

I'd like to take a look at all records from January 1, 2015 through today which involve homeless encampments near (a) Melrose and Vermont, (b) Alvarado and the 101, and (c) Juanita and Beverly. I'm thinking there might be constituent communications, internal CD13 communications, and maybe some other things? If by location isn't a convenient way to search for these, let me know and I'll think of another way to phrase the request, possibly by limiting the time?

Thanks,

Adrian

Re: California Public Records Act Requests
Subject: **5901 Sunset Boulevard** ("Project")

Dear Councilmember O'Farrell:
This request is made under the California Public Records Act pursuant to Government Code Section 6250, et seq. Please provide copies of the following from the City (as "City" is defined below).

For ease of reference in this document, please refer to the following **defined terms:**

The **"City"** shall refer to all officials, employees, consultants, and agents of the Department of City Planning, City of Los Angeles, including the City Attorney's office and any and all outside counsel retained by the City.

"Hudson Pacific Properties" shall refer to the Project applicant, all related or affiliated companies, and all principals, including Victor Coleman, Mark T. Lamas, Christopher J. Barton, Chris Pearson, Steven Jaffee, officers, employees, attorneys (including but not limited to the law firm of Sheppard Mullin, and/or the law firm of Freedman & Taitelman, LLP), James Pugh, Brian J. Freedman, agents and/or consultants thereof.

"Project" shall refer to the currently proposed 5901 Sunset Boulevard project located at or near 5901 W. Sunset Boulevard.

"Document," as defined in Govt. Code Section 6252(g), shall mean any handwriting, typewriting, printing, photostating, photographing, photocopying, transmitting by electronic mail or facsimile, and every other means of recording upon any tangible thing any form of communication or representation, including letters, words, pictures, sounds, or symbols, or combinations thereof, and any record thereby created, regardless of the manner in which the record has been stored.

"Email" includes, but is not limited to, correspondence to or from any e-mail account through which any City business is being conducted, including but not limited to e-mail accounts to City officials, employees or consultants, **and any personal email accounts maintained by City officials, employees or consultants in which City business is being conducted or public issues, such as communications with a project developer and/or its representatives, are discussed.** All personal email accounts that may have been used for sending or receiving documents and records that are responsive to our requests are public records subject to disclosure under the CPRA.

The public records requests include:

1) **All Documents from July 1, 2013** through the date of your compliance with this request which refer or relate to 5901 W. Sunset Boulevard,

2) **All Documents from July 1, 2013** through the date of your compliance with this request which refer or relate to Hudson Pacific Properties, Sunset Gower Studios,

3) **All Documents from July 1, 2013** through the date of your compliance with this request which refer or relate to Sunset Bronson Studios,

4) **All Documents from July 1, 2013** through the date of your compliance

with this request which refer or relate to [redacted]

5) **All communications from July 1, 2013** through the date of your compliance with this request between anyone with Council District 13 on the one hand and any person on the other hand related in any way to the Project, [redacted]

6) **All communications from July 1, 2013** through the date of your compliance with this request between anyone with Council District 13 on the one hand and any person on the other hand related in any way to the Project, [redacted]

7) **All Documents and/or communications from January 1, 2008** through the date of your compliance with this request which refer or relate in any manner to the Project, including, but not limited to, any correspondence from [redacted]

8) **All communications from January 1, 2008** through the date of your compliance with this request between anyone with Council District 13 on the one hand and any person on the other hand related in any way to the [redacted]

I draw the City's attention to Government Code Section 6253.1, which requires a public agency to assist the public in making a focused and effective request by: (1) identifying records and information responsive to the request, (2) describing the information technology and physical location of the records, and (3) providing suggestions for overcoming any practical basis for denying access to the records or information sought.

If the City determines that any information is exempt from disclosure, I ask that the City reconsider that determination in view of Proposition 59 which amended the State Constitution to require that all exemptions be "narrowly construed." Proposition 59 may modify or overturn authorities on which the City has relied in the past.

If the City determines that any requested records are subject to a still-valid exemption, I request that the City exercise its discretion to disclose some or all of the records notwithstanding the exemption and with respect to records containing both exempt and non-exempt content, the City redact the exempt content and disclose the rest. Should the City deny any part of this request, the City is required to provide a written response describing the legal authority on which the City relies.

Please be advised that Government Code Section 6253(c) states in pertinent part that the agency "shall promptly notify the person making the request of the determination **and the reasons therefore**." (Emphasis added.) Section 6253(d) further states that nothing in this chapter "shall be construed to permit an agency to delay or obstruct the inspection or copying of public records. The **notification of denial** of any request for records required by Section 6255 shall set forth the names and titles or positions of each person responsible for the denial."

Additionally, Government Code Section 6255(a) states that the "agency shall justify withholding any record by demonstrating that the record in question is exempt under expressed provisions of this chapter or that on the facts of the particular case the public interest served by not disclosing the record clearly outweighs the public interest served by disclosure of the record." (Emphasis added.) This provision makes clear that the agency is required to justify withholding any record **with particularity as to "the record in question."** (Emphasis added.)

Please clearly state in writing pursuant to Section 6255(b): (1) if the City is withholding any documents; (2) if the City is redacting any documents; (3) what documents the City is so withholding and/or redacting; and (4) the alleged legal bases for withholding and/or redacting as to the particular documents. It should also be noted that to the extent documents are being withheld, should those documents also contain material that is not subject to any applicable exemption to disclosure, then the disclosable portions of the documents must be segregated and produced.

I request that you preserve intact all documents and computer communications and attachments thereto, including but not limited to all emails and computer files, wherever originated, received or copied, regarding the subject matter of the above-referenced cases, including archives thereof preserved on tape, hard drive, disc, or any other archival medium, and including also any printouts, blowbacks, or other reproduction of any such computer communications. ***This is a litigation hold and you are on notice that all records requested are subject to this hold. A litigation hold requires legal counsel to take affirmative acts to assure the preservation of documents, including email, against destruction or spoliation.***

Please contact me in advance to arrange a time and place where I can inspect the records. As required by Government Code Section 6253, please respond to this request within ten days. Because I am emailing this request on April 7, 2016, please ensure that your response is provided to me by no later than April 17, 2016.

Thank you.

All,
We have received the following CPRA Request from Adrian Riskin:

All records from January 1, 2015 through today which involve homeless encampments near (a) Melrose and Vermont, (b) Alvarado and the 101, and (c) Juanita and Beverly. I'm thinking there might be constituent communications, internal CD13 communications, and maybe some other things?

He has offered to limit the **timing** of his request (see below). Regardless, let's talk today.

What a horrible experience. How could anyone take something that does not belong to him/her?
What did this world come up to be?

I am not comfortable walking on these streets during the day anymore. And it is getting worse every day.
Thank You for letting us know.

Wishing you all the Blessings!

Watch out for this guy. Clearly unstable and I've seen him pacing around our block in random directions several times over the past few weeks.

All wearing mono-chromatic, matching sweat suits. Hoods pulled down to cover their hair, face warming gaiters to cover their face. Most likely members of a nearby neighborhood gang.

I was walking north on Bronson, south of Hollywood Blvd. At the corner of Carlton Way and Bronson. A man jumped out from behind a corner and put a shotgun to my face, demanding my wallet. Then, another came up behind me, put a pistol to the back of my head, and demanded my cell phone. Once, I gave up my items, a third man drove up around the corner in a get-a-away car, and they drove off.

I walked over the fire station around the corner to ask for help, and some bleary eyed LAFD guy told me I had to go to the police for that. THANKS BRO.

The next day, I filed a police report. I know full well they won't be able to find them. LAPD is spread so thin. They are severely understaffed. They are exhausted. There is more crazy violent crime out there than what is actually happening on Carlos and Tamarind. But they are related, and we are being run over.

All you have to do is follow the money. Hollywood is being redeveloped. The homeless are being backed into a literal corner. The church is trying to have an ordinance not allowing them within 500 feet. The buildings on our block are old. There are roaches and black mold in the walls. As long as they stay way, nothing will change.

My suggestion, be more than careful out there. Get out if you can. It's only going to get worse. Someone could die. Even then, you would just be another statistic in a stack of paper. Maybe you have people who care, maybe you don't. This city can be a lonely place.

Hopefully, a bigger Earthquake doesn't happen. You know the fault line ends right along Yucca, near the overpass on Gower, right? LA removed the ordinance limiting building height. The BIG ONE is coming.

Get out of there ASAP.

I have a hypothetical question for the LAPD. If we were to collect all the trash, human feces and used paper in our street and take it over to some nice homes in the more well-off Franklin area, and we spread it all along their lawns and then, every single afternoon like clockwork, we stood directly outside their open windows where the residents were trying to work/sleep and just blasted loud music for hours while screaming abuse, are there any laws or regulations that would enable you to act on this?

Can you tell us they are so we can reference them when we call asking you to keep the peace in this less-well-off area as well? Why do we have to walk across the freeway to see how it could be?

Yes we call the non-emergency number asking for help all the time.
What should we expect you to actually change about the situation when we do this? Anything?

However, the damage was minor enough for my insurance to not have to pay for it, but major enough for it to be noticeable.

PS - the police did show up for this incident but I'm still going to have to pay for the damage since the person at fault does not have car insurance.

Along with the verbal harassment (and objects thrown at some of us) we are all experiencing, they're literally using terroristic tactics and vandalizing property to attempt to drive us away or into silence. They are violent, fight amongst themselves, and have even less reservations about engaging those outside their "community".

A responding officer said: Keep calling, eventually they'll be cited. And when they don't show up in court, they get issued a warrant. And eventually we will run their IDs, see the outstanding warrant and we can arrest them.

But these responding officers didn't cite them (even though the occupiers said they'd move and stop blocking the sidewalks but stayed put). No officers do. So warrants never get issued. And police ultimately don't bother to run their IDs anyway. Most responders to calls don't even get out of their vehicles.

One or both may have said: That's why it's important we communicate this to local representatives to change the laws. But, I asked, what difference would new laws make if you don't enforce the laws we already have?

I'm being targeted for harassment by the encampment occupiers because I'm standing up for myself and asking police to enforce the law; because I'm intolerant of their partying, hollering, smoking, vulgarity, overtaking the sidewalks and leaving food and trash literally right outside our home. Let them hang out under the shady trees of the non-residential buildings or parking lots in the area. Or inside their tents.
But ensure us taxpaying, rent paying residents have the safety and acceptable limited noise-levels we also deserve.

I AM REQUESTING POLICE DO A NARCOTICS INVESTIGATION (their due diligence, for 30 days) AND SUBSEQUENT REPORT ON THESE STREETS AT CARLOS AND TAMARIND. These encampment occupiers are up and alert day and night, which is unnatural, and vehicles swing by (cars, bikes, scooters) seemingly to conduct business transactions 7 days/week, 24 hours/day. Note the attached two videos recorded last night (which is a Monday)—taken 1 hour apart (1130pm-1230am)—wherein:
- a male continuously walks in circles on the sidewalk and street in front of our residence (this began and continued beyond the hour duration captured on these clips)
- at least two people are active inside the tents at the end while at least one other moves between the tents 3 or 4 spaces to the left and those at the end.

NEIGHBORS: In the meantime, I am begging all of you and anyone who empathizes with our situation

to register to vote so we can vote out every elected official who is overseeing our community. Here's a link to ensure you are able to vote when that time comes:
https://registertovote.ca.gov/

Vote against Garcetti, Dan Halden, Sean Starky, and any other "official" on these emails and/or those who put or kept them in positions of power.

Regards,
Greg Bass

We may not have the bandwidth to complain every day (but don't get your hopes up that we will give up either).

Sure, today they may have set up shop outside our home at noon instead of 10am, but they have been going strong ALL DAY, EVERY DAY with the noise: music, cursing, yelling, dogs barking... Here's a fresh recording taken from INSIDE the apartment building just now:

<New Recording 4.m4a>

They continue to leave food and other trash behind, unwanted clothing hanging on our fence, poison and broken glass spread around our home. This will be ground zero for the Angeles Plague (Is that the plan?)

"Law enforcement" rolls by but do not engage the "voluntarily homeless"; police have given them the run of our streets, and local politicians are OK with it.

POLICE— Police our area. If you're "reaching out" to the encampment, what are you asking of them? POLITICIANS— These are not LA citizens who lost their homes because their rents went up or they lost their jobs. With *any* due respect, this response was, at best, inadequate and, at worst, insulting. The request was not to "force relocate"; Rather, I read it as asking the police to uphold the law. There are laws that can be enforced, right?

Once again, in your [Shannon Geany's] words, "Carlos/Tamarind remains as Hollywood's largest and most entrenched encampment".

We see you occasionally break up other transient tent communities (on El Centro, on Vine, on Highland, off Franklin, etc...), yet the disregard for our street continues and escalates. You pick and choose when and where to follow and/or enforce the law. Even this morning police were present as crews cleaned--and transients laid on sidewalks--but the police enforced no laws in regards to taking down tents or making sidewalks available for residents (many of whom are elderly). The transients' occupied territory grows and you do nothing.

Some of these same people have been here over 2 years. They keep their tents set up all day because **police only enforce those laws when it serves private interest,** like local "church" events. And the transients know this, and know you mostly otherwise won't be coming around or engaging them.

Now they hang out under our shady trees immediately outside of our residence on the North side of Carlos—daily, even though their tents are still up (as has been permitted for so long) on the South side of Carlos—**Completely taking over and blocking all sidewalks.** No resident wants to be caught taking pictures of them, but I've attached some images of them/the trash left in their wake only a few feet from where we sleep/eat/live. All while their empty tents remain up around the surrounding walkways.

Also, now that neither sidewalk is available, the residents are forced to walk in the street to avoid being engaged, muttered to, or have dogs off leashes barking and following them. And the transients track us. They watch us, what we drive, when we come and go. And they discuss it openly. Last weekend I watched a homeless man enter the code for our front door, walk through the hallway out the back, and sort through the recyclables in the city containers BEHIND our locked gates.

They play music and eat and drink and smoke and scream and curse and sleep ALL DAY within two yards of where we live. They bring folding chairs--and wooden chairs!--and blankets and pillows. They occupy the residential side of the street and don't go back to their tents until after dinner when the Salvation Army feeds them, leaving their trash behind.

Is the extent of police contribution "overseeing clean-up crews", during sporadic cleanup days only, so that "another city worker" has to pick up after this disrespectful hoard? If that's the case, at least turn your heads right and left to look to the surrounding sidewalks & Tamarind Avenue instead of just focusing on the row of tents on the South side of Carlos... Because the vagrant occupiers (a "transient" would eventually go somewhere else) and their trash are everywhere.

Today the occupation on the North side of Carlos and subsequent yelling (screaming to others in their encampment way down the street, again, while police were present) immediately outside of our windows began around 8am. Sunday it started before 10am and went on into the night. I work in order to be able to afford to take care of my responsibilities--they don't and don't want to--but I deserve to be awaken with ongoing screaming 4-5 feet outside the perimeter of our home? Where's the incentive in paying taxes? What's the incentive of being a productive member of society if you force/abandon us to be on the occupiers' schedule?

I called the non-emergency police—I have incident report #s—all weekend and nothing was done.

There is no public sanitation in the area. Should I be comfortable with them dumping feces in the storm drains just five feet from our building, our bedrooms? Along with the food they bring over and leave out all day, the rats they attract are being drawn to our part of the street. **Do we deserve rats, fleas, typhus?**

I hope and pray that karma finds you and your children and pays you back for the disregard and apathy you've shown us legal, legitimate and taxpaying Angelinos. You could do more but you don't. They don't respect your authority. We hear them laugh at you before and after you leave. **And you enable their behavior and give them a pass why?... Because you hate paperwork?**

There are laws about setting up chairs on sidewalks, right? About laying down and also, in general, blocking sidewalks? What about the out of state vehicles that don't register or renew or their tags? They don't smog check. They don't get tickets or towed either. They pollute, and violate other laws by sleeping in/living out of their vehicles so close to a children's school. But you don't police them. You make it easy for them to stay put, and invite more to join them in the area.

Don't blame the lawmakers (though they surely deserve their share) when you don't even enforce the laws that are, have been and remain on the books. Own your "as long as it's not happening in front of my home" attitude. But, in my opinion, your neglect is as criminal as the vagrants taking advantage of our good (albeit too passive) nature.

All,

I noticed the last three emails and wanted to make sure we address the concerns you raised.

The Bridge Site location on Schrader has been full since the end of March. We have service providers throughout Hollywood that are working with the encampments to connect residents to any shelters beds that may become available. With over 33,000 people sleeping on the sidewalk every night and only 7,000 beds we as a City we are working to overcome the deficit.

Because of recent Court cases, most notably Jones v. LA, the City can not "relocate" encampments off of one street and onto another.

Sanitation has been in the area more frequently. We wish it could be non stop but unfortunately we do not have the crews. With the opening of the Schrader site, Hollywood currently has more resources than most area of the City. This has allowed us to have a greater presences in the area.

Mr. Sean Starkey, Officer Rubalcava, Sgt Geaney,
I wanted to thank You so much for all the hard work and I am so Grateful to you that our little Tamarind street and Carlos as well, are finally getting clean and the tents are slowly disappearing one by one. Your work is clearly seen and greatly appreciated.

We only have 4 tents left on our little Tamarind street and two of them are in that

very corner, by the freeway. Is it please possible to remove those 4 tents from Tamarind Ave. for good?!
Also, not very many are left on Carlos...thank you again so much... just a little more effort to relocate those unfortunate people, so they are safe and we will nothing else but only be grateful to you.

Thank You for helping us to live in a clean environment this summer. We appreciate you greatly!

Thank You indeed.

Subject: Re: "Hollywood's largest and most entrenched encampment"

Everyone,
I recently moved out of the 1762 because I was robbed at gun point walking home from a friend's house. Granted it was 4am, but this was a pre-meditated strike. It was three men in total. All wearing mono-chromatic, matching sweat suits. Hoods pulled down to cover their hair, face warming gaiters to cover their face. Most likely members of a nearby neighborhood gang.

I was walking north on Bronson, south of Hollywood Blvd. At the corner of Carlton Way and Bronson. A man jumped out from behind a corner and put a shotgun to my face, demanding my wallet. Then, another came up behind me, put a pistol to the back of my head, and demanded my cell phone. Once, I gave up my items, a third man drove up around the corner in a get-a-away car, and they drove off.

I walked over the fire station around the corner to ask for help, and some bleary eyed LAFD guy told me I had to go to the police for that. THANKS BRO.

The next day, I filed a police report. I know full well they won't be able to find them. LAPD is spread so thin. They are severely understaffed. They are exhausted. There is more crazy violent crime out there than what is actually happening on Carlos and Tamarind. But they are related, and we are being run over.

All you have to do is follow the money. Hollywood is being redeveloped. The homeless are being backed into a literal corner. The church is trying to have an ordinance not allowing them within 500 feet. The buildings on our block are old. There are roaches and black mold in the walls. As long as they stay way, nothing will change.

My suggestion, be more than careful out there. Get out if you can. It's only going to get worse. Someone could die. Even then, you would just be another statistic in a stack of paper. Maybe you have people who care, maybe you don't. This city can be a lonely place.

Hopefully, a bigger Earthquake doesn't happen. You know the fault line ends right along Yucca, near the overpass on Gower, right? LA removed the ordinance limiting building height. The BIG ONE is coming.

Get out of there ASAP.

I honestly feel like I'm going insane listening to their loud music and abusive screaming threats every single day directly outside our apartment windows.

I have a hypothetical question for the LAPD. If we were to collect all the trash, human feces and used paper in our street and take it over to some nice homes in the more well-off Franklin area, and we spread it all along their lawns and then, every single afternoon like clockwork, we stood directly outside their open windows where the residents were trying to work/sleep and just blasted loud music for hours while screaming abuse, are there any laws or regulations that would enable you to act on this?

Can you tell us they are so we can reference them when we call asking you to keep the peace in this less-well-off area as well? Why do we have to walk across the freeway to see how it could be?

Yes we call the non-emergency number asking for help all the time.
What should we expect you to actually change about the situation when we do this? Anything?

However, the damage was minor enough for my insurance to not have to pay for it, but major enough for it to be noticeable.

PS - the police did show up for this incident but I'm still going to have to pay for the damage since the person at fault does not have car insurance.

> This is the second weekend that I called for a police response, only to find my car has again been intentionally scratched or “keyed” overnight.

Along with the verbal harassment (and objects thrown at some of us) we are all experiencing, they're literally using terroristic tactics and vandalizing property to attempt to drive us away or into silence. They are violent, fight amongst themselves, and have even less reservations about engaging those outside their “community”.

A responding officer said: Keep calling, eventually they'll be cited. And when they don't show up in court, they get issued a warrant. And eventually we will run their IDs, see the outstanding warrant and we can arrest them.

But these responding officers didn't cite them (even though the occupiers said they'd move and stop blocking the sidewalks but stayed put). No officers do. So warrants never get issued. And police ultimately don't bother to run their IDs anyway. Most responders to calls don't even get out of their vehicles.

One or both may have said: That's why it's important we communicate this to local representatives to change the laws. But, I asked, what difference would new laws make if you don't enforce the laws we already have?

I'm being targeted for harassment by the encampment occupiers because I'm standing up for myself and asking police to enforce the law; because I'm intolerant of their partying, hollering, smoking, vulgarity, overtaking the sidewalks and leaving food and trash literally right outside our home. Let them hang out under the shady trees of the non-residential buildings or parking lots in the area. Or inside their tents.
But ensure us taxpaying, rent paying residents have the safety and acceptable limited noise-levels we also deserve.

I AM REQUESTING POLICE DO A NARCOTICS INVESTIGATION (their due diligence, for 30 days) AND SUBSEQUENT REPORT ON THESE STREETS AT CARLOS AND TAMARIND. These encampment occupiers are up and alert day and night, which is unnatural, and vehicles swing by (cars, bikes, scooters) seemingly to conduct business transactions 7 days/week, 24 hours/day. Note the attached two videos recorded last night (which is a Monday)—taken 1 hour apart (1130pm-1230am)—wherein:
- a male continuously walks in circles on the sidewalk and street in front of our residence (this began and continued beyond the hour duration captured on these clips)
- at least two people are active inside the tents at the end while at least one other moves between the tents 3 or 4 spaces to the left and those at the end.

NEIGHBORS: In the meantime, I am begging all of you and anyone who empathizes with our situation to register to vote so we can vote out every elected official who is overseeing our community. Here's a link to ensure you are able to vote when that time comes:
https://registertovote.ca.gov/

Vote against Garcetti, Dan Halden, Sean Starky, and any other "official" on these emails and/or those who put or kept them in positions of power.

Regards,
Greg Bass

We may not have the bandwidth to complain every day (but don't get your hopes up that we will give up either).

Sure, today they may have set up shop outside our home at noon instead of 10am, but they have been going strong ALL DAY, EVERY DAY with the noise: music, cursing, yelling, dogs barking... Here's a fresh recording taken from INSIDE the apartment building just now:

<New Recording 4.m4a>

They continue to leave food and other trash behind, unwanted clothing hanging on our fence, poison and broken glass spread around our home. This will be ground zero for the Angeles Plague (Is that the plan?)

"Law enforcement" rolls by but do not engage the "voluntarily homeless"; police have given them the run of our streets, and local politicians are OK with it.

Please Karma, send them (those—and their families—responsible for creating and sustaining) this nightmare and return the favor!

Please Karma, give them what they deserve ��

My Independence Day began at 1am with fireworks set off on dry grass by the tent dwellers at approximately 1765 Tamarind Avenue (see photo). And continued this morning with shouting and dogs off leashes barking 5-6 feet outside our home (hear attached clips). They're occupying all surrounding sidewalks while their tents remain up; cooking up vittles over raging open fires on the lawn and under the trees (see photos). The earthquake was less troubling than streets around our homes.

POLICE— Police our area. If you're "reaching out" to the encampment, what are you asking of them? POLITICIANS— These are not LA citizens who lost their homes because their rents went up or they lost their jobs. These are opportunists (many who came from out of state for the sole purpose of) capitalizing on your collective inaction/ineptitude/passivity and taking advantage of same AND our resources.

Lawmakers visiting the immigrant detainment centers spoke of overwhelming smells of body odor, urine and feces... But that describes our neighborhood ALL DAY EVERY DAY... All due to your selective governing and inhumanity towards those of us who legally live here.

With *any* due respect, this response was, at best, inadequate and, at worst, insulting. The request was not to "force relocate"; Rather, I read it as asking the police to uphold the law. There are laws that can be enforced, right?

Once again, in your [Shannon Geany's] words, "Carlos/Tamarind remains as Hollywood's largest and most entrenched encampment".

We see you occasionally break up

other transient tent communities (on El Centro, on Vine, on Highland, off Franklin, etc...), yet the disregard for our street continues and escalates. You pick and choose when and where to follow and/or enforce the law. Even this morning police were present as crews cleaned--and transients laid on sidewalks--but the police enforced no laws in regards to taking down tents or making sidewalks available for residents (many of whom are elderly). The transients' occupied territory grows and you do nothing.

Some of these same people have been here over 2 years. They keep their tents set up all day because **police only enforce those laws when it serves private interest,** like local "church" events. And the transients know this, and know you mostly otherwise won't be coming around or engaging them.

Now they hang out under our shady trees immediately outside of our residence on the North side of Carlos—daily, even though their tents are still up (as has been permitted for so long) on the South side of Carlos—**Completely taking over and blocking all sidewalks.** No resident wants to be caught taking pictures of them, but I've attached some images of them/the trash left in their wake only a few feet from where we sleep/eat/live. All while their empty tents remain up around the surrounding walkways.

Also, now that neither sidewalk is available, the residents are forced to walk in the street to avoid being engaged, muttered to, or have dogs off leashes barking and following them. And the transients track us. They watch us, what we drive, when we come and go. And they discuss it openly. Last weekend I watched a homeless man enter the code for our front door, walk through the hallway out the back, and sort through the recyclables in the city containers BEHIND our locked gates.

They play music and eat and drink and smoke and scream and curse and sleep ALL DAY within two yards of where we live. They bring folding chairs--and wooden chairs!--and blankets and pillows. They occupy the residential side of the street and don't go back to their tents until after dinner when the Salvation Army feeds them, leaving their trash behind.

Is the extent of police contribution "overseeing clean-up crews", during sporadic cleanup days only, so that "another city worker" has to pick up after this disrespectful hoard? If that's the case, at least turn your heads right and left to look to the surrounding sidewalks & Tamarind Avenue instead of just focusing on the row of tents on the South side of Carlos... Because the vagrant occupiers (a "transient" would eventually go somewhere else) and their trash are everywhere.

Today the occupation on the North side of Carlos and subsequent yelling (screaming to others in their encampment way down the street, again, while police were present) immediately outside of our windows began around 8am. Sunday it started before 10am and went on into the night. I work in order to be able to afford to take care of my responsibilities--they don't and don't want to--but I deserve to be awaken with ongoing screaming 4-5 feet outside the perimeter of our home? Where's the incentive in paying taxes? What's the incentive of being a productive member of society if you force/abandon us to be on the occupiers' schedule?

I called the non-emergency police—I have incident report #s—all weekend and nothing was done.

There is no public sanitation in the area. Should I be comfortable with them dumping feces in the storm drains just five feet from our building, our bedrooms? Along with the food they bring over and leave out all day, the rats they attract are being drawn to our part of the street. **Do we deserve rats, fleas, typhus?**

I hope and pray that karma finds you and your children and pays you back for the disregard and apathy you've shown us legal, legitimate and taxpaying Angelinos. You could do more but you don't. They don't respect your authority. We hear them laugh at you before and after you leave. **And you enable their behavior and give them a pass why?... Because you hate paperwork?**

There are laws about setting up chairs on sidewalks, right? About laying down and also, in general, blocking sidewalks? What about the out of state vehicles that don't register or renew or their tags? They don't smog check. They don't get tickets or towed either. They pollute, and violate other laws by sleeping in/living out of their vehicles so close to a children's school. But you don't police them. You make it easy for them to stay put, and invite more to join them in the area.

Don't blame the lawmakers (though they surely deserve their share) when you don't even enforce the laws that are, have been and remain on the books. Own your "as long as it's not happening in front of my home" attitude. But, in my opinion, your neglect is as criminal as the vagrants taking advantage of our good (albeit too passive) nature.

All,

I noticed the last three emails and wanted to make sure we address the concerns you raised.

The Bridge Site location on Schrader has been full since the end of March. We have service providers throughout Hollywood that are working with the encampments to connect residents to any shelters beds that may become available. With over 33,000 people sleeping on the sidewalk every night and only 7,000 beds we as a

City we are working to overcome the deficit.

Because of recent Court cases, most notably Jones v. LA, the City can not "relocate" encampments off of one street and onto another.

Sanitation has been in the area more frequently. We wish it could be non stop but unfortunately we do not have the crews. With the opening of the Schrader site, Hollywood currently has more resources than most area of the City. This has allowed us to have a greater presences in the area.

Mr. Sean Starkey, Officer Rubalcava, Sgt Geaney, I wanted to thank You so much for all the hard work and I am so Grateful to you that our little Tamarind street and Carlos as well, are finally getting clean and the tents are slowly disappearing one by one. Your work is clearly seen and greatly appreciated.

We only have 4 tents left on our little Tamarind street and two of them are in that very corner, by the freeway. Is it please possible to remove those 4 tents from Tamarind Ave. for good?! Also, not very many are left on Carlos...thank you again so much... just a little more effort to relocate those unfortunate people, so they are safe and we will nothing else but only be grateful to you.

Thank You for helping us to live in a clean environment this summer. We appreciate you greatly!

Thank You indeed.

In our April 29th

meeting, you promised to send in Sanitation every so often. Can we try these at least twice a week or so? I have been placing requests with MyLA311 myself before our meeting, but I stopped, thinking you would take care of this task henceforth.

What have you tried to give these guys in the form of other services for the past two weeks? Can't the Bridge Housing, which Officer Rubalcava said there were still at least half of the 72 available during our April 4th meeting, spare at least a few for these poor people?

We trust you could give these transients in our residential area your top priority.

On Fri, Apr 26, 2019, 6:14 PM Carlos Tamarind <carlostamarind@gmail.com wrote:

Officer Rubalcava,

Following are the updates on the subject:

1. Tents on Tamarind Avenue

During our meeting, we talked about the tents in front of our building and we were hoping it would be addressed and resolved immediately. To date, we see no improvement in the situation on Tamarind Avenue. Transients act like they can do whatever they want without regard to residents' rights in the use of the sidewalk. Tents are not taken down during daytime preventing the use of the sidewalk for its intended purpose. Also, small trash bags and empty cans can be seen next to them or around the planters at the cul-de-sac and a long line of clothes can sometimes be seen hanging on the fence to dry.

2. Encampment on Carlos Avenue

It has been almost two years now since transients started occupying that section of Carlos Avenue near corner of Tamarind Avenue. Since then, we have witnessed break-ins, vandalism, breaking and entering, tagging, blocking the road and trash being thrown on the street and sidewalks. Most recently, some of them can be seen speeding on the street against traffic on skateboard and lately on bird scooters endangering themselves and putting motorists at great risk. From time to time I see a scooter lying on the sidewalk instead of standing up. I can only guess one of the transients did it. The other day, I was turning right onto Carlos Avenue when one transient threw a bottled water in the middle of the street in the direction I was heading and I saw his unleashed dog run to retrieve it. I had to stop and start driving very slowly making sure the dog is clearly out of my way before proceeding. Are they even allowed to let their dog run without a leash?

When can we expect these campers to be removed totally from Carlos Avenue and Tamarind Avenue? We have been given many dates that they will be relocated or removed: October 1, 2018, January 1, 2019 and now April 1, 2019. We have been hearing about the Hollywood Bridge Housing for months but we have yet to see any changes for the better around our neighborhood. If these people are choosing not to move in because of restrictions imposed on them, then they don’t deserve to be on the street especially in our neighborhood. Is there really a gang-like operation going on in that section of Carlos Avenue? If true, the sooner they are removed, the better.

3. Encampment next to the freeway

About a week ago, we noticed a big tent next to the freeway right behind our building. It is still there as of this moment. The occupants gained access to the area by cutting the wire fence and prying open the overlapping portion of the fence on Carlos Avenue near Bronson. Although Caltrans has jurisdiction over that portion of land they occupy, they can be subject to breaking and entering law the police department can enforce. These people can easily jump over our fence giving them access to our parking garage and gas and electric connections behind the building. It is just a matter of time before I hear of a break-in from one of our residents. I plan to send another email to Caltrans to have the tent removed immediately which in reality may take weeks.

Thank you and we greatly appreciate any help you can provide to address the above.

Just one of the many that have "sprouted" over the past few days along Tamarind. This one is in the very corner of the little street we have here, not even enough to walk by anymore, with all the extra baggage of shopping carts and other personal belongings outside their tents that look more like trash to us. They're the kind who like to hoard weird things which are not only eyesores but outright obstruction of the rightful sidewalk which is for public use, (not only for their own use !!!) Give us back our basic right to our sidewalks please!

To this new tent's right side, are at least four more older tents. Today, there might still be space for some more! Not for long, we might see a whole bunch of them to manifest a Village—pretty much like the "Carlos' Tent City". Please Officer Rubalcava and Sgt Geaney, we beg you to not let this happen! Please give strict warning and straight-forward law enforcement measures to those who refuse the housing initiatives and other services you offer them!

Dear Dan,

I see from the attached page of the HPOA minutes that CD13 staff facilitated a meeting in 2013 between Carol Sobel and various groups concerned about street characters in Hollywood. I'd like to take a look at all records relating to this meeting including but not limited to emails setting up the meeting or discussing it, agendas, minutes, notes, and so on.

thanks for all your help,

Adrian

been issued, housing has been found for one of the individuals. Lt. Dibell pointed to the example of the drummer who used to always be at Hollywood & Highland as an example of a success story, as he has now moved on from the area. PATH and DMH continue to do street outreach every Tuesday and Thursday morning. Year to date, there have been 4 homicides (there were 5 last year). Violent crime is down 17%. The BID is working on a nighttime observe and report partnership with LAPD. Echeverria said he thought those stats were great and wondered what the average city wide is; Dibell stated that 14 homicides per year is the average per division. Morrison stated that while there has been incredible crime reduction, there is still the perception of crime in the area; that the sidewalks feel unsafe. We have to deal with the palpable feeling of the area being unsafe. Dibell cited promoter regulations as one possible avenue to look at, as he feels the promoters are bringing in an element of crime. Pesqueira said they would like to hold promoters financially accountable; Lyons said the blame should go on the person hiring the promoters, not the promoters themselves.

4. **Limitation on tour sales/solicitation – ordinance passed 9/5/13**: Morrison reported that City Council adopted the ordinance on September 5 and it will go into effect 30 days after the mayor's signatuire. O'Farrell is pulling together departments to do an initial enforcement push. She is very excited about this and believes it will have a huge impact.

5. **Security Planning:** Mariani stated that last month, the board approved a 14-week pilot program for night time security. After conferring with Farrar and Seyler, it was determined that unarmed security would be the best option. There will be six unarmed officers and one armed officer on duty two nights per week. We are experiencing a delay in staffing but the revised cost of the program will be reduced to $46,000 as a result of using unarmed officers.

   With regards to the camera system, an estimate was secured from Metro Video to upgrade the system. In speaking with the LAPD captains and detectives, they made it known they would like to see the upgrade happen sooner rather than later. Staff is trying to find a way to accommodate both projects. Mariani presented a document showing the financial impacts of both programs, which if both funded concurrently, would present a budget shortfall of about $25,000 which would have to be pulled from elsewhere in the budget. Stephan asked if everyone was comfortable with unarmed security; Dibell and Farrar both said they were as it's very clear this will be an "observe and report" situation. There might be an opportunity to continue into next year utilizing rollover funds, and it's also hoped that after the pilot program it could cool down the crime issues and reduce the need for additional night time security. Lyon stated that the nightclubs could potentially take over the costs of the program or at least part of it. Mariani said the committee will continue to discuss. Mariani added that the committee could have an action item as early as next month regarding the camera system upgrade.

4. **Briefing on "Top 14" progress:** This item was tabled until next month.

5. **Meeting with Carol Sobel/ACLU re/ street character :** Morrison reported that Councilmember O'Farrell's staff had set up this meeting, as he wanted to have a conversation about appropriate enforcement. In the course of the two hour meeting, Sobel stated that she does not feel anything special needs to be done, as good undercover operations would lead to good arrests; laws are being broken that can be enforced. She encouraged O'Farrell to strategize with LAPD and the city attorney for undercover operations; overall the meeting left Morrison feeling very encouraged.

6. **Kerr Complaint:** Morrison reported that legal papers have been served to the HPOA and turned over to Andrews, stemming from an arrest in August 2011 for illegal street sales (counterfeit watches). The plaintiff is suing for racial profiling, assault and emotional turmoil, although he admitted he was selling counterfeit goods illegally.

Hi there

A message was added to record request #19-3671:

Ms. Lugo:

The Office of Council District 13 is in receipt of your request for public records (#19-3671).

Pursuant to Government Code Section 6253(c), please be advised that due to the time required to [A) search for and collect the requested records from other facilities outside of our Office OR B) search for, collect, and appropriately examine a voluminous amount of separate and distinct records to identify records applicable to your request OR C) the need to consult with another agency having a substantial interest in the determination OR D) compile data, to write programming language or a computer program to extract the data], we will be unable to determine if our Office is in possession of records that are responsive to your request by the current response deadline of July 12. We anticipate being able to make this determination by July 26 [no later than 14 days after the original 10-day deadline].

Regards,

Jeanne Min

Adrian,

I'm so sorry; this simply slipped through the cracks.

Please be advised that this office finds that "unusual circumstances" exist with respect to this request, as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records in order to respond to the request.

Since I was delayed in issuing this response, we will make a determination concerning this request in a shorter than normal time frame. We expect to make a determination concerning your request on or before June 17, 2019.

If you have any questions, you may reach me at (213) 207-3015. We greatly appreciate your courtesy and cooperation in this matter. Apologies again for the delay!

However, the damage was minor enough for my insurance to not have to pay for it, but major enough for it to be noticeable.

PS - the police did show up for this incident but I'm still going to have to pay for the damage since the person at fault does not have car insurance.

This is the second weekend that I called for a police response, only to find my car has again been intentionally scratched or "keyed" overnight.

Along with the verbal harassment (and objects thrown at some of us) we are all experiencing, they're literally using terroristic tactics and vandalizing property to attempt to drive us away or into silence. They are violent, fight amongst themselves, and have even less reservations about engaging those outside their "community".

A responding officer said: Keep calling, eventually they'll be cited. And when they don't show up in court, they get issued a warrant. And eventually we will run their IDs, see the outstanding warrant and we can arrest them.

But these responding officers didn't cite them (even though the occupiers said they'd move and stop blocking the sidewalks but stayed put). No officers do. So warrants never get issued. And police ultimately don't bother to run their IDs anyway. Most responders to calls don't even get out of their vehicles.

One or both may have said: That's why it's important we communicate this to local representatives to change the laws. But, I asked, what difference would new laws make if you don't enforce the laws we already have?

I'm being targeted for harassment by the encampment occupiers because I'm standing up for myself and asking police to enforce the law; because I'm intolerant of their partying, hollering, smoking, vulgarity, overtaking the sidewalks and leaving food and trash literally right outside our home. Let them hang out under the shady trees of the non-residential buildings or parking lots in the area. Or inside their tents.
But ensure us taxpaying, rent paying residents have the safety and acceptable limited noise-levels we also deserve.

I AM REQUESTING POLICE DO A NARCOTICS INVESTIGATION (their due diligence, for 30 days) AND SUBSEQUENT REPORT ON THESE STREETS AT CARLOS AND TAMARIND. These encampment occupiers are up and alert day and night, which is unnatural, and vehicles swing by (cars, bikes, scooters) seemingly to conduct business transactions 7 days/week, 24 hours/day. Note the attached two videos recorded last night (which is a Monday)—taken 1 hour apart (1130pm-1230am)—wherein:
- a male continuously walks in circles on the sidewalk and street in front of our residence (this began and continued beyond the hour duration captured on these clips)
- at least two people are active inside the tents at the end while at least one other moves between the tents 3 or 4 spaces to the left and those at the end.

NEIGHBORS: In the meantime, I am begging all of you and anyone who empathizes with our situation to register to vote so we can vote out every elected official who is overseeing our community. Here's a link to ensure you are able to vote when that time comes:

POLICE— Police our area. If you're "reaching out" to the encampment, what are you asking of them? POLITICIANS— These are not LA citizens who lost their homes because their rents went up or they lost their jobs. These are opportunists (many who came from out of state for the sole purpose of) capitalizing on your collective inaction/ineptitude/passivity and taking advantage of same AND our resources. Lawmakers visiting the immigrant detainment centers spoke of overwhelming smells of body odor, urine and feces... But that describes our neighborhood ALL DAY EVERY DAY... All due to your selective governing and inhumanity towards those of us who legally live here.

With *any* due respect, this response was, at best, inadequate and, at worst, insulting. The request was not to "force relocate"; Rather, I read it as asking the police to uphold the law. There are laws that can be enforced, right?

Once again, in your [Shannon Geany's] words, "Carlos/Tamarind remains as Hollywood's largest and most entrenched encampment".

We see you occasionally break up other transient tent communities (on El Centro, on Vine, on Highland, off Franklin, etc...), yet the disregard for our street continues and escalates. You pick and choose when and where to follow and/or enforce the law. Even this morning police were present as crews cleaned--and transients laid on sidewalks--but the police enforced no laws in regards to taking down tents or making sidewalks available for residents (many of whom are elderly). The transients' occupied territory grows and you do nothing.

Some of these same people have been here over 2 years. They keep their tents set up all day because **police only enforce those laws when it serves private interest,** like local "church" events. And the transients know this, and know you mostly otherwise won't be coming around or engaging them.

Now they hang out under our shady trees immediately outside of our residence on the North side of Carlos—daily, even though their tents are still up (as has been permitted for so long) on the South side of Carlos—**Completely taking over and blocking all sidewalks**. No resident wants to be caught taking pictures of them, but I've attached some images of them/the trash left in their wake only a few feet from where we sleep/eat/live. All while their empty tents remain up around the surrounding walkways.

Also, now that neither sidewalk is available, the residents are forced to walk in the street to avoid being engaged, muttered to, or have dogs off leashes barking and following them. And the transients track us. They watch us, what we drive, when we come and go. And they discuss it openly. Last weekend I watched a homeless man enter the code for our front door, walk through the hallway out the back, and sort through the recyclables in the city containers BEHIND our locked gates.

They play music and eat and drink and smoke and scream and curse and sleep ALL DAY within two yards of where we live. They bring folding chairs--and wooden chairs!--and blankets and pillows. They occupy the residential side of the street and don't go back to their tents until after dinner when the Salvation Army feeds them, leaving their trash behind.

Is the extent of police contribution "overseeing clean-up crews", during sporadic cleanup days only, so that "another city worker" has to pick up after this disrespectful hoard? If that's the case, at least turn your heads right and left to look to the surrounding sidewalks & Tamarind Avenue instead of just focusing on the row of tents on the South side of Carlos... Because the vagrant occupiers (a "transient" would eventually go somewhere else) and their trash are everywhere.

Today the occupation on the North side of Carlos and subsequent yelling (screaming to others in their encampment way down the street, again, while police were present) immediately outside of our windows began around 8am. Sunday it started before 10am and went on into the night. I work in order to be able to afford to take care of my responsibilities--they don't and don't want to--but I deserve to be awaken with ongoing screaming 4-5 feet outside the perimeter of our home? Where's the incentive in paying taxes? What's the incentive of being a productive member of society if you force/abandon us to be on the occupiers' schedule?

I called the non-emergency police—I have incident report #s—all weekend and nothing was done.

There is no public sanitation in the area. Should I be comfortable with them dumping feces in the storm drains just five feet from our building, our bedrooms? Along with the food they bring over and leave out all day, the rats they attract are being drawn to our part of the street. **Do we deserve rats, fleas, typhus?**

I hope and pray that karma finds you and your children and pays you back for the disregard and apathy you've shown us legal, legitimate and taxpaying Angelinos. You could do more but you don't. They don't respect your authority. We hear them laugh at you before and after you leave. **And you enable their behavior and give them a pass why?... Because you hate paperwork?**

There are laws about setting up chairs on sidewalks, right? About laying down and also, in general, blocking sidewalks? What about the out of state vehicles that don't register or renew or their tags? They don't smog check. They don't get tickets or towed either. They pollute, and violate other laws by sleeping in/living out of their vehicles so close to a children's school. But you don't police them. You make it easy for them to stay put, and invite more to join them in the area.

Don't blame the lawmakers (though they surely deserve their share) when you don't even enforce the laws that are, have been and remain on the books. Own your "as long as it's not happening in front of my home" attitude. But, in my opinion, your neglect is as criminal as the vagrants taking advantage of our good (albeit too passive) nature.

I noticed the last three emails and wanted to make sure we address the concerns you raised.

The Bridge Site location on Schrader has been full since the end of March. We have service providers throughout Hollywood that are working with the encampments to connect residents to any shelters beds that may become available. With over 33,000 people sleeping on the sidewalk every night and only 7,000 beds we as a City we are working to overcome the deficit.

Because of recent Court cases, most notably Jones v. LA, the City can not "relocate" encampments off of one street and onto another.

Sanitation has been in the area more frequently. We wish it could be non stop but unfortunately we do not have the crews. With the opening of the Schrader site, Hollywood currently has more resources than most area of the City. This has allowed us to have a greater presences in the area.

Your work is clearly seen and greatly appreciated.

We only have 4 tents left on our little Tamarind street and two of them are in that very corner, by the freeway. Is it please possible to remove those 4 tents from Tamarind Ave. for good?!
Also, not very many are left on Carlos...thank you again so much... just a little more effort to relocate those unfortunate people, so they are safe and we will nothing else but only be grateful to you.

Thank You for helping us to live in a clean environment this summer. We appreciate you greatly!

Thank You indeed.

What have you tried to give these guys in the form of other services for the past two weeks? Can't the Bridge Housing, which Officer Rubalcava said there were still at least half of the 72 available during our April 4th meeting, spare at least a few for these poor people?

We trust you could give these transients in our residential area your top priority.

On Fri, Apr 26, 2019, 6:14 PM Carlos Tamarind <carlostamarind@gmail.com wrote:

Officer Rubalcava,

Following are the updates on the subject:

1. Tents on Tamarind Avenue

During our meeting, we talked about the

tents in front of our building and we were hoping it would be addressed and resolved immediately. To date, we see no improvement in the situation on Tamarind Avenue. Transients act like they can do whatever they want without regard to residents' rights in the use of the sidewalk. Tents are not taken down during daytime preventing the use of the sidewalk for its intended purpose. Also, small trash bags and empty cans can be seen next to them or around the planters at the cul-de-sac and a long line of clothes can sometimes be seen hanging on the fence to dry.

2. Encampment on Carlos Avenue

It has been almost two years now since transients started occupying that section of Carlos Avenue near corner of Tamarind Avenue. Since then, we have witnessed break-ins, vandalism, breaking and entering, tagging, blocking the road and trash being thrown on the street and sidewalks. Most recently, some of them can be seen speeding on the street against traffic on skateboard and lately on bird scooters endangering themselves and putting motorists at great risk. From time to time I see a scooter lying on the sidewalk instead of standing up. I can only guess one of the transients did it. The other day, I was turning right onto Carlos Avenue when one transient threw a bottled water in the middle of the street in the direction I was heading and I saw his unleashed dog run to retrieve it. I had to stop and start driving very slowly making sure the dog is clearly out of my way before proceeding. Are they even allowed to let their dog run without a leash?

When can we expect these campers to be removed totally from Carlos Avenue and Tamarind Avenue? We have been given many dates that they will be relocated or removed: October 1, 2018, January 1, 2019 and now April 1, 2019. We have been hearing about the Hollywood Bridge Housing for months but we have yet to see any changes for the better around our neighborhood. If these people are choosing not to move in because of restrictions imposed on them, then they don't deserve to be on the street especially in our neighborhood. Is there really a gang-like operation going on in that section of Carlos Avenue? If true, the sooner they are removed, the better.

3. Encampment next to the freeway

About a week ago, we noticed a big tent next to the freeway right behind our building. It is still there as of this moment. The occupants gained access to the area by cutting the wire fence and prying open the overlapping portion of the fence on Carlos Avenue near Bronson. Although Caltrans has jurisdiction over that portion of land they occupy, they can be subject to breaking and entering law the police department can enforce. These people can easily jump over our fence giving them access to our parking garage and gas and electric connections behind the building. It is just a matter of time before I hear of a break-in from one of our residents. I plan to send another email to Caltrans to have the tent removed immediately which in reality may take weeks.

Thank you and we greatly appreciate any help you can provide to address the above.

Just one of the many that have "sprouted" over the past few days along Tamarind. This one is in the very corner of the little street we have here, not even enough to walk by anymore, with all the extra baggage of shopping carts and other personal belongings outside their tents that look more like trash to us. They're the kind who like to hoard weird things which are not only eyesores but outright obstruction of the rightful sidewalk which is for public use, (not only for their own use !!!) Give us back our basic right to our sidewalks please!

To this new tent's right side, are at least four more older tents. Today, there might still be space for some more! Not for long, we might see a whole bunch of them to manifest a Village—pretty much like the "Carlos' Tent City". Please Officer Rubalcava and Sgt Geaney, we beg you to not let this happen! And I do know it was someone from the homeless community since he told me it was him & that he was homeless, but then started shouting liar at me when I called the police.

However, the damage was minor enough for my insurance to not have to pay for it, but major enough for it to be noticeable.

PS - the police did show up for this incident but I'm still going to have to pay for the damage since the person at fault does not have car insurance.

Once again, in your [Shannon Geany's] words, "Carlos/Tamarind remains as Hollywood's largest and most entrenched encampment".

We see you occasionally break up other transient tent communities (on El Centro, on Vine, on Highland, off Franklin, etc...), yet the disregard for our street continues and escalates. You pick and choose when and where to follow and/or enforce the law. Even this morning police were present as crews cleaned--and transients laid on sidewalks--but the police enforced no laws in regards to taking down tents or making sidewalks available for residents (many of whom are elderly). The transients' occupied territory grows and you do nothing.

Some of these same people have been here over 2 years. They keep their tents set up all day because **police only enforce those laws when it serves private interest,** like local "church" events. And the transients know this, and know you mostly otherwise won't be coming around or engaging them.

Now they hang out under our shady trees immediately outside of our residence on the North side of Carlos—daily, even though their tents are still up (as has been permitted for so long) on the South side of Carlos—**Completely taking over and blocking all sidewalks.** No resident wants to be caught taking pictures of them, but I've attached some images of them/the trash left in their wake only a few feet from where we sleep/eat/live. All while their empty tents remain up around the surrounding walkways.

Also, now that neither sidewalk is available, the residents are forced to walk in the street to avoid being engaged, muttered to, or have dogs off leashes barking and following them. And the transients track us. They watch us, what we drive, when we come and go. And they discuss it openly. Last weekend I watched a homeless man enter the code for our front door, walk through the hallway out the back, and sort through the recyclables in the city containers BEHIND our locked gates.

They play music and eat and drink and smoke and scream and curse and sleep ALL DAY within two yards of where we live. They bring folding chairs--and wooden chairs!--and blankets and pillows. They occupy the residential side of the street and don't go back to their tents until after dinner when the Salvation Army feeds them, leaving their trash behind.

Is the extent of police contribution "overseeing clean-up crews", during sporadic cleanup days only, so that "another city worker" has to pick up after this disrespectful hoard? If that's the case, at least turn your heads right and left to look to the surrounding sidewalks & Tamarind Avenue instead of just focusing on the row of tents on the South side of Carlos... Because the vagrant occupiers (a "transient" would eventually go somewhere else) and their trash are everywhere.

Today the occupation on the North side of Carlos and subsequent yelling (screaming to others in their encampment way down the street, again, while police were present) immediately outside of our windows began around 8am. Sunday it started before 10am and went on into the night. I work in order to be able to afford to take care of my responsibilities--they don't and don't want to--but I deserve to be awaken with ongoing screaming 4-5 feet outside the perimeter of our home? Where's the incentive in paying taxes? What's the incentive of being a productive member of society if you force/abandon us to be on the occupiers' schedule?

I called the non-emergency police—I have incident report #s—all weekend and nothing was done.

There is no public sanitation in the area. Should I be comfortable with them dumping feces in the storm drains just five feet from our building, our bedrooms? Along with the food they bring over and leave out all day, the rats they attract are being drawn to our part of the street. **Do we deserve rats, fleas, typhus?**

I hope and pray that karma finds you and your children and pays you back for the disregard and apathy you've shown us legal, legitimate and taxpaying Angelinos. You could do more but you don't. They don't respect your authority. We hear them laugh at you before and after you leave. **And you enable their behavior and give them a pass why?... Because you hate paperwork?**

There are laws about setting up chairs on sidewalks, right? About laying down and also, in general, blocking sidewalks? What about the out of state vehicles that don't register or renew or their tags? They don't smog check. They don't get tickets or towed either. They pollute, and violate other laws by sleeping in/living out of their vehicles so close to a children's school. But you don't police them. You make it easy for them to stay put, and invite more to join them in the area.

Don't blame the lawmakers (though they surely deserve their share) when you don't even enforce the laws that are, have been and remain on the books. Own your "as long as it's not happening in front of my home" attitude. But, in my opinion, your neglect is as criminal as the vagrants taking advantage of our good (albeit too passive) nature.

All,

I noticed the last three emails and wanted to make sure we address the concerns you raised.

The Bridge Site location on Schrader has been full since the end of March. We have service providers throughout Hollywood that are working with the encampments to connect residents to any shelters beds that may become available. With over 33,000 people sleeping on the sidewalk every night and only 7,000 beds we as a City we are working to overcome the deficit.

Because of recent Court cases, most notably Jones v. LA, the City can not "relocate" encampments off of one street and onto another.

Sanitation has been in the area more frequently. We wish it could be non stop but unfortunately we do not have the crews. With the opening of the Schrader site, Hollywood currently has more resources than most area of the City. This has allowed us to have a greater presences in the area.

Your work is clearly seen and greatly appreciated.

We only have 4 tents left on our little Tamarind street and two of them are in that very corner, by the freeway. Is it please possible to remove those 4 tents from Tamarind Ave. for good?!
Also, not very many are left on Carlos...thank you again so much... just a little more effort to relocate those unfortunate people, so they are safe and we will nothing else but only be grateful to you.

Thank You for helping us to live in a clean environment this summer. We appreciate you greatly!

Thank You indeed.

In our April 29th meeting, you promised to send in Sanitation every so often. Can we try these at least twice a week or so? I have been placing requests with MyLA311 myself before our meeting, but I stopped, thinking you would take care of this task henceforth.

What have you tried to give these guys in the form of other services for the past two weeks? Can't the Bridge Housing, which Officer Rubalcava said there were still at least half of the 72 available during our April 4th meeting, spare at least a few for these poor people?

We trust you could give these transients in our residential area your top priority.

Officer Rubalcava,

Following are the updates on the subject:

1. Tents on Tamarind Avenue

During our meeting, we talked about the tents in front of our building and we were hoping it would be addressed and resolved immediately. To date, we see no improvement in the situation on Tamarind Avenue. Transients act like they can do whatever they want without regard to residents' rights in the use of the sidewalk. Tents are not taken down during daytime preventing the use of the sidewalk for its intended purpose. Also, small trash bags and empty cans can be seen next to them or around the planters at the cul-de-sac and a long line of clothes can sometimes be seen hanging on the fence to dry.

2. Encampment on Carlos Avenue

It has been almost two years now since transients started occupying that section of Carlos Avenue near corner of Tamarind Avenue. Since then, we have witnessed break-ins, vandalism, breaking and entering, tagging, blocking the road and trash being thrown on the street and sidewalks. Most recently, some of them can be seen speeding on the street against traffic on skateboard and lately on bird scooters endangering themselves and putting motorists at great risk. From time to time I see a scooter lying on the sidewalk instead of standing up. I can only guess one of the transients did it. The other day, I was turning right onto Carlos Avenue when one transient threw a bottled water in the middle of the street in the direction I was heading and I saw his unleashed dog run to retrieve it. I had to stop and start driving very slowly making sure the dog is clearly out of my way before proceeding. Are they even allowed to let their dog run without a leash?

When can we expect these campers to be removed totally from Carlos Avenue and Tamarind Avenue? We have been given many dates that they will be relocated or removed: October 1, 2018, January 1, 2019 and now April 1, 2019. We have been hearing about the Hollywood Bridge Housing for months but we have yet to see any changes for the better around our neighborhood. If these people are choosing not to move in because of restrictions imposed on them, then they don't deserve to be on the street especially in our neighborhood. Is there really a gang-like operation going on in that section of Carlos Avenue? If true, the sooner they are removed, the better.

3. Encampment next to the freeway

About a week ago, we noticed a big tent next to the freeway right behind our building. It is still there as of this moment. The occupants gained access to the area by cutting the wire fence and prying open the overlapping portion of the fence on Carlos Avenue near Bronson. Although Caltrans has jurisdiction over that portion of land they occupy, they can be subject to breaking and entering law the police department can enforce. These people can easily jump over our fence giving them access to our parking garage and gas and electric connections behind the building. It is just a matter of time before I hear of a break-in from one of our residents. I plan to send another email to Caltrans to have the tent removed immediately which in reality may take weeks.

Thank you and we greatly appreciate any help you can provide to address the above.

Gil

Just one of the many that have "sprouted" over the past few days along Tamarind. This one is in the very corner of the little street we have here, not even enough to walk by anymore, with all the extra baggage of shopping carts and other personal belongings outside their tents that look more like trash to us. They're the kind who like to hoard weird things which are not only eyesores but outright obstruction of the rightful sidewalk which is for public use, (not only for their own use !!!) To this new tent's right side, are at least four more older tents. Today, there might still be space for some more! Not for long, we might see a whole bunch of them to manifest a Village—pretty much like the "Carlos' Tent City". Please Officer Rubalcava and Sgt Geaney, we beg you to not let this happen! I honestly feel like I'm going insane listening to their loud music and abusive screaming threats every single day directly outside our apartment windows.

I have a hypothetical question for the LAPD. If we were to collect all the trash, human feces and used paper in our street and take it over to some nice homes in the more well-off Franklin area, and we spread it all along their lawns and then, every single afternoon like clockwork, we stood directly outside their open windows where the residents were trying to work/sleep and just blasted loud music for hours while screaming abuse, are there any laws or regulations that would enable you to act on this?

Can you tell us they are so we can reference them when we call asking you to keep the peace in this less-well-off area as well? Why do we have to walk across the freeway to see how it could be?

Yes we call the non-emergency number asking for help all the time.
What should we expect you to actually change about the situation when we do this? Anything?

Along with the verbal harassment (and objects thrown at some of us) we are all experiencing, they're literally using terroristic tactics and vandalizing property to attempt to drive us away or into silence. They are violent, fight amongst themselves, and have even less reservations about engaging those outside their "community".

A responding officer said: Keep calling, eventually they'll be cited. And when they don't show up in court, they get issued a warrant. And eventually we will run their IDs, see the outstanding warrant and we can arrest them.

But these responding officers didn't cite them (even though the occupiers said they'd move and stop blocking the sidewalks but stayed put). No officers do. So warrants never get issued. And police ultimately don't bother to run their IDs anyway. Most responders to calls don't even get out of their vehicles.

One or both may have said: That's why it's important we communicate this to local representatives to change the laws. But, I asked, what difference would new laws make if you don't enforce the laws we already have?

I'm being targeted for harassment by the encampment occupiers because I'm standing up for myself and asking police to enforce the law; because I'm intolerant of their partying, hollering, smoking, vulgarity, overtaking the sidewalks and leaving food and trash literally right outside our home. Let them hang out under the shady trees of the non-residential buildings or parking lots in the area. Or inside their tents.
But ensure us taxpaying, rent paying residents have the safety and acceptable limited noise-levels we also deserve.

I AM REQUESTING POLICE DO A NARCOTICS INVESTIGATION (their due diligence, for 30 days) AND SUBSEQUENT REPORT ON THESE STREETS AT CARLOS AND TAMARIND. These encampment occupiers are up and alert day and night, which is unnatural, and vehicles swing by (cars, bikes, scooters) seemingly to conduct business transactions 7 days/week, 24 hours/day. Note the attached two videos recorded last night (which is a Monday)—taken 1 hour apart (1130pm-1230am)—wherein:
- a male continuously walks in circles on the sidewalk and street in front of our residence (this began and continued beyond the hour duration captured on these clips)
- at least two people are active inside the tents at the end while at least one other moves between the tents 3 or 4 spaces to the left and those at the end.

NEIGHBORS: In the meantime, I am begging all of you and anyone who empathizes with our situation to register to vote so we can vote out every elected official who is overseeing our community. Here's a link to ensure you are able to vote when that time comes:
https://registertovote.ca.gov/

Vote against Garcetti, Dan Halden, Sean Starky, and any other “official” on these emails and/or those who put or kept them in positions of power.

If that's the case, at least turn your heads right and left to look to the surrounding sidewalks & Tamarind Avenue instead of just focusing on the row of tents on the South side of Carlos... Because the vagrant occupiers (a "transient" would eventually go somewhere else) and their trash are everywhere.

Today the occupation on the North side of Carlos and subsequent yelling (screaming to others in their encampment way down the street, again, while police were present) immediately outside of our windows began around 8am. Sunday it started before 10am and went on into the night. I work in order to be able to afford to take care of my responsibilities--they don't and don't want to--but I deserve to be awaken with ongoing screaming 4-5 feet outside the perimeter of our home? Where's the incentive in paying taxes? What's the incentive of being a productive member of society if you force/abandon us to be on the occupiers' schedule?

I called the non-emergency police—I have incident report #s—all weekend and nothing was done.

There is no public sanitation in the area. Should I be comfortable with them dumping feces in the storm drains just five feet from our building, our bedrooms? Along with the food they bring over and leave out all day, the rats they attract are being drawn to our part of the street. **Do we deserve rats, fleas, typhus?**

I hope and pray that karma finds you and your children and pays you back for the disregard and apathy you've shown us legal, legitimate and taxpaying Angelinos. You could do more but you don't. They don't respect your authority. We hear them laugh at you before and after you leave. **And you enable their behavior and give them a pass why?... Because you hate paperwork?**

There are laws about setting up chairs on sidewalks, right? About laying down and also, in general, blocking sidewalks? What about the out of state vehicles that don't register or renew or their tags? They don't smog check. They don't get tickets or towed either. They pollute, and violate other laws by sleeping in/living out of their vehicles so close to a children's school. But you don't police them. You make it easy for them to stay put, and invite more to join them in the area.

Don't blame the lawmakers (though they surely deserve their share) when you don't even enforce the laws that are, have been and remain on the books. Own your "as long as it's not happening in front of my home" attitude. But, in my opinion, your neglect is as criminal as the vagrants taking advantage of our good (albeit too passive) nature.

What have you tried to give these guys in the form of other services for the past two weeks? Can't the Bridge

On Fri, Apr 26, 2019, 6:14 PM Carlos Tamarind <carlostamarind@gmail.com wrote:

Officer Rubalcava,

Following are the updates on the subject:

1. Tents on Tamarind Avenue

During our meeting, we talked about the tents in front of our building and we were hoping it would be addressed and resolved immediately. To date, we see no improvement in the situation on Tamarind Avenue. Transients act like they can do whatever they want without regard to residents' rights in the use of the sidewalk. Tents are not taken down during daytime preventing the use of the sidewalk for its intended purpose. Also, small trash bags and empty cans can be seen next to them or around the planters at the cul-de-sac and a long line of clothes can sometimes be seen hanging on the fence to dry.

2. Encampment on Carlos Avenue

It has been almost two years now since transients started occupying that section of Carlos Avenue near corner of Tamarind Avenue. Since then, we have witnessed break-ins, vandalism, breaking and entering, tagging, blocking the road and trash being thrown on the street and sidewalks. Most recently, some of them can be seen speeding on the street against traffic on skateboard and lately on bird scooters endangering themselves and putting motorists at great risk. From time to time I see a scooter lying on the sidewalk instead of standing up. I can only guess one of the transients did it. The other day, I was turning right onto Carlos Avenue when one transient threw a bottled water in the middle of the street in the direction I was heading and I saw his unleashed dog run to retrieve it. I had to stop and start driving very slowly making sure the dog is clearly out of my way before proceeding. Are they even allowed to let their dog run without a leash?

When can we expect these campers to be removed totally from Carlos Avenue and Tamarind Avenue? We have been given many dates that they will be relocated or removed: October 1, 2018, January 1, 2019 and now April 1, 2019. We have been hearing about the Hollywood Bridge Housing for months but we have yet to see any changes for the better around our neighborhood. If these people are choosing not to move in because of restrictions imposed on them, then they don't deserve to be on the street especially in our neighborhood. Is there really a gang-like operation going on in that section of Carlos Avenue? If true, the sooner they are removed, the better.

3. Encampment next to the freeway

About a week ago, we noticed a big tent next to the freeway right behind our building. It is still there as of this moment. The occupants gained access to the area by cutting the wire fence and prying open the overlapping portion of the fence on Carlos Avenue near Bronson. Although Caltrans has jurisdiction over that portion of land they occupy, they can be subject to breaking and entering law the police department can enforce. These people can easily jump over our fence giving them access to our parking garage and gas and electric connections behind the building. It is just a matter of time before I hear of a break-in from one of our residents. I plan to send another email to Caltrans to have the tent removed immediately which in reality may take weeks.

Thank you and we greatly appreciate any help you can provide to address the above.

Just one of the many that have "sprouted" over the past few days along Tamarind. Get an estimate of the cost to fix the car. If it's $1,000 or more it's a felony vandalism charge. If we can then provide any sort of identifying information AKA pre-packaged a felony the cops will then finally act on it, but basically they don't care about anything else unless it's pre-packaged

On Tue, Jul 16, 2019, 11:30 AM Greg Bass <gravydotcom@yahoo.com> wrote:

This is the second weekend that I called for a police response, only to find my car has again been intentionally scratched or “keyed” overnight.

Along with the verbal harassment (and objects thrown at some of us) we are all experiencing, they’re literally using terroristic tactics and vandalizing property to attempt to drive us away or into silence. They are violent, fight amongst themselves, and have even less reservations about engaging those outside their “community”.

A responding officer said: Keep calling, eventually they’ll be cited. And when they don’t show up in court, they get issued a warrant. And eventually we will run their IDs, see the outstanding warrant and we can arrest them.

But these responding officers didn’t cite them (even though the occupiers said they’d move and stop blocking the sidewalks but stayed put). No officers do. So warrants never get issued. And police ultimately don’t bother to run their IDs anyway. Most responders to calls don’t even get out of their vehicles.

One or both may have said: That’s why it’s important we communicate this to local representatives to change the laws. But, I asked, what difference would new laws make if you don’t enforce the laws we already have?

I’m being targeted for harassment by the encampment occupiers because I’m standing up for myself and asking police to enforce the law; because I’m intolerant of their partying, hollering, smoking, vulgarity, overtaking the sidewalks and leaving food and trash literally right outside our home. Let them hang out under the shady trees of the non-residential buildings or parking lots in the area. Or inside their tents.
But ensure us taxpaying, rent paying residents have the safety and acceptable limited noise-levels we also deserve.

I AM REQUESTING POLICE DO A NARCOTICS INVESTIGATION (their due diligence, for 30 days) AND SUBSEQUENT REPORT ON THESE STREETS AT CARLOS AND TAMARIND. These encampment occupiers are up and alert day and night, which is unnatural, and vehicles swing by (cars, bikes, scooters) seemingly to conduct business transactions 7 days/week, 24 hours/day. Note the attached two videos recorded last night (which is a Monday)—taken 1 hour apart (1130pm-1230am)—wherein:
- a male continuously walks in circles on the sidewalk and street in front of our residence (this began and continued beyond the hour duration captured on these clips)
- at least two people are active inside the tents at the end while at least one other moves between the tents 3 or 4 spaces to the left and those at the end.

NEIGHBORS: In the meantime, I am begging all of you and anyone who empathizes with our situation to register to vote so we can vote out every elected official who is overseeing our community. Here's a link to ensure you are able to vote when that time comes:
https://registertovote.ca.gov/

Vote against Garcetti, Dan Halden, Sean Starky, and any other "official" on these emails and/or those who put or kept them in positions of power.

With *any* due respect, this response was, at best, inadequate and, at worst, insulting. The request was not to "force relocate"; Rather, I read it as asking the police to uphold the law. There are laws that can be enforced, right?

Once again, in your [Shannon Geany's] words, "Carlos/Tamarind remains as Hollywood's largest and most entrenched encampment".

We see you occasionally break up other transient tent communities (on El Centro, on Vine, on Highland, off Franklin, etc...), yet the disregard for our street continues and escalates. You pick and choose when and where to follow and/or enforce the law. Even this morning police were present as crews cleaned--and transients laid on sidewalks--but the police enforced no laws in regards to taking down tents or making sidewalks available for residents (many of whom are elderly). The transients' occupied territory grows and you do nothing.

Some of these same people have been here over 2 years. They keep their tents set up all day because **police only enforce those laws when it serves private interest,** like local "church" events. And the transients know this, and know you mostly otherwise won't be coming around or engaging them.

Now they hang out under our shady trees immediately outside of our residence on the North side of Carlos—daily, even though their tents are still up (as has been permitted for so long) on the South side of Carlos—**Completely taking over and blocking all sidewalks**. No resident wants to be caught taking pictures of them, but I've attached some images of them/the trash left in their wake only a few feet from where we sleep/eat/live. All while their empty tents remain up around the surrounding walkways.

Also, now that neither sidewalk is available, the residents are forced to walk in the street to avoid being engaged, muttered to, or have dogs off leashes barking and following them. And the transients track us. They watch us, what we drive, when we come and go. And they discuss it openly. Last weekend I watched a homeless man enter the code for our front door, walk through the hallway out the back, and sort through the recyclables in the city containers BEHIND our locked gates.

They play music and eat and drink and smoke and scream and curse and sleep ALL DAY within two yards of where we live. They bring folding chairs--and wooden chairs!--and blankets and pillows. They occupy the residential side of the street and don't go back to their tents until after dinner when the Salvation Army feeds them, leaving their trash behind.

Is the extent of police contribution "overseeing clean-up crews", during sporadic cleanup days only, so that "another city worker" has to pick up after this disrespectful hoard? If that's the case, at least turn your heads right and left to look to the surrounding sidewalks & Tamarind Avenue instead of just focusing on the row of tents on the South side of Carlos... Because the vagrant occupiers (a "transient" would eventually go somewhere else) and their trash are everywhere.

Today the occupation on the North side of Carlos and subsequent yelling (screaming to others in their encampment way down the street, again, while police were present) immediately outside of our windows began around 8am. Sunday it started before 10am and went on into the night. I work in order to be able to afford to take care of my responsibilities--they don't and don't want to--but I deserve to be awaken with ongoing screaming 4-5 feet outside the perimeter of our home? Some of the tents have moved to the Cul de sac and destroyed the planters where there's a sign "No Loitering, Police Enforced".

We beg you to spare at least 2 to 3 housing units in the "Bridge" for these guys or else relocate them somewhere please?

I would also like to add that more and more of the big garbage cans are appearing every day and have been put on all the corners of Carlos and Tamarind streets; clearly saying: "Welcome home - feel comfortable, here are the garbage cans if you possibly ever decide to throw a trash in the garbage instead of on the street."
Do we really have to go through this summer smelling human waste all around us... And be at peace with it?

We believe that you are doing your best; yet more and more tents are appearing on our little Tamarind Street every single day.

Some of us quit work and ran home that day for our meeting with you, in the hopes that something solid would finally be done. Unfortunately, I must agree with Gil -absolutely nothing has been done. It is actually even worse. Needless to say that our disappointment and hopelessness are beyond all hope and we truly do not know what to think or do??!

As we mentioned during our meeting, we would be very happy to help; what can we do, please?

On Fri, Apr 26, 2019, 6:14 PM Carlos Tamarind <carlostamarind@gmail.com> wrote:

Officer Rubalcava,

Following are the updates on the subject:

1. Tents on Tamarind Avenue

During our meeting, we talked about the tents in front of our building and we were hoping it would be addressed and resolved immediately. To date, we see no improvement in the situation on Tamarind Avenue. Transients act like they can do whatever they want without regard to residents' rights in the use of the sidewalk. Tents are not taken down during daytime preventing the use of the sidewalk for its intended purpose. Also, small trash bags and empty cans can be seen next to them or around the planters at the cul-de-sac and a long line of clothes can sometimes be seen hanging on the fence to dry.

2. Encampment on Carlos Avenue

It has been almost two years now since transients started occupying that section of Carlos Avenue near corner of Tamarind Avenue. Since then, we have witnessed break-ins, vandalism, breaking and entering, tagging, blocking the road and trash being thrown on the street and sidewalks. Most recently, some of them can be seen speeding on the street against traffic on skateboard and lately on bird scooters endangering themselves and putting motorists at great risk. From time to time I see a scooter lying on the sidewalk instead of standing up. I can only guess one of the transients did it. The other day, I was turning right onto Carlos Avenue when one transient threw a bottled water in the middle of the street in the direction I was heading and I saw his unleashed dog run to retrieve it. I had to stop and start driving very slowly making sure the dog is clearly out of my way before proceeding. Are they even allowed to let their dog run without a leash?

When can we expect these campers to be removed totally from Carlos Avenue and Tamarind Avenue? We have been given many dates that they will be relocated or removed: October 1, 2018, January 1, 2019 and now April 1, 2019. We have been hearing about the Hollywood Bridge Housing for months but we have yet to see any changes for the better around our neighborhood. If these people are choosing not to move in because of restrictions imposed on them, then they don't deserve to be on the street especially in our neighborhood. Is there really a gang-like operation going on in that section of Carlos Avenue? If true, the sooner they are removed, the better.

3. Encampment next to the freeway

About a week ago, we noticed a big tent next to the freeway right behind our building. It is still there as of this moment. The occupants gained access to the area by cutting the wire fence and prying open the overlapping portion of the fence on Carlos Avenue near Bronson. Although Caltrans has jurisdiction over that portion of land they occupy, they can be subject to breaking and entering law the police department can enforce. These people can easily jump over our fence giving them access to our parking garage and gas and electric connections behind the building. It is just a matter of time before I hear of a break-in from one of our residents. I plan to send another email to Caltrans to have the tent removed immediately which in reality may take weeks.

Thank you and we greatly appreciate any help you can provide to address the above.

Just one of the many that have "sprouted" over the past few days along Tamarind. This one is in the very corner of the little street we have here, not even enough to walk by anymore, with all the extra baggage of shopping carts and other personal belongings outside their tents that look more like trash to us. They're the kind who like to hoard weird things which are not only eyesores but outright obstruction of the rightful sidewalk which is for public use, (not only for their own use !!!) Give us back our basic right to our sidewalks please!

To this new tent's right side, are at least four more older tents. Today, there might still be space for some more! Not for long, we might see a whole bunch of them to manifest a Village—pretty much like the "Carlos' Tent City". Please Officer Rubalcava and Sgt Geaney, we beg you to not let this happen! Please give strict warning and straight-forward law enforcement measures to those who refuse the housing initiatives and other services you offer them!

To: Mateljan, Frank <Frank.Mateljan@lacity.org>

Good morning,

As you may be aware, over the past several years, the City Attorney's Offices' practice around the California Public Records Act has increased -- both as to advice to and consultation with our clients and the litigation involving CPRA requests. To this end, we are adding dedicated resources to address this increase and assure consistency in our advice and litigation strategy.
Deputy City Attorney Bethelwel Wilson will be the lead on providing advice to elected officials and their offices. We are hoping to setup a time next week (July 22nd through July 26th) to visit your office and speak with you or another member of your staff who typically handles CPRA requests in order to introduce ourselves and to let you know about this new resource for your Council office.

I will follow up as to your availability. Thank you very much for your attention and we look forward to meeting with you very soon.

best,
Frank Mateljan

Dear Dan,

I'd like a copy of the attachment to the attached email.

thanks for your help,

Adrian

1. Why are you engaged in your current field of work?

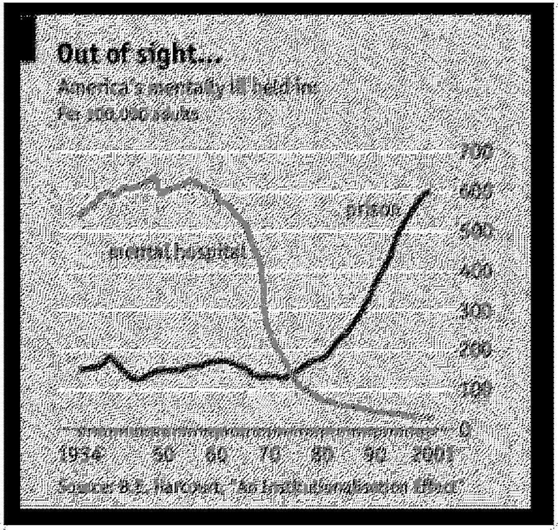
I have been managing the business improvement district (BID) along Hollywood Blvd for the past 19 years – since it was started in 1996. This has been an exciting and rewarding job, as I have had a front-row seat to witness a tremendous success story of economic development and community revitalization. That I have had any role is an honor.

However, I think your question might be directed more toward why I am involved in homeless issues to the extent I am – particularly caring about the fate of those who suffer from mental illness and are chronically homeless in our neighborhood. To describe that journey would exceed the file-size allotment granted for this application. In brief, I will describe my journey as such.

For the first seven years in my job, I felt it was someone else's role to address homelessness (i.e., government, non-profits, faith community). I harbored a fear of homeless people and kept my distance. For the next five years, I experienced an awakening that this societal problem was not going to be solved unless all sectors, including and especially the business community, came to the table. I felt called to actually get to know, as human beings, those individuals who were living in the District I was entrusted to manage. For the last seven years, I have been "all in," and my life has been transformed. Not only have I come to develop relationships with the three "case studies" you will see referenced in this proposal, I feel I have made a case for the business community to play a role. I am also heavily invested -- operating at 35,000 feet on the LAHSA Commission; 20,000 feet on the United Way Home for Good Task Force; 10,000 feet on the board at The Center at Blessed Sacrament; and in the trenches with my buddy Torrey.

2. Please describe the issue/project you would like to work on

Forty years after the dismantling of the institutionalized mental health system in America, we witness the unintended consequences. The rate of people suffering from brain disorders and severe mental illness (SMI) has not changed, but where they live has. [1] There has been a complete shift from state hospitals to jails, prisons and the streets of America. A 2013 article in The Economist showed this shift graphically.



In Los Angeles, we see evidence of this failed system daily. The individual who is camped with all their belonging at a bus shelter, day in and day out. The ragged man walking down the street carrying on an animated conversation with the breeze. The violent encounters between individuals who are the subject of a 911 call and the LAPD.

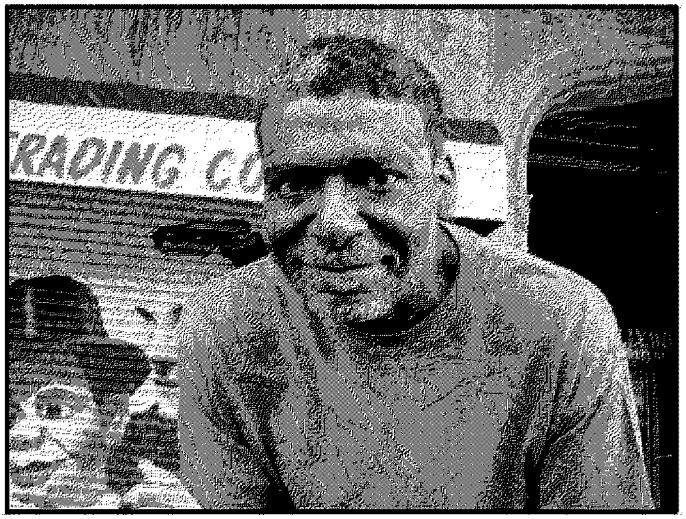
In Hollywood, I have had the privilege to learn about the lives of people who suffer from SMI and are homeless in our neighborhood. Many of us have worked collaboratively to move individuals from the street into a safer environments.

For example, in 2013, after spending three years working as a coalition (Hollywood 4WRD) to house chronically homeless individuals, we came together in a one-day retreat to assess where we had made progress, and where we fell short. It was evident at that time that the most disabled, hardest to reach individuals suffering from schizophrenia, and in a few cases, substance abuse as well, remained on the street. We labelled them the "super-chronic" homeless – the high hanging fruit – and decided to come to consensus on a list so we could focus on helping them get off the street. We could not agree on just ten, so adopted a list that has come to be known as the "Top 14."

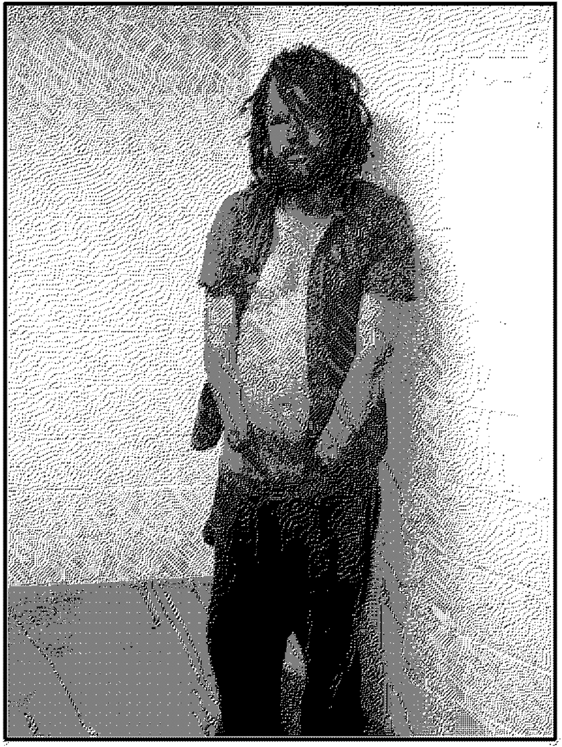
---

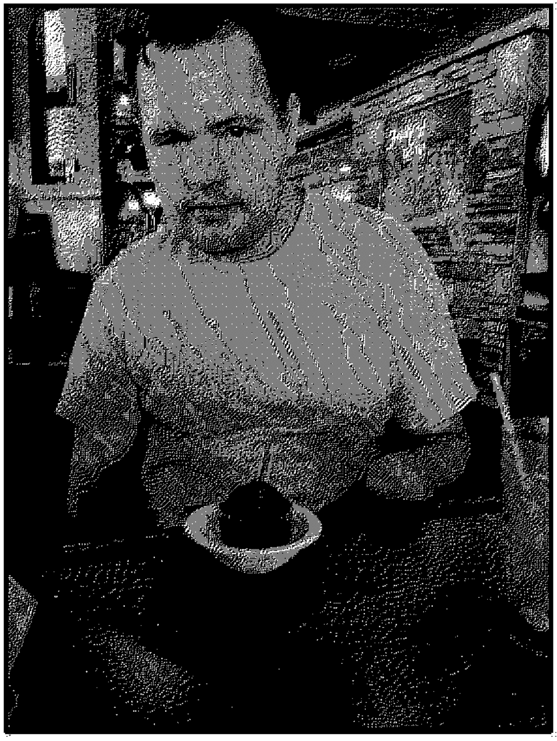
[1] According to Representative Tim Murphy, author of the Helping Families in Mental Health Crisis Act, approximately 11 million people in the United States suffer from sever schizophrenia, bipolar disorder and major depression. Millions are going without treatment and families struggle to care for their loved ones. An 8/29/14 article in the Sacramento Bee reported that there were 30,000 mentally ill inmates in state prison system, which amounts to 26% of state prison population (30,000/116,000). It is estimated that between 20 to 40% of the homeless population in CA suffers from mental illness. In Los Angeles County, in 2015, according to the District Attorney's report, 3,614 inmates in LA County jail suffered from mental illness.).

My research will be informed by the evolving life stories of at least three people who have been helped by our coalition. One is named Torrey, a 53-year old man suffering from schizophrenia who was (and still is) the inspiration behind this entire effort.



The second is Serge, a 35-year old man with no hands, who was homeless on the streets of Hollywood and Santa Monica for 12 years, and now lives in a facility in Pico Rivera.





The third is Arnie, a 26 year old man, who came to Hollywood to study, and was overtaken by his illness and demonstrated violent tendencies. He was conserved, and lived in a locked facility for almost two year, and now lives in a board and care home in Hollywood.

My research and work would be focused upon identifying a range of tools available to community members who desire to help those who are vulnerable and suffering from SMI in their neighborhood. These tools may already be available, or may be inspired by how other cities, counties, states – or even other countries -- are addressing these human needs. These tools would allow a community to give voice to those individuals who are trapped in their mental illness. These tools are often obscure and locked in a maze that is hard to crack. Arguably, these tools might be considered "disruptive" to the mainstream mental health paradigm. They might also rub against civil libertarians who argue that people have a "constitutional right" to lie in their feces on our sidewalks, often unaware that they are ill. The agencies or service providers one turns to for advice are often siloed and kept busy with other initiatives, or hide behind HIPAA[2] – making it difficult to discuss how to help a specific human being if one wants to use their actual name. My goal would be to make a case for policy or systems change and/or encourage new volunteer-based support structures that will:

- Mandate treatment in appropriate instances
- Divert people from incarceration or hospitalization into treatment
- Create communities to surround homeless and formerly homeless people living with mental illness – to give them support and sustainable companionship
- Beef up resource allocations for supportive services – to ensure those who are housed don't fall back into homelessness.

---

[2] The Health Insurance Portability and Accountability Act, passed by Congress in 1996. Among other things, it is the federal law that establishes standards for the privacy and security of health information.

3. Who else is working in this arena? What have they accomplished? Where does their work stop short? Where are you stepping in?

I have not stumbled upon any one group or organization who is standing in for their homeless neighbors suffering from severe mental illness. As I have experienced the frustration of seeking help and treatment for chronically homeless individuals suffering from SMI in Hollywood, I have found a small cadre of professionals and authors who I follow via social media. I know that if I had the opportunity to peak into this world with more intentionality, this constellation will grow, but here is my initial list.

1. DJ Jaffe – Executive Director, Mental Illness Policy Org, New York

Mental Illness Policy Org is a think-tank dedicated to providing law enforcement officials, mental illness officials, the media and policy makers unbiased information on issues affecting the seriously mentally ill.

2. Dr. E. Fuller Torrey – Treatment Advocacy Center

Carla Jacobs, member of the board of directors, Treatment Advocacy Center

E. Fuller Torrey, M.D., is a research psychiatrist specializing in schizophrenia and bipolar disorder (also known as manic-depressive illness). He is founder of the Treatment Advocacy Center.

Carla Jacobs is a founding board member for the TAC, and has seen the devastating impacts of untreated mental illness play out in her family. She advocates to reduce the homelessness and criminalization of people with mental illness by improving standards and practices in community care. She also believes – as I do, that access to treatment for mental disorders in a human right.

3. National Alliance for the Mentally Ill (NAMI) – this is an organization which largely serves as a coalition and voice for families coping with mental illness. They have been instrumental in calling for reforms to the state's conservatorship laws (the Lanterman Petris Short Act).

4. Los Angeles District Attorney Jackie Lacey

Jackie Lacey is chair of the LA County Criminal Justice Mental Health Advisory Board. Recently the board issues a report entitled "A Blueprint for Change," which proposes some sweeping reform proposals to divert individuals suffering from mental illness from jails to treatment. The report posits that jail is not the appropriate housing option for those whose behaviors arose form an acute mental health crisis.

5. Judge James Bianco is the bench officer assigned to LA County Superior Court, Department 95.

This is the mental health court for LA County.

6. Pete Early, author of Crazy: A Father's Search Through America's Mental Health Madness.

A former journalist, Pete Early now describes himself as a story-teller. However, his jump-start into this career changed started with the book he wrote about his son, and what he learned about the dysfunctionality of the mental health system in Florida. He has now become a strong advocate for mental health reform in America.

7. Representative Tim Murphy (Pennsylvania) who introduced the Families in Mental Health Crisis Act

Representative Murphy is a clinical psychologist and a member of Congress. He is attempting the first major overhaul of the American mental healthy system in 50 years.

4. How do you propose to find a solution? Describe your proposed work plan.

1. Identify jurisdictions (states, counties or even other countries) that have proactively moved toward a model of treatment for individuals suffering from mental illness. Ideally this would be a jurisdiction where the number of people who are either homeless or incarcerated is FAR LESS than the national average.

a. Create a continuum theory (from most aggressive treatment, i.e., involuntary, to most passive) and identify where Los Angeles County fits. To truly meet the needs of mentally ill individuals in LA County, where should we be, and what is keeping us from being there?

b. Identify the leading voices for change – and plug into these people.

2. Develop complete case studies of three people. These are three people who would still be homeless had we not helped them. To the extent I could gain access, I would interview family, track down records of interactions with the criminal justice system and emergency health services. If possible, I would attempt a "cost-savings" analysis, to document how their current living situation is less costly to the community than the previous cycle of jail, hospitalization, homelessness. I would describe in great detail what the Hollywood community had to do to help them – and how the community remains involved, which is completely voluntary.

3. Target one or two policy changes that could make meaningful impact in reducing the incidence of chronic homeless owing to severe mental illness. Examples might be:

a. Implementation of "Laura's Law" also known as Assisted Outpatient Treatment (AOT)[3] in L.A. County. AOT is a process that for allows for an adult, meeting specific criteria, who declines voluntary treatment, to be compelled by a civil court process to receive mental health care in the community.

b. Dedication of state and federal resources to increasing the supply of permanent supportive housing with rich "wrap-around" services to support those who are living in the community. Despite the number of individuals projected to be mentally ill and homeless, the number of beds falls far short: full service partnership, shelter plus care, etc.

---

[3] California was unique in the United States when it included in Laura's Law a requirement that each county opt in with a vote by its Board of Supervisors. With this vote 11 California counties have fully implemented the law, but families in the state's other 47 counties are still without access to this proven method of supporting recovery from the most severe mental illness and saving taxpayer dollars.

4. Identify community-centric models (largely volunteer driven) which seek to either reduce the burden on government systems, or work in tandem, to assist people with severe mental illness and prevent housed individuals from falling back into homelessness.

5. Make the case for policy or systems change that is founded upon:

- Best practices gathered from other jurisdictions
- Evidence of improved quality of life for those in case studies
- Documented cost savings – cost of treatment is far less than the cost of allowing people to languish on the street.

6. Tell the story. I have been collecting photos, videos, notes from interviews and observations now dating back to 2008. With the permission of my three friends, and possibly other, I see the potential to create a documentary that will weave the human story around the policy, systems and community cultural change necessary to embrace the needs of these individuals. Create a documentary to tell their story and show the before and after.

7. Do a TED Talk.

5. What is your project timeline? Please be specific. How long will you be away from your regular work?

If I am awarded the Fellowship, I would use the time to study, attend conferences, meet with experts, extensively interview the families of the people I would be focusing on as case studies and write.

Though this may change, here is my though process on how to approach the two years.

Jan 11 – 22, 2016

First two-week stint, which would include the two-day retreat Jan 13-14. During this time, I would work from home to conduct the research to establish my core body of knowledge to launch. I would establish the baseline metrics of what we are up against in Los Angeles – as compared to other states, or even other countries (e.g., what proportion of the public suffers from mental illness? How many of these individuals cycle through criminal justice system? How many are homeless at any given time? How many die (either through natural causes or suicide)? What is the cost to society vs. cost of treatment?) I would do a national review of best practices. I would canvass the world for the best thinkers on this topic and determine who I need to meet. At this point, I would also establish an initial "kitchen cabinet" of advisors.

July 1 – 15, 2016

For my second two week stint, I would focus on domestic travel, reaching out to meet with individuals I have identified, and for whom face to face meetings would be most beneficial. This might also involve site visits to organizations or providers in the country who have practices worth emulating in Los Angeles. I would want to travel to Phoenix to meet and interview, in person, Arnie's mother and brother. I would also attend the National Alliance for Mental Illness (NAMI) National Convention July 6 – 9 in Denver, CO.

December 2016 - This period would be focused upon story-boarding the documentary I would produce and capturing footage of key interviews and images.

March 2017 – I suspect by this time, I will have become aware of other programs I want to visit (either internationally, or in the US/Canada) , or people I need to meet, or conferences to attend.

August 2017 -- loose ends of editing documentary, capturing final footage, formulating my recommendations.

December 2017 – preparation of a Ted Talk proposal (or similar venue) which will help to galvanize attention and support for my community-centric engagement model.

6. What are your hopes for your project? How will you know if you are making progress?

First, by virtue of my research, my advocacy and my special communications (i.e., documentary and Ted Talk) the public will be stimulated to see individuals who suffer from mental illness through a different frame. The stigma and fear associated therewith will be reduced, and the public will see this individuals as fellow human beings, suffering mightily from an illness which both isolates them and dooms them to a sub-par quality of life.

Second, I will be able to bring to the table specific interventions that caring communities could undertake to target specific neighbors, chronically homeless and suffering from mental illness, to bring them inside to a safer place.

Third, I will identify policies that either need to be advanced or changed that will facilitate the treatment of chronically homeless individuals suffering from severe mental illness.

Finally, there will be a growing movement in our city that realizes that ignoring those who remain homeless and suffer from untreated mental illness is completely immoral, sub-human and unacceptable.

7. The Stanton Fellowship is cohort-based, and also involves engagement with the Stanton alumni network. Please discuss your interest in and experience with working in a network.

I welcome working with a group – and seeking the impartial give-and-take associated therewith. I have reviewed the alumni profiles on your website and recognize some people I know – and respect mightily. I welcome the critical questions that might be asked by fellow fellows or alumni who will seek to bring out the best in my work. I am very good at admitting what I do not know, and seeking advice. I am a big believer in the value of group interaction having had the privilege to serve as a Coro Fellow in my twenties.

8. Why is this a good time for you to be a Stanton Fellow?

This time feels right to make this application because of three reasons. Frist, I am experiencing huge frustration at the roadblocks that our systems have created to prevent caring individuals and communities to care for those who suffer from mental illness in our society. It is completely insane; makes no sense, and I have a huge passion to figure out what is really going on and how we can push past these barriers. As you can see from my responses, I've taken the time to study this on my own – and this would really open doors for me to take a journey that could lead to meaningful change. Second, I am coming up on twenty years in my job managing downtown Hollywood. I am looking for a challenge and an opportunity to study and go deep. I love that an end product is to improve the quality of life in Los Angeles. I have no doubt that the ability to tackle this issue will save lives, improve lives and build a better city.

Nice 7am alarm today of this man screaming and whistling into the freeway for nearly 30 min. Saying things like "Hurry up", "Get out of the car", "Bitch", "I'll fuck you up" etc.
Called emergency line, who told me I was not the first to call. Cut to 15 min later and he finally gives up and walks away. Probably figured maybe the police would show up soon.

Watch out for this guy. Clearly unstable and I've seen him pacing around our block in random directions several times over the past few weeks.

On Thu, Jul 18, 2019, 3:54 AM Jordan Stone <jordanwstone@gmail.com> wrote:

Everyone,
I recently moved out of the 1762 because I was robbed at gun point walking home from a friend’s house. Granted it was 4am, but this was a pre-meditated strike. It was three men in total. All wearing mono-chromatic, matching sweat suits. Hoods pulled down to cover their hair, face warming gaiters to cover their face. Most likely members of a nearby neighborhood gang.

I was walking north on Bronson, south of Hollywood Blvd. At the corner of Carlton Way and Bronson. A man jumped out from behind a corner and put a shotgun to my face, demanding my wallet. Then, another came up behind me, put a pistol to the back of my head, and demanded my cell phone. Once, I gave up my items, a third man drove up around the corner in a get-a-away car, and they drove off.

I walked over the fire station around the corner to ask for help, and some bleary eyed LAFD guy told me I had to go to the police for that. THANKS BRO.

The next day, I filed a police report. I know full well they won’t be able to find them. LAPD is spread so thin. They are severely understaffed. They are exhausted. There is more crazy violent crime out there than what is actually happening on Carlos and Tamarind. But they are related, and we are being run over.

All you have to do is follow the money. Hollywood is being redeveloped. The homeless are being backed into a literal corner. The church is trying to have an ordinance not allowing them within 500 feet. The buildings on our block are old. There are roaches and black mold in the walls. As long as they stay way, nothing will change.

My suggestion, be more than careful out there. Get out if you can. It’s only going to get worse. Someone could die. Even then, you would just be another statistic in a stack of paper. Maybe you have people who care, maybe you don’t. This city can be a lonely place.

Hopefully, a bigger Earthquake doesn’t happen. You know the fault line ends right along Yucca, near the overpass on

Gower, right? LA removed the ordinance limiting building height. The BIG ONE is coming.

Get out of there ASAP.

On Tue, Jul 16, 2019, 11:30 AM Greg Bass <gravydotcom@yahoo.com> wrote:

This is the second weekend that I called for a police response, only to find my car has again been intentionally scratched or "keyed" overnight.

Along with the verbal harassment (and objects thrown at some of us) we are all experiencing, they're literally using terroristic tactics and vandalizing property to attempt to drive us away or into silence. They are violent, fight amongst themselves, and have even less reservations about engaging those outside their "community".

A responding officer said: Keep calling, eventually they'll be cited. And when they don't show up in court, they get issued a warrant. And eventually we will run their IDs, see the outstanding warrant and we can arrest them.

But these responding officers didn't cite them (even though the occupiers said they'd move and stop blocking the sidewalks but stayed put). No officers do. So warrants never get issued. And police ultimately don't bother to run their IDs anyway. Most responders to calls don't even get out of their vehicles.

One or both may have said: That's why it's important we communicate this to local representatives to change the laws. But, I asked, what difference would new laws make if you don't enforce the laws we already have?

I'm being targeted for harassment by the encampment occupiers because I'm standing up for myself and asking police to enforce the law; because I'm intolerant of their partying, hollering, smoking, vulgarity, overtaking the sidewalks and leaving food and trash literally right outside our home. Let them hang out under the shady trees of the non-residential buildings or parking lots in the area. Or inside their tents.
But ensure us taxpaying, rent paying residents have the safety and acceptable limited noise-levels we also deserve.

I AM REQUESTING POLICE DO A NARCOTICS INVESTIGATION (their due diligence, for 30 days) AND SUBSEQUENT REPORT ON THESE STREETS AT CARLOS AND TAMARIND. These encampment occupiers are up and alert day and night, which is unnatural, and vehicles swing by (cars, bikes, scooters) seemingly to conduct business transactions 7 days/week, 24 hours/day. Note the attached two videos recorded last night (which is a Monday)—taken 1 hour apart (1130pm-1230am)—wherein:

- a male continuously walks in circles on the sidewalk and street in front of our residence (this began and continued beyond the hour duration captured on these clips)
- at least two people are active inside the tents at the end while at least one other moves between the tents 3 or 4 spaces to the left and those at the end.

NEIGHBORS: In the meantime, I am begging all of you and anyone who empathizes with our situation to register to vote so we can vote out every elected official who is overseeing our community. Here's a link to ensure you are able to vote when that time comes: https://registertovote.ca.gov/

Vote against Garcetti, Dan Halden, Sean Starky, and any other "official" on these emails and/or those who put or kept them in positions of power.

POLICE— Police our area. If you're "reaching out" to the encampment, what are you asking of them? POLITICIANS— These are not LA citizens who lost their homes because their rents went up or they lost their jobs. These are opportunists (many who came from out of state for the sole purpose of) capitalizing on your collective inaction/ineptitude/passivity and taking advantage of same AND our resources. Lawmakers visiting the immigrant detainment centers spoke of overwhelming smells of body odor, urine and feces... But that describes our neighborhood ALL DAY EVERY DAY... All due to your selective governing and inhumanity towards those of us who legally live here.

With *any* due respect, this response was, at best, inadequate and, at worst, insulting. The request was not to "force relocate"; Rather, I read it as asking the police to uphold the law. There are laws that can be enforced, right?

Once again, in your [Shannon Geany's] words, "Carlos/Tamarind remains as Hollywood's largest and most entrenched encampment".

We see you occasionally break up other transient tent communities (on El Centro, on Vine, on Highland, off Franklin, etc...), yet the disregard for our street continues and escalates. You pick and choose when and where to follow and/or enforce the law. Even this morning police were present as crews cleaned--and transients laid on sidewalks--but the police enforced no laws in regards to taking down tents or making sidewalks available for residents (many of whom are elderly). The transients' occupied territory grows and you do nothing.

Some of these same people have been here over 2 years. They keep their tents set up all day because **police only enforce those laws when it serves private interest,** like local "church" events. And the transients know this, and know you mostly otherwise won't be coming around or engaging them.

Now they hang out under our shady trees immediately outside of our residence on the North side of Carlos—daily, even though their tents are still up (as has been permitted for so long) on the South side of Carlos—**Completely taking over and blocking all sidewalks.** No resident wants to be caught taking pictures of them, but I've attached some images of them/the trash left in their wake only a few feet from where we sleep/eat/live. All while their empty tents remain up around the surrounding walkways.

Also, now that neither sidewalk is available, the residents are forced to walk in the street to avoid being engaged, muttered to, or have dogs off leashes barking and following them. And the transients track us. They watch us, what we drive, when we come and go. And they discuss it openly. Last weekend I watched a homeless man enter the code for our front door, walk through the hallway out the back, and sort through the recyclables in the city containers BEHIND our locked gates.

They play music and eat and drink and smoke and scream and curse and sleep ALL DAY within two yards of where we live. They bring folding chairs--and wooden chairs!--and blankets and pillows. They occupy the residential side of the street and don't go back to their tents until after dinner when the Salvation Army feeds them, leaving their trash behind.

Is the extent of police contribution "overseeing clean-up crews", during sporadic cleanup days only, so that "another city worker" has to pick up after this disrespectful hoard? If that's the case, at least turn your heads right and left to look to the surrounding sidewalks & Tamarind Avenue instead of just focusing on the row of tents on the South side of Carlos... Because the vagrant occupiers (a "transient" would eventually go somewhere else) and their trash are everywhere.

Today the occupation on the North side of Carlos and subsequent yelling (screaming to others in their encampment way down the street, again, while police were present) immediately outside of our windows began around 8am. Sunday it started before 10am and went on into the night. I work in order to be able to afford to take care of my responsibilities--they don't and don't want to--but I deserve to be awaken with ongoing screaming 4-5 feet outside the perimeter of our home? Where's the incentive in paying taxes? What's the incentive of being a productive member of society if you force/abandon us to be on the occupiers' schedule?

I called the non-emergency police—I have incident report #s—all weekend and nothing was done.

There is no public sanitation in the area. Should I be comfortable with them dumping feces in the storm drains just five feet from our building, our bedrooms? Along with the food they bring over and leave out all day, the rats they attract are being drawn to our part of the street. **Do we deserve rats, fleas, typhus?**

I hope and pray that karma finds you and your children and pays you back for the disregard and apathy you've shown us legal, legitimate and taxpaying Angelinos. You could do more but you don't. They don't respect your authority. We hear them laugh at you before and after you leave. **And you enable their behavior and give them a pass why?... Because you hate paperwork?**

There are laws about setting up chairs on sidewalks, right? About laying down and also, in general, blocking sidewalks? What about the out of state vehicles that don't register or renew or their tags? They don't smog check. They don't get tickets or towed either. They pollute, and violate other laws by sleeping in/living out of their vehicles so close to a children's school. But you don't police them. You make it easy for them to stay put, and invite more to join them in the area.

Don't blame the lawmakers (though they surely deserve their share) when you don't even enforce the laws that are, have been and remain on the books. Own your "as long as it's not happening in front of my home" attitude. But, in my opinion, your neglect is as criminal as the vagrants taking advantage of our good (albeit too passive) nature.

All,

I noticed the last three emails and wanted to make sure we address the concerns you raised.

The Bridge Site location on Schrader has been full since the end of March. We have service providers throughout Hollywood that are working with the encampments to connect residents to any shelters beds that may become available. With over 33,000 people sleeping on the sidewalk every night and only 7,000 beds we as a City we are working to overcome the deficit.

Because of recent Court cases, most notably Jones v. LA, the City can not "relocate" encampments off of one street and onto another.

Sanitation has been in the area more frequently. We wish it could be non stop but unfortunately we do not have the crews. With the opening of the Schrader site, Hollywood currently has more resources than most area of the City. This has allowed us to have a greater presences in the area.

I wanted to thank You so much for all the hard work and I am so Grateful to you that our little Tamarind street and Carlos as well, are finally getting clean and the tents are slowly disappearing one by one. Your work is clearly seen and greatly appreciated.

We only have 4 tents left on our little Tamarind street and two of them are in that very corner, by the freeway. Is it please possible to remove those 4 tents from Tamarind Ave. for good?!
Also, not very many are left on Carlos...thank you again so much... just a little more effort to relocate those unfortunate people, so they are safe and we will nothing else but only be grateful to you.

Thank You for helping us to live in a clean environment this summer. We appreciate you greatly!

Thank You indeed.

Adrian,
I was not in the office at this time so I will have to consult with staff on this one, in addition to your other several pending requests that we are addressing.

Please be advised that CD13 finds that "unusual circumstances" exist with respect to the request(s), as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect and appropriately examine a voluminous amount of separate and distinct records in order to respond to the request(s).

We expect to make a determination concerning your request(s) on or before July 7, 2016.

If you have any questions, please feel free to reach me at (213) 207-3015.

Dear Dan,

I hope all's well with you. Here's another request.

In the attached email, Kerry Morrison says that she's been asked by "the council offices" (I assume she means CD13 and CD4) to draft a letter supporting council motion 13-1238. I'd like to take a look at all records (exclusive of the email) relating to this letter, including but not limited to copies of the letter or drafts of it if they've been retained (she mentions that she's sent a draft), copies of emails or other communications internal to CD13 or external about the letter, and so on.

Thanks for your help,

Adrian

Further, what some of you may not realize, is that a subcommittee of Hollywood 4WRD worked for five months (from October 2012 to March 2013) to identify an alternative location for the foodline. We identified an 8,000 square foot parking lot, and had pledges to pay the rent for one year, and the founder of the WHFC rejected this off-the- street location. This part of the story has not been picked up by the media, and the reporting is extremely one-sided and critical of our elected officials.

http://www.kcrw.com/news/programs/ww/ww131126feeding_the_homeless

(In this news program, Ted Landreth says "Tom Labonge has not worked with us." He has "singularly failed to be in touch with us." This is a bald-faced lie. This interview provides some insight into how intractable the leader of the WHFC is. Very much worth listening to.)

http://la.curbed.com/tags/greater-west-hollywood-food-coalition

I have been asked by the council offices if a group of community leaders and social service providers would be willing to sign a letter supporting the efforts of our council people to find a solution and to move this program off the public right of way. I have sent a draft of a letter to them to review, but I wanted to give you the heads up that I will be circling back to you. Please give me an indication as to whether you would be willing to sign something – I think it is important that we show that our council people have been supportive of programs and goals and housing complexes that work toward ending homelessness. It is unfair how they are being portrayed – and I don't think we should leave them hanging out on a limb.

And p.s., as if this isn't heating up enough, there is going to be a protest at the corner of Hwd and Vine this Saturday, organized by a feeding program from Skid Row, to support the West Hwd Food Coalition.

Dear Dan,

I see from the attached page of the HPOA minutes that CD13 staff facilitated a meeting in 2013 between Carol Sobel and various groups concerned about street characters in Hollywood. I'd like to take a look at all records relating to this meeting including but not limited to emails setting up the meeting or discussing it, agendas, minutes, notes, and so on.

thanks for all your help,

Dear Deputy City Attorney Darren Martinez,

You inform me below that this advocate must send all CPRA (Public Records Requests) to the VNC Board. This has been done. The CPRA Requests sent to VNC have never been responded to. VNC Secretary Kris Valentine refuses to respond to CPRA requests. You then inform me to send you all the CPRA's never addressed by VNC to you.

Please realize that this advocate has been sending you for 2 years a copy of almost all CPRA'S denied by VNC. I printed below Numbers 1 thru 12 below regarding VNC CPRA's sent to you that you have never responded to.

For each e-mail I have sent to you for the last two years, you reply that you are out of the office. I have eight to twelve more e-mails from you with different dates always stating you are away.:

: Thank you for your e-mail. I will be out of the Office until Monday, May 13, 2013.
I will respond to your email as soon as I return to the Office. Darren R. Martinez

I have left you at least 30 phone messages that you never returned. You continue the cover up. Why?

You request I send to you all CPRA Requests never received. Might I suggest that you contact Mr. Jeff Brill, the Custodian of all CPRA's for DONE. Please obtain these CPRA'S from Mr. Brill. Why does your office not work in collaboration with the Custodian of CPRA records?

The only CPRA's I received were 060313 and 071713. Where are all the others?

I invited you to attend the meeting between myself, my representative George Buzzetti, DONE Director of Operations Leyla Campos, DONE Specialist Amber Meshack, and a Deputy City Attorney from Labor Vivienne Swanigan regarding allegations against the VNC Board.

Why were you not in attendance as you are the DONE Deputy City Attorney. Why was a Labor Attorney taking your place?

Why does it appear you are part of the cover up involving VNC, LAUSD and LA Parks and Recreation?

Please do the job you are paid to do and work with the people, rather than just protect those on the VNC Board who continue to demonstrate they are above the law.

It is time for VNC to be de-certified. It appears de-certification is what VNC needs to best understand they are not above the law.

Thank you for your correspondence. Peace. Forward. Change.

Request For Meeting With City Attorney Darren Martinez with Oakwood Community and LA Human Relations Regarding Gentrification of Oakwood Park 3-6-

Dear VNC Secretary Kristopher Valentine,

Thank you very much for your direct response, I will contact City Attorney Darren Martinez regarding any connection between Oakwood Park / VNC Quimby Funds. It is importan that the City Attorney has the Opportunity to review the gentrification of Oakwood Park with the Oakwood community.

I will share this information with LA Human Relations so Human Relations has the opportunity to set up a meeting with Attorney Martinez and the community to review the Oakwood story and alleged cover ups that may or may not involve VNC. I do not know. **(Oakwood Park story below)**

To: Kristopher Valentine, VNC Secretary
cc: Darren Martinez, LA City Attorney
Patricia Villasenor, LA Human Relations
Sheldon Cruz, LA Human Relations
Jon Kirk Mukri, General Manager LA Parks and Rec

From: Rick Selan, Educational Advocate

Dear VNC Secretary Valentine,

LA Human Relations has agreed to facilitate a meeting with City Attorney Darren Martinez and San Fernando Recs and Parks Interim

Superintendent Charles Singer and those in the Venice-Oakwood who are concerned regarding their neighborhood and their Park.
With no Oakwood Park Board in existence, community has been denied the right to "Voice" concerning Oakwood Park. VNC is responsible for serving as a "watchdog" rather than to continue to ignore the needs of the Oakwood Community.

Your office appears to be attempting again to cover up concerns in the Venice Oakwood Community.Your office fails to recognize the gentrification of Oakwood Park and the unilateral decisions by the Park Director Lizka Mendoza who continues for over 6 months to incorporate an Oakwood Park Board Advisory Council.

Oakwood currently sets up various extra curricular projects/ programs for the community where parents/ guardians must pay fees to Oakwood Park to allow their children access to the activities. Oakwood offers no scholarships nor grants to allow the low income under represented minorities in the Oakwood Community access. to these extra curricular activities based on socio-economics.

VNC excludes meaningful discussions on these topics. It appears your organization prefers to pretend there are no problems in Oakwood. VNC Education prefers not to address this issue that affects the quality of life for many Venice-Oakwood Community low income under represented minority children in Venice.

Below, you state that according to District Attorney Darren Martinez, only one of the requests requires response. You do not state what request you are referring to nor by when the reply will be received per CPRA. Please share this immediately.

As well, under CPRA, please provide the memo sent from City Attorney Darren Martinez justifying that only one of the CPRA requests need to be addressed. Please never forget the words from LAUSD former COO Dan Isaacs, "If it not in writing, it does not exist."

The five other requested items include:

1. Please send the minutes of all VNC and committee meetings regarding Oakwood Park issues since June, 2011 involving refurbishing of Oakwood Park. (including exercise machines)

2. Please send a line item budget of all Quimby Funds provided to Oakwood from CD11 since the inception of Quimby Funds by CD11.

3. How much of the $600,000 plus and interest in the Oakwood Quimby funds remains?

4. If Quimby funds are not being used, what city accounts are paying for this project never shared with the Oakwood Community ?

5. Please send all plans submitted to VNC by Parks and Recs regarding the accounting of these Oakwood Park funds.

Regarding question one, rather than a civil and professional reply, you, as did former Secretary Joe D. Murphy, inform this advocate to research all of the VNC minutes without assistance from VNC. This exhibits "mean spirit" and possible cover up.

Regarding the allegations of financial misappropriations, items 2 to 5, you state only one is the responsibility of VNC to reply ? Which one and why not the other 3?

Why does the office of VNC Secretary continue to do their best to cover up allegations of misappropriations and gentrification in the Oakwood Community ?

Peace. Rick Selan

CITY ATTORNEY STATES THAT VNC HAS NO RECORDS REGARDING QUIMBY FUNDS NOR PROP K FUNDS TO WHICH A VNC MEMBER CONTINUES TO COVER UP FACTS

Dear Deputy City Attorney Darren Martinez,

Thank you for your response. From your memo, the Office of the City Attorney states that VNC has no records regarding Quimby funds and no documents relating to

Venice Recs and Parks at Oakwood Park, Penmar Park , and Westminster Park. As well, your office states that VNC has no records regarding Prop K funds involving a joint use land deal involving CD11, LAUSD and Parks and Recs to build a Walgrove Walking/ Jogging Track on Walgrove Property.

The City Attorney acknowledges that VNC has no records nor any budgets of any type related to Venice Parks. The City Attorney acknowledges that VNC has received no documents

from Parks and Recs nor CD11 regarding the $600,000 plus in Quimby Funds provided to Oakwood Park as well as no documents regarding Quimby Funds at Penmar Park and Westminster Park.

Your office states VNC has no records of how much in Quimby funds remain as many of these funds have stood idle for years compounding interest.

According to your response, VNC has no records regarding the joint use land funds between LAUSD, CD11 and Parks and Recs through Prop K, to build a walking / jogging

Park at Walgrove Elementary which the Penmar Representative to VNC continues to cover up the facts.

You state, " You may wish to contact VNC if you would like those records." Please understand that VNC has been requested for years to share public records regarding Prop K,

and Quimby Funds. Again, your office states VNC has no records regarding this joint use land agreement.

I appreciate your response that VNC has no records to share about the public records requested including Prop K funds and the cover up of facts regarding these funds.

Although you feel your attendance would not be beneficial at a meeting with LA Human Relations, LA Parks and Recs Officials and the Venice Community, the invitation to

you remains open.

On April 16, 2012, DONE sent to me correspondence they received my grievance of 4-13-12.
On April 16, 2012, DONE sent a letter (see below) to VNC along with my grievance (see below).

Please understand VNC Education supplied no rubric regarding the six page application making the application less than fair.

DONE sent the VNC Grievance to Carolyn Rios and Michael Newhouse who are no longer elected members of VNC.
A copy was also sent to Kristopher Valentine , VNC Secretary and the VNC Treasurer. No one else. Why?

Why wasn't this grievance sent to the whole VNC Board?

For the last five years, VNC Members Joe D. Murphy and Ira Koslow have denied all grievances sent by this advocate as non-actionable based on prejudice. There is no appeal process.

With the grievance of April 13, 2012 below, no notification has ever been received by this advocate from VNC that the VNC grievance was received.

I am requesting your assistance as legal representative for VNC that this grievance was received and will be acted on.

I request that all VNC grievances sent to VNC over the past five years be audited by your office.

The ethics violations by VNC to cover up all grievances must be reviewed by your office as "less than fair play."

Without input from your office, this same "bad behavior" will continue. Peace. Rick Selan

Re: Gangs in Venice; VSA under Mark Ryavec Presents Motion To VNC Public Safety For The Need To Enforce 5 Municipal Ordinances That Appears To Be Connected to the Carol Sobel law suit

Dear Mr. Hippisley -Cox and Ms. Tymanski,

At the May meeting of VNC Education it was announced by Co-Vice Chairperson Robert Yorgason and Secretary Wolfe that VNC Member Cynthia Chambers has resigned as VNC Education
Chairperson or impends resignation as soon as VNC President Linda Lucks appoints a New Education Chair. On the other hand, there were community present at Education wondering if this is not another hoax by VNC to Create Chaos to Avoid Educational Issues. Please remember VNC President Linda Lucks fired the last Education Chair because he **refused** to be be less than accountable and posted transparent and accurate minutes that Ms. Lucks did not agree with politically.

You post on your agenda below States Public Safety is Teaming Up With VNC Education for a Forum on Gangs In Venice. There are no current gangs in Venice. Please share all documentation acknowledging that Gangs in Venice do exist as per your perception. Why is this issue still on your combined meeting agenda with VSA represented by President Mark Ryavec based on the fact that the Education Committee under Leader Venice Skills Center Teacher Robert Yorgason voted in May not to participate in this Town Hall on "Gang Violence in Venice" after the Yorgason group received input
from the community. See agenda and a list of Municipal Codes below.

For months, Community has requested that a Town Hall on Bullying In Our Schools be placed on the agenda. The Yorgason Education Committee, for at least four months, refuses to place Bullying in our Schools on the agenda. The second issue of concern is the maturation and the safety issue regarding placing 6th graders in middle school. Many of our sixth graders are not ready to deal with middle schooland the "new reality" these sixth graders face. Also, for these sixth graders, nutrition, lunch and PE with the whole school can for many sixth graders be an experience they are not yet ready for. Why haveother parts of the city returned all 6th graders back to elementary but not the Westside?

How many of our schools have passed the District policy regarding student surveys that ask, "Do you feel safe in school" ? Why does the Yorgason Education Committee refuse to place this item on the agenda? Safety for kids must be the first priority in Education. Why does the Yorgason Committee not share these facts with the public?

Your meeting announcement below also states that VSA President Mark Ryavec is making a motion to enforce five more LA Municipal Codes. Is this not part of a lawsuit already in action ?
If non elected members have the rights to make motions to VNC Public Safety why are those not elected denied to make a motion in VNC Education?

VNC General Election is October 28, 2012. There will most likely be a total change in membership. Hopefully the new public safety committee will clearly understand there are no gangs in Venice?

It appears your goal is to transform Venice into Santa Monica and Marina Del Rey. Is this what those in Venice really want or is this more action by the 1% ?

Please come to the VNC Education Committee on June 5, 2012 and share your facts regarding "Gangs In Venice". This advocate looks forward to your facts.

Peace. Rick Selan

Since 2002 when the district had 156,000 more enrollment than today students who did not come to school everyday was about 14,500 or 2%. Now you are at over 112,000 or 17% with 156,000 less students than in 2002. I would like a response as to why LAUSD has not instituted the methodology presented by Mr. Carter to the board of education previously. The question really is "Does LAUSD really care if those students come tc school or if they end up on the street and going into crime and the criminal justice system with ruined lives or not? Please sign that agreement and bring those students back to a better life in the future. I have personally been robbed 27 times since 1990 and looked down the barrel of guns too many times because board members like LAUSD's did not care if those students learned a thing and then they had to rob me to live. VNC Complaints and DONE Complaints Continue A Less Than Ethical and Possibly "Less Than Legal" Grievance Process

Re: Cover Up Continues by Leyla Campos , DONE Complaints

Dear Ms. Liu , City Attorney Martinez and City Attorney Dundas,

I received another e-mail this morning from Leyla Campos stating she would not be in the office this week. For several weeks, Leyla Campos , DONE Complaint Director,
has refused to reply to e-mails and phone calls regarding DONE Grievance Complaints and filed CPRA requests.

A phone message from DONE Administrative Assistant Collins is recorded on tape stating that she is no longer part of DONE Complaints. This appears by Ms. Campos
and Amber Meshack as continued chaos to create oppositional behavior to avoid these issues.

Ms. Campos continues to state that Ms. Collins is still in charge of DONE Grievances, contradicting her Administrative Assistant who states the opposite.

Why does VNC and DONE continue to participate in this oppositional defiance to avoid accountability and "less than fair play" in violation of DONE policy ?

Requested public records (CPRA) regarding DONE Grievances and the job description of DONE employee Amber Meshack have yet to be addressed by the office of City Attorney Mike Dundas.

Might it be time for intervention and resolution by LA Human Relations and "Dispute Resolutions" through the Office of the City Attorney?

Dear Ms. Campos, DONE Grievance Director @ DONE COMPLAINTS, 3rd Request 5-30-13

Today, this advocate made another call to your office regarding serious concerns about the VNC Complaint Process and the DONE Grievance Process.
Is it time to request assistance from the Office of the City Attorney in what one might call an investigation into the allegations of less than fair play
by the VNC Grievance Chair ; DONE Complaints, the VNC "Complaint" Analyst and the Administrative Assistant to DONE Complaints ?

I have sent you e-mails and left you a phone message today regarding the appeal of the denied VNC Grievances and the Complaint sent to DONE Complaints by VNC

Grievance Director Koslow informing this advocate that your office is responsible for the complaint against VNC "Complaint" Analyst Amber Meshack.

A phone message from your Administrative Assistant is recorded on tape stating that she is no longer part of DONE Complaints. Your past e-mail
indicates that your Administrative Assistant remains part of DONE Complaints. Why do you participate in this oppositional defiance regarding accountability
and less than fair play ?

Might it be time for intervention and resolution by LA Human Relations and "Dispute Resolutions" through the Office of the City Attorney?

VNC Administration Continues Allegations of Stealing Posted Agendas—The Need for Sincere Mediation

Dear Venice NC Neighborhood Committee Chair Marc Saltzberg, 5-23-13

Thank you for your letter below. It is time for harmony in VNC and accentuation of the positive. Sadly, you and Ms. Lucks continue your allegations of "stealing".

As you are past President of the Westside Democratic Club and quite political, it appears you are enjoying your endeavor to create political change through "mean spirited" politics and use of oppositional defiance to create chaos.

It was Amber Meshack, the VNC Complaint analyst, the VNC past President Mike Newhouse and Venice Factual Basis Officer Bud Jacobs who were the whistle blowers who shared with the Venice Community the fact that if an agenda is not posted in the five locations , the meeting is in violation of the Brown Act.

As your DONE Complaint analyst Amber Meshack states,"

While I do recommend that NC'S post their meeting agendas electronically on their own websites and/or on the citywide early notification system (ENS), the NC'S are not required to do so. They are required only to post at the five physical posting locations. **As long as those postings have been done, the board is in compliance with its notification requirement, and not in violation of the Brown Act's notifcation requirement.**

I followed through on the by laws and decided it was time to see if the by laws worked and agendas were posted.

You violated the Brown Act as your agenda item was not on the agenda board at the Coffee House at Rose and 7th.

Rather than inform individuals that you had made an error by not posting your agenda, you and Linda Lucks state
it was malicious activity that your agenda was not on site.

If the Venice Board, as you suggest, approve ordering cameras for the five sites, that is your right. This advocate would rather
see these funds purchase computers for our neighborhood schools who are in need.

Based on the "mean spirit" by LACES Teacher Ira Koslow, the VNC Rules Chair, he continues to unilaterally deny
all Venice Grievances as "non -actionable based on prejudice". This practice has been doing on for well over four years.

Please understand that twice over the past two years, LA Human Relations have offered their services to mediate these issues
if both sides agree. Both times the VNC President Linda Lucks and Neighborhood Committee Chair Marc Saltzberg
have refused to respond to the offer of LA Human Relations.

Might I suggest you and Ms. Lucks accept the offer by LA Human Relations and agree to mediation. I truly doubt this will
happen as you and Ms. Lucks and Mr. Koslow as your approach is to create chaos and create friction to divide the community.
This is sad for residents in Venice who want a functional VNC for all Venice residents.

Might you and Ms. Lucks review your past decision and allow Human Relations to intervene as a neutral party who are well trained
in resolving complaints? DONE has approved this request if VNC agrees. The VNC Board does not agree.

Marc, do the right thing for the community and the kids and allow mediation by Human Relations. While this action might not support
your oppositional defiance and your chaos to create conflict, do what is best for all residents in Venice and accept this offer.

No one wants to tamper with your posted agendas. Please cease from your oppositional mode and you will see positive change.
The people come before self interests and personal agendas. Peace. Forward.

Letter From VNC Neighborhood Committee Chairperson Marc Saltzberg to " the Venice Community" 5-23-13

In case you haven't heard...

The VNC is currently experiencing problems with posting of agendas. It appears the problem isn't always with posting - at least in several cases it's with properly posted agenda's being removed after they are posted.

There is little we can do about agenda's being removed from their posting places - other than repost. I will be doing that today for the Neighborhood Committee Meeting... but that is not always a feasible solution - we're a volunteer organization, our time is valuable and the places we post are often not accessible at the same time we are able to post (or repost). Your best efforts to inform our stakeholders of meetings will be respected.

We've also been innundated with complaints from individuals who check our posting places and file complaints when no agenda is found. While we may not like the complaints, it is only through their activism that we know about this problem. I therefore endorse Linda's suggestion below: take a picture of your agenda (preferably with a camera that gas been set with an accurate date and time) so that you have evidence that your meeting was properly posted in the first place.

The picture you take does not replace the missing agenda... you are still responsible to make best efforts to repost if you are informed that your agenda is missing.

Thanks everyone for all that you are already doing to make
your committees successful - sorry to throw this new wrinkle at you!

Dear Mr. Brill,

As you state in your attachment from DONE, you are the only individual in DONE who serves as Custodian of all Department records. Please verify that you are the **only custodian in the City of Los Angeles DONE who deals with CPRA Request. Please send your e-mail address.**

Why has it taken you five years to reply my many CPRA Requests and Grievances? You have notified me after five years that I might receive your 27 pages of all records identified. I am sending you a check for the $2.80 to receive these documents and the job description of Amber Meshack who serves as DONE Complaint Analyst for VNC/ DONE.

I have a taped message from former DONE Complaints Paralegal Monique Collins who informed me by voice mail that she no longer has any thing to do with DONE Complaints and her position has been taken over by Amber Meshack from VNC DONE Analyst .

The superior of Ms. Collins is Leyla Campos who insists Ms. Collins is still in her same position with DONE Complaints.

CPRA Requests 1-4 to Jeffery Brill (c/o DONE ETHICS and City Attorney Darren Martinez) :

1. As DONE sends this contradictory information, **please through a CPRA request** , reply to my request on why DONE sends this contradictory information and who from DONE Complaints is being "honorable " and who is being "less than honorable" in regards to DONE Complaints.

It appears DONE and VNC Grievance Complaints under Ira Koslow, who serves as the unilateral decision maker who denies all VNC grievances over the past five years as "non-actionable based on prejudice" continues as oppositional defiance by the VNC Board of Directors, BONC (the Linda Lucks removal as BONC President as related to conflict of interests) , and Ira Koslow who believe they are above the law

Again, why has it taken your office 5 years to finally reply? As part of this 4 CPRA Request, please provide me the name of the individual who directed you to send your attachment above after 5 years of denial of responsibility by DONE and VNC Complaints Coordinator Amber Meshack?

2. Please send a copy of the current VNC Grievance By-Laws and the date of the last UP-DATE by the VNC Board regarding this policy.

3. CPRA Request regarding VNC Oakwood Representative Tommy Walker and Co-Chair of Venice Education. Mr. Walker has yet to appear at any VNC Education but serves as Co-Chair.

Several Educators within the Venice community are concerned with the lack of assistance by Tommy Walker, Oakwood VNC Representative and Venice Education Co-Chair .

Regarding item 3 (a thru g) of this CPRA request (role of Tommy Walker) , please be kind enough to respond to this public request. VNC has not replied to requests for this information. Why?

a. Is Tommy Walker still an elected member of VNC ?

b. Is Tommy Walker still the Co-Chair of Venice Education?

c. Does Tommy Walker live in Venice?

d. Does Tommy Walker work in Venice?

e. Please share VNC policy / DONE policy to recall a member who is not doing the job he was elected to do.

f. Did Tommy Walker provide VNC with his correct address and/ or work location?

g. Please send a copy of the Tommy Walker application to serve as a VNC member as community insists Mr. Walker does not live in Venice.

It appears VNC Education Co-Chair Bud Jacobs continue to attempt to create oppositional defiance to divide the Oakwood community as directed by VNC President Linda Lucks.

Might Mr. Walker be taking directives from Bud Jacobs and Linda Lucks not to communicate with his constituency ?

The educational community is concerned why Mr. Walker is not doing his job to assist the educators of Venice to improve the quality of life for Venice youth.

4. All Grievances sent to DONE Complaints and CPRA requests sent over the past five years by this advocate.

It is time for collaboration rather than continue to be divided by those who promote community chaos. This advocate appreciates the reply of DONE CPRA Custodian Jeffrey Brill; even though it took him 5 years.

A check for 2.80 is being mailed to you today. Please do not wait another five years before replying to these 4 new CPRA requests noted as 1; as 2 , 3a through 3g, and 4.

Re: VNC Education Agenda Item Request for July, 2013 and/or August ,2013

Dear VNC Secretary Kris Valentine,

Please send a copy of this agenda item request below in red to VNC Co-Chair Bud Jacobs and Tommy Walker. This advocate will also place this letter in the Educational Agenda site on the Internet for Bud Jacobs. Sadly, Mr. Jacobs has stated that he can not open the education agenda link on the VNC Educational Committee site.

Agenda Item

Please place the "Abolishment of Title One CEAC and DAC in LAUSD" on the July ,2013 and August ,2013 educational committee agenda. Please invite Parents and Community Branch Administrator Rowena Lagrosa.

Facts :

1. The Abolishment of Title One CEAC/ DAC School Governance Councils was initiated and dissolved under the leadership of Marilla Casillas who retired on February 3, 2013 as Director of the LAUSD Parents and Community Branch as noted in a inter staff memo from Superintendent John Deasy on 2/3/13.

2. Ms. Rowena Lagrosa was placed by the Board of LAUSD as the Director of the Parents and Community Branch in February 2013.

3. At the March, 2013 and April, 2013 VNC Education Meetings , the abolishment of CEAC and DAC by the office of the office of Maria Casillas was discussed.

4. On the March ,2013 VNC Education minutes, Secretary Karen Wolfe writes:

Minutes written by Karen Wolfe, VNC Education Secretary/ Community Activist

A report on the dissolution of the district's CEAC was given by Bud Jacobs based on a discussion with Maria Casillas. According to Mr. Jacobs :" The move away from the central committee meets both state and federal compliance guidelines and major control over school budgets and staffing decisions is still held at the local schools and Educational Services Centers". Several committee members expressed concern that the budgets schools have to work with and on which decisions are made are not sufficient and more consideration has to be given to raise the level of federal and state monies provided to the schools."

5. As noted above, Mr. Jacobs spoke in March ,2013 to Maria Casillas who was retired. Co-Chair Jacobs would not answer the question why he did not contact Parents and Community Branch Director Rowena Lagrosa to question the abolishment of CEAC/DAC.

6. Mr. Jacobs promised orally both at the March and April VNC Education committee that he would bring a member of the LAUSD Parents and Community Branch to a future meeting.

7 At the June, 2013 VNC Education Meeting, Mr. Jacobs brought in speaker West Parents and Community Director Sarah Lasnover. Before Ms. Lasnover refused to answer questions about the abolishment of CEAC/ DAC, Mr. Jacobs stated CEAC/ DAC was never discussed by the education committee. This contradicts the minutes above.

Mr. Jacobs made clear that Director Lasnover would not discuss the abolishment of CEAC / DAC although she was Director of the West Parents and Community.
A video transcript of this meeting is on line on U-Tube at George1la.

8. 20 community members came to this meeting to learn about the "why" was CEAC/DAC abolished. Ms. Lasnover was on the happy channel and made it clear everything is wonderful in West LAUSD and all are very happy. :)

From: "Inside LAUSD", an employee writes :

The person who should be presenting to VNC should be Ms. Lagrosa not Sara. Sara's position was just created and thus she would not have the background and history regarding the committee/councils. There is much confusion as to why CEAC was changed, and much was not explained properly to the state.

The state has told LAUSD that a district wide advisory committee is required under California Education Code, and that it must reflect a representation that is fair and equitable.

Now it was stated that the changes came about because there wasn't enough state compensatory funding to give to all schools, however if you look at the past budgets the special education centers and continuation schools did receive funds.

What needs to be explained by Ms. Lagrosa is how will she ensure that parents and community will be involved in a transparent process to give advice on state monies.
Sara cant give you that information, as she is not the administrator or director for PCSB.

It is hoped that VNC Co-Chair Bud Jacobs invites Rowena Lagrosa to the July and/or August VNC Education Meeting.

What is most strange is that if one goes to the LAUSD website and keys in Offices and scrolls to Parent and Community Branch, retired Administrator Maria Casillas never really left. What happened to Rowena Lagrosa?

Peace. Forward.

Re: New CPRA Requests and Continued Violation of Brown Act

Dear Secretary Valentine,

You continue to blatantly violate the Brown Act by your refusal to reply to the Public Records Request dated 6-14-13 below.

At one time, I truly felt you were both kind and honorable. Sadly, you are a disgrace to DONE by your oppositional defiance to deny public records. You continue to feel / believe you are above the law because DONE and VNC have no consequences against those who violate the Brown Act.

Below, I stated , in the CPRA request to you on June 14, 2013, concerns regarding VNC Elected Member Tommy Walker who has yet to atten VNC Education although he is the Co-Chairperson.

Last night, Venice Education Chair Bud Jacobs stated on tape that Tommy Walker has resigned from VNC because he got married.

CPRA Request 1-- What is the current status of VNC elected member Tommy Walker ? Has he resigned from VNC Education and/or as an elected member of VNC?

Last night, Venice Education Chair Bud Jacobs stated on tape that Tommy Walker unilaterally has the right to pick his own successor e though he has resigned.

CPRA Request 2- What are the regulations of VNC regarding a member who has resigned picking his/her own successor ?
Please reply to this CPRA by sharing the VNC Policy of an elected member picking his own successor.
Please reply to this CPRA by sharing the VNC Education policy, as stated by Mr. Jacobs, to allow each education member the right to choose his/her successor after resignation.

CPRA Request 3 Please share with me a copy of the resignation of Tommy Walker as education member and his resignation as an elected member of VNC, if he, in fact, resigned from VNC and VNC Education.

CPRA Request 4 Mr. Jacobs asked all in attendance to write down Mr. Walker's new e-mail-- tommynaction@yahoo.com
Does Mr. Walker still have a VNC e-mail address if he has resigned from VNC?

After this advocate made the public aware of the VNC by laws regarding posting agendas, VNC Vice President Mark Saltzberg then sent this advocate a letter he sent to all VNC Committee Chairperson apologizing to them because they had to post agendas at 5 different locations in Venice as is stated in the by laws. Mr. Saltzberg indicated he was filing a motion to reduce the sites where agendas need to be posted.

CPRA Request 5 What is the current policy regarding posting agendas? Has Mr. Saltzberg filed his motion to change the by laws to reduce the number of sites? Please send this advocate a copy of the motion by Mr. Saltzberg if it,in fact, exists.

A few weeks ago I sent an e-mail to my neighbor Sylvia Aroth , an elected member of VNC , to request assistance. I sent my neighbor, who I have never met nor spoken to, my request to share my concerns with her. There was no response.

This advocate then received an e-mail from VNC President Linda Lucks who informed me that I do not have a right to contact Ms. Aroth because even though Ms. Aroth is my neighbor, she is not my representative because VNC changed their regulations placing non elected members who are on "The Neighborhood Committee" as spokesperson for their neighborhood.

Ms. Lucks informed this advocate that Michael Stenger was the representative I had to contact rather than Ms. Aroth. Ms. Lucks is quite aware that this advocate blew the whistle on Mr. Stenger and one other for their misappropriation of NC funds and conflict of interest. The LA City Attorney ordered that the money received by Mr. Stenger's group must be returned to the NC. Ms. Lucks is quite aware that Mr. Stegner and this advocate have not spoken for well over a decade. Mr. Stenger has been part of a cover up regarding CD11-LAUSD joint use land agreements for a decade at Walgrove Elementary School.

CPRA Request 6- Please send this advocate documents stating that a constituent has the right only to speak to a non elected member on "The Neighborhood Committee" ; not an elected member to VNC in the constituent's neighbor

CPRA 7- Please request the DONE City Attorney Darren Martinez investigate these allegations as "an orchestrated retaliation within VNC" by those this whistleblower has blown the whistle on.

You have embarrassed DONE and other NC's by this alleged orchestration. You appear to be a part of this retaliation by those elected/ app members who have had their serious moral and ethics issues and/ or "less than legal " behavior investigated.

It now appears more important that the DONE City Attorney Darren Martinez attend our DONE VNC policy meeting on July 22 facilitated by Human Relations.

Please reply that you have received this CPRA and whether or not you will address CPRA issues 1-7 and those below. Please respect the la Peace. Forward.

Your decision to refuse to reply for 10 Days to this CPRA is a Violation of the Brown Act.

Dear VNC Secretary Kris Valentine, 6-25-13

Today is the 11th day since you received this CPRA request below.

If I do not have a reply by tomorrow , June 26, 2013 by 5 p.m. , concerning this Brown Act CPRA violation, I have no choice but to file a DONE CPRA Complaint against the VNC Board with City Attorney Darren Martinez, DONE Administration, Ethics, LA Human Relations, the office of Venice/ LAUSD Board of Education, and PIU.

Please, as an elected official, follow the Brown Act. Please follow the law.

cc: Grayce Liu, Darren Martinez, Lydia Campos, PIU, Ethics, Human Relations, Steve Zimmer

Peace. Forward.

Re: CPRA Request

Dear Secretary Valentine,

Several Educators within the Venice community are concerned with the lack of assistance by

Tommy Walker, Oakwood VNC Representative and Venice Education Co-Chair .

We are not getting replies from Mr. Walker requesting his assistance with Venice education as he serves as the Education Co-Chair.

The educators are concerned why VNC Education Co-Chair Walker does not attend any education meetings.

Regarding this CPRA, please be kind enough to respond to this public request.

1. Is Tommy Walker still an elected member of VNC ?

2. Is Tommy Walker still the Co-Chair of Venice Education?

3. Does Tommy Walker live in Venice?

4. Does Tommy Walker work in Venice?

5. Please share VNC policy / DONE policy to recall a member who is not doing the job he was elected to do.

It appears VNC Education Co-Chair Bud Jacobs continues to attempt to create oppositional defiance to divide the Oakwood community as directed by Linda Lucks.

Might Mr. Walker be taking directives from Bud Jacobs and Linda Lucks not to communicate with his constituency ?

This is nothing personal. We are concerned why Mr. Walker is not doing his job to assist the educators of Venice to improve the quality of life for Venice youth.

It is time for collaboration rather than continue to be divided by those who promote community chaos.

Peace. Forward.

In unity for accountability, Rick Selan

Hi Star –

Would you happen to know if Straws that are attached by a manufacturer to a juice or milk container must be removed from the beverage prior to serving the beverage? The only exemption from the ordinance is for licensed health care facilities.

While it's not explicitly excluded, I would be great to at least have discussion. Please let me know if you can talk.

Hi Kian,

The ordinance is in regards to food and beverage facilities and not the manufacturers. Once we start the conversation on phase out by 2021 this will be part of the discussions. Currently, the way we understand, the ordinance does not require to alter the prepackaged items by the manufacturer. I hope this was helpful

Please let me know if you have any more questions.

We have to walk on the street from now on... because again, those streets belong to them - ONLY.

They're occupying all surrounding sidewalks while their tents remain up; cooking up vittles over raging open fires on the lawn and under the trees (see photos). The earthquake was less troubling than streets around our homes.

POLICE— Police our area. If you're "reaching out" to the encampment, what are you asking of them?

> POLITICIANS— These are not LA citizens who lost their homes because their rents went up or they lost their jobs. These are opportunists (many who came from out of state for the sole purpose of) capitalizing on your collective inaction/ineptitude/passivity and taking advantage of same AND our resources. Lawmakers visiting the immigrant detainment centers spoke of overwhelming smells of body odor, urine and feces... But that describes our neighborhood ALL DAY EVERY DAY... All due to your selective governing and inhumanity towards those of us who legally live here.

>
> We see you occasionally break up other transient tent communities (on El Centro, on Vine, on Highland, off Franklin, etc...), yet the disregard for our street continues and escalates. You pick and choose when and where to follow and/or enforce the law. Even this morning police were present as crews cleaned--and transients laid on sidewalks--but the police enforced no laws in regards to taking down tents or making sidewalks available for residents (many of whom are elderly). The transients' occupied territory grows and you do nothing.
>
> Some of these same people have been here over 2 years. They keep their tents set up all day because **police only enforce those laws when it serves private interest,** like local "church" events. And the transients know this, and know you mostly otherwise won't be coming around or engaging them.
>
> **Now they hang out under our shady trees immediately outside of our residence on the North side of Carlos**—daily, even though their tents are still up (as has been permitted for so long) on the South side of Carlos—**Completely taking over and blocking all sidewalks.** No resident wants to be caught taking pictures of them, but I've attached some images of them/the trash left in their wake only a few feet from where we sleep/eat/live. All while their empty tents remain up around the surrounding walkways.
>
> Also, now that neither sidewalk is available, the residents are forced to walk in the street to avoid being engaged, muttered to, or have dogs off leashes barking and following them. And the transients track us. They watch us, what we drive, when we come and go. And they discuss it openly. Last weekend I watched a homeless man enter the code for our front door, walk through the hallway out the back, and sort through the recyclables in the city containers BEHIND our locked gates.
>
> They play music and eat and drink and smoke and scream and curse and sleep ALL DAY within two yards of where we live. They bring folding chairs--and wooden chairs!--and blankets and pillows. They occupy the residential side of the street and don't go back to their tents until after dinner when the Salvation Army feeds them, leaving their trash behind.

Is the extent of police contribution "overseeing clean-up crews", during sporadic cleanup days only, so that "another city worker" has to pick up after this disrespectful hoard? If that's the case, at least turn your heads right and left to look to the surrounding sidewalks & Tamarind Avenue instead of just focusing on the row of tents on the South side of Carlos... Because the vagrant occupiers (a "transient" would eventually go somewhere else) and their trash are everywhere.

Today the occupation on the North side of Carlos and subsequent yelling (screaming to others in their encampment way down the street, again, while police were present) immediately outside of our windows began around 8am. Sunday it started before 10am and went on into the night. I work in order to be able to afford to take care of my responsibilities--they don't and don't want to--but I deserve to be awaken with ongoing screaming 4-5 feet outside the perimeter of our home? Where's the incentive in paying taxes? What's the incentive of being a productive member of society if you force/abandon us to be on the occupiers' schedule?

I called the non-emergency police—I have incident report #s—all weekend and nothing was done.

There is no public sanitation in the area. Should I be comfortable with them dumping feces in the storm drains just five feet from our building, our bedrooms? Along with the food they bring over and leave out all day, the rats they attract are being drawn to our part of the street. **Do we deserve rats, fleas, typhus?**

I hope and pray that karma finds you and your children and pays you back for the disregard and apathy you've shown us legal, legitimate and taxpaying Angelinos. You could do more but you don't. They don't respect your authority. We hear them laugh at you before and after you leave. **And you enable their behavior and give them a pass why?... Because you hate paperwork?**

There are laws about setting up chairs on sidewalks, right? About laying down and also, in general, blocking sidewalks? What about the out of state vehicles that don't register or renew or their tags? They don't smog check. They don't get tickets or towed either. They pollute, and violate other laws by sleeping in/living out of their vehicles so close to a children's school. But you don't police them. You make it easy for them to stay put, and invite more to join them in the area.

Don't blame the lawmakers (though they surely deserve their share) when you don't even enforce the laws that are, have been and remain on the books. Own your "as long as it's not happening in front of my home" attitude. But, in my opinion, your neglect is as criminal as the vagrants taking advantage of our good (albeit too passive) nature.

All,

I noticed the last three emails and wanted to make sure we address the concerns you raised.

The Bridge Site location on Schrader has been full since the end of March. We have service providers throughout Hollywood that are working with the encampments to connect residents to any shelters beds that may become available. With over 33,000 people sleeping on the sidewalk every night and only 7,000 beds we as a City we are working to overcome the deficit.

Because of recent Court cases, most notably Jones v. LA, the City can not "relocate" encampments off of one street and onto another.

Sanitation has been in the area more frequently. We wish it could be non stop but unfortunately we do not have the crews. With the opening of the Schrader site, Hollywood currently has more resources than most area of the City. This has allowed us to have a greater presences in the area.

What have you tried to give these guys in the form of other services for the past two weeks? Can't the Bridge Housing, which Officer Rubalcava said there were still at least half of the 72 available during our April 4th meeting, spare at least a few for these poor people?

We trust you could give these transients in our residential area your top priority.

We beg you to spare at least 2 to 3 housing units in the "Bridge" for these guys or else relocate them somewhere please?

Unfortunately, I must agree with Gil -absolutely nothing has been done. It is actually even worse.
Needless to say that our disappointment and hopelessness are beyond all hope and we truly do not know what to think or do??!

On Fri, Apr 26, 2019, 6:14 PM Carlos Tamarind <carlostamarind@gmail.com wrote:

Officer Rubalcava,

Following are the updates on the subject:

1. Tents on Tamarind Avenue

During our meeting, we talked about the tents in front of our building and we were hoping it would be addressed and resolved immediately. To date, we see no improvement in the situation on Tamarind Avenue. Transients act like they can do whatever they want without regard to residents' rights in the use of the sidewalk. Tents are not taken down during daytime preventing the use of the sidewalk for its intended purpose. Also, small trash bags and empty cans can be seen next to them or around the planters at the cul-de-sac and a long line of clothes can sometimes be seen hanging on the fence to dry.

2. Encampment on Carlos Avenue

It has been almost two years now since transients started occupying that section of Carlos Avenue near corner of Tamarind Avenue. Since then, we have witnessed break-ins, vandalism, breaking and entering, tagging, blocking the road and trash being thrown on the street and sidewalks. Most recently, some of them can be seen speeding on the street against traffic on skateboard and lately on bird scooters endangering themselves and putting motorists at great risk. From time to time I see a scooter lying on the sidewalk instead of standing up. I can only guess one of the transients did it. The other day, I was turning right onto Carlos Avenue when one transient threw a bottled water in the middle of the street in the direction I was heading and I saw his unleashed dog run to retrieve it. I had to stop and start driving very slowly making sure the dog is clearly out of my way before proceeding. Are they even allowed to let their dog run without a leash?

When can we expect these campers to be removed totally from Carlos Avenue and Tamarind Avenue? We have been given many dates that they will be relocated or removed: October 1, 2018, January 1, 2019 and now April 1, 2019. We have been hearing about the Hollywood Bridge Housing for months but we have yet to see any changes for the better around our neighborhood. If these people are choosing not to move in because of restrictions imposed on them, then they don't deserve to be on the street especially in our neighborhood. Is there really a gang-like operation going on in that section of Carlos Avenue? If true, the sooner they are removed, the better.

3. Encampment next to the freeway

About a week ago, we noticed a big tent next to the freeway right behind our building. It is still there as of this moment. The occupants gained access to the area by cutting the wire fence and prying open the overlapping portion of the fence on Carlos Avenue near Bronson. Although Caltrans has jurisdiction over that portion of land they occupy, they can be subject to breaking and entering law the police department can enforce. These people can easily jump over our fence giving them access to our parking garage and gas and electric connections behind the building. It is just a matter of time before I hear of a break-in from one of our residents. I plan to send another email to Caltrans to have the tent removed immediately which in reality may take weeks.

Thank you and we greatly appreciate any help you can provide to address the above.

Gil

Just one of the many that have “sprouted” over the past few days along Tamarind. This one is in the very corner of the little street we have here, not even enough to walk by anymore, with all the extra baggage of shopping carts and other personal belongings outside their tents that look more like trash to us. They're the kind who like to ho ard weird things which are not only eyesores but outright obstruction of the rightful sidewalk which is for public use, (not only for their own use!!!) Give us back our basic right to our sidewalks please!

To this new tent’s right side, are at least four more older tents.

Today, there might still be space for some more! Not for long, we might see a whole bunch of them to manifest a

Village—pretty much like the “Carlos’ Tent City”.

Please Officer Rubalcava and Sgt Geaney, we beg you to not let this happen! Please give strict warning and straight-forward law enforcement measures to those who refuse the housing initiatives and other services you offer them!

I've been calling non emergency LAPD almost every weekday for this, though I did have to call 911 for a bigger emergency once last week.

When they do move from blocking the street, the trash will be left so it's still almost blocked anyway.

I'm going to keep calling non emergency LAPD, and maybe if there are more numbers calling, there will be more attention put to it. Though I will say, it seems almost hopeless at this point.

It is just so frustrating for us who pay high rents and diligently pay our taxes and are law-abiding citizens.

You pick and choose when and where to follow and/or enforce the law. Even this morning police were present as crews cleaned--and transients laid on sidewalks--but the police enforced no laws in regards to taking down tents or making sidewalks available for residents (many of whom are elderly). The transients' occupied territory grows and you do nothing.

All while their empty tents remain up around the surrounding walkways.

> Also, now that neither sidewalk is available, the residents are forced to walk in the street to avoid being engaged, muttered to, or have dogs off leashes barking and following them. And the transients track us. They watch us, what we drive, when we come and go. And they discuss it openly. Last weekend I watched a homeless man enter the code for our front door, walk through the hallway out the back, and sort through the recyclables in the city containers BEHIND our locked gates.

If that's the case, at least turn your heads right and left to look to the surrounding sidewalks & Tamarind Avenue instead of just focusing on the row of tents on the South side of Carlos... Because the vagrant occupiers (a "transient" would eventually go somewhere else) and their trash are everywhere.

Sunday it started before 10am and went on into the night. I work in order to be able to afford to take care of my responsibilities--they don't and don't want to--but I deserve to be awaken with ongoing screaming 4-5 feet outside the perimeter of our home? Where's the incentive in paying taxes? What's the incentive of being a productive member of society if you force/abandon us to be on the occupiers' schedule?

What about the out of state vehicles that don't register or renew or their tags? They don't smog check. They don't get tickets or towed either. They pollute, and violate other laws by sleeping in/living out of their vehicles so close to a children's school. But you don't police them. You make it easy for them to stay put, and invite more to join them in the area.

To date, we see no improvement in the situation on Tamarind Avenue. Transients act like they can do whatever they want without regard to residents' rights in the use of the sidewalk. Tents are not taken down during daytime preventing the use of the sidewalk for its intended purpose. Also, small trash bags and empty

cans can be seen next to them or around the planters at the cul-de-sac and a long line of clothes can sometimes be seen hanging on the fence to dry.

> It has been almost two years now since transients started occupying that section of Carlos Avenue near corner of Tamarind Avenue. Since then, we have witnessed break-ins, vandalism, breaking and entering, tagging, blocking the road and trash being thrown on the street and sidewalks. Most recently, some of them can be seen speeding on the street against traffic on skateboard and lately on bird scooters endangering themselves and putting motorists at great risk. From time to time I see a scooter lying on the sidewalk instead of standing up. I can only guess one of the transients did it. The other day, I was turning right onto Carlos Avenue when one transient threw a bottled water in the middle of the street in the direction I was heading and I saw his unleashed dog run to retrieve it. I had to stop and start driving very slowly making sure the dog is clearly out of my way before proceeding. Are they even allowed to let their dog run without a leash?

> When can we expect these campers to be removed totally from Carlos Avenue and Tamarind Avenue? We have been given many dates that they will be relocated or removed: October 1, 2018, January 1, 2019 and now April 1, 2019. We have been hearing about the Hollywood Bridge Housing for months but we have yet to see any changes for the better around our neighborhood. If these people are choosing not to move in because of restrictions imposed on them, then they don't deserve to be on the street especially in our neighborhood. Is there really a gang-like operation going on in that section of Carlos Avenue? If true, the sooner they are removed, the better.

The occupants gained access to the area by cutting the wire fence and prying open the overlapping portion of the fence on Carlos Avenue near Bronson. Although Caltrans has jurisdiction over that portion of land they occupy, they can be subject to breaking and entering law the police department can enforce. These people can easily jump over our fence giving them access to our parking garage and gas and electric connections behind the building. It is just a matter of time before I hear of a break-in from one of our residents. I plan to send another email to Caltrans to have the tent removed immediately which in reality may take weeks.
